

Chapter 371 He Was About To Return To Reality (1)

Rena was obedient.

She left with Vera.

Waylen said to Roscoe, "If you want to pursue Vera, wait until she officially breaks up with Joseph. Make your move then, and don't let others gossip about her. You should also stop fooling around with other women."

Roscoe didn't respond.

After saying that, Waylen looked at Joseph and didn't say one more word.

Waylen was a mature man, so he could smell the scent of sex on Joseph. No wonder Vera couldn't stand to be near him.

And that was exactly what Waylen wanted.

He knew Joseph well. Joseph wouldn't want Aline when he was angry.

Waylen didn't feel guilty at all. He just made everything ahead of time.

Soon, Waylen and Roscoe left.

There were only Joseph and Aline left at the scene.

Joseph had bruises all over his face. He leaned against the wall dejectedly and smoked.

Aline approached him and said in a soft, flirtatious tone, "Vera

Joseph gently pushed Aline away.

He looked down at her while blowing out a cloud of smoke.

She was nothing but a plaything to him.

Joseph sneered, "Do you really believe I have feelings for you, Aline? You're just an easy-to-get piece of meat to me, and I only screw around with you because you're depraved enough to do things Vera doesn't want to do."

Aline called Joseph an asshole.

Joseph scoffed once again, "Take the \$500,000 and get out of my face."

He would never replace Vera with a woman of such ill repute.

Joseph walked away.

Aline stood still, gnashing her teeth together in anger.

When she went downstairs, Joseph was gone.

But she saw Rena and Vera.

They were sitting in a gold Bentley Continental GT that was worth millions of dollars. Rena sat in the passenger seat while Waylen was in the driver's seat.

It looked like Rena and Waylen were really and officially together.

Aline didn't expect that a man like Waylen would care about a woman like Rena.

Now, Rena sought connections with the Fowler family.

Aline didn't hate Vera much because she really wasn't into Joseph.

The person Aline envied most was Rena.

If Aline had any hope of ending up with Harold, she never would've fooled around with Joseph.

She loathed Rena.

Aline stood in the darkness, and occasionally, the city lights shone on her.

In her red dress, she looked like a ghost.

Waylen rolled down the car window halfway. He sat there quietly and finished a cigarette. From where he was sitting, he could see Aline and the pure hatred in her eyes.

After a few minutes, he shifted gears and stepped on the gas. He took Rena away from the club.

In the back seat, Vera sat quietly.

Rena tried to climb into the back seat beside Vera to comfort her, but Waylen refused. He held Rena's hand and insisted that she stayed by his side.

"Where are we going?" Rena asked in a low voice.

Waylen gently squeezed her hand and replied, "To my place."

Rena thought it was inappropriate.

But in Waylen's heart, Rena was his wife, and his home was her home.

It was okay for Rena to bring a friend home occasionally.

Waylen's luxury car was like a meteor shooting across the night sky.

When they arrived at the apartment, Waylen considerably opened the door of the guest room for Vera. The guest room had

its own bathroom.

Waylen said to Rena, "A lot of your clothes are in the master bedroom already. You may lend Vera some of them if you want."

Rena wondered when her clothes arrived here.

Vera was very gossipy.

Even when she was sad, she still wanted to tittle-tattle.

Sniffing, she asked Rena, "You two are living in together?"

Rena couldn't make it clear.

When Rena entered the master bedroom, she marched directly to the walk-in closet and snapped, "Who told you to bring my clothes here? You always talk nonsense and ruin my reputation."

When she threw open the cloakroom doors, she saw pieces from all of her favorite fashion brands inside.

The tags on them hadn't been taken off yet.

She also noticed that some dresses were added.

The dresses were very feminine.

Women of her age seldom wore such articles of clothing.

Being treated like this by Waylen, Rena couldn't help feeling a little touched. Examining the tags, she said with less confidence, "I didn't say I would live with you."

Waylen hugged her from behind.

He kissed her delicate neck and said in a hoarse voice, "Didn't you already spend the night here?"

Rena replied anxiously, "We didn't have sex."

"Do you want to have sex?"

Rena felt blood rush to her cheeks. Waylen could be so bad.

Looking at her, Waylen beamed. He hugged her a bit tighter and whispered in her ear, "Rena, no man will not want to have sex with his beloved woman. But you're still too young. I want to wait."

Feeling her face heat up again, Rena got curious.

After hesitating for a while, she finally asked, "How old do I have to be then?"

Waylen turned her around and carried her to the cabinet.

He leaned in and kissed her.

