

Ex Wife 1319

Chapter 1319

Leia looked up at Santiago in surprise, wondering how he could see through her.

"How did you..."

"How did I know your thoughts?"

Santiago smiled and said, "I'm an actor, and being observant is a skill we need."

Leia lowered her head in embarrassment.

"I'm sorry. You must think I'm an idiot."

"Why would I?"

Santiago said gently, "I think there's something very pure in you. It's hard for me to find that in the entertainment circle, so don't doubt yourself. You're much more outstanding than them!"

Leia's gloominess instantly disappeared, and she felt happy again.

"Mr. Dalton, let me show you around the house..."

She behaved like a host and showed him around the house.

"This is the kitchen where we cook. This is the cow's shed... Bessie is about to give birth, so the place is a bit stinky at the moment. This is where we have our activities. If you're bored, you can lay in this hammock and read. I love this area the best. Oh... The pond opposite us is nice too. I heard that there are a lot of mudfish in it, and I even thought of catching and cooking them."

Santiago walked behind her.

At first, he had only come here to return Adam's favor, but now, he was very much interested in the trip.

"Catching mudfish?"

He raised his brows.

"Why don't we do it now?"

"Do you want to catch them now?"

"Yeah!"

"But... But do you know how to catch mudfish? This mud is very watery. What if you accidentally ruin your clothes or hairstyle..."

"It's fine. I've got to blend in since I'm here. I can fry the mudfish. Why don't we cook for the others today?"

"Yes, but... can you do that?"

Leia swallowed. He was aloof and brooding in dramas but he was such a down-to-earth person in private. He wanted to catch mudfish and cook with her, and she was very flattered by it.

"Don't worry. I'm an expert with mudfish. You'll know later."

He smiled and winked at her.

Leia was bewitched, and just let him do as he wished. She walked into the crowd and said, "Ladies and gentlemen, we're in for a treat today. Mr. Dalton is going to catch mudfish and fry them for us. Isn't that amazing?"

When she said that, all the women were elated.

They wanted to catch mudfish with Santiago.

Adam felt that it was a good environment. He discussed it with the villagers who drained the water from the pond so they could catch the mudfish.

Both Leia and Santiago led the group.

They changed their clothes and went down to the pond.

The other stars were reluctant at first, but they were eager to perform well since the camera was rolling.

They braced themselves and followed Leia and Santiago.

At last, Xavier and Shirley reached the bank.

They seemed out of place.

Shirley kept her head low and punched her legs. Her eyes were watery.

"My legs fail me. I can't go anywhere and do anything, and now you're forced to stay here to keep me company. I'm so sorry..."
