Chapter 2070

Chapter 2070

"Roanne, why don't you show everyone where your power is right now!" Leon motioned for Roanne to unleash her true energy and aura at everyone's looks of disbelief.

Everyone quickly felt that Roanne's power was at the Semi Almighty State!

"Alright, everyone's already seen Miss Thompson's power! Now, let's give her consume one Supreme Pure Energy Pill so we can all witness its effects!" As Leon said that, he took out a Supreme Pure Energy Pill and gave it to Roanne.

Gulp!

After that, Roanne consumed the Pure Energy Pill. The Pure Energy PHI immediately turned into an incredibly strong wave of pure energy that surged into her whole body!

After that, she sat right down and started to refine the true energy in her body.

"Do you think these Supreme Pure Energy Pills will help Miss Thompson advance?"

"I don't know, but Cynthion Group's Advanced Pure Energy Pills were incredibly impressive. I think that the Supreme Pure Energy Pills might perform as advertised!"

"I don't think I can be sure of that yet. The Overlord State is completely different from the Emperor State. If the Supreme Pure Energy Pills can help someone get to the Emperor

State and even bolster the powers of those at the Emperor State, then it would just be too amazing. It doesn't seem possible at all!"

"That's true. If it was the case, then whichever ancient martial arts family in the Southern Region managed to get a large amount of those spirit crystals or control Cynthion Group would be able to stand unrivaled in the whole of Sky County!"

Everyone started to talk about the matter below the stage.

Even though they all already made their decisions, with some of them believing Leon and some of them not, there was still something they were very sure of. If the Supreme Pure Energy Pills were real, they would be able to nurture so many martial artists at the Emperor State!

Martial artists at the Emperor State were almost always the foundation of power and strength for the major families!

Whichever family managed to gain control of Cynthion Groups Supreme Pure Energy Pills would easily be able to seize control of the whole southern region or even Sky County!

"Could these people all be crazy?" Hugo had a strange look on his face when he heard all the discussions around him. He looked at everyone else as if they were crazy!

He never saw the Advanced Pure Energy Pills before and did not know of their effects. There was no way he would believe the effects of the Supreme Pure Energy Pills!

In the end, he was already certain that the Supreme Pure Energy Pills were fake. Yet, those from the southern region clearly could see what he saw, but they were still expectantly waiting for Leon!

It was as if they believed that the Supreme Pure Energy Pills might be real!

Was that not crazy?!

He even wondered if there was something wrong with the minds of the people from the southern region!

Yet, before he could even finish those thoughts, something that shocked him happened!

Boom!

Right at that moment, Roanne's body shook a bit, and the aura around her started to rise. She quickly reached the initial Emperor State from the Semi Emperor State!

"She broke through? H-how's this possible?!"

Hugo was completely stunned at the sight. His eyes were widened so much his eyeballs almost popped out of their sockets!

He thought that those from the southern region were all idiots!

Yet, he never would have expected that Roanne would be able to reach the Emperor State so quickly with the help of the Supreme Pure Energy Pills!

It completely shattered all his knowledge about martial arts!

It was obvious how shocked he was!

Of course, he was not the only one who was shocked, everyone else was too!

None of them expected the effects of the Supreme Pure Energy Pills to be real!

It caught them completely by surprise!
