

Super Rich Dad Chapter 381-383

Chapter 281 - Going to apologise

‘You should let the people go first.’ That manager Wu frowned and said to the security captain.

The security captain looked stunned at his words, ‘Let go? What’s the point? Manager Wu, they just smashed’

The security chief pointed at the messy ground, and he couldn’t help but feel a bit distressed as he looked at it.

He often followed Qiao San’s side, so he was naturally aware that the value of the celadon fountain and the two plaques was extraordinary, and it was estimated that the three items together would be close to ten million dollars.

And it was still in US dollars!

To be smashed like that, and not to be pursued, was unjustifiable in terms of reason and sense.

They all knew Qiao San’s temper well, he loved his collection the most, and usually when he took care of them, he would get furious if they bumped into each other a little.

Now that three things had been smashed one after another, it would be out of character for him not to overturn half of the Chu Jiang Yun Mountain District.

Manager Wu looked at the damaged plaque and celadon spray on the ground and felt a little bit of pain in his heart, after all, many of the things, but once he accompanied Qiao San to shoot overseas.

But even so, he still waved his hand, ‘Don’t say anything, let the people go, where Mr Qiao is, I will go and explain!’

The security chief smiled with an eager face, ‘But this’

‘There’s no more buts, just let them go when you’re told to, where’s all the nonsense?’ Manager Wu glanced at the security captain with crossed eyebrows.

The other party immediately became cautious and hurriedly waved his hand at the security guards, ‘What are you still standing there for? Hurry up and let them go!’

The security guards hurriedly let go of Cousin Xue Yu Ning and Fan Deng’s, and then retreated to the side.

Manager Wu looked at the security captain and said in a low voice, ‘Hey, I’ll explain to you later, anyway, you listen to me.’

The security captain nodded, and then he saw the normally imposing Manager Wu walking straight up to Cousin Xue Yu Ning, with a smile on his face.

‘This lady, I’m really sorry, just now it was our people who were too rude, please be my guest.’

After he finished speaking, Manager Wu waved his hand at those hotel staff members, signalling them to disperse.

All the people soon left, and a crisis seemed to have passed.

And this matter made both Cousin Xue Yu Ning and Fan Deng feel baffled.

They had just thought that they were definitely finished now.

But now, it looked like they should be fine.

Although she was also a little surprised as to what was going on here and why the other party was treating her so respectfully.

But at this moment, she didn't bother to think about it so much, and she immediately became a little more divine.

Cousin Xue Yuning looked at Manager Wu and coldly snorted, 'Humph, I think you are the only one who has the sense to behave, unlike these retards who still want to make a move on me, really don't know how to live or die, what can I do if I smash this shitty place of yours today!'

After she finished speaking, cousin Xue Yuning walked up to the security captain again and said arrogantly, 'Oh, weren't you just so proud of yourself? What can you do to me?'

'You,' the security captain was straightforward and could not stand this kind of provocation, so he could barely restrain himself from having a fit.

'How dare you!' Manager Wu suddenly scolded the security captain and said, 'What kind of attitude do you have?'

'I apologise to her?' When the security captain heard this, his eyes simply didn't glare out, his face was incredulous, 'On what grounds?'

When Manager Wu heard that, he hurriedly passed a wink to the security chief and said, 'Cut the crap, what did I just tell you?'

The security chief was still indignant and said with a blue face, 'Impossible, she smashed something and I have to apologise to her later? Where can I justify that?'

When he finished speaking, the security chief ignored Manager Wu and walked to the side, obviously feeling that this was very unfair.

Seeing this, Manager Wu could not help but sigh and hurriedly followed him, whispering in the security chief's ear, 'You are stupid, do you know who they are? Do you know who our Third Master's backers are? These two people are relatives of our Third Master's backers, not to mention that you're not happy that they smashed something, even if our Third Master is here, he wouldn't dare to say anything! I asked you to apologise, it was for your own good, can't you see that?'

‘Hmph, why else would I be courteous to them? Just this kind of goods, I would have told you to do it long ago, but it’s not because Master San has made four or five phone calls in a row in the past two days, asking me to treat them well?’

Hearing these words from Manager Wu, the security chief seemed to have an epiphany.

Of course he knew who was behind his boss, it was said that the boy was a member of the overseas Shen family, and his background was too big for him.

He also knew very well what would happen to him if he offended such a person.

But he couldn’t swallow his anger, especially when he saw the arrogant and domineering look of Xue Yuning’s cousin, he could hardly wait to go up and slap her.

Manager Wu got a little impatient and hurriedly urged again, ‘Tsk, hurry up and apologise, if you do that, not only will Master San not appreciate you later, but he might even punish you!’

