

The Ex-Husband's Revenge By Dragonsky

Chapter 2061

Chapter 2061

"Do you Thompsons think you can do whatever you want in the southern region?!"

At that moment, a wizened voice was heard laughing.

Right after that, Devon Hiltons walked in with Joel alongside a few impressive-looking experts from their family.

When they closed in, Joel glared at Leon viciously. He looked like he wanted to rip Leon apart!

A few days ago, Oliver and Abraham apprehended him and locked him up within the Dragon Corps because of Leon. He was just released!

On top of that, he lost out to Leon constantly before this!

He hated Leon to the bone, and wanted to rip the man apart!

Other than that, Joel and Devon did not lead so many people to come over sincerely!

Their goal was more or less the same as the southern Boss. They wanted to find the chance to kill Leon to get rid of any future problems!

"Old Hiltons, it's you! What is the meaning of this?!" Arthur's expression sank.

He never expected the Hiltons to suddenly interfere in this. It exceeded his expectations a bit.

"Elder Thompson, I don't mind telling you this, but our family has some problems with Leon! If the Thompsons insist on protecting him, then you should be careful with your family!" Devon said coldly, the threat in his voice was evident.

"What? Are you threatening me now?" Arthur's expression turned cold.

"So what if I am?! Elder Thompson, we won't hide things from you! Leon's already the enemy of the Hiltons and the Southern Boss. He's a wretched, cruel, and violent person. He's going to die soon! If the Thompsons know what's good for you, then you'd better pull out when you can. Don't force yourself into our problems with him! Otherwise, you'll just be looking for your demise!" Devon said without holding back.

Elegante was the biggest business competitor of the Hiltons. For the sake of their wealth, the Hiltons needed to get rid of Leon!

However, when the Hiltons tried to deal with Leon before this, the Thompsons constantly stopped and ruined their plans. It caused the Hiltons quite a lot of grief!

However, since the Southern Boss was already going up against the Hiltons, he realized that it was a rare chance. He immediately stood up and planned on supporting the Southern Boss!

An enemy of an enemy was a friend!

He planned on working with the southern Boss to pressure the Thompsons, forcing the Thompsons to stop protecting Leon!

As long as Leon lost the support of the Thompsons, then it would be incredibly easy for the Hiltons to deal with Leon!

Of course, they still needed to have a valid reason to deal with Leon in public like that, so he forcibly described Leon in a very bad light!

"Elder Hiltons is right! Elder Thompson, you should know when to take a step back! The Thompsons better know what's good for you. Don't insist on going against us! Otherwise, you'll suffer the consequences!" The Southern Boss said arrogantly with his hands behind his back.

He never expected the Hiltons to suddenly appear to support him!

However, he was already at a disadvantage dealing with the Thompsons alone, so this was perfect for him!

Furthermore, he participated in the sales drive precisely for the sake of dealing with Leon!

If he and Devon could work together to push the Thompsons back before getting rid of Leon, then it would be perfect!
