

The Ex-Husband's Revenge By Dragonsky

Chapter 2321

Chapter 2321

"Even if we Spears do whatever we want, it has nothing to do with the Thompsons' second bloodline! Elder Thompson, if I'm not mistaken, Leon is the person who killed Yonas, and this has already been proven. It's bad enough that you haven't avenged your grandson, and now you are helping his killer? Yonas's soul will never be at peace!" The Southern Boss laughed.

"I-" Arthur was momentarily at a loss for words.

He only agreed to help Leon out of concern for the bigger picture, knowing very well that Yonas might not rest in peace if Leon was truly the person who killed him.

"Uncle, don't listen to the Southern Boss! Rodney was the one who killed Yonas! He already admitted to it!" Angus yelled, before explaining the earlier exchange briefly.

"What?! Really?" Both Arthur and August were stunned.

Though Yuri already explained ahead of time that Rodney might be the person who killed Yonas, Arthur did not dare to believe him completely since there was no evidence proving his claim.

However, since Rodney already admitted to it, it was a different story.

"It's true! The Great and Forth Elder heard it as well! They are my witnesses!" Angus nodded.

"That's right! Rodney fell into a trap Mister Wolf set up and admitted to doing it!" The Great and Forth Elder agreed along.

"Rodney Spears! So you did frame Mister Wolf for what you did!" Arthur was furious upon learning the truth.

All the Thompsons on Leon's side, including Angus, the Great and Forth Elder, were people Arthur trusted most, so he cast all doubts he had previously aside.

Not only did Rodney kill Yonas, but he also framed Leon for it, causing an internal conflict between the first and second bloodlines of the Thompsons.

If Angus did not try his best to protect Leon, Arthur might have already killed Leon by mistake.

The realization that Rodney was responsible for it all instantly filled Arthur's heart with rage.

"How dare you? Give me back my grandson!" Furious, Arthur glared daggers at Rodney and leaped into action without hesitation to attack Rodney, who was standing next to the Southern Boss with the full intention of killing Rodney on the spot.

"Damn it! Dad, help me!" Terrified, Rodney immediately backed away to stand behind the Southern Boss for protection.

"Don't even try, Thompson!" The Southern Boss scoffed and gathered a tremendous wave of energy upon his fist, before launching it at Arthur.

"Baam!"

The attack launched by the Southern Boss and clashed with Arthur's power and since the Southern Boss was at a slight disadvantage when it came to strength, he stumbled backward and struggled to anchor himself.

"Southern Boss, Rodney, how dare the two of you kill my grandson? I will make you pay! Die!" Arthur roared maliciously, before launching yet another powerful blow at the two.
