

An Understated Dominance By Marina Vittori

Chapter 1581

“Ugh——!”

The motorcade roared all the way. After breaking into the **Lancaster Family** manor, it did not stop at all and drove directly to the main entrance of the mourning hall before stopping.

Then, a deputy general jumped out of the car and led a group of fully armed soldiers, who surged down.

“Who made the call just now?”

The lieutenant’s face was sullen, and his sharp eyes shot around the mourning hall.

“It’s me, it’s me who made the report call!”

Victoria Sterling immediately raised his hand to signal and said quickly: “General, I am **Victoria Sterling** from the **Sterling family**. I have a close relationship with **Gary Montgomery, Young Master Montgomery**. I just saw someone here killing **Young Master Montgomery**. Please arrest him quickly!”

“Who is the murderer?” the deputy asked in a deep voice.

Gary Montgomery’s death has spread throughout the entire **Montgomery Palace**.

Dustin broke into **Yumian Villa** without permission, openly injured **Gary Montgomery**, and took away his head.

After receiving the news, **Prince Eugene Montgomery** was furious and personally ordered that the murderer must be severely punished.

All of a sudden, all the soldiers and horses of **Montgomery Palace** were out, searching everywhere for traces of the murderer.

So just after receiving the report call, he immediately led his troops to kill, preparing to catch the murderer and take the lead.

“He is the murderer!”

Victoria Sterling turned around and pointed at **Dustin** with a sneer on her lips.

“Not only him, but everyone in the **Lancaster Family** is his accomplice, and they must all be arrested!” **Isabela** suddenly added.

Hearing this, everyone in the **Lancaster Family** panicked instantly.

“**Ms. Torby!** It’s none of our business. We don’t know anything. You can’t talk nonsense!”

“Yes, **Miss Torby!** We have nothing to do with **Dustin**, you can’t slander us!”

“**Ms. Torby**, please show your respect. We are willing to hand over the formula. Please let us go!”

Many people were so frightened that they knelt on the ground, Bow down and rubbing head on the ground and begged.

Once they are confirmed to be the accomplices, it will be really difficult to save them.

“Um?”

Dustin frowned slightly, a cold light flashed in his eyes.

He didn’t expect **Isabela** to be so vicious. In order to take revenge on him, he would not hesitate to drag the entire **Lancaster Family** into trouble.

What a snake-hearted person!

“Hmph! It’s too late to say this now. **Young Master Montgomery** is dead, and you people can’t escape the blame!”

Isabela had a cold face and was unmoved: “Maybe you just ordered **Dustin** to kill **Mr. Montgomery** just for revenge!”

She knew very well that **Gary Montgomery's** death would never be quelled by a formula.

"No, no! Absolutely not!"

Fourth **Uncle Lancaster's** face turned pale and he waved his hands in fear: "**Miss Torby**, even if we have great courage, we would not dare to murder **Young Master Montgomery**. These are **Dustin's** actions alone and have nothing to do with our **Lancaster Family!**"

"If it has nothing to do with you, why is **Mr. Montgomery's** head in your **Lancaster Family's** mourning hall? How should you explain it?" **Isabela** asked.

"I...we didn't know that it was **Dustin** who lifted the head." Fourth **Uncle Lancaster** said with a sad face.

"Hmph! Stop quibbling. Without the instructions of your **Lancaster Family**, how could a mere martial artist be so bold?" **Isabela** shouted.

"You're right! You **Lancaster Family** and **Dustin** are all the same, and no one can escape the relationship!" **Victoria Sterling** shouted.

"Unjustly...unjustly accused!"

Fourth **Uncle Lancaster**, along with everyone in the **Lancaster Family**, all knelt on the ground, kowtowing and shouting injustice.

If this dirty water cannot be washed away, the entire **Lancaster Family** will be doomed.

"Vicious woman! You are a poisonous woman with a heart of snakes and scorpions. We, the **Lancaster Family**, have no enmity against you. Why do you want to frame us?!"

At this moment, **Waylon Lancaster** finally couldn't bear it anymore and roared.

Chapter 1582

He had promised to hand over the formula before, just to preserve the family.

Now **Isabela** sentenced the **Lancaster Family** to death with just a few words. It was so cruel and vicious!

Faced with the curse, **Isabela**'s face did not change, but she hugged her fists at the deputy general of **Montgomery Palace** and said loudly:

"General, **Master Montgomery** cannot die in vain. All these suspicious persons must be arrested and sentenced to death. Only in this way can we kill chickens to scare monkeys and establish a good foundation." majesty!"

Hearing this, the deputy general nodded, finally waved his hand and shouted: "Come here! Take all these murderers back and torture them severely!"

"Wait!"

Dustin suddenly took two steps forward and said in a cold voice: "**Gary Montgomery** was killed by me and had nothing to do with the **Lancaster Family**. I am willing to bear all the consequences!"

