Chapter 2126

"What?"

"You work for Leon?"

The Third, Fifth, and Sixth Guardians were all shocked as they assumed that Leon had no supporters in the southern region, yet an Almighty martial artist suddenly came forward and claimed to work for Leon.

As the subordinates of the Southern Boss, they could not believe how they did not receive any information about it.

Soon, realization dawned on them.

Leon announced that Cynthion Group would be recruiting martial artists in the Semi-Almighty or Almighty State and the three guardians all heard about it.

Hence, they concluded that Henry was recently recruited.

"Old man, you chose the wrong person to follow! You're digging your own grave!" The Third Guardian scoffed viciously.

Since he learned that Henry was an Almighty martial artist, he knew that the Fifth and Sixth Guardians would not be matched for Henry. Not daring to stand back any longer, he immediately joined the Fifth and Sixth Guardians to fight Henry.

"Fifth Guardian, Sixth Guardian, let's all focus on this old man for now, before moving on to deal with the little brat!"

The Third Guardian commanded the Fifth and Sixth Guardians, before launching a powerful strike at Henry.

"Yes!"

"Prepare to die, old man!"

The Fifth and Sixth Guardians narrowed their eyes maliciously.

Henry's sudden interference caused them to take a certain degree of damage earlier and since the chance to retaliate arrived, they did not hesitate to join forces with the Third Guardian.

The two ends instantly fell into a heated battle as Henry fought the three guardians; each of them rivaling with one other and it was hard to tell who was winning.

Since the Sun Pill could enhance martial artists' power, Henry took a great leap in his training and was stronger than ordinary martial artists in the Initial Almighty State.

However, the Third Guardian was also in the Initial Almighty State and since he was assisted by two guardians in the Semi-Almighty State, their combined force was equivalent to that of two martial artists in the Initial Almighty State.

Soon, Henry started to struggle and began to fall into a defensive position. Relying on his strength, he barely managed to withstand their attack and the three guardians could not defeat him for the time being.
