

Super Rich Dad Chapter 297-298

Chapter 297 - Seven Hundred Thousand

In fact, it wasn't that Xue Yuning's cousin's family didn't want to thank Jiang Hao, but they were just a bit ashamed to ask.

After all, they had treated Jiang Hao so badly before, and now they were licking their faces to please him as if nothing was wrong, and if they did this, their faces would simply be lost.

And even though they now knew that Jiang Hao was really a top-notch rich kid, in their hearts, the family still despised Jiang Hao.

They didn't know why, even after knowing Jiang Hao's status, they still felt that he was a step below them.

Now that they were no longer being pursued, Fan Deng hurriedly tugged at his wife's coat and whispered, 'Hey, what are you still doing? They're not pursuing you anymore, so why don't you leave now? Don't look back after you leave the door, get in the car and let's go back home.'

When she heard Fan Deng's words, cousin Xue Yuning reacted and hurriedly pulled Wang Li, who was still in a daze, and gave her a wink: 'Still dazed, if you daze for a while, you'll be f*cking killed!'

Only then did Wang Li come back to her senses and hurriedly nodded her head to leave.

Fan Deng hurriedly raised his head and said to Qiao Dong, 'Then, Young Master Qiao, we will leave first, we won't bother you anymore, we've given you trouble, we'll say goodbye'

Having said that, the three of them hurriedly walked towards the door.

They left?

Qiao Dong was stunned at the sight and hurriedly shouted, 'Stop right there, who told you to leave?'

Hearing Qiao Dong's words, the three members of Cousin Xue Yuning's family were stunned, and a sense of foreboding instantly gripped their hearts.

Cousin Xue Yuning and Wang Li were even so frightened that their bodies started to shake.

Only Fan Deng, who seemed to be forcing himself to remain calm, slowly twisted his head around, his face pale as he squeezed out a smile and asked, 'Young Master Qiao, didn't you say that you wouldn't pursue us? This you can't count on your words.'

Fan Deng said this kind of words, also out of guts, he knew that his words might anger Qiao Dong, but he still couldn't help but want to say it.

After all, you, the young master of the Qiao family, can't keep your word like that, can you?

If you go back on your word like that, who will still do business with you in the future?

Fan Deng's words were tantamount to a threat to Qiao Dong, saying that if you go back on your word, you will have to think about the consequences.

However, Qiao Dong didn't take such characters into consideration and looked at Fan Deng with a cold smile, teasingly saying, 'You may have misheard me, right? What I said was that I wasn't going to punish you, but you smashed up our hotel, so how can we settle this score? And who do you want to pay for these damages?'

Qiao Dong looked at Jiang Hao and wanted to say that in fact, Jiang Hao had already paid for most of the damages for you.

But before he could open his mouth, he was cut off by Fan Deng.

Qiao Dong said that he would let himself pay for the damages, and this remark made Fan Deng let out a long sigh of relief.

After all, in his mind, as long as he could save his life today, it was more important than anything else.

Moreover, what people were asking for didn't seem too excessive, they had smashed someone else's hotel, so it was only right to compensate.

Fan Deng looked at Xue Yu Ning and the two of them looked at the mess in the room and didn't seem too nervous.

Cousin Xue Yuning even whispered in Fan Deng's ear, whispering: 'Husband it's okay, isn't he just asking us to pay back a few stinking dollars? It's not like we can't afford to pay, I think this hotel is so rubbish, I guess even if we smash it a bit hard, we won't be able to pay out a few bucks.'

Fan Deng's heart was similar to Xue Yu Ning's cousin's, to be honest they didn't even put this Cloud Mist Villa in their mind.

After all, although the hotel looked nice, the furniture and furnishings inside were all worn out.

Moreover, Cousin Xue Yu Ning still remembered that the mattress they stayed on before was a miscellaneous brand that could not be named.

Fan Deng also nodded at his words, then revealed a smile and looked at Qiao Dong, saying, 'You are right, Mr. Qiao, since we have smashed something, compensation is rightfully due, you can count the damage, we will definitely compensate'

Fan Deng said this, but when he thought that he might have to pay 10,000 to 20,000 yuan in compensation, he could not help but feel some pain.

After all, ten or twenty thousand is also money, what's wrong with doing something yourself and giving it to him for nothing?

Qiao Dong also smiled, waved his hand at Manager Wu and said, 'I'm quite happy that you can say such things, so how about this, you guys just pay out 700,000.'

Qiao Dong said this in a breezy manner, as if it was as easy and simple as saying let the compensation be seventy dollars.

Only as soon as he said this, both cousin Xue Yuning and Fan Deng, as well as Wang Li, all had an incomparably shocked expression on their faces.

‘How much more?’ Fan Deng asked in a murmured voice and hurriedly looked at his wife, as if his eyes were saying that they were too naive and that they were being played by this guy Qiao Dong.

‘Young Master Qiao, you are really joking, don’t you joke with us little crickets, we just smashed a bunch of rags, how can we have 700,000’

Cousin Xue Yu Ning looked at Qiao Dong awkwardly, and then looked at Fan Deng.

She was convinced in her heart that the things she had smashed would never be worth 700,000, they were just a pile of rags.