"Hmph! You, a murderer, will naturally be severely punished, but these accomplices will never have an easy time either!" the deputy general said sternly.

"If you dare to mess around, I guarantee you will end up like **Gary Montgomery**." **Dustin**'s eyes were cold.

"What? Threatening me? You really are about to die and you don't know it yet!" The deputy general narrowed his eyes slightly and pulled out the gun from his waist.

"**Dustin!** With dozens of guns pointed at you, I don't believe you can cause any big waves!" **Victoria Sterling** sneered.

"**Dustin**, just go ahead and capture him. This way you might be able to keep a whole body." **Isabela** said angrily.

"I still say the same thing, whoever dares to mess around today will die!" **Dustin** was filled with murderous intent.

"Hmph! I think you won't cry until you see the coffin!"

The deputy general raised his hand and shouted: "Come here! Capture them all! Anyone who dares to resist will be shot to death!"

As soon as he finished speaking, all the armed soldiers loaded their bullets and aimed at **Dustin** and others.

Seeing this scene, everyone in the **Lancaster Family** was so frightened that they became silent and panicked.

“Boom—!”

Just when the atmosphere was tense.

Over the **Lancaster Manor**, a dozen armed helicopters suddenly appeared.

After the helicopter hovered, ropes were dropped one by one.

Immediately afterwards, elite soldiers armed to the teeth parachuted down from the helicopter.

At first glance, it looks like a soldier descending from heaven, majestic and astonishing.

In a few breaths, the ground was already covered with people.

As soon as these elite soldiers appeared, they hugged the people of **Montgomery Palace** without any courtesy at all.

Not to be outdone, the soldiers and horses of **Montgomery Palace** turned their guns one after another and began to confront each other.

Judging from the number of people, the number of elites airborne was obviously twice as many.

“Who are you? How dare you point a gun at our sick in **Montgomery Palace**? Are you going to die?!” the deputy general glared and shouted sternly.

Looking at the entire **Stonia**, there are really not many people who dare to go against **Montgomery Palace**.

“So what about **Montgomery Palace**? You have to get out of here within three minutes, otherwise, you will be killed!”

At this time, a cold female voice suddenly sounded in the air.

“Who? Who’s talking?!”

The lieutenant looked around.

However, at this moment, a fiery red figure suddenly jumped out of the helicopter.

Without the help of ropes or any equipment, he just jumped out of thin air.

“boom—!”

There was a loud bang.

The red figure hit the ground heavily, splashing a lot of smoke and dust.

The next second, a woman wearing a red outfit, with short white hair, and an alluring appearance slowly walked out of the smoke.

It's the female war goddess **Scarlet Spanner!**

Chapter 1583

“Red... red tassel God of War?!”

Looking at the woman with white hair and red clothes, the deputy general couldn't help but tremble, with a look of horror on his face.

As a member of the military, who doesn't know **Scarlet Spanner's** name?

As the only female war goddess in the Dragonmarsh Kingdom, she is an existence that almost all men look up to.

His military exploits were illustrious, he was decisive in killing, and his reputation on the battlefield was even more terrifying.

For the other party to be in this position today, he had to fight his way out of a mountain of corpses and a sea of blood step by step.

“Quick! Put down the gun!”

After a brief moment of confusion, the deputy general quickly reacted and immediately signaled all his subordinates to put away their weapons.

With **Scarlet Spanner** God of War's violent temper, if someone pointed a gun at him, he might start a killing spree.

At that time, if they are charged with the following crimes, they will die in vain.

"**Scarlet Spanner**? Why is she here?"

Isabela and **Victoria Sterling** looked at each other in shock.

Scarlet Spanner is a mountain that all women in **Stonia** cannot get around.

The other party was not only of noble birth and astonishing in strength, but he also had a large number of soldiers and was favored by officials.

The most annoying thing is that **Scarlet Spanner** is as beautiful as a fish and a goose, ranking second on the rouge list, making countless women jealous.

A strange woman who is beautiful, sassy, holds a high position, and has outstanding abilities. If you look at the whole world, you can't find another one.

Compared with **Scarlet Spanner**'s great achievements, these so-called wealthy daughters are not worth mentioning at all.

crushed in all directions.

"I was the one talking just now. Do you have any objections?"

Scarlet Spanner approached majestically, staring straight at the deputy general with a sharp gaze.

"No...don't dare."

The deputy general was so frightened that he broke out in cold sweat, and said with a humble face: "I didn't know that the Lord God of War is coming. I have just offended you. Please forgive me."

"Stop talking nonsense, take your people and get out of here." **Scarlet Spanner** said coldly.

"ah?"

The lieutenant general was slightly startled and said in a somewhat embarrassed tone: "Sir, there are wanted criminals from our **Prince Eugene Montgomery's** Palace here. I have been ordered to come and capture them."

"Wanted criminal? Where is he?" **Scarlet Spanner** asked.

"Over there...Lord God of War, he is a wanted criminal!"