He remembered that time when he was going to attend a banquet with Rena. She had dressed up in this very room, and in this same room, they had made love.

After kissing for a long time, he said, "Twenty-four, maybe."

Rena wrapped her arms around his waist.

She found everything fast but incredible.

But she took it for granted. She liked Waylen and this place.

She loved it every time he touched and kissed her.

After making out again for a long time, Waylen patted Rena gently and said, "Give the clothes to Vera. You don't have to worry about her. Roscoe likes her very much. They will probably get together soon."

Rena blinked. She found it a bit fascinating that Waylen could see through everything.

She couldn't help admiring him even more.

She took the clothes and headed for the door, but Waylen pulled

Chapter 371 He Was About To Return To Reality (🎁 +120 Points at most her back and whispered in her ear again, "Sleep with me tonight."

Rena averted her gaze as she turned as red as a tomato.

Waylen took a shower, put on a black bathrobe, and climbed into bed. He lit up a cigarette.

He was thinking about the next step that he would make.

Because Joseph dumped Aline, Aline could very well vent her anger on Rena.

Waylen thought that he needed to hire more bodyguards to protect Rena.

The door of the master bedroom slowly swung open.

Rena poked her head through the crack.

Waylen looked at her, patted the spot beside him, and invited her to join him in bed.

Rena was a little embarrassed.

She was following Waylen all day long, and now she was being shy.

She entered the room and closed the door behind her. As soon as she got under the covers, Waylen pressed her down on the mattress. Her skin was so bright and flawless. She looked like she was glowing against the dark satin sheets. She was astonishingly beautiful.

She was so nervous that her voice started trembling.

"Waylen, didn't you say that you wanted to wait until I was 24 years old to have sex with me?"

She was so pretty. Even though Waylen could control himself not to have sex with her, he still wanted to kiss her and touch her.

Besides, he wanted her to be comfortable.

Waylen interlocked his fingers with hers and gently kissed the corners of her mouth, as if he was telling her not to be afraid.

But how could she not be afraid?

During the whole process, Rena cried quietly. She was 20 years old, and she had never been touched like this by a man.

In the end, she achieved orgasm.

Her appearance was a mess.

Waylen patiently accompanied her, holding her in his arms and patting her on the back.

Feeling ashamed, she sweated profusely inside his hot embrace.

At the same time, she wondered how he could control himself. She thought men were more impulsive than women.

Leaning toward her ear, Waylen asked, "Do you feel sorry for me?"

Rena refused to answer him.

As the night deepened, Waylen's mood sank little by little. He gently brushed his fingers over her face and said, "Don't run around these days, okay?"

Rena nodded obediently.

Waylen kissed her and thought she was a good girl.

He thought if... If only it was real. If he and Rena had known each other when she was 20, then he would've given all the best to her.

The night passed.

Rena was simple-minded and had a good night's sleep.

Waylen worried about his real wife while the younger version of her was in his arms.

Daylight had begun chasing away the darkness.

Vera suddenly burst into the master bedroom. She stood at the doorway and said boldly, "I've thought it through. It's just a breakup. I'm okay now. I feel so much better."

With Rena still asleep in his arms, Waylen fumed with rage.

He called Roscoe directly, "Come and take Vera away, please."

Vera stammered, "Why did you ask him to take me away?"

Waylen pulled up the quilt to cover up. He had no top on, and he had several teeth marks on his lower abdomen. Vera was stunned.

Waylen slept with Rena.

And... This man actually had a great body.

Vera started bleeding from the nose, which made Waylen even more disgusted. He put on his clothes and took Vera to the bathroom in the guest room.

Vera shouted as she washed the blood off her face, "Waylen, you bastard! Rena has never even held a man's hand before, and you slept with her!"

Waylen scoffed, crossing his arms over his chest.

He thought it was hilarious.

He had already slept with Rena many, many times. They'd already made three children together.

After a while, Roscoe showed up.

Roscoe liked Vera and wanted to pursue her, so he was grateful

Vera was leaning over the dining room table.

She said weakly, "Roscoe, will you come with me to the school's anniversary celebration next week? But let's make it clear first. We're not attending as boyfriend and girlfriend. I just want back in the game and to turn the tables."

The school's anniversary celebration?

Waylen squinted slightly.

After Roscoe took Vera away, Waylen went into the study and turned on his computer. He looked up Duefron Music School.

A minute later, he found all the information he was looking for, and he started reading.

The 2012 anniversary celebration of Duefron Music School would be held at Duefron Theater.

It was where Rena met an accident.

The same place and the same people. And the familiar chandelier.

Waylen knew that it was almost time for him to return to reality.
