

The Ex-Husband's Revenge By Dragonsky

Chapter 2039

Chapter 2039

"Fine then. I'll respect your wishes!"

Since Leon was already determined, Elder Tidderton fell silent for a moment before he agreed.

Since the Tiddertons were in a more remote area in the western region, they had less in the way of business assets. They were not especially wealthy!

287 million dollars was no small sum in their eyes!

Since Leon wanted to purchase the motherwort, he did not seem like someone who needed money. There was no reason to reject it!

"Alright, it's settled!" Leon smiled as he took the motherwort.

After that, he transferred the money to the Tiddertons, and everyone was happy after getting what they wanted!

"Mister Wolf, heroes are commonly born from the younger generations!"

Thorin laughed after Leon and the Tiddertons settled their affairs. He had a lot of praise in his tone for Leon.

Since Leon was so young, he underestimated Leon a little!

Yet, Leon managed to kill Poisonwielder just by his strength alone. He was both strong and intelligent. He was a hero amongst the younger generation!

Not only that, Leon was not greedy at all with the gift. Instead, he insisted on purchasing the motherwort!

It was worth a lot of admiration!

Suddenly, he found his heart to be full of praise for Leon. He even decided to get closer to Leon!

"Mister Orpwood, you're too kind," Leon smiled humbly at the praise.

Whether it was Thorin, Fletcher, Randall, or the others, everyone was full of respect for Leon's character and skill!

At that moment, not a single one of them dared to look down on Leon because of Leon's age!

"Mister Wolf, you've helped the western region a lot by killing Poisonwielder this time. I don't know how to thank you! If it's convenient for you, why don't you come back to the Dragon Corps with us? I'll make sure to arrange a banquet to thank you!" Thorin extended the invitation, wanting to bring Leon and the others back and try to be a good host. He wanted to get to know Leon better!

"There's no need! Mister Orpwood, thank you for the offer. Poisonwielder's already dead, so our task here is already done. We should be going back to report to Mister Glasbey. I won't trouble all of you," Leon politely rejected Thorin's offer.

"Alright then. Give me your contact information! If you come to the western region in the future, or if you have any requests, you can give me a call at anytime," Thorin said after some hesitation.

He knew that Leon was on the job. Since Leon felt like it would not be convenient to go with the Dragon Corps, he did not force things.

It would not be too late to invite Leon if he had the chance to in the future!

"Yes, alright," Leon said, exchanging contacts with Thorin.

After that, he excused himself and left with his team, heading back to the southern region!

At the southern region of Dragon Corps, Leon, and the others immediately went back to the office to report to Alfred the moment they got back!

At that moment, Alfred was already waiting in his office!

He already received a report while Leon and the others were on the way back, and was notified that they managed to kill Poisonwielder!

Other than that, Thorin gave him a call just to thank him for their support. He praised Leon a lot as well!

It made Alfred look good!

He looked incredibly happy at that moment!
