Chapter 2432

Chapter 2432

"I got to the next power level! This is great!" Chandler stood and burst into laughter.

He doubted Leon and Henry before and assumed that they were bluffing about the effect of the Sun Pills. To his bewilderment, they were telling the truth about how the Sun Pill could get him to the next power level.

It was unbelievable.

Considering his age and condition, it would be extremely challenging for him to get to the next level under normal circumstances. Even if he was to succeed, it would take at least three years' worth of hard work.

However, with the help of Leon and the Sun Pill, he managed to ascend to the Intermediate Almighty State with ease, saving him years of work.

Instantly, his heart was filled with joy.

Snapping out of it, he fell on his knees before Leon. "Mister Wolf, thank you for helping me with my training," he said gratefully.

Leon eliminated the Scarlet Thief and avenged Chandler's family, and on top of that, he did not look down on Chandler due to his age. Instead, he did his best to strengthen Chandler's power.

His generosity moved Chandler.

"You don't have to thank me, Chandler. Get up, please," Leon said and helped Chandler up.

"Chandler, congratulations on ascending to the Intermediate Almighty State," Henry said with a smile.

In the southern region, except for Arthur and the Southern Boss who reached the Advanced Almighty State, the most accomplished martial artists from the older generation all stopped at the Intermediate Almighty State.

With Chandler reaching the Intermediate Almighty State, he would be considered one of the top martial artists in the region.

Mason and the others could not help but feel envious.

Mason, who was the first to follow Leon, felt helpless about his mediocracy.

Despite the attempts Leon made to help him with his training, he barely managed to reach the Emperor State, which was far from the Almighty State.

The community of martial artists valued strength and he wished he could ascend to the Almighty State so he could repay Leon's generosity.

Unfortunately, he was too far from reaching the Almighty State and was already in his fifties, so it would be quite challenging for him to reach the Almighty State. Even if he was to succeed, it would require another decade of hard work.

This thought left him feeling depressed and helpless.

"Alright, Mason, there's something important that I need to discuss with you." Leon turned to Mason hesitantly.

Mason snapped out of his thoughts and asked respectfully, "What do you need, Mister Wolf?"
