

Ex Wife 1341

Chapter 1341

Seraphina stopped pretending after hearing what Stefan said. In fact, she was waiting for this after leaving the ring there.

"Yes, I left the ring beside Quinton's pillow on purpose to distance you and Renee. Go ahead if you want to punish me, but I don't regret what I did." She then lifted her head and closed her eyes, waiting for his decision.

"You..." Stefan did not expect her to admit to it, and he was fuming. He didn't know what to do with her. He couldn't bear to punish her given their past and all her sacrifices for him, but he couldn't pretend it had never happened.

"I have nothing to do with that woman; you should know that all I care about is you. However, what you've done will only make me hate you more." Stefan swallowed, and the pain in his throat brought a frown to his face. He was still very weak, but his dangerous aura filled people with trepidation.

"Hmph, all you care about is me?" Seraphina scoffed, acting like she had heard the most preposterous joke. "Stop fooling yourself. We're not stupid. Don't you know who you care about? I didn't want to do this, but you don't care about me lately. You always have an excuse when I want to meet you.

In the end, it was because you were with that woman... I'm your fiancée and we're going to get married soon, but you spent all your days with that woman in the hospital. You even went fishing with a doctor to save her brother, but you say that you have nothing to do with her and all you care about is me?" She burst out, resentment and dissatisfaction clear in her tone.

Seraphina narrowed her eyes at him. "If I did nothing about it and let you be intimate with her, I'd have to suffer the pain of being abandoned by you again. The whole of Beach City knows that we're about to get married. I can't be humiliated like that, let alone my family!"

"Yes, maybe I didn't handle it well, but that isn't a reason for you to harm people." Stefan's gaze was icy. He had only now realized just how horrible Seraphina really was. "I'm going to hold a press conference to call off our marriage."

"What?" Seraphina grabbed his hand and burst into tears. *

Stefan, stop messing around. You said you love me the most and will be with me forever. This is just a small conflict. Why do you want to call off our marriage?"

"I did want to spend the rest of my days with you, but you've let me down. I doubt if the person I love is you."

"Stefan, what do you mean? You remember what happened between us, don't you? We made so many memories together. Why aren't I the one you love?" Seraphina panicked when she heard his words, worried if Stefan had recalled something.
