

The Ex-Husband's Revenge By Dragonsky

Chapter 2325

Chapter 2325

"Hiltons, what is the meaning of this? Are you trying to declare war against us alongside the Southern Boss?" Arthur questioned darkly.

"Elder Thompson, the Hiltons don't intend on being your enemies! However, Leon injured my grandson sometime ago, and I'm here to make Leon pay for that! As long as the Thompsons step aside and stop protecting Leon, the Hiltons won't hurt any member of the Thompsons! However, we won't show any mercy to those who stand in our way!" Devon threatened.

Elegante Group became the biggest competitor of Hiltons Corporation, and the Hiltons attempted to kill Leon time and time again to either bring down the company.

However, the Hiltons were still a respected house, so they could not simply commit murder and robbery on the surface, so Devon decided to attack Leon, using Joel's injury as an excuse.

On top of that, the Thompsons were the head of all families in the southern region with great power and influence.

Though the Hiltons and Spears outnumbered the Thompsons, they would still suffer great losses if they tried to fight the Thompsons, which hardly benefitted the Hiltons in any way.

Devon preferred Arthur and the others to back away, so that the Hiltons could eliminate Leon with ease.

"This sly old man!" The Southern Boss's expression darkened.

He could tell that Devon did not wish to fight the Thompsons, but the Southern Boss had a different plan in mind.

He tried to lure Arthur into betraying Leon, only to buy time for the Hiltons to arrive. Since the Hiltons arrived, the Spears and Hiltons could join forces and easily eliminate the Thompsons.

To fulfill the Southern Boss's ambition of ruling over the southern region, he knew he had to take the Thompsons out of the picture and he did not intend on letting the great opportunity of killing every last one of the Thompsons go. Hence, Devon's reluctance to fight the Thompsons went against his plan.

"That's enough, Devon! The Southern Boss and Rodney killed my grandson, Yonas, and the Thompsons are going to have their heads today! This has nothing to do with the Hiltons, so I advise that you stay out of it, or we will show you no mercy!" Arthur roared, not knowing that he was playing right into the plot of the Southern Boss and Devon.

"Who told you that the Hiltons have nothing to do with this? Since you've already found out that Yonas was killed by Rodney, I might as well tell you the whole truth! Rodney was not the only one involved, and so was Mister Joel!" The Southern Boss said.

He made a point to mention Joel's name to make sure that the Hiltons had no choice but to remain on the Spears' side; once Arthur found out about Joel's involvement, the Hiltons would not be able to hide and would be forced to fight the Thompsons.