Without waiting for the deputy general's response, **Victoria Sterling** quickly pointed at **Dustin** as if taking credit.

In her opinion, the **Spanner Family** and **Prince Eugene Montgomery's** family are both royal families, and they should help catch the murderer.

"And these **Lancaster Family** members are all accomplices, and they must all be put in prison!" **Isabela** added.

After hearing what the two said, **Scarlet Spanner** didn't talk nonsense. She stepped forward and slapped them twice, which made the two of them dizzy and at a loss.

"Sir...sir, why are you beating us?"

Victoria Sterling covered her face and looked very aggrieved.

Isabela was also confused.

Is this woman crazy?

Don't we want to lose face if we take action if we don't agree?

"What did you just say? Say it again?"

Scarlet Spanner spoke coldly, her aura so powerful that both women were breathless.

"I said...he is a wanted criminal."

Victoria Sterling raised her finger again and pointed at **Dustin**.

"Snapped!"

Scarlet Spanner had a cold face, slapped **Victoria Sterling** on the face again, and said coldly: "Say it again."

"Sir...!...!..."

Victoria Sterling was so wronged that she almost cried.

what happened?

Chapter 1584

It seems that he has not offended **Scarlet Spanner**, so why did the other party hit him?

Taking the wrong medicine?

The grievance turned into grievance, and the anger turned into anger, but at this time she did not dare to say any more.

As for the deputy general of **Montgomery Palace**, he was also a little happy despite being confused.

Fortunately, I didn't say much just now, otherwise I would have been slapped a few times.

"You all listen to me, I will only tell you once."

Scarlet Spanner's indifferent gaze swept across the faces of several people: "**Dustin**, you are my friend, the **Lancaster Family**, and a partner of our **Spanner Family**. If you dare to talk nonsense, don't blame me for being rude! "

"What friend?!"

Upon hearing this, everyone couldn't help but widen their eyes with astonishment on their faces.

No one expected that **Scarlet Spanner** came here because of **Dustin**.

If you can get the support of the majestic female war goddess of the Dragonmarsh Kingdom, what is the origin of this guy in front of you?

“Sir...are you kidding me? You actually know this kind of person?” **Isabela** couldn't believe it.

Dustin is just a doctor who knows how to do some tricks. How can He De climb the towering tree of the **Spanner Family**?

“Yes, sir! He is just a stinky loser, how can you make friends with him?” **Victoria Sterling** blurted out.

“arrogant!”

Hearing this, **Scarlet Spanner** instantly became furious and kicked **Victoria Sterling** directly in the abdomen.

“boom!”

There was a bang.

Victoria Sterling flew several meters away and hit the wall hard, vomiting blood and wailing.

It was just a slap in the face before, but now **Scarlet Spanner** is really angry.

Brother **Logan** who dares to insult him is simply asking for a beating!

“**Victoria!**”

Isabela was startled and quickly ran forward to help the person up.

“Hmph! Who do I need to ask you for permission to make friends with?” **Scarlet Spanner** said coldly.

“Wow!”

Victoria Sterling spit out another mouthful of blood, her face turned pale, and she couldn't even stand firmly.

Isabela frowned deeply and dared not speak in anger.

Although they were very dissatisfied, they couldn't afford to offend someone like **Scarlet Spanner**, so they had no choice but to give in.

"What are you still doing here? Get out of here!" **Scarlet Spanner** shouted coldly.

The deputy general of **Montgomery Palace** was so excited that he didn't dare to say anything and immediately left in despair.

Although credit is important, it shouldn't cost you your own life.

After all, looking at the entire **Stonia**, few people dare to challenge **Scarlet Spanner**.

"Let's go, let's go!"

Isabela didn't dare to stay long, so she immediately helped **Victoria Sterling** and prepared to leave.

"Wait a minute."

Dustin suddenly called out to the two of them.

"You...what do you want to do?"

Isabela's eyelids twitched and she was inexplicably panicked.

Dustin climbed up to **Scarlet Spanner's** high branch. If he waited for an opportunity to retaliate, they would be in trouble.

"When I go back, I have a message for your parents. The **Torby Family** and the **Sterling family** will soon suffer a disaster. It's all your own fault. In addition, prepare the coffin as soon as possible. You will be able to use it soon. Now, you can get lost." **Dustin** said coldly.

"you-!"

Isabela opened her mouth and was about to retort a few words, but she saw **Scarlet Spanner** watching eagerly from the side. She held it back and said in a deep voice: "Humph! Don't think that with the support of the **Spanner Family**, you can be tyrannical. Let's see! "

After saying that, she supported the injured **Victoria Sterling** and left the **Lancaster Manor** quickly.

Although today's plan failed, it does not mean that they lost.

Even though **Dustin** has **Scarlet Spanner's** support, **Montgomery Palace** is also standing behind them. If they really have to fight, it's still unclear who will win.

Chapter 1585

Isabela and his group left, and the **Lancaster Family's** crisis was finally resolved.

