

Chapter 742 Pretending To Be Dead

Though it wasn't a direct blow to the heart, the wound was severe.

Notably, Liam's prior injury was aggravated, causing a rush of blood in his body. He coughed up a significant amount of blood.

As he had bled profusely, his strength diminished rapidly and his body's warmth waned.

Drawing a heavy breath, Liam uttered, "Release Julie now. I'm on the brink of death!"

Then, to fully lull Rohan into a sense of security, Liam exhaled sharply and theatrically collapsed, eyes rolled back, feigning death.

Rohan, ever wary, extended a hand to check Liam's pulse. As he found none, a smug grin spread across his face.

With disdain, Rohan spat on Liam, declaring, "Fool! To think you could challenge me! You sought your own end!"

Yet, unbeknownst to Rohan, who'd spent years away

from the mainland, there existed a local technique
allowing one to retain their breath and fake their death.

That was precisely Liam's ruse!

Oblivious, Rohan, with a twisted laugh, stepped closer
and placed a foot on Liam, murmuring to himself, "Oh,
dear cousin, so gullible. Fear not. I won't let your
beloved perish so easily. Her heart is perfect for my
experiments!"

In that instant, Liam suddenly jumped up from the
ground!

Before Rohan could even move, Liam's dagger
pierced through his shattered armor and into his
abdomen.

Instead of continuing to kill Rohan after landing the
blow, Liam mustered all his energy, leaping towards
Julie, who dangled precariously from a rope.

Simultaneously, a terrified member of Rohan's crew
inadvertently loosened his hold on the rope, causing
Julie to teeter on the edge of plummeting into the
tank below.

With sheer determination and despite the pain he felt,
Liam dashed forward, managing to rescue Julie in the
nick of time.

His exertion, given his severe injuries, caused his

wounds to worsen, with the internal ones being especially grave.

Rohan, meanwhile, collapsed to the ground, attempting to rise. Blood oozed from his mouth, his vigor notably diminished.

He glared at Liam with bitter animosity. With Julie safe, he no longer had any leverage over Liam.

But from his condition, Rohan surmised that Liam too was seriously injured.

Suddenly, the villa's door burst open. Liam's team from the Dark Night Organization stormed in, armed with submachine guns.

Bang! Bang! Bang!

Shots echoed from every direction. The Dark Night Organization's group targeted the remaining people from the Duncan family systematically.

The villa was in chaos, with numerous incapacitated individuals. The upper hand clearly belonged to Liam and the Dark Night Organization.

After a brief moment of contemplation, Rohan made a hasty retreat towards the rear exit, shielded by his men.

This was typical of the Duncan family. Life took precedence, and everything else could be forsaken if

The Dark Night Organization could only guarantee the safety of Liam and Julie. Pursuing Rohan was clearly out of the question!

Simultaneously, Liam lacked the strength to chase after Rohan. He had held on solely due to his conviction. Seeing Rohan's defeat, he gave in to exhaustion and collapsed, unconscious.
