

The Ex-Husband's Revenge By Dragonsky

Chapter 2393

Chapter 2393

"Mister Wolf, I've been so wrong to blame everything on you. Please forgive me," August said guiltily.

He did not interact with Leon that many times beforehand and since Leon was young, he had little to no respect for him. However, upon witnessing the powerful impact of Leon's Potential Energy Force, he realized that Leon was far more formidable than he could ever imagine.

Back when he and Arthur wrongly accused Leon, Leon could have used the Potential Energy Force against them, but he swallowed his pride and did not fight back at all.

On top of that, he even repaid their resentment with kindness, and helped them get to the bottom of Yonas' death; that kindness alone was worthy of respect.

Instantly, he was overwhelmed by guilt and respect toward Leon.

"Elder Thompson, Mister Thompson, you have only been tricked. Don't blame yourselves! It's already in the past and I don't blame you for it! Please get up," Leon said, before helping the two up.

"Mister Wolf, thank you for forgiving us," Arthur smiled gratefully.

With that, the misunderstanding between the Thompsons and Leon was cleared entirely and their relationship returned to normal.

"Angus, I was foolish for chasing you out! You were the one who supported Mister Wolf and prevented August and me from making a horrible mistake. Now that the truth came out, you and the members of the first bloodline would pack your things and come home with me," Arthur said.

"Sure!" Angus smiled.

"Also, I have something important to announce! Thompsons, heed my words. From this moment onward, Angus will be your new leader! He will be leading our family from now on!" Arthur announced.

"What?!" Angus was stunned.

He was not alone; everyone, including the elders, Yuri, and other Thompsons, was shocked.

None of them expected Arthur to pass down his position as the leader to Angus out of the blue and were all caught by surprise.

"Uncle, you can't do this! I'm far from capable and I can't be the leader now. You should remain as the leader for at least a few more years before deciding your successor," Angus said hastily.

He knew that Arthur was a powerful martial artist; with his just nature, Arthur was the spiritual pillar of the entire family.

Under his leadership, the Thompsons remained the head of all families in the southern region, proving just how capable he was.

Angus knew that he could not hold a candle to Arthur's power, and dared not to take over as the leader.

"That's right!"

"Elder Thompson, you are still strong. You can still lead the family for at least five to six years!"

"Why are you in such a hurry to retire?"

The others, including the elders, and members from the first and second bloodlines spoke up.

Arthur was a powerful individual with a great heart and none of them wanted him to retire just yet.