Everyone, headed by **Waylon Lancaster**, looked at the indifferent **Scarlet Spanner** with some anxiety.

They were very grateful to **Scarlet Spanner** for the rescue, but they didn't understand why the other party did this?

Compared to the **Spanner Family**, the **Lancaster Family** is like an ant-like existence.

How could a giant from above care about the life and death of ants?

"You don't have to think nonsense, I'm helping you out of brother **Dustin's** face."

Scarlet Spanner clearly saw something and gave the answer directly.

"Brother **Dustin**?"

As soon as these words came out, everyone in the **Lancaster Family** glanced at **Dustin**.

One by one was surprised and suspicious.

They always thought that **Dustin** had no power, no background, and was just a reckless warrior. Now it seems that is not the case.

To be able to make someone like **Scarlet Spanner** call her brother, it shows that the other person is definitely not a small person.

Faced with surprise and confusion, **Dustin** didn't explain anything.

He picked up **Gary Montgomery's** head and placed it under **Hazel's** portrait, then lit three sticks of incense, bowed three times to the portrait, and murmured: "**Hazel**, the murderer has been executed, and all relevant personnel will pay their dues." cost.

In addition, I will protect your family well so that they will not be implicated, and you can rest in peace. "

After saying that, he put the incense into the incense burner and bowed deeply again.

I thought silently in my heart: **Hazel**, you are one of my few friends, and I will always remember you.

After the memorial ceremony, **Dustin** came back to his senses and looked at **Waylon Lancaster**: "**Uncle Lancaster**, you may not believe in my ability, but I will try my best to make amends and eliminate all troubles for the **Lancaster Family**."

Gary Montgomery's death is just the beginning. Anyone who has a grudge against the **Lancaster Family** or has evil intentions will pay the price.

Take care of yourself, I'll take my leave now. "

Dustin leaned over and bowed, and then, together with **Scarlet Spanner**, got on the helicopter and left the restaurant manor in a hurry.

Looking at the helicopter group gradually disappearing, everyone in the **Lancaster Family** looked at each other with big eyes and small eyes.

No one expected that this would be the result in the end.

Isabela and **Victoria Sterling** came to threaten and induce, and the **Lancaster Family** originally planned to settle the matter and hand over the formula.

Unexpectedly, **Dustin** showed up halfway. Not only did he teach the two women a lesson, but he also brought the head of the murderer **Gary Montgomery** to pay homage to **Hazel**.

Later, soldiers and horses from **Montgomery Palace** arrived. Just when they thought a disaster was coming, **Dustin** invited **Scarlet Spanner** God of War to the town.

Everything happened so suddenly, making their moods ups and downs.

In the end, not only were they fine, but they were also protected by the **Spanner Family**.

It was a blessing in disguise.

The person who made all this happen was **Dustin**, whom they had looked down upon before.

“Daughter, you have a very good sense. That boy **Dustin** is indeed a responsible and capable man, but it’s a pity that you can never be together again.”

Looking at **Hazel’s** portrait, **Waylon Lancaster** burst into tears for a while.

Although the **Lancaster Family** has survived the crisis, their daughter will never be able to open her eyes again.

...

At this moment, on the helicopter.

Dustin sat quietly, looking down at the smaller and smaller buildings below, his eyes becoming a little sad.

“Brother **Logan**, what should we do next?” **Scarlet Spanner** asked tentatively.

Not long ago, when she received the news from **Dustin**, she immediately rushed over without stopping.

There is no reason, no reason, as long as **Dustin** needs help, no matter what she does, she will do it.

“**Gary Montgomery’s** death is a trouble after all. It is not appropriate for me to reveal my identity for the time being, so **Montgomery Palace** still needs your help.” **Dustin** finally withdrew his gaze.

“no problem.”

Victoria Sterling gritted her teeth and said: “Damn **Dustin**, you actually hurt me like this. After I recover, I will make him pay the price!”

“**Victoria**, things are different now. Now **Dustin** has **Scarlet Spanner**’s backing. It would be too risky for us to touch him.” **Isabela** shook her head.

Although she wanted to cut **Dustin** into pieces, she had to consider the actual situation.

How could they have the guts to touch the person **Scarlet Spanner** wanted to protect?

“This won’t work, that won’t work either. Should we just swallow our anger?” **Victoria Sterling** was a little unwilling.

“of course not!”

Isabela suddenly lowered her voice and said: “**Gary Montgomery** is **Prince Eugene Montgomery**’s adopted son and **Mark Montgomery**’s adopted brother. His death will definitely not be in vain. As long as we report the situation truthfully, **Montgomery Palace** will naturally find trouble for **Dustin**.”

“But... isn’t **Dustin** protected by **Scarlet Spanner**?” **Victoria Sterling** was a little confused.

“**Scarlet Spanner** and **Dustin** are just ordinary friends at best. I don’t believe that she would openly fall out with **Montgomery Palace** for a pretty boy.” **Isabela** looked determined.