Chapter 282 - Keep dancing

Hearing these words from Manager Wu, this head of security was finally somewhat convinced to go soft.

He knew that it would definitely not work if he didn’t give in to softness, otherwise he would really make even Third Master Qiao relentlessly angry with himself, and he wouldn’t be able to guarantee that he would be expelled.

‘Damn it, right for the sake of the Third Master, I’ll swallow this anger today!’ The security chief looked at Manager Wu and muttered gamely, turned around and walked towards Cousin Xue Yu Ning.

Only then did Manager Wu let out a sigh of relief.

In fact, when he came over just now, he was still a bit apprehensive, he was worried about this security captain, this guy was a rash young man, he wouldn’t listen to anyone except Qiao San.

He was afraid that if this guy really injured someone, it would be a big mess.

And just now, Qiao San had also called himself to ask how these two people were being treated, and even specifically instructed him to do so again, so it was clear how much Qiao San valued these two people.

He also knew that just yesterday, when these two people went to the Grand Hyatt Hotel, Qiao San had asked Qiao Dong to deliver the red wine he had treasured for years to them.

Manager Wu has been with Qiao San for twenty years, when the big leaders of Chu Jiang came to the Grand Hyatt Hotel, Qiao San has never been so entertaining, so it is clear how much he values these two people.

Of course, Manager Wu also understood that, in fact, Qiao San was outwardly how much he valued these two people, but to be frank, it was all for Jiang Hao’s eyes.

All of this was nothing but a show of loyalty to Jiang Hao.

So since his own boss was like that, what else could he say.

It was only then that Manager Wu acted in this way.

He looked at the security chief as he walked towards Cousin Xue Yuning, and then he heard the former speak in a somewhat stiff tone, 'Sorry'

Hearing these words, Cousin Xue Yuning could not help but sneer and look at the other party with disdain, and the next move was really a bit surprising.

'Pop.'

Without the slightest hesitation, Cousin Xue Yuning fiercely raised her hand and slapped that security captain on the face.

This scene simply stunned Manager Wu at the side!

Because he didn't expect that this woman would be so disgusting.

The security captain had already tolerated the humiliation by lowering his posture to apologise to her, but what about her? Not only did she not appreciate it, but she hit someone.

Who do you think you are?

If it wasn't for the fact that Jiang Hao was behind the other party, he would have had someone tear Xue Yuning's cousin alive by now.

The security chief, on the other hand, was the most shocked.

He first froze, then snapped his head up to look at Cousin Xue Yuning, his gaze carrying fire, almost as if he wanted to burn the other party.

'You dare to hit me?' That security chief seemed to be unable to restrain the anger in his heart, almost pouring out, saying, 'I've been out for so many years, except for the Third Master who dared to slap me, no one has dared to touch me yet, who do you think you are? You've been shamed, haven't you?'

The security captain was about to get angry and kill him in a flash.

But to his surprise, cousin Xue Yuning seemed to be unconcerned and raised her hand and slapped her again.

Although the security chief was thick-skinned, the extreme force of Cousin Xue Yuning's slap could not do any substantial damage to him at all.

But the damage this slap did to his pride was comparable to that of a heavy hammer!

The security chief couldn't stand it anymore, and didn't even bother, he lifted his leg to kick it over!

Seeing this, Manager Wu was simply dumbfounded and hurriedly rushed over with a single step, pulling the security chief with all his might.

'Calm down, what are you doing?' Manager Wu scolded.

'She dares to touch me? I don't care whose bird relative she is, I'll get her killed today'

Manager Wu couldn't control the other party and hurriedly greeted several other security guards.

It took four or five people to control this guy.

Manager Wu wiped his sweat and said loudly, 'Pull him away!'

A few guards stumbled and finally pulled the security chief away.

Manager Wu breathed a sigh of relief and was about to walk up and say a few words to cousin Xue Yuning.

But the other party glanced at him disdainfully and pushed him away as soon as he could.

'Humph, what a dog, what's wrong with me smacking you, a stinky watchman, you try touching me today!' After she finished speaking, Cousin Xue Yu Ning raised her head and left.

Manager Wu was simply stunned, anyway, he had lived half his life and had hardly ever met such people.

The first thing you need to do is to take a look at your face, even if you think you are great and despise the other party.

The day you get to be under someone else's roof, the face you take out may keep you safe for life.

But for people like cousin Xue Yuning, it's estimated that in the end, they won't even know how they died.

Sooner or later, you have to pay back what you came out to do.

And an arrogant and ignorant person like her will definitely have to pay back sooner, and more!

Manager Wu narrowed his eyes and looked at the two people who walked into the hotel with high spirits, his face was expressionless and blue.

