

The Ex-Husband's Revenge By Dragonsky

Chapter 2038

Chapter 2038

"There's no need! Mister Wolf, not only did you help our family get revenge, you even saved my grandson from Poisonwielder! I'll never be able to repay you for this. Please, just take the motherwort! That's part of our gratitude to you!" Elder Tidderton said after some thought.

He knew that the motherwort was an incredibly rare and valuable spiritual herb. It was not something found that easily!

However, the Tiddertons were not versed in medicine, the motherwort was not that useful to them.

Furthermore, the reason they were targeted by Poisonwielder was exactly because of the motherwort!

Even though Poisonwielder was already dead, it was hard to say if there will be any other ill-intentioned people who would try to get the motherwort!

Rather than that, it was better for him to use the motherwort to repay Leon!

With Leon being part of the honored and revered Platinum Dragon Guard, no one would dare to target Leon!

"What? How could I do that?! Elder Tidderton, I wouldn't want to take advantage of the situation. The motherwort is just too valuable. I can't take it!" Leon was shocked to hear that. He hurriedly rejected Elder Tidderton's gift.

"Mister Wolf, don't be in such a hurry to reject it! The motherwort is completely useless to us. It would be a waste to keep it here! However, you were able to cure the Reaper's Breath. You are probably an amazing doctor! If I'm not mistaken, the motherwort would probably be very useful to you. You're the only one who would be able to make the most use of it!" Elder Tidderton said sincerely.

"That-{"

Leon fell into a short silence.

Elder Tidderton was right. Motherwort was something amazing for saving people. With his medical skills, the motherwort would be useful for him!

Furthermore, motherwort was an incredibly dark and cold spiritual medicine. It would help warriors who used such methods!

Even though he did not use any such methods, the Mysterious Maiden Method that Iris, Cynthia, and the others used was one such method!

If he had the motherwort, he would be able to use the herb to make some pills that would greatly increase their strength!

It would greatly benefit the four girls!

"Elder Tidderton, I won't deny that the motherwort would be very useful for me! However, so many from your family have died because of the motherwort. You've suffered great pain and loss. I can't just take it away for nothing! Why don't I purchase it from you for two hundred and eighty seven million dollars? Just give me a bank account, and I'll have the money transferred over right away!" Leon said generously, suggesting something more reasonable.

"No need! Mister Wolf, I already said it before, our family owes you a lot. This motherwort is just our way of repaying you! You don't have to pay to buy it!" Elder Tidderton rejected it without any hesitation.

"No! Elder Tidderton, thank you for your kindness, but these are two different things! If you won't accept my money, I won't accept the motherwort!" Leon said with determination.

For the sake of the motherwort, over a dozen people from the Tiddertons died. If he just took the motherwort away, he would be incredibly unsettled!

He could not do such a thing!
