An Understated Dominance by Marina Chapter 1946

Chapter 1946

"Miss Li, did those two guys just steal your Wulingjing? I'll get it back for you right away!"

At this time, Kevin Snow, who noticed something unusual, was decisively ready to take action.

If it hadn't been for Margaret's trapped dragon rope just now, he wouldn't have been able to control Alexis Walters, and he would have even trapped himself in it.

"Brother Kevin, there's no need to chase!"

Seeing that Kevin Snow was about to chase him, Margaret quickly stopped him and explained, "I gave it to them myself. It's useless for me to have that thing." "

Huh?"

Kevin Snow said slightly . Startled, he stopped, turned around, and said doubtfully: "Miss Li, that is the Wuling Crystal. It is a treasure for warriors. It can improve your cultivation. Even if you don't use it, you can sell it for money. It is extremely valuable." ."

"I'm not short of money." Margaret smiled lightly.

"Ah..." Kevin Snow was speechless for a moment, not knowing how to refute.

I almost forgot, the woman in front of me is a rich woman, she even has treasures like trapped dragon rope, one or two pieces of black spirit crystal, she really doesn't take it seriously.

But the problem is, you are not short of money, I am!

You can give me the Wulingjing you don't want. I can still accept your favor. It's such a waste to just throw it away like a stone.

"Brother Kevin, it's not that I spoiled the treasure, but there's something wrong with this Wu Lingjing."

Margaret continued to explain: "Look carefully, is there anything special about the Wu Lingjing in your hand?" "

Special. ?"

Kevin Snow picked up a piece of Wuling Crystal and observed it carefully for a moment, but found nothing. He asked doubtfully: "What's so special? The spiritual energy inside is very rich and can be absorbed directly. It should be no problem to use it for practice."

"Kevin

Hao Brother, if you use this thing to practice, I'm afraid you won't survive more than three days." At this time, Dustin slowly walked forward, holding a piece of Wuling Crystal the size of a fingernail in his hand.

"Did you also notice?" Margaret was not surprised.

Dustin's strength is higher than hers, and he is proficient in all kinds of thaumaturgy, so it is normal to see the clues.

"What riddles are you two playing? How come you can't survive more than three days?" Kevin Snow looked left and right, a little confused.

"Brother Kevin, have you ever considered where this Wulingjing comes from?" Dustin did not answer directly, but asked rhetorically.

"This...should be something that fell from Alexis Walters's body, right?" Kevin Snow was a little unsure.

After Alexis Walters exploded, these Wuling Crystals appeared out of thin air.

Everyone is busy looting, how can they have time to consider the source?

“These Wuling Crystals are indeed related to Alexis Walters, but they are not his belongings, but the things formed by the crystallization of his flesh and blood.” Dustin said in surprise.

“What? You mean, these Wuling Crystals are Alexis Walter’s flesh and blood?” Kevin Snow was startled.

“That’s understandable.”

Dustin nodded and followed, “You might as well look around to see if Alexis Walters left any bones or remains after the explosion?”

Kevin Snow glanced around, and sure enough he didn’t see Alexis Walter’s bones.

Normally, even if it is a self-destruction, it will leave mutilated body parts. Why is there no bones left in Alexis Walters?

Could it be that the Wuling Crystal in their hands was really Alexis Walter’s flesh and blood?

But this is too bizarre, right?

But after thinking about it, it seems that it is not so difficult to accept.
