Chapter 2048

Chapter 2048

With Leon, in the room, Leon took out the Spiritual Pearl and activated it. The pearl immediately rose in the air and started to emit an unbelievably pure wave of spiritual and true energy!

"Leon, what's this Luminous Pearl?" Roanne could not help but ask.

When Leon treated her before, he used the Spiritual Pearl before. She only saw it once before, but she never found out what the use of it was.

"Oh, this is the Spiritual Pearl. It helps in a martial artist's training!"

Leon explained things briefly.

"So that's it! No wonder there's such a pure wave of energy coming from it!"

Roanne realizes something, finally understanding that the Spiritual Pearl was a treasure meant to help with training!

"Alright, let's start now!" Leon changed the topic and said. After that, he took out five Motherwort Pills and five Energy Nurturing Pills, giving them to the girls there.

He prepared the Motherwort Pills for Iris and the others, he never planned on giving them to Roanne.

Of course, with his relationship with Roanne and the Thompsons, there was no way he would hold back on her!

Furthermore, he had twelve Motherwort Pills. It was more than enough for Iris and the others. It was no difference if he gave one to Roanne!

As for him, the Motherwort Pills were useless for him. He took out a Sun Pill and ingested it!

After taking the pills, Iris and the others ingested them and started to sit down around the Spiritual Pearl and train!

Roanne followed them as she sat around Leon as well!

As time passed, Iris was the first to react, being the weakest.

Right after absorbing a portion of the Motherwort Pill's true energy, her power quickly rose to the brink of breaking through. After that, she started to attack the bottleneck!

Boom!

Before too long, she quickly managed to break through, and the aura around her gradually rose as she reached the advanced Supreme Master level!

Not only that, the Motherwort was an incredible thing. Its main function was to strengthen martial artists who used Dark methods. It was far stronger than the Cleansing Pills!

Poisonwielder tried so hard to steal the motherwort precisely to get to the Intermediate Almighty State!

It was already capable of getting an Almighty State martial artist to improve, let alone Iris who was an intermediate Supreme Master!

After she broke through the earlier bottleneck, she still had a lot of energy that she did not absorb. So, she continued to absorb it to try and strengthen herself even more!

Boom! Boom!

After some amount of time, Iris used the Motherwort Pill's immense true energy to make two breakthroughs!

She went right to the Semi-Overlord State!

It was not just her, Leon, Cynthia, and Snow were the same!

Leon went from being an advanced Supreme Master to the Semi-Overlord State!

Cynthia and Snow both got to the Semi-Overlord State from being peak Supreme Masters as well!

Since the Semi-Overlord State was something incredibly hard to get past, Leon and the others stopped trying to level up as they opened their eyes!