'Oh, I'd like to see how far you can jump!'

Chapter 283 Call

This Manager Wu had been mixed up in the world for more than twenty sides and had long since become an old oilman.

He suddenly stretched out his hand and called a waiter who was not far away.

‘Manager Wu, what are your orders?’ The waiter said with immense respect.

Manager Wu smiled wisely and said to him, ‘You now inform the entire Cloud Mist Villa that if these two people smash anything again, just let them be, no need to care or ask, just do as they wish. Also inform the front desk, tell them to go and call Jiang Shao, just say something big, these two people are going to smash up the whole Cloud Mist Villa Hotel.’

Hearing this, the waiter couldn’t help but stare, ‘No matter what? We’re here’

The waiter was obviously quite unable to understand what Manager Wu meant.

Although these two people were not simple, they were both relatives of that young Jiang, but to just let them smash up the hotel without caring about anything, wasn’t that too unwise?

One must know that many of the rooms and furnishings in this entire Cloud Mist Villa were antiques of great value.

If you smash one of these things, one is missing, and they are very valuable.

Besides, many of them were Qiao San’s own collection. Smashing these things would be as painful as cutting Qiao San’s flesh.

The waiter was puzzled and hesitated to move.

Seeing this, Manager Wu frowned and said, ‘You don’t have to care so much, just do whatever you’re told to do, I’ll take responsibility if something happens anyway. And’

Manager Wu grinned, ‘And naturally these things won’t be smashed for nothing, someone will definitely pay the bill in the end! Get on with it.’

The waiter was also frowning, but since Manager Wu had said so, there was nothing he could do, so he did as he was told and went.

Manager Wu watched the waiter leave with a small smile on his face.

He was very resourceful, so of course he would not lose out on anything.

The reason why he let the waiter order down and let Cousin Xue Yuning and Fan Deng smash the place at will was not a blind command without reason and logic.

In Manager Wu’s opinion, Xue Yuning’s cousin and Fan Deng were smashing up the place anyway, and he couldn’t stop them compulsorily, as this would offend his own boss, and secondly, the effect would probably not be great.

In case people then bite back and say that their own people beat them up, then they can’t say it clearly instead.

Now that they have smashed a few of the most valuable things in the hotel, what can they smash if they are allowed to smash them harder?

At most, it was just a few paintings in the corridor.

But even if all those paintings were ripped up, or even if they set fire to the Cloud Mist Villa Hotel, wouldn't it still amount to a billion or so in the end?

This billion or so, in front of Jiang Hao, seems to be nothing.

What's more, they don't see how they can get so outrageous, because in that case, even Jiang Hao won't be able to bail them out and just wait to go to jail.

What's more, by doing this, Manager Wu was trying to make a gesture to show Jiang Hao.

To put it bluntly, it was to show him: look, your relatives are so aggressive and smashed our hotel, but we still didn't fight back, it was entirely for your sake.

And the reason he asked the receptionist to hurry up and inform Jiang Hao was simply to get him to hurry up and come over and see what this relative of his had done.

In this way, it was equivalent to them giving face to Jiang Hao as well, and informing Jiang Hao as soon as possible was actually considered trying to save the hotel.

After all, Jiang Hao was here, so he couldn't just watch his relative smash up the hotel, could he?

Manager Wu had seen Jiang Hao twice with Qiao San, and he still admired this top young man who was the least like a young broad.

At the very least, Jiang Hao was sensible, and when he saw his relatives acting so recklessly on the strength of his name, naturally Jiang Hao would clean up after them without having to ask himself.

When the time comes, not only will these two people be cleaned up, Jiang Hao's face will definitely be given as well.

Moreover, given Jiang Hao's character, he would certainly not let Qiao San pay for all the damages to this hotel on his own.

Manager Wu smiled, what he could do was already done, next, he would wait for Jiang Hao to arrive and see what would happen in a good show.

On the other hand, cousin Xue Yuning and Fan Deng had just had such an incident, they seemed even more reckless.

After all, now that the hotel manager was treating them politely and she didn't even put them in her sights, she was only likely to get more and more cocky.

The two of them returned to the room they were staying in, and Cousin Xue Yu Ning sat on the bed in a huff.

Although she had just wreaked no small amount of havoc herself compared to what had happened to her today, she was obviously still furious.

‘Damn it, how dare you lie to me!’ The more she thought about it, the more furious she became, and she violently slammed a celadon water cup to the side, ‘I can’t let him go! No, I’ll call that son of a bitch right now, and call Xue Yu Ning and her mother over, I think we have to settle all our old scores together today!’

After cousin Xue Yu Ning finished speaking, she hurriedly took out her mobile phone and called Xue Yu Ning.
