

The Ex-Husband's Revenge By Dragonsky

Chapter 2159

Chapter 2159

"The Head Guardian is right! Leon doesn't have any foundation or power in the Southern Region, and the three guardians are working in the dark!"

"No matter how skilled Leon is, he won't be able to escape it! n

The other experts from the Spears quickly agreed with the Head Guardian's view.

All of them knew how strong the Third, Fifth, and Sixth Guardians were.

In particular, the Third Guardian was already at the Almighty State!

He was already considered one of the top martial artists in the southern region!

Meanwhile, Leon was just someone from the younger generation. At the very most, his skills should only be at Rodney's level, being around the intermediate Emperor State!

Even though Leon had a peak Emperor State or Semi Almighty State defensive treasure with him, the three guardians had more than enough power amongst them to deal with that treasure!

They did not think that Leon would be able to deal with the Third Guardian's group with just one defensive treasure!

That was an absurd notion!

"Yes, you're right! It's possible that the three of them were just delayed because they haven't found the right time to act. Maybe they've even already succeeded, and are on the way back," The Southern Boss nodded and said, feeling that everyone was right.

He knew very well that Leon dared to go against him just because the Thompsons and Hughes were protecting the man!

However, the sales drive already ended, and the Thompsons and Hughes should have all already left!

Without the protection of those two families, Leon was just an ant without any backing. He would be dealt with easily!

With the power of the Third Guardian's group, there was no way Leon stood a chance!

Of course, there were no absolutes in the world.

He tried to deal with Leon a few times before and failed. He was a bit worried that something happened while the Third Guardian's group was trying to assassinate Leon.

However, he thought about it another way. Even if something happened and they failed to kill Leon, with their skills, it should not be hard for them to run away!

In the end, no matter how skilled Leon was, he would just be able to avoid being killed at most. There was no way he would be able to turn the tables and kill the three of them instead!

That did not sound possible at all!

With that in mind, he calmed down a lot more. He quickly felt that he was just overthinking things.

However, before he could even settle down, something that shocked him happened!

At that moment, they heard some frantic footsteps. A member of the Spears ran in from outside with a panicked expression.

"Southern Boss, Sir, this is very bad. The Third Guardian's group. They-" The man said while panting.

Before he could finish, he was suddenly interrupted by the crowd.

"The Third Guardian?"

"What, are they back?"

The Head Guardian and the others were happy to hear that.

They felt like the Third Guardian's group probably already accomplished their task and returned.

They could not think about any other possibility!

"What happened with the Third Guardian?" The Southern Boss asked seriously.

In contrast to the others, the Southern Boss saw something wrong with that man's expression. He started to get an uneasy feeling in his heart.
