An Understated Dominance by Marina Chapter 1977

Chapter 1977

“Treasure land? What treasure land?!”

As soon as these words came out, everyone became energetic.

They entered the oasis originally to hunt for treasure, but unfortunately, not only have they gained nothing, but they have also lost a lot of lives.

Now that they heard the word treasure land, they was naturally very excited.

“Actually, I plan to wait for the reinforcements from the division to explore this treasure land before going in to explore it.”

Lily Zhang hesitated to speak, so it was difficult for her to do anything.

“Sister Lily! Don’t miss this opportunity. If you lose it, it will never come back. By the time the elites from the Yuanyang Clan arrive, someone might have already conquered that precious land!” Leo Alexander was a little anxious.

They finally had the opportunity to hunt for treasure, so they was not willing to miss it.

“Yes,sister Lily , we are on the same boat now. I think you should tell the truth. We can go treasure hunting together, and then the treasure will be divided equally. Wouldn’t it be beautiful?” The short-haired woman agreed.

“It’s not impossible to tell you, but we have to agree in advance that the treasure land was discovered by our Yuanyangmen. If we find any treasure, our Yuanyangmen must take half of it, and you can share the remaining half equally. How about it?” Lily Zhang took advantage of the situation and opened the door. conditions.

That treasure land is full of dangers. With Yuanyang Sect’s power, even if they can get the treasure by chance, they will suffer heavy losses.

So she deliberately brought up the topic just now, just to arouse the interest of the people in front of her and find a group of scapegoats to explore the way.

If it can be done, it would be the best. Half of the treasures would be enough for Yuanyangmen to develop.

If it fails, she won't lose anything. It can be said that it is a profit-free transaction.

“What? You want half of it for yourself?”

Hearing this, Leo Alexander frowned: “Sister Lily, is your appetite too big? There are so many of us, and you are just one person, so you want half of it when you open your mouth. How should we divide it?”

“Yes! You are a typical lion with a big mouth!” The short-haired woman looked dissatisfied.

Having done nothing and asking for half of the treasure is really greedy.

“Everyone, you can't say that. Only I know about this treasure land. Normally, I only need to wait a day or two for the people from the master's sect to arrive, and then I can collect all the treasures inside. For the sake of your rescue, you will tell the truth, our Yuanyang Sect only needs half of the treasures, which is already very particular.” Lily Zhang said lightly.

Her meaning is very clear. I can obviously keep all the treasures in my pocket, but now I let half of them out.

“This...”

Upon hearing this, the members of the Black Scorpion Team looked at each other.

Although they were a little dissatisfied, they didn't know how to refute it.

After all, to find a guarantee, Lily Zhang has to lead the way.

“Miss Margaret, what do you think?”

Leo Alexander turned his head and threw the problem to Margaret. After all, Margaret is the leader of this team. Whether it is Billy Ruso or Kevin Snow, they have to sell some face.

“I came here only for one treasure. I am not interested in the rest. As long as sister Lily lets me choose first, I can give up the remaining treasures,” Margaret said lightly.

“No problem!” Lily Zhang agreed.

She could see that Margaret had a strong say in this team, and as long as the other party compromised, her plan would go smoothly.

“Senior Billy, where are you?”

Leo Alexander turned to look at Billy Ruso again.

Margaret is the leader of the team, but the strongest person present is the desert dragon Billy Ruso.

The other party’s decision affects the entire situation.

“I am alone and don’t want many treasures. If there is something I like, I just pick two and the rest will be yours.” Billy Ruso looks carefree, but in fact, he is thoughtful.

No one knows what is in the treasure land. If you can be the first to pick two top-quality treasures, you will undoubtedly have an advantage.

Absolutely no loss.

“Senior Billy opened his mouth, and this junior will naturally not refuse.” Lily Zhang nodded again.

As long as Billy Ruso and Margaret are taken care of, the remaining people can still be left to their own devices?

“Since Senior Billy and Miss Margaret have agreed, we have no reason to refuse, so let’s do it.” Leo Alexander had no choice but to nod.

Although he was a little reluctant, the Black Scorpion team was weak, and he had no right to speak, so he could only follow along.

“Okay! You are all cheerful people, so we have made an agreement!”

Lily Zhang smiled and secretly rejoiced.

These guys are really easy to deceive, and they can get it done in just a few words.

“Lily Zhang, without further ado, why don’t you take us to the treasure hiding place as soon as possible? To avoid long nights and lots of dreams.” Leo Alexander urged.

During the day, the oasis is relatively safe.

If it comes at night, all kinds of monsters will become extremely active, which is the real danger.

“Everyone, please follow me.”

Lily Zhang didn’t waste time. After taking a pill, she started to lead the way.

A large group of people headed straight for the treasure land.

Everyone stopped and walked along the way. After walking for about three hours, they finally arrived near their destination.

It is a lake hidden in the dense forest.

The lake is very large, the water is bottomless, and the water is covered with clouds and fog, making it difficult to see clearly at first glance.

It was very quiet around the lake, so quiet that it was eerie.

Looking around, they couldn’t see any living things at all, no insects, fish, birds, or beasts, just a deathly silence.

At first glance, it looks like a still picture.

Only when the breeze blows will ripples appear on the lake.

“Huh?”

As he approached the lake, Dustin’s sky eye seemed to sense it, and suddenly began to vibrate slightly and emit a faint light.

Being able to have such an obvious reaction in the eyes of the sky is enough to prove that there should be some treasure hidden near the lake.

Maybe the dragon source energy they are looking for is here!
