

The Ex-Husband's Revenge By Dragonsky

Chapter 2363

Chapter 2363

"As expected of the Demon Lord!"

"Indeed! He's one of the top three criminals in this country!"

Angus and the Thompsons gasped and their hearts sank at the sight of Arthur being defeated.

They all knew how powerful Arthur was as he long reached the Advanced Almighty State; still, the Demon Lord managed to defeat him directly with a single wave of his arm, which proved just how terrifying the Demon Lord was.

"Damn it!" Arthur's expression darkened.

He initially thought that his power rivalled that of the Demon Lord and it was at this moment that he realized he underestimated the Demon Lord.

If even a formidable martial artist like Arthur struggled to fight the Demon Lord, Leon, and the other Thompsons would not stand a chance.

Instantly, the hope that rose within the Thompsons over Leon's earlier victory was replaced by despair.

"Great!"

"Leon and the Thompsons are doomed!"

Contrary to the Thompsons' despair, the Hiltons and Spears were excited.

From their perspectives, the more powerful the Demon Lord was, the easier it would be for them to defeat the Thompsons and they were all hopeful after seeing what the Demon Lord was capable of.

"Demon Lord, kill old Thompson for me and leave Leon to me! He killed my Four Apostles and I'm going to make him pay for it!" The Southern Boss said viciously as he glared daggers at Leon, desperate to tear him into shreds.

"Sure! Old Thompson, prepare to die!" The Demon Lord smirked and agreed, before charging toward Arthur.

After the earlier exchange, Arthur knew that he was no match for the Demon Lord in terms of strength, so he swiftly evaded the Demon Lord's attack.

Mister Wolf, these two are too powerful. We don't stand a chance! Before we lose, you need to take Yuri and Roanne, and leave!" Arthur shouted anxiously at Leon after dodging the Demon Lord's attack.

He knew that he could not defeat the Demon Lord, nor could Leon win against the Southern Boss. They would all die if they followed Leon's original plan and remained in battle.

Not willing to let that happen, Arthur considered retreating once again.

Leon was powerful and with the help of all the equally talented martial artists in the Thompsons, they might be able to forge a path and allow Leon to escape with the others; this seemed to be a much better option than to die fighting.

"Yeah! Mister Wolf, we're losing. You need to run now. The Thompsons will open a path for you! Don't worry! We will ensure that you, Yuri, and the others escape safely, even if it means the death of us!" Angus agreed.

He then waved his arm, signaling the Thompsons and the elders to gather around Yuri, Iris, and the others to prepare for an escape.