What made her wonder even more was that just now Qiao Dong had said that he would let them go, right? How could he say 700,000 again to make things difficult for them?

Chapter 298 - Don’t talk nonsense

Cousin Xue Yu Ning was puzzled, she just couldn’t figure it out.

She looked at Fan Deng, who also seemed to be wondering about this matter.

The two thought about it for a while, and suddenly Cousin Xue Yuning seemed to think of something her eyes fell abruptly on Xue Yuning’s body.

‘Shit, it can’t be her,’ Cousin Xue Yu Ning muttered in a low voice to Fan Deng, her gaze suddenly filled with hatred.

After she reminded him of this, Fan Deng also seemed to have come to a sudden realization and also dropped his gaze on Xue Yu Ning’s body, murmuring, ‘I I get it it must be her!’

The reason why Fan Deng said this was because he suddenly remembered that just now, when Xue Yu Ning was outside the door with Jiang Hao and Qiao Dong, she had shouted ‘I don’t agree’!

If they had only guessed before that Xue Yuning did not agree with Qiao Dong’s lightly sparing them, then now they were almost certain that Xue Yuning had meant it at that time.

Moreover, now that Qiao Dong had suddenly asked them for another seven hundred thousand dollars, it was obvious that Xue Yu Ning had also authorized it.

When Cousin Xue Yu Ning thought of this, her whole person was simply about to explode.

She somewhat didn't expect that while others had chosen to spare themselves, this Xue Yu Ning was even more ruthless than the outsiders towards herself, wanting to play with herself to death.

700,000 ah, this was almost like emptying out all of her and Fan Deng's fortune.

If they sold their house and car, they would barely be able to raise 700,000.

But if the house and car were sold, would they still be able to live? This Xue Yu Ning is really trying to push them to death.

'See, this is your family's relative. Is the feng shui of your family's ancestral tomb bad? Something like this dog came out?' Fan Deng pointed at Xue Yu Ning and said in a low voice to Xue Yu Ning's cousin.

Cousin Xue Yuning was already a barrel of gunpowder, and now that Fan Deng had ignited this spark, it immediately caught fire.

She immediately pointed at Xue Yuning, her eyes full of anger, 'Xue Yuning, are you a human being or not? If you do this, you will kill your mother, do you know that? Wait for your retribution!'

At this moment, cousin Xue Yuning didn't care about that much.

What about Jiang Hao and Qiao Dong, she didn't care about them all.

Because in her opinion, if they made her lose seven hundred thousand dollars today, then even if she didn't die, her final fate would be worse than death.

The family fortune that she had struggled for more than ten years, ah, was emptied out in one go, she was simply desperate.

So you anyway left and right is dead, one simply and regardless of many, even if it is dying, one also want to be painful.

Just Xue Yu Ning cousin coldly scolded this sentence, really let Xue Yu Ning surprised not a little.

She looked at her cousin in dismay, not understanding what the other party meant, why did she suddenly open her mouth and scold herself?

In Xue Yu Ning's opinion, if it wasn't for the fact that she had just gone to Jiang Hao for them, there was no telling what would have happened to them now.

She had helped them so much, and she hadn't expected them to thank her, but what she didn't expect was a headlong tirade of abuse.

Xue Yu Ning could not accept it.

'What's wrong with me, please say it clearly, who are you to scold me?' Xue Yuning shot back unhappily, 'Say something clearly, I'm telling you, I've already been kind to you today, if you still don't know what's good for you, then don't blame me for not being polite!'

Cousin Xue Yu Ning smiled hideously at his words and said, 'See, your own fox's tail is showing, right? Why are you still pretending to be a good person? I don't think you have any intention of letting us go, otherwise why else would you have interfered and disagreed when Young Master Qiao had already said that he would let us go? What the hell do you mean? Do you treat us as relatives or not?'

Cousin Xue Yu Ning stood tall and proud, as if she had already seen through everything.

What she didn't expect was that after she said this, not only Xue Yuning, but also Jiang Hao and the young man Qiao, who she said she agreed to let them go, all looked confused.

What the hell is this?

'What the hell are you talking about?' Jiang Hao really couldn't listen to this anymore and frowned at cousin Xue Yuning, 'If you have a problem, just say it clearly, don't turn it upside down, and don't blame me for being really rude if you're full of shit when you speak again!'

Jiang Hao's gaze was ruthless, not at all meaning to say anything casually.

This did make cousin Xue Yuning curb up a little, but she still looked unconvinced and said, 'Hmph, fine, then just say it, 700,000, did you do it on purpose? We know what kind of crap we've smashed, and you want 700,000 for that crap? And you say you didn't mean to screw us? Why don't you go and rob us?'

I see.

Hearing Xue Yu Ning's cousin's words, Jiang Hao was so angry that he was about to pass out.

He said to himself, 'Is this woman really stupid, or is she just pretending to be stupid and trying to get away with this 700,000 too?'

Jiang Hao's face instantly turned gloomy and he was about to say something back, but he heard Qiao Dong speak up before him, 'What the hell are you talking about? Do you know that you are talking nonsense? If you keep talking nonsense, do you believe I'll fix you up?'