Everyone has corresponding value. This guy **Dustin** has no power and power, and is not worthy of **Scarlet Spanner**’s fanfare.

“Makes sense.”

Hearing this, **Victoria Sterling**’s eyes lit up: “I’ll call the people in **Montgomery Palace** right away, and then add fuel to the fire. By then, **Dustin** will definitely not get any good results!”

With that said, he took out his cell phone and prepared to file a complaint.

But before she could dial the number, her phone suddenly vibrated. It was a call from her father.

She subconsciously connected, and soon, an angry roar came over her instantly.

“You evildoer! Who have you offended? Our **Sterling family** has suffered terribly from you!”

Chapter 1586

The sudden roar immediately stunned **Victoria Sterling**.

She held up the phone, a little at a loss: “Dad, what’s wrong? What happened at home?”

“You still have the nerve to ask? It’s all your fault!”

The other side of the phone kept roaring: “The government has just sent a large number of troops, which not only sealed up all the properties of our **Sterling family**, but also captured most of the key members. Now the entire **Sterling family** is in danger. If this continues, even I will Gotta go to jail!”

“Ah? How could this happen? Our **Sterling family** has a huge business and a wide range of connections. Who has the ability to seize our family property?”

Victoria Sterling’s eyes widened with disbelief on her face.

The family has been developing well and has made many allies. Even if it encounters trouble, it will not get to this point.

Seizing the family property and arresting people simply drove the **Sterling family** to a dead end.

“Don’t you know what you did? People are trying to arrest you by name. You bastard, who did you offend?” **Father Sterling** roared.

“I...I didn’t offend anyone?” **Victoria Sterling** looked aggrieved.

“Young Master, you’re pretending to be innocent! I don’t care who you offend, you must beg for forgiveness, otherwise the entire **Sterling family** will be

destroyed. At that time, I will be the first to take action on you!” **Father Sterling** was very irritable.

After a rant, he hung up the phone.

Victoria Sterling held up her mobile phone with a sad face, and she was a little unresponsive.

what happened?

Why does everything go well but unexpected disasters happen to the family?

“What’s wrong?”

Isabela next to her was also confused.

Although she didn’t know what was going on, she could hear the roar coming from the other side of the phone.

“I, I don’t know...my dad just said that the **Sterling family** has been sealed up by the authorities and many important members have been captured. Now the **Sterling family** is in danger and may collapse at any time.” **Victoria Sterling** looked panicked. .

“Seize down? Arrest people? Is it so serious?”

Isabela frowned, feeling very strange.

The **Sterling family** is one of the eight wealthy families. They have huge strength and deep connections. Those who can easily seize the **Sterling family** must be a powerful person in **Stonia**.

Either he is the leader of the four royal families, or he is a relative of the emperor in the Forbidden City.

“Ding ding ding...”

At this time, **Isabela**’s cell phone ringtone suddenly rang.

Looking at the phone call from her father, she suddenly became a little uneasy.

After hesitating for a moment, she finally chose to answer the call: “Hey, Dad, what’s the matter?”

“**Isabela!** Where are you? Find a place to hide quickly. There is big trouble at home!” **Kevin** spoke in a very urgent tone.

“Big trouble? What’s wrong?” **Isabela** became even more worried.

“The government just sent a large number of soldiers and horses to surround our **Torby Family**. Not only do they want to seize all the **Torby Family’s** properties, but they also want to arrest all the key members of the **Torby Family**.

Now there is a lot of chaos in the house. Your mother and I ran out during the chaos. We don’t know what to do now. You should hide well first and we will contact you after we are out of the limelight. “**Kevin** lowered his voice.

“Dad, what’s going on?!” **Isabela** was a little anxious.

The **Torby Family** has experienced many storms and storms, but never like today, where the troubles have reached such a level that the house has to be ransacked.

This is enough to prove that the **Torby Family** has encountered a huge crisis.

“I don’t know the specific situation. I only know that this matter is very serious. Some of the old accounts of our **Torby Family** have been dug up. Now people are caught and escaped. The whole family is in chaos. Please take care of yourself. , Dad still has something to do, so I’ll hang up first.”

Before **Isabela** could continue to ask questions, **Kevin** quickly hung up the phone.

She feels exactly the same as **Victoria Sterling** now.

Chapter 1587

The sudden roar immediately stunned **Victoria Sterling**.

She held up the phone, a little at a loss: “Dad, what’s wrong? What happened at home?”

Before **Isabela** could continue to ask questions, **Kevin** quickly hung up the phone.

She feels exactly the same as **Victoria Sterling** now.

Chapter 1588

She never thought that the **Torby Family** would be reduced to such a state one day.

The parents fled for their lives in embarrassment, the family was on the verge of bankruptcy, and a large and wealthy family fell apart overnight.

She couldn’t believe it and couldn’t accept the result.

