An Understated Dominance by Marina Vittori Chapter 2003

"Ahem..."

Billy Ruso lay on the ground, coughing violently and vomiting blood.

At this moment, his face was pale, his eyes were full of fear, and all the bones in his body seemed to be falling apart, and he couldn't even stand up.

He never dreamed that the black dragon could be so powerful.

One tail swept over him, overwhelming him like a mountain, and directly inflicted serious injuries on him.

And when his sword hit the black dragon, it only caused a few scratches.

The black dragon's physical strength and defensive tenacity are simply unbelievable.

"Oh my God! Senior Ruso was actually kicked away? Did I read that correctly?!"

"How is that possible? Senior Ruso is a majestic martial arts master with unfathomable strength. Why can't he even block this monster's blow?"

"It's bad, it's bad! Even Senior Ruso is no match for this black dragon, who can compete with it?"

"..."

Looking at Billy Ruso, who was seriously injured and vomiting blood, everyone was frightened.

Everyone was dumbfounded, their faces filled with disbelief.

You know, Billy Ruso is the famous Desert Dragon, one of the five strongest men in the southwest, and a legendary martial arts master.

Normally, as long as Billy Ruso takes action, he should be able to easily defeat the black dragon.

However, the situation in front of them was beyond everyone's expectations.

In the head-to-head confrontation between the two sides, Billy Ruso not only failed to gain any advantage, but was seriously injured by the black dragon, which is really unbelievable.

The problem is, Billy Ruso is the strongest among them.

Even Billy Ruso couldn't defeat the black dragon, wouldn't they be even more vulnerable?

"What should we do? What should we do now?"

"What can we do? Run away for your life!"

After a brief moment of confusion, everyone quickly realized what they were doing. They didn't dare to stay at all and ran away.

Even the martial arts master was defeated, and they had no other choice but to flee for their lives.

"Damn it! I'm so unwilling! We're only a little bit closer to getting the treasure!"

Marcus Ringrose looked at the huge black dragon from a distance, cursing in his mouth and full of unwillingness in his eyes.

"Brother, we can leave the green mountains without worrying about having firewood. We can't deal with this monster. We'd better wait for the masters to come and kill it together."

Thomas Grey squinted his eyes and looked solemn.

Billy Ruso's defeat, although shocking, is not a bad thing.

At least most of the treasures inside will not be taken away by Billy Ruso. When the masters of Stone Dragon Sect and Flying Sect arrive, it will be their home court.

No matter how powerful the black dragon is, he is just a beast after all. He can deal with one martial arts master, but that doesn't mean he can deal with two or three.

What's more, Stone Dragon Sect and Flying Sect also have many half-step masters and various strange formations.

Once it is used, killing a black dragon is not a problem at all.

"Damn! This black dragon is so powerful!"

Kevin Snow gritted his teeth and broke into a cold sweat: "Miss Margaret! Retreat quickly, otherwise we may be annihilated if we continue to fight!"

"Yes, Miss Margaret! While the black dragon is attracted by Billy Ruso, let's run away for our lives, otherwise the consequences will be disastrous!" Leo Alexander also panicked.

No one expected that this black dragon would be more powerful than the martial arts master.

How can you fight like this on a horse?

"We are already here, we must not give up halfway!" Margaret looked cold.

"Miss Margaret! Don't be stupid! Your life is at stake!" Kevin Snow was a little anxious.

"That's right! If a good man doesn't suffer the consequences, he will die if he doesn't leave!" Leo Alexander agreed.

The moment they saw Billy Ruso's defeat, they were frightened and had no idea of resisting.

"Although this black dragon is powerful, it is not impossible to deal with."

Margaret suddenly looked at Dustin and said calmly: "Dustin, it's your turn now."

“Okay, then let me deal with this villain. Animal!”

Dustin pulled out the Sky Sword and slowly walked towards the black dragon.

He had been hiding his strength because he was worried about affecting Margaret's plan.

Now that the other party has spoken, he has nothing to hold back.

”Brother Dustin! What are you doing?”

Seeing this scene, Kevin Snow's expression changed and he said quickly: “That black dragon is extremely terrifying, no one can stop it, even Senior Ruso was defeated, wouldn't you be asking for death if you go up there? !”

At this time, it's too late for others to escape. If you take the initiative to get in, what's the difference between you and a fool?

”Brother Kevin, don't be nervous, it's just a little snake, I haven't taken it seriously yet.”
Dustin turned around and smiled lightly.

”You, you, you...are you crazy? Come back quickly!” Kevin Snow was so frightened that his voice trembled.

Is this a little snake? This is clearly a giant dragon!

”Hmph! Those who don't know whether to live or die really have no self-awareness at all!”

Leo Alexander snorted coldly, with an expression as if he was looking at a dead person.

Trying to show off at this time is just a fool's errand.

The other party wouldn't naively think that he was more powerful than the martial arts master Billy Ruso, right?

”Hey! Your opponent is me!”

Dustin held the sword in one hand and shouted at the black dragon in front of him.

The voice was loud and resounded throughout the sky, instantly attracting everyone's attention.

"Damn it! Who is this guy? He didn't know how to run for his life, but walked towards the black dragon instead. How brave is he?"

"I guess he's just a fool who doesn't know how to live or die. He won't live long anyway."

"Awesome! You are a man!"

Seeing Dustin walking towards the black dragon, everyone couldn't help but talk and were extremely surprised.

Everyone saw Billy Ruso's fate.

They really don't understand that at this time, there are still people who dare to challenge the black dragon.

"Sisi~!"

The black dragon swallowed the red snake letter, slowly turned around, and stared at Dustin with a pair of lantern-like eyes.

Cold and violent, and at the same time, there is also a bit of doubt.

It seems a little confused, why does this ant-like existence in front of it dare to challenge itself?

"Empty——!"

Without any hesitation, the black dragon suddenly opened his mouth and spurted out a stream of hot black flames, directly engulfing Dustin.
