

Super Rich Dad Chapter 269-270

Chapter 269 - No Way

Feng Pingping lifted her head and looked at Xu Qingqing.

At this moment, Xu Qingqing's entire body was nestled in the bed, nearly collapsing and crying out.

Feng Pingping couldn't help but be a little curious, what was wrong with this Xu Qingqing? Would she do anything for money?

If she didn't need money, who would do such a thing?

But when Feng Pingping thought back to what Xu Qingqing had just done to herself, she couldn't feel a bit of pity for Xu Qingqing.

Damn, if I hadn't reacted quickly, I would have been stabbed by you, how can I pity you?

But Feng Pingping thought about it again and looked at the banknotes in Xu Qingqing's hands, and felt some reluctance.

She thought to herself that Xu Qingqing wouldn't give it back to her, would she? If that were the case, she would be at a huge loss.

After a while, Feng Pingping asked, 'That Xiaoqing, do you need the money in particular? But...'

Feng Ping smiled falsely, 'But you know, I didn't get this money from the wind, I saved it up a little bit, so you have to give it back to me, right? Otherwise I'

Before Feng Pingping could finish her sentence, Xu Qingqing raised her head and looked at her, scaring Feng Pingping into shutting her mouth, not daring to say anything further.

Xu Qingqing choked up and said, 'Don't worry, as I said, this is the money that I borrowed from you, it's not a demand, I will pay you back sooner or later, if you want, I can even make a written note for you.'

Hearing Xu Qingqing's words, Feng Pingping finally had a bottom in her heart and smiled heatedly, 'Look, where are these words, we have this relationship'

Feng Pingping thought about it, she had beaten Xu Qingqing up, what kind of relationship did she have with the other party, so she didn't continue with the next words.

But it was at this point that Feng Pingping suddenly had a flash of light in her head and could not help but get excited again.

She sized up Xu Qingqing and couldn't help but nod her head repeatedly.

In the past, she hadn't looked at Xu Qingqing closely at all, she only thought that Xu Qingqing was not bad looking and belonged to the kind of girl who was moderate.

But this time she looked her up carefully and realised that Xu Qingqing was actually very pretty just that she didn't usually dress up much and wasn't overly noticed.

Xu Qingqing was very much like Xue Yuning in that she was very pretty but didn't like to dress up and rarely even used make-up.

But even so, underneath their seemingly plain appearance, they have exquisite features that people are jealous of, as well as a shapely figure.

This is something that even a girl, not to mention Feng Pingping, would probably be jealous of.

Many people wear heavy make-up, but in the end, they can't resist a plain face, which is simply unjustifiable.

And it was this subconscious observation that gave Feng Pingping an idea in her mind.

She thought to herself: 'Liu Qiang is now pressing for a job, and she can't find anyone suitable. So why not ask Xu Qingqing if she will do it, isn't she very short of money now anyway? In that case, I reckon that with a little bit of hard work and a little bit of interest, the matter could be done.'

Thinking of this, Feng Pingping was simply overjoyed.

This seems to be a good way to kill two birds with one stone. On the one hand, she can make up for it on Liu Qiang's side, and on the other hand, she can earn a fortune from Xu Qingqing.

Thinking of this, Feng Pingping couldn't help herself, she looked at Xu Qingqing, showing a smile as if she cared more about the other side when she hurriedly got up and went up.

'I don't know why you need so much money, but it must be an emergency, look at you, you are crying. What's the use? It still won't solve the problem.'

Feng Pingping sat down on Xu Qingqing's bed, gently took her into her arms and said with concern, 'Tell me, why do you need so much money? Did something happen at home?'

At this moment, Xu Qingqing felt unusually helpless and lonely, and at this very moment, there was a shoulder for her to lean on, so she couldn't care less and leaned straight up, nestling in Feng Pingping's arms and crying even more miserably.

'My father has been hospitalised,' Xu Qingqing choked out, 'a very serious illness, and now my family can no longer afford to give me further treatment.'

Before she could finish her sentence, Xu Qingqing was too choked up to say anything else.

Feng Pingping frowned and said, 'So that's how it is. She hurriedly patted Xu Qingqing's back and said in a low voice, 'Ah, so that's the case, that's hey, this amount of money you have is probably not enough for anything, huh? I know that hospitals are places that eat people without spitting out their bones, this few thousand dollars of yours will probably be gone before you can even see a splash there, you still have to find a way to raise money!'