Once the family collapses, her wealthy life will be gone forever.

The days of fine clothes, fine food, and debauchery will also become a swan song.

“**Isabela**, is your family also in trouble?” **Victoria Sterling** asked tentatively.

“Just like you, my house was confiscated by the authorities.” **Isabela**’s face was gloomy, and cold sweat kept breaking out.

“Our **Sterling family** was quarreled, and your **Torby Family** was also ransacked. How can such a coincidence happen in the world?” **Victoria Sterling** frowned.

Overnight, the homes of two wealthy families were ransacked at the same time. It was obvious that someone was causing trouble.

Who is it?

Who has so much energy?

“Only the top leaders of the four royal families can use the government to suppress our two families.” **Isabela** said thoughtfully.

“You mean...the royal **Spanner Family**?!” **Victoria Sterling** quickly reacted.

They had just been taught a lesson by **Scarlet Spanner** not long ago, so they naturally still remembered it.

But she didn't expect that **Scarlet Spanner** would go so far and kill them all.

“Eight or nine are inseparable. Apart from the **Spanner Family**, I can't think of anyone else.” **Isabela** said solemnly.

She asked herself that she had never offended anyone in the royal family. Only **Scarlet Spanner** today had a problem with them because of **Dustin**.

The most important thing is that with **Scarlet Spanner**'s status, it is indeed not difficult to bring down the **Torby Family** and the **Sterling family**.

“It's bad, it's bad... If it's the **Spanner Family**'s suppression, wouldn't we be doomed?” **Victoria Sterling** panicked instantly.

The **Spanner Family** is the head of the four royal families and the only one.

It's really easy to deal with them.

“We underestimated **Dustin**. It seems that this guy has a close relationship with **Scarlet Spanner**, otherwise the **Spanner Family** would not have come forward.” **Isabela** gritted her teeth.

She didn't take **Dustin**'s threats seriously before.

Now that the **Torby Family** was ransacked and most of the family members were arrested, she realized the seriousness of the problem.

If this continues, the **Torby Family** will be ruined sooner or later.

“**Isabela**, what should we do now?”

Victoria Sterling said with a sad face: “How about we apologize to **Dustin**? As long as we ask for his forgiveness and then pay some money and go out, maybe we can avert the danger.”

“Apologize?”

Isabela’s face turned cold: “How can we, the daughter of a wealthy family, apologize to a stinky loser? If word spreads, how can we have the face to see anyone in the future?”

She remembered very clearly that **Dustin**’s condition was that they should kneel in front of **Hazel**’s mourning hall for three days and three nights to repent, and then contribute half of their family property.

Naturally, she would not accept such an excessive request.

“If we don’t apologize, what can we do? We won’t just watch the family collapse, right?” **Victoria Sterling** looked bitter.

She was unwilling to apologize to **Dustin**, but now, she seemed to have no choice.

“Hmph! Do you think he can let us go after we apologize? Stop dreaming! He is just teasing us. The more afraid we are, the more arrogant he becomes!” **Isabela** said sternly.

“But.....”

“Nothing but!”

Victoria Sterling was about to say something, but was severely interrupted by **Isabela**: “We are not at the point of despair yet. Even if the **Spanner Family** bans us, we still have a chance to make a comeback!”

Chapter 1589

“Opportunity? What opportunity?”

Upon hearing this, **Victoria Sterling** immediately became energetic.

Now that the **Sterling family** and the **Torby Family** are in danger, who else can save them?

“Although the **Spanner Family** is powerful, it cannot cover the sky with one hand. Among the four royal families, is there any **Montgomery Family** that can compete with them?”

Isabela said with a serious face: “You have to know that **Dustin** killed **Gary Montgomery**. Even with the support of the **Spanner Family**, **Montgomery Palace** will never let it go. Therefore, we can completely rely on **Montgomery Palace** and deal with **Dustin** in turn. This way Not only can you protect yourself, but you can also take revenge, it’s like killing two birds with one stone!”

“Yes, yes! This proposal is very good!”

Hearing this, **Victoria Sterling** couldn’t help but look overjoyed.

Yes, why didn’t she think of this level just now?

Although they were suppressed by the **Spanner Family**, they still had the support of **Montgomery Palace** behind them, so there was still room for salvation.

“**Isabela**, I’ll call **Sister Dahlia** right away and ask her to find a way to help us get through the current crisis.”

Victoria Sterling picked up her mobile phone and was about to make a call, but was stopped by **Isabela**: “Wait! It may not be useful to call **Dahlia**. Although she is the adopted daughter of **Prince Eugene Montgomery**, she is still inferior to **Scarlet Spanner**. Quite a few.”

“If you don’t fight **Sister Dahlia**, who can you turn to for help?” **Victoria Sterling** was a little strange.

