Married at First Sight Chapter 2723-The butler still didn't know what was going on upstairs. When Matriarch Farrell was not present, he was responsible for seeing the guests out.

He responded repeatedly and would relay Liberty's words to Matriarch Farrell.

Liberty got into Hayden's car while her bodyguard group crowded into several cars with Hayden's bodyguard group, and then her car was driven away by the Farrell family's bodyguards.

Kevin was particularly envious of Liberty at the moment, but he also knew that it was not appropriate to be jealous at this moment, so he left the Farrell family first.

The scene he saw when he went upstairs just now, no matter how shameless and well-informed Kevin was, he never expected that those two people would be doing something inappropriate for children.

When they went upstairs, the two men were still busy.

After the car drove out of the Farrell family mansion, Hayden asked Liberty curiously, "What did you and Kevin see when you went upstairs? Did the husband of Mrs. Farrell have an accident?"

"It was an accident, a huge accident." Liberty replied, "I knew it wouldn't be peaceful here tonight, but I didn't expect to see such a shocking show."

When Liberty first saw that scene, her instinctive reaction was to turn around and leave to avoid staining her eyes.

Now that she thinks about it, it seems unusual. Holden was the husband of Matriarch Farrell. He was caught cheating on his wife some time ago and was beaten by her. He dared not go downstairs to see guests tonight.

It had only been a few days before Holden cheated on her again.

The cheating partner was still Shiloh.

Shiloh was the daughter of the previous butler of the Farrell family. Since she and Kathryn were exchanged, Matriarch Farrell and her husband did not know about it, and they always treated Kathryn as their biological daughter.

No matter how shameless Holden was, he would never touch Shiloh. But the two of them rolled together.

Liberty guessed that the two of them had taken medicine.

Hayden: "Are they dead?"

"No one died, but it's more shocking than death." Liberty whispered a few words into Hayden's ear.

Hayden had a calm personality and remained calm despite the collapse of the mountain. After hearing what Liberty said, she was frightened and let out a loud ah sound, which made the bodyguard following the car turn to look at the two of them.

"This...is impossible." Hayden was surprised and whispered, "Sister Liberty, are you not blind?"

Liberty said, "How could it be possible to be dazzled? I could see clearly. It was the two of them. I wasn't the only one who saw it. Everyone who went upstairs saw it.

Those two people looked delirious. They were still intoxicated, regardless of the noise outside. After I saw clearly that it was them, I left quickly for fear of staining my eyes. When I return to the hotel, I want to clean my eyes properly. Put a few drops of eye drops on both eyes to avoid getting needle holes."

Hayden was shocked and amused by Liberty's words. She said, "The two of them... are probably being plotted against."

The person Shiloh admired was her, and no matter how beastly Holden was, he would never touch Shiloh. Even though Shiloh was not his biological daughter, she was raised as one.

Liberty said, "The possibility of being plotted is very high, but we don't know who did it. Shiloh sent Mr. Janzen food upstairs. The food was all freshly prepared at the banquet, and the wine had unopened, whole bottles. The

soup is also served freshly; so many of us have eaten the food and drank the soup, and it's fine."
