The Divorced Billionaire Heiress chapter 2616-Panic and shock flashed on Noah's face.

There was anger and chill in his eyes when he looked at Selena.

Noah took a step forward and approached her step by step with a sinister and indifferent air about him.

Selena met his gaze without fear.

"I'm disgusted that your blood is flowing in me, but I will live well so that I can disgust you with my presence!"

Noah violently choked her neck and pressed her on the sofa.

His actions were vicious, and the veins on his forehead were bulging with determination.

"Go to hell and reunite with your mother!"

Aida went over to push him in shock.

"You're crazy! Noah, let go!"

Aida went to the side and picked up an ashtray to smash it on his head. The blood on Noah's head slowly flowed down, but he still did not let go.

His terrifying look made it seem like he had come from hell.

Noah used all his vicious strength in his hands and tightly strangled Selena's neck.

Selena could not breathe, and her face flushed and turned purple...

Seeing that the situation was awry, Aida hurriedly opened the door.

The door was custom-made so that it would be difficult to force it open from the outside.

At that moment, Eric coincidentally kicked the door.

Aida was kicked back because of the force, but she could not care less now.

Eric rushed in.

Seeing that scene, his eyes instantly turned red.

He stepped forward quickly and kicked Noah away.

Selena breathed heavily.

Eric held her in his arms, and soon let go.

He unbuttoned his shirt with a gloomy and cold expression.

Then, Eric grabbed Noah's shirt and punched him repeatedly.

Every punch was using his full strength.

Noah struggled at first, but soon, he became motionless like mud.

In the end, Noah's head was covered in blood, and it was hard to tell his original appearance.

Kai stopped Eric.

"Eric, do you want to go to jail?"

They did not stop Eric at first because they knew that he wanted to vent his anger and that Noah deserved it.

Everyone would have the urge to kill Noah when they saw that scene.

Grant went over to hug Aida, kissed her gently, and asked in a low voice.

"Are you okay?"

Aida shook her head and tugged at his clothes.

She then told him what happened just now.

Grant's face became darker.

Nicole supported Floyd over, and they were stunned when they saw this scene.

The mark on Selena's neck was really shocking.

Floyd's face changed slightly. "Go and call the doctor."

Selena touched her neck. Only now did she belatedly feel the dull pain that felt like a knife cutting her flesh.

Eric stared at Noah fiercely.

He glanced at Floyd and chuckled lightly.

"Chairman Stanton, it looks like the sincerity I offered was superfluous. Now that certain things have come to my attention, the situation is different."

"Mr. Ferguson, what do you want to do?"

"I want to take him away, regardless of his survival."

Eric's tone was sharp. The indifference and contempt in his eyes were as sharp as a falcon's murderous intent on its prey.

Floyd narrowed his eyes, walked over, and looked at Noah, who was already unconscious on the ground. Then, he sighed.

"Everyone will have to face the consequences of their actions sooner or later."

Floyd did not plan to care about Noah anymore.

Originally, he still had a glimmer of hope for his younger brother.

Floyd looked forward to Noah's repentance.

However, Noah actually wanted to kill Eric's wife at his birthday party.

The results were self-evident.

If the Stanton family and the Ferguson family turned against each other, all interests involved would be lost.

Noah wanted to destroy the Stanton family and kill Selena. No matter what the price was, Floyd did not want to care anymore.

Floyd suddenly felt exhausted, and he could not say a word.

He turned his head to look at Selena with distress and struggle in his eyes.

“Girl, before I read the diary you showed me, I didn’t know about what happened. After reading the diary, I only suspected him. I wanted him to admit it himself, but now it seems that I was too naive. In the past twenty years, the Stanton family has wronged you. Don’t worry, I will give you justice.”

Selena’s complexion was ashen, and she coughed violently.

Eric stepped forward, picked her up, and asked the bodyguards who came in to take Noah away.

Eric left.

When the bodyguard first moved Noah, he resisted violently.

“Brother, save me! You can’t just leave me alone! If I fall into Eric’s hands, will I still survive?”

Floyd’s eyes were tired and calm.

“You asked for it, Noah. Haven’t I given you enough? You actually want to betray me and Stanton Corporation. Eric already gave me the contract that you signed with him. Even if he doesn’t settle the score with you, I won’t let you go!”

Noah was taken aback for a moment. Then, he immediately cried out.

“I was deceived, Brother! It was Eric’s trap! Brother, save me »»

“Stop pretending.”

Floyd turned around and left.

Seeing this, Noah could not help but yell.

“I have a share in Stanton Corporation, but you only think about your children. What about me? You think that you don’t need to give me any power because

I don't have children. You're afraid that I'll give my shares to outsiders. Aren't you selfish? Do you think I'll be grateful to you for giving me money?"

Floyd shook slightly and was almost unable to stand still.

Nicole supported Floyd from behind and urged Eric's bodyguards.

"Hurry up and take him away."

Noah was trash. They did not want to get their hands dirty by handling him themselves.

Since Floyd did not intend to save his brother, Eric could do whatever he wanted.

Noah cursed incoherently and was carried away by the bodyguards.

Although they left through the back door, many guests still saw the commotion.

Floyd was not in the mood to celebrate anymore.

He suddenly realized that the purpose of Noah's suggestion to do something special was to find an opportunity to get close to Selena so that he could take the opportunity to attack her.

Noah wanted to drag the entire Stanton family into trouble. Floyd's eyes darkened, and he immediately passed out.

"Dad..."

Nicole and Grant stepped forward. Grant took his father into another lounge and immediately called the doctor.

Clayton was outside stabilizing the crowd, so this small episode did not affect the guests.

Kai asked for the surveillance footage to see what happened.

Grant saw how rude Noah was to Aida, as well as Noah's contempt and insult toward her. His face turned livid.

Aida was still there taking care of Floyd, unaware of her husband's emotional changes.

After the doctor gave Floyd an injection, Nicole sat beside her and noticed Aida's swollen face when she looked up.

Nicole stood up in surprise.

"Aida, what happened to your face?"

Aida touched the side of her face that Noah slapped, which felt hot and a little painful.

She covered it with her hair and comforted Nicole with a smile.

"It's nothing."

As soon as she said that, Grant went over, grabbed Aida's hand, and brushed her hair away. Seeing the slap marks on her delicate face, he was infuriated.
