Chapter 2059

Chapter 2059

"Brat, save your breath. Going against me will only end in death for you, no matter what you do!" The Southern Boss scoffed as he looked at Leon murderously!

"With just you? What a joke!" Leon scoffed, looking at Leon murderously.

"You think you can? What a joke!"

Leon sniffed, not taking the Southern Boss' threat seriously at all.

The moment he said that everyone there was shocked. There was a loud clamor in eh crowd.

No one expected that Cynthion Group would be an enemy of the Southern Boss, nor did they expect that someone as young as Leon would dare to look down on the Southern Boss!

Was that no suicide?!

After all, Cynthion Group was a new company that just rose in the last few months. They were far behind the Southern Boss and the Spears in terms of power.

They could not understand where Leon got the courage to defy the Southern Boss!

"Very good! Brat, you're still young, but you sure love to brag! Let's see if you're really capable of acting so arrogantly in front of me!"

The Southern Boss started to smile in frustration. After that, the aura around his body rose, and a wave of power at the advanced Almighty State started to push Leon down! 1

"You-"

Leon's expression sank as he hurriedly tried to push back against the Southern Boss' aura. However, he could not help but shudder a bit.

Even though his overall power was at the level where he was unbeatable by those at the intermediate Almighty State, which was not much weaker than the Southern Boss, his true skills were only at the initial Golden Phase. His power was only around the level of warriors at the intermediate Emperor State!

With his meager abilities at that level, there was naturally no way he would be able to stand up to the immense pressure from the Southern Boss!

"What an ignorant brat!"

"He dared to act so arrogantly in front of the Southern Boss. He doesn't know his place!"

Seeing Leon starting to pale, everyone started to look down on him and mock him. They looked at Leon like he was a speck of dirt!

Those in the younger generation in particular was so full of admiration and jealousy for Leon!

Yet, when they saw that Leon was stupid enough to anger the Southern Boss and even end up being pressured so much that he was struggling to breathe, all of them could not help but be happy at the situation. They cursed internally at Leon for not knowing his place and daring to offend the Southern Boss!

Was that not just stupid?!

If there were no surprises, the Southern Boss would be able to deal with an ant-like Leon incredibly easily with all his might!

Leon might die here today!

However, before they could even finish their thoughts, something that shocked all of them happened!

"Southern Boss, you're the king of the underworld and the head of the Spears, but you're just bullying the weak right now. You're trying to bully a young man like Leon?! Are the Spears just completely shameless?!"

At that moment, an angry shout was heard. Angus walked over with an angry look on his face. Alongside him was Arthur Thompson, alongside Yuri and a few experts from their family.

"It's the Thompsons!"

Everyone was shocked to see Angus, Arthur and the others appear.

After Cynthion Group's first sales drive, many of them already guessed that Cynthion Group was probably related to the Thompsons!

However, none of them expected Leon's relationship with the Thompsons to be so close that Angus and Arthur both personally appeared to support Leon!

It exceeded their expectations!
