

The Ex-Husband's Revenge By Dragonsky

Chapter 2147

Chapter 2147

"Leon, what are you trying to do here?" The Fifth Guardian asked coldly, not understanding what Leon's plan was!

"Didn't I already tell you?! I plan on leaving you to the Dragon Corps! The three of you should repent for your sins in prison! "

Leon mocked.

"What? You're trying to get the Dragon Corps to lock us up? What a joke!"

Hearing that, the three guardians were completely shocked. They could not believe their ears!

"Leon, is there something wrong with your head?"

"The Dragon Corps work with evidence when they capture people!"

"You don't have any evidence, but you want the Dragon Corps to capture us. That's just a pipe dream!"

After the three guardians snapped back to reality, they had mocking looks on their faces, looking at Leon like he was an idiot.

The three of them knew that the Dragon Corps was responsible for maintaining order in the marital world!

The Southern Boss was the king of the underworld. He had a lot of power there, and he was very influential!

The three of them were his subordinates, and were not some evildoers!

The Dragon Corps would not do anything to them to prevent throwing the underworld into chaos!

Yet, Leon seemed to have something wrong with his head, actually wanting the Dragon Corps to lock them up without any evidence!

Was that not just idiotic?!

"If there's no evidence, it can be found! The three of you are subordinates of the Southern Boss, you've done a lot of crime before! If the Dragon Corps wants to look into some of your crimes, wouldn't it be incredibly easy?!" Leon sneered.

"That-"

The three of them were speechless.

Just like Leon said, the three of them were part of the underworld. They did some illegal things before!

If the Dragon Corps wanted to look into things, it would not be hard to lock them up for at least three to five years!

However, they thought about it, and quickly realized that it did not make sense!

The underworld was a chaotic place. Violence is commonplace in the underworld, and no one was ever clean!

The Southern Boss had a lot of subordinates. Other than the three of them, the rest of them did some crimes before as well!

Those in the Dragon Corps were busy people. They would not look into the three of them for no reason!

On top of that, the Dragon Corps always turned a blind eye to personal conflicts unless they crossed the line!

If the Dragon Corps decided to act against those in the underworld rashly, it would cause chaos, and it might even cause the Southern Boss to revolt, throwing the balance of the martial world off!

That would do the Dragon Corps no good!

"Brat, stop trying to act cool in front of us!"

"As if the Dragon Corps will look into our crimes just because you ask them to!"

"Who do you think you are?!"

The Sixth Guardian mocked Leon, feeling like Leon was just dreaming too much!

Of course, it was not just him, even the Third and Fifth Guardians thought so!

The three of them did not think that the Dragon Corps would listen to Leon at all!

It did not sound realistic!

"You'll know very soon if it's going to happen!" Leon said calmly.