'But I have no way out,' Xu Qingqing cried out.

Feng Pingping smiled heartily when she heard this, thinking to herself that this silly girl had really fallen for the trap.

However, Feng Pingping still pretended to be reserved and sighed, 'It's also true, that requires a lot of money, you say you are a student, you don't even have financial resources yet, where can you get so much money.'

Feng Ping Ping continued to sigh, 'Hey, I'm also, usually big spenders, now I don't have any money saved up in my hands, otherwise I would have lent it to you.'

What she didn't say was that she still had more than 100,000 dollars lying in her bank card at the moment.

Feng Pingping continued to entice Xu Qingqing, saying, 'Hey, if only there was some kind of job where you could earn a large sum of money at once, that would be great.'

When Feng Pingping finished speaking, she even looked down slightly to see Xu Qingqing's reaction, but at this moment, Xu Qingqing did not react to anything but crying.

'It's useless, there's no such job, even if there is, I don't think it's my turn,' Xu Qingqing said in despair.

Feng Pingping smiled: 'Hey, Qing, don't be so pessimistic, we are not as bad as others, why should we not be able to work if they can?'

Feng Ping Ping pretended to hesitate, and soon Xu Qingqing took the bait, looking at Feng Ping Ping without any defensiveness, and asked, 'But what?'

Feng Pingping hemmed and hawed, 'But Xiaoqing ah, in fact just now I said the kind of work also, just do not know if you are willing to do it, may perhaps you will be so a little bit repulsive, but'

The words that followed, Feng Pingping didn't continue, and he laughed heatedly, saying, 'You understand what I mean, right?'

Xu Qingqing first frowned, and then it dawned on her.

Of course she understood what Feng Ping Ping meant, after all, she was clear about what kind of hook-up Feng Ping Ping had been in the past.

Xu Qingqing smiled and violently pushed Feng Pingping away, and her gaze turned sharp.

'I won't do that kind of thing, I advise you to give up that idea!' Xu Qingqing coldly retorted.

Xu Qingqing finally understood what exactly Feng Pingping meant by those words just now, it turned out that step by step, she was leading herself into a trap, with the purpose of telling herself this.

Xu Qingqing of course would not do such things, she has always been clean, even her boyfriend, who has been connected to her for six months, has repeatedly tried to touch her, but she has turned him down.

Xu Qingqing is an extremely conservative person, so if she wouldn't do something with her own boyfriend, how could she have sex with other men?

Looking at Xu Qingqing's face full of rejection, Feng Pingping also frowned.

She said, 'Hey, Qing, don't be angry, I am also kind, after all, I see that you can't raise the money also anxious, think about it, is it important for us to sacrifice a little, or father to save a life? Hey, think about it, I really don't have any bad intentions, I just want to help you.'

Feng Pingping smiled and continued, 'And let me tell you, there is really no other way to raise a large sum of money in one go, unless you rob a bank.'

'Shut up!' Before Feng Pingping could finish her sentence, she was interrupted by Xu Qingqing, 'Stop talking, if you don't want to stay here, get out immediately, I want to be alone!'

Feng Pingping shook her head helplessly and said, 'Look at your temper, I'm just being nice, so let's do it this way, Qingqing, think about it, if you change your mind, tell me, I'll talk to you.'

After saying that, Feng Pingping smiled resentfully and walked out of the dormitory.

However, Feng Pingping was a little smug, because she felt that now Xu Qingqing had no way out, there were no more choices she could make.

She could either watch her father die from his illness or come to herself obediently.

Feng Pingping walked out of her dorm room, wandered in the corridor for a while, took out her mobile phone and called Liu Qiang.

'Hello, hey brother Qiang ah, it's me.' Feng Pingping said with a smile.

‘What, I just fucking scolded you, why are you calling me again? Did you find someone?’ Liu Qiang said with a brutal attitude.

Feng Pingping smiled, ‘Of course, Brother Qiang, if you give the word, I will definitely find someone for you as soon as possible, only’

‘But what?’ Liu Qiang was a bit impatient and scolded, ‘Don’t be a fucking mother-in-law, just say what you have to say, if you dare to play me, you better go to the crematorium and say hello first, otherwise I’m afraid no one will collect your corpse!’

Feng Pingping smiled, covered the microphone and cursed, then said with a pleasant face, ‘Hey, brother Qiang look at what you said, how dare I fool you ah, I call you, indeed, because I have found someone, only now encountered a little problem.’
