Chapter 1976

Chapter 1976

"Well, I'll be frank with you, Devon. President Wolf has saved Darius' life, and so we Hughes owe him one! If you intend to pick on him, you'll have to go through us first!" Alan replied curtly.

"You!" Devon's expression was dark when he heard this, he thought Leon was just a useless nobody, but it seemed that he severely underestimated this man's potential!

Not only did Leon help the Thompsons in the past, but now, the Hughes was also indebted to him for saving Darius!

This was an accomplishment that no ordinary man could pull off, much less a "useless nobody" as he thought!

However, Cynthion Group's potential for growth and business was so alluring to him that even with the Thompsons and the Hughes blocking his way, there was no way he could give up on this just like that!

"Old Hughes, Angus, you asked for this! Since you're so adamant to continue protecting Leon, you shan't blame us Hiltons for not showing you any mercy then!" Devon

threatened. He already came to a decision, and he would not waver no matter what!

"Tsk, I can't believe how arrogant you are! Don't bite off more than you can chew, Old Hiltons! You're up against the two of us, so how on earth do you think you'll be able to hold up?" Alan snickered, casting Devon a glance of disdain.

The Hughes and Thompsons, like the Hiltons, were some of the most powerful families in the Southern region, and were on par with each other when it came to influence and manpower!

If he had to pick one out, the Thompsons were at a slight advantage over the two of them, so he could not believe that the Hiltons were so naive as to think they stood a chance against both of them!

"Well, if this happened under normal circumstances, you're right, but unfortunately, this isn't a normal circumstance; I've recruited all of my most powerful warriors just for this, but none of them came prepared, so defeating you will be as easy as squashing an ant!" Devon snickered, then gestured to the men behind him. "Ronaldo and team, step forward and show yourselves to everyone! We'll let Old Hughes and Angus here see just what we got!"

"Yes, sir!" Six formidable elders, along with Fourth Elder and Fifth Elder, stepped forward as commanded by Devon. Out of the eight, seven of them unleashed their wrath, showcasing the true display of their powers.

"Seven Almighty Warriors!" Both Alan and Angus were shocked when they sensed the energy wafting off these seven Hiltons. None of them ever imagined that the Hiltons would have prepared for this by recruiting seven Almighty Warriors at the same time!

"That's not all we have!" Ronaldo, the leader of the troops, sneered as he unleashed his power, sending a surge of energy barreling straight toward his opponents!

"Intermediate Almighty State!" the color drained from Alan and Angus' faces at this, not only did the Hiltons have seven Almighty Warriors with them, but Ronaldo and even Devon himself were members of the Intermediate Almighty State!

With such a formidable team, it was no wonder that Devon did not seem at all afraid to take them all by himself!