“The best person to ask for help is the War God stone **Mark Montgomery!**”

Isabela analyzed rationally: “Since **Mark Montgomery** returned to **Montgomery Palace**, the situation in **Montgomery Palace** has changed. A group of people who had bowed before **Dahlia** all turned to **Mark Montgomery**, and **Gary Montgomery** is the most typical one. example.

And I heard that **Dustin** killed **Gary Montgomery** in front of **Mark Montgomery** today. Such a bold act was just a slap in **Mark Montgomery's** face.

When has the majestic War God stone been so humiliated?

I believe that **Mark Montgomery** now wants to tear **Dustin** into pieces!

If we perform well and help **Mark Montgomery** catch **Dustin**, it will definitely be a great achievement.

The pressure on the **Spanner Family** is naturally relieved! “

Hearing this, **Victoria Sterling** couldn't help but nodded in agreement: “Yes, **Isabela**, you are very thoughtful.”

I have to admit that since **Mark Montgomery** came back, **Dahlia's** status didn't seem to be that high.

Of course, the main reason is that **Mark Montgomery** holds a high position and holds a large number of troops. In terms of achievements, she is not weaker than **Scarlet Spanner**.

Even, it needs to be stronger.

Only such a big shot can help them escape from danger.

“Don't be too happy. We don't have any friendship with **Mark Montgomery**. He will definitely not help in vain. Therefore, we must show our value.” **Isabela** said.

“Value? What value?” **Victoria Sterling** was stunned for a moment, then said with a strange expression: “**Isabela**, you don't want to sell your appearance, do you?”

“What nonsense are you talking about?”

Isabela glared: “How can a person like the Jade Faced God of War be fascinated by women?”

She wanted to stick with him, but the problem was that **Mark Montgomery** might not like him.

I don't know how many noble daughters, licking their faces, flatter **Mark Montgomery** every day. Among them, there are many beauties on the rouge list, but none of them worked.

Being able to sit in the position of the God of War, his concentration is naturally far beyond that of ordinary people.

"If we don't sell our appearance, what value can we provide?" **Victoria Sterling** was a little surprised.

"First, our **Torby Family** and **Sterling family** are both wealthy families with abundant resources in all aspects. As long as **Mark Montgomery** is willing to help us tide over the difficulties, we agree to become vassals of **Montgomery Palace**. Although we will lose some benefits, it is still considerable. Yu has a big backer.

Second, we know **Dustin's** weaknesses and details. As long as we use them, we can help **Mark Montgomery** eliminate this thorn in **Mark Montgomery's** side. This is our value! **Isabela** said it succinctly.

"It makes sense." **Victoria Sterling** nodded repeatedly and said, "Without further delay, let's go find **Mark Montgomery** now!"

"But your injury..." **Isabela** hesitated.

Chapter 1590

"Don't worry, I won't die for the time being. Such a big thing happened and I can't recuperate here. I'll go there in a wheelchair later. This will be more sincere." **Victoria Sterling** said.

"Okay, then let's go to **Yumian Villa**."

Isabela stopped trying to persuade her and quickly called for someone to bring a wheelchair and lifted **Victoria Sterling** up.

Then the two of them sat in the car and drove straight to Zypher Lodge without stopping.

...

It was late at night.

At this moment, inside **Yumian Villa**.

Mark Montgomery was sitting in the study, looking at the information in his hand with a serious look on his face.

Ever since **Dustin** made a big fuss at **Yumian Villa** during the day, he immediately mobilized all his resources and began to secretly investigate the other party's identity.

After half a day's work, the results have been achieved.

According to the information, **Dustin** came from **Swinston** and was married to **Dahlia**.

In the beginning, **Dustin** was an ordinary person who only knew some medical skills.

However, since the divorce, **Dustin** seemed to be a different person and began to rise rapidly.

He has dabbled in medicine, martial arts, and business, and all of them are a blockbuster.

Especially in terms of martial arts, there is a record of killing the leader of the Balermo martial arts alliance.

But the strange thing is that this person does not love fame and wealth, and he does not have the arrogance of young people at all.

Although he rose quickly, he has always kept a low profile and never exposed his identity easily.

If he hadn't used special agencies, he wouldn't have been able to find this relevant information.

"Weird...so weird."

Looking at **Dustin's** photo, **Mark Montgomery** squinted her eyes thoughtfully.

"Do you have any questions, sir?"

The confidant standing nearby asked tentatively.

“**Dustin** seemed to appear out of thin air. He had been unknown before the divorce. After the divorce, he seemed to have opened up the Ren and Du lines. He became unstoppable and became a powerful martial arts master. Everything before and after was too... Strange.”

Mark Montgomery tapped her fingers lightly on the table, as if she was asking, but also seemed to be deep in thought.

After a moment, he seemed to have thought of something, and suddenly asked: “Oh, by the way, is this information incomplete?”

“Sir, we have already investigated everything we can.” The confidant replied.

“That’s wrong! The information on this only covers things that happened within ten years. What about ten years ago? What was **Dustin** doing?” **Mark Montgomery** said in a deep voice.

