

# An Understated Dominance By Marina Vittori

## Chapter 1891

### Chapter 1891

The God-Destroying Poison is the first of the ten strange poisons. No one can stop it in the land of gods.

In other words, except for Cornelius Xuanji on Longhu Mountain, no one in the entire world can withstand the erosion of the God-Destroying Poison.

Ji Yuanzun's death was only a matter of time.

At this time, it is most taboo to jump over the wall in a hurry.

"Lord Pavilion Master!"

Seeing Ji Yuanzun being attacked, the expressions of the three grandmaster-level elders behind him changed instantly.

Without hesitation at the moment, he immediately stepped forward and prepared to rescue him.

"Get away!!"

Ji Yuanzun roared angrily, and the gentian red flame spear in his hand swept out directly, knocking away the three elders of the Dragon Protection Pavilion with great force.

One by one, they vomited blood and fell to the ground seriously injured.

Now Ji Yuanzun is close to madness. After Dustin Kate's sneak attack just now, he doesn't believe anyone now.

Anyone who comes close will be treated as a mortal enemy.

"I'm going to kill you all!!!"

Ji Yuanzun kept waving the gentian red flame spear, and the sharp spear light shot out overwhelmingly.

Within a hundred meters, it became a complete killing zone.

No matter whether it is living or dead, as long as it comes close to this range, it will be strangled to pieces by the gun shadow.

"Pfft——!"

After a moment of madness, Ji Yuanzun spat out another mouthful of black blood. His whole body was sluggish and he shook his head.

It was only then that the red light in Ji Yuanzun's eyes gradually dissipated, and the crazy energy finally subsided.

"You bunch of bastards, sooner or later, I'm going to cut you into pieces!"

After Ji Yuanzun said these harsh words, he turned around and ran for his life.

The whole person turned into an afterimage and rushed towards the base.

Now, not only was he poisoned, but Dustin stabbed him in the chest, making his whole body very weak.

If you continue to be entangled, you will inevitably perish here.

He must retreat to the base as soon as possible and find someone to heal his wounds and detoxify him.

As long as they return to their own territory, even if Dustin and the others have extraordinary abilities, they will not be able to break through the base's defense.

"Chase!"

Seeing Ji Yuanzun running away in panic, Dustin gave the order and quickly led his men to catch up.

Now that Ji Yuanzun is isolated and helpless, his combat power is greatly reduced. This is the best opportunity to kill him and must not be missed.

"Albert! Go on!"

During the chase, Dustin gave Albert a powerful tonic pill with just a flick of his finger.

Different from the one given to Dustin Kate before, this Shiquan Dabu Dan is amazingly effective and can quickly make up for the energy consumed.

It was his special research to make up for the shortcomings of the Rhys Family's secret method and alleviate the harm caused by the sequelae.

"Thank you, Your Highness!"

Albert swallowed it in one gulp without hesitation.

As soon as the elixir enters the body, a warm current spreads throughout the body. The fatigue is instantly swept away and the energy is lifted.

"Speed up! Never let Ji Yuanzun go!" Dustin shouted.

"Logan, Ji Yuanzun has been poisoned by the God-Destroying Poison. He will die sooner or later. There is no need to be in such a hurry, right?" Dustin Kate said.

He was mainly worried that Ji Yuanzun would fight back before death and hurt himself.

"Although the God-Destroying Poison is powerful, there is no guarantee that it can kill Ji Yuanzun 100%. We must not take it lightly until his death is confirmed!" Dustin looked serious.

After planning for so long and finally finding such an opportunity, naturally there can be no mistakes, not even the slightest bit of luck.

Ji Yuanzun must die today!
