

# The Ex-Husband's Revenge By Dragonsky

Chapter 1971

Chapter 1971

"You bastard Joel! I never thought it would turn out to be you Hiltons who were behind this all along!" Alan was infuriated by this and immediately turned to shoot Joel and the rest of the Hiltons a murderous glare.

"Um," Joel balked at this. He never once thought that Gordon would use his last remaining breath to betray him!

Not only that, but he only ordered Gordon to attack Iris and Snow-never once did he instruct him to poison Darius, so it came as an even bigger shock when Gordon decided to place all the blame on him for something he never did!

Joel wanted nothing more than to reach out and kill Gordon himself!

"Elder Hughes, Gordon was the one who committed this crime, and this has nothing to do with us Hiltons at all! He's just trying to shift the blame onto someone else and slander us Hughes in the process, so please don't take his words seriously!" Joel stammered.

Gordon did not have any evidence to back himself up, so of course he would never admit to this wrongdoing!

After all, they were already troubled enough by the Thompsons; he did not want to have the Hughes added to the mix!

"I'm not trying to slander anyone. I'm telling the truth! Not only that, but Joel was also the one who instructed me to tamper with Elegante Group's products," Gordon decided to come clean with everything.

"You-" Joel was outraged to hear this.

He never once participated directly in Iris and Snow's kidnapping, and so even if Gordon betrayed him, he would not have any evidence of Joel's involvement. However, what happened with Elegante Group was different; he was prosecuted once before already for this and was even forced to apologize publicly to Elegante Group for sabotaging them. Therefore, as much as he wanted to deny it, he could not!

"What else do you have to say for yourself, Joel?" Alan snarled.

"Nothing! I have nothing to do with Darius' poisoning at all, so there's nothing I'd like to explain!" with that, Joel paused and then turned to his father. "Father, now that things have come to an end here, shall we leave?"

The Hiltons came all the way here to help Seth get revenge on Leon, but now, with the Thompsons on his side, neither the Hiltons nor the Golans dared to mess with Leon any further!

Besides, the misunderstanding between Leon and the Hughes was since resolved, and the truth was uncovered about the Hiltons' involvement in this. Now, with both the Thompsons and the Hughes on Leon's side, there was no way the Hiltons and the Golans would be able to withstand them!

Therefore, they had a find a way to escape while they could!

"Yes, it's time to leave now, troops!" Sebastian could also tell that they were at a significant disadvantage, so he rallied his troops in an attempt to leave.

"Going to escape? Not so fast! Guards, stop them!" Alan sneered as the Hughes stormed forward to block off all the exits, preventing anyone from leaving the room.

He was not the only one unwilling to let this go; Angus, who intended to make the Hiltons pay for their wrongdoings, would not let this precious opportunity slip by. With a wave of his arm, the Thompsons charged and surrounded Joel, Sebastian, and the rest of the Hiltons. The atmosphere immediately tensed up.