“Ten years ago?” The confidant was slightly startled: “Sir, when you said that, I remembered that this person’s information from ten years ago was all blank, as if he didn’t exist.”

“Doesn’t exist? How is it possible?”

Mark Montgomery frowned: “How come the official intelligence agency of the Dragonmarsh Kingdom cannot investigate a person’s details? Unless... this person’s identity is so important that all the information and files have been destroyed!”

“No way?”

The confidant was shocked: “Looking at the entire Dragonmarsh Kingdom, there are only a handful of people who can make the official destroy files, and each of them is an unparalleled national scholar. Ten years ago, **Dustin** was only fifteen years old, how could he have such ability? ?”

“Others may not be able to do it, but there is one person who can definitely do it!” **Mark Montgomery**’s eyes suddenly became fiery.

“Who?” the confidant asked.

“The **Kirin** son of the **Rhys Family**—**Logan Rhys!**”

Chapter 1591

“**Logan Rhys?**”

Hearing this, the confidant couldn't help but widened his eyes: “How is it possible? Isn't that person dead?”

“**Logan Rhys** is just missing. It does not mean he is dead. At least so far, no complete body has been found.” **Mark Montgomery** looked serious.

The crisis ten years ago happened too suddenly and ended too hastily.

Logan Rhys, who attracted much attention, disappeared mysteriously after that night. Officials only found a body suspected to be **Logan Rhys**.

However, this corpse had been burnt and could not be identified at all. However, due to the official announcement, many people believed it to be true.

Only truly smart people will understand that there are many doubts here and cannot withstand scrutiny.

However, as time went by and there was no trace of **Logan Rhys's** whereabouts, everyone gradually accepted this result.

The reason why he remembered it was that **Dustin** seemed similar to him.

Not only is he young, promising and powerful, but he also has the same surname as **Logan Rhys**.

All the signs were connected together, making him suspicious.

“If **Logan Rhys** had not died, he would have returned to **West Lucozia** Prince's Mansion. Why has there been no movement there?” The confidant was a little surprised.

The Prince of **West Lucozia** has great achievements, so the government sends people to monitor secretly all year round. If there is any abnormality, it is believed that it will be reported back to **Stonia** soon.

But now, there is no relevant news from all parties.

“**West Lucozia** Prince’s Palace is too conspicuous. Maybe **Logan Rhys** has something to do, so he keeps his name incognito.” **Mark Montgomery** rubbed his chin thoughtfully.

Although he is called the proud son of heaven and the strongest god of war.

But in this life, there is still a hurdle that cannot be overcome, and that is **The Kirin, Logan Rhys**.

Ten years ago, when **Logan Rhys** was famous in **Stonia**, he challenged him, but failed miserably.

For him, this was undoubtedly a heavy blow and a lingering inner demon.

He had been looking forward to having another fair fight with the other party, so as to avenge his past humiliation.

If **Dustin** is really **Logan Rhys**, then his chance for revenge has finally arrived.

“Sir, what should we do now?” the confidant asked tentatively.

“Check carefully and confirm your identity first.”

Mark Montgomery said solemnly: “I remember that **Logan Rhys** has a **Kirin** tattoo on his body. This is the symbol of being a **Kirin** son. Find someone to try it on and see if **Dustin** has it on his body.”

“Understood, I’ll make arrangements right away.”

The confidant nodded and then said, “Sir, if this **Dustin** is really **Logan Rhys**, what should we do?”

“The Prince’s Palace of **West Lucozia** is the worm of the country. As the crown prince of **West Lucozia**, **Logan Rhys** is naturally a serious concern for the country. We have the responsibility to eliminate the harm to the country.” A cold light flashed in **Mark Montgomery**’s eyes.

Publicly and privately, he didn’t want **Logan Rhys** to live in this world.

“Sir, **Logan Rhys**’s identity is too sensitive. If we take action, it will be very troublesome afterwards.” A close confidant warned.

West Lucozia Palace is not a soft persimmon. Once they know that **Logan Rhys** died in the hands of **Montgomery Palace**, they will definitely launch an attack.

With the current power of the **Montgomery Palace**, the chances of winning against those **West Lucozia** barbarians are very low.

“This point really needs to be carefully considered. We have to find a scapegoat.” **Mark Montgomery** began to think about it carefully.

Now that **Logan Rhys** has not disclosed his identity, it is a good opportunity to take action. Once the opponent is completely exposed, the **West Lucozia** Palace will definitely send experts to protect him.

It will be too late to act by then.

“Report!”

At this time, a guard suddenly walked in quickly and said loudly:

“Sir, **Isabela** of the **Torby Family** and **Victoria Sterling** of the **Sterling family** came to visit. They said they have something important to see.”

“**Isabela? Victoria Sterling?** What are they doing here? Tell them to get lost.” **Mark Montgomery** was a little impatient.

Every day there were always some women trying their best to please her, and he was already extremely annoyed.
