An Understated Dominance by Marina Chapter 2001

Chapter 2001

Senior Ruso misunderstood, I just..." Before

the man in gray could finish his words, the black dragon guarding the door of the palace seemed to have lost his patience and roared again. "Empty——!"

After the roar, the black dragon suddenly moved.

I saw its long tail flicking to the side.

"Whoosh!"

A black shadow flashed past.

The two warriors who were unable to dodge were directly hit by the black dragon's tail, followed by two "bang bang" explosions.

The bodies of the two warriors suddenly exploded like balloons that had swollen over their heads, turning into flesh and blood, pouring out in all directions.

"Ah?"

Seeing this scene, everyone was stunned.

The two warriors who had just exploded and died were well-known in the world and were already considered masters.

However, the black dragon just swept away the two powerful warriors until they exploded to death.

It's so scary!

Some of the warriors who were ready to make a move before saw this scene and their hearts froze.

Can they really fight against such a powerful monster?

Without giving everyone time to react, the black dragon's long tail swung violently again, like a huge whip, hitting the three warriors on the right severely.

“Bang! Bang! Bang!”

Only three explosions were heard, and the three warriors exploded on the spot, leaving no bones left.

The splattered flesh and blood fell on more than a dozen people like rain.

“Good opportunity! Take action!”

Taking advantage of Black Dragon's distraction, a group of Xiaoyao Sect's disciples immediately seized the opportunity and bullied him.

All kinds of hidden weapons and poisons were thrown at the black dragon for free.

“Look, you're still alive now!”

Xiaoyao Sect disciples secretly rejoiced.

As long as the sneak attack is successful, with their magical weapon, the black dragon will not die.

“Crack!”

Just heard a crisp sound.

All the attacks from the Xiaoyao Sect disciples hit the black dragon's scales, and only scattered sparks.

Not to mention serious injuries, not even a trace was left.

Those scales are even harder than a treasure armor and cannot be damaged at all.

“Ah?!”

Seeing this scene, all Xiaoyao Sect disciples were stunned, looking in disbelief.

“No! Run!”

The leading senior brother suddenly trembled all over, and a chill rushed from the soles of his feet to his forehead.

Looking up, he happened to meet the black dragon’s scarlet and violent eyes.

The eldest brother’s pupils shrank, and he turned around and ran away before he had time to think.

“Empty——!”

The black dragon suddenly opened its mouth, and a ball of black flame suddenly spurted out, directly engulfing all Xiaoyao Sect disciples.

This black flame is extremely vicious and domineering, destroying everything it passes by, leaving no grass growing.

“Ah~!”

accompanied by screams.

All the warriors who were engulfed by the black flames fell to the ground.

In just a few breaths, it was completely burned to ashes, leaving no bones behind.
