Chapter 3381

The middle-aged man's eyes turned red when he saw the weapons all over the floor!

But soon, his eyes were also attracted by the spirit beast egg with strange lines!

Seeing that David and Luo Xi were just monks who had just entered the Tribulation Realm, the middle-aged man felt much relieved!

"You two, get out of here right now and hand over everything here. I can save you from death, otherwise I will slap you down and you will both die." The middle-aged man threatened

David and Luo Xi!

"We will never give it to you."

Luo Xi said with a cold face!

But David was uncharacteristically, showing some fear and said, "Fellow Taoist, we just stumbled upon this place by chance. We can hand everything over to you, but you must promise not to kill us." The middle-aged man

saw David understood the current affairs so well, nodded and said, "Of course, we have no grievances. I came to the battlefield of gods and demons just to pick up treasures, not to kill people. As long as you are obedient, I will not kill you." "

Well, let's hand over the things now..."

After David finished speaking, he glanced at Luo Xi and said, "Let's go. The formation has been broken. We can't stop him at all."

Luo Xiyi She looked at David with surprise on her face. She didn't understand why David suddenly became like this.

Are you a little too timid?

Although the opponent is at the sixth level of the Tribulation Realm, with David's ability, it's not like he can't fight with a monk at the sixth level of the Tribulation Realm!

Why do you have to give in before you take action?

But Luo Xi didn't say anything and could only follow David out of the formation!

Seeing David and Luo Xi walking out, the middle-aged man tested it with his spiritual sense and found that the formation had indeed been broken, so he walked in with confidence!

Looking at the weapons on the ground and the spirit beast eggs, the middle-aged man laughed excitedly, "Hahaha, I'm getting rich, I'm getting rich..."

Although most of these weapons were damaged, they were used by immortals after all. The magic weapon, even if it has something even if it is damaged, it is much stronger than ordinary weapons!

David saw the middle-aged man's excited look, so he pulled Luo Xi to leave!

"Wait a minute..."

The middle-aged man stopped David!

"We have given everything to you, what else do you want?"

David asked the middle-aged man.

"How?" The middle-aged man sneered, "Of course I will kill you. There are too many things here. If I take them away, it will take time. But you two know this place. If you let you two go, then Don't the others also know about it?"

"Don't worry, the two of us will not tell anyone."

David promised!

"Hahaha, I only worry about dead people."

The middle-aged man laughed and said!

Seeing that the middle-aged man went back on his word and wanted to kill them, David calmed down and said with a slight smile, "I knew you couldn't let us go. Since you want to kill me, it's normal for me to kill you now." "

Hmph, you, a small first-level monk in the Tribulation Realm, also want to kill me?"

The middle-aged man snorted coldly, not believing that David had the ability to kill him.

"Don't you want to think about how I handed you over to you and let you walk into this formation knowing that you would definitely kill us?"

David grinned, a sinister smile!

The middle-aged man looked at David's smile and was suddenly shocked!

At this moment, the middle-aged man's facial expression began to become ferocious, and then he screamed.

"Ah... my head, my head..."

the middle-aged man screamed, feeling like there were insects crawling in his mind, eating away at his consciousness!

"Mr. Chen, is he..."

Luo Xi asked in confusion when he saw that the middle-aged man suddenly seemed crazy!

"He was poisoned by my golden silkworm poison. It won't take long before he becomes a puppet body."

David explained!

Chapter 3382

In fact, while talking to the middle-aged man, David secretly released the golden silkworm poison!

When the middle-aged man walked into the formation, the golden silkworm poison quietly entered the middle-aged man's body in an instant!

But to deal with this guy, David used all the golden silkworm poison!

Only the Golden Silkworm Gu Poison King Insect was left. All the Golden Silkworm Gu Poisons he cultivated with his own blood were now used, and David felt a little pity!

But when facing a sixth-level monk in the Tribulation Realm, even if there is golden silkworm poison, the quantity must be sufficient. You must know that as the monk's realm improves, his spiritual consciousness will become more and more powerful! Fortunately

, the golden silkworm poison fed by David's blood is quite powerful. Even a sixth-level monk in the Tribulation Realm can quickly eat away his spiritual consciousness!

After just a few minutes, the middle-aged man's eyes were lifeless, and all that was left of him was a shell!

Seeing this, Luo Xi wanted to destroy the middle-aged man's body with one palm, but was stopped by David!

"Don't destroy this guy's body, I'm still useful."

After David finished speaking, he stepped forward and placed the middle-aged man's body on one side of the formation!

I don't know what kind of pill David stuffed into the middle-aged man's mouth, but from the middle-aged man's body, the aura of the sixth level of the Tribulation Realm was constantly emanating from the middle-aged man's body!

David began to use the weapons on the ground to set up a new formation, and the white mist filled the air again!

However, this time, from the formation shrouded in white mist, the aura of the sixth level of Tribulation Realm continued to spread to the surroundings!

David used the body of a middle-aged man to deliberately create a sixth-level cultivator of the Tribulation Realm. As long as someone comes and feels that there is a sixth-level Tribulation Realm cultivator in the formation, they might leave!

After arranging everything, David told Luo Xi not to walk out of the formation easily, and then continued to absorb the immortal energy and practice!

I don't know if other people didn't find this place, or because the breath of the sixth level of Tribulation Realm scared people away!

No one has arrived in three days! With the harassment here, David was able to practice quietly for three days!

Even though David's Heart Ning Jue is very abnormal, it still failed to absorb all the fairy energy in this area in three days!

Outside the battlefield of gods and demons, after the three-day protection period passed, a large number of monks began to enter the battlefield of gods and demons!

The number of monks in the battlefield of gods and demons suddenly increased!

And Xuanyin Sect also received a large amount of various resources and spiritual coins for this!

"Boss Cai, Mr. Miao, we have obtained the token to enter the battlefield of gods and demons. You can enter now."

Ji Yun said to Cai Hongwei and Mr. Miao after exchanging the spirit coins for the token.

The tokens of their group of more than a dozen people were all obtained by Ji Yun himself in exchange for spirit coins!

After all, Ji Yun is not short of spirit coins, and David also explained that Ji Yun and Huo Feng are responsible for everyone's tokens!

"Master Ji, thank you so much."

Everyone followed Ji Yun to say thank you!

“You don’t need to thank me. This is what Mr. Chen has explained. Another point is that after entering the battlefield of gods and demons, it will randomly drop anywhere, so even if we enter together, we may be separated.” “I’m

here There are some sound transmission jade slips. Everyone should take one. If there is an emergency, they can notify each other.”

Ji Yun took out a bag of sound transmission jade slips and distributed them to everyone!

These sound-transmitting jade slips were all refined by David. For other monks, this simple sound-transmitting jade slip was also a rare thing, but for David, it was just a matter of casual refining.

Holding the jade slips, everyone stepped into the entrance of the battlefield of gods and demons and entered the battlefield of gods and demons!

In the battlefield of gods and demons, David slowly opened his eyes, looked at the formation as before, and then asked, “Miss Luo, there has been no movement in the past three days, right?” “There is no movement

outside the formation, but this spirit The beast egg seems to have moved on its own.”

Luo Xi pointed at the spirit beast egg and said.
