

# Forsaken by my Mate

## Chapter 22

Nico's POV

I waited three hours for Sabrina to exit the bathroom. She is furious with me. I know I shouldn't have pushed the issue, but I knew that as soon as I marked her, she would be mine, forever. I want her and I wanted her to be marked for all to know that she belongs to

I check my phone and see about 20 text messages from Shelby, and she is furious. Maybe I should just let Jaden go back and deal with getting my people safely out to other packs, and not go back there myself. I can not see this working out for me at all with dealing in

any way with Shelby. I was OK with breaking up with her over text as well. I do not care for her anymore and hate that I allowed her to attach herself to me like she did. Roan told me several times to leave her alone, to cut her loose, and to wait for my mate. I was an i\*\*\*\*t, I should have listened to him this whole time.

"Yes, you should have Nico. You have made a mess of this whole thing and I wish you would just take Sabrina back to her pack and apologize and take the ass-beating you deserve and then let them all help you. I am telling you that if you don't do it this way, then you WILL lose Sabrina. You just said you wished you had listened to me, please listen to me now. I have a very bad feeling about how this is playing out Nico. Please think before you act, as I am telling you that Shelby is unhinged and desperate. I will not spend the rest of my life with her, if you make the choice to leave our mate, for Shelby, I will not allow you to phase again. You will stay in human form for the rest of your life" Roan tells me through mindlink.

"Nothing will happen, Roan, I won't allow it. I want Sabrina too, and I won't choose Shelby, no matter what she threatens me with. I love Sabrina and I want her, I made a mistake, but I am working on getting it taken care of right now. We will get the pack settled into their new homes, and I will live with Sabrina at Stone Moon" I linked him back.

"Nico, trust me when I tell you that you are making a mistake here. Shelby will kill you, or Sabrina before she will let you go. That has been the only really truthful thing that she has even said to you. She was not playing when she said it. She was being totally honest. Just to help you along, as I see that you are missing the point of it, exactly which of the two of you, do YOU think that she would kill, to keep you apart from each other?" Roan asked me and my head comes up as I realize that it won't be me that she would be coming after.

"Y outhink she would kill Sabrina?" I asked him.

" Y ouldn't?" Roan asks.

"No, I don't think she is capable of killing anyone," I told him.

"I agree, she won't d ity her own hands, but she would order it done and pay them to do it. It would always be Sabrina being killed because Shelby wants you. She hates Sabrina and getting Sabrina out of the way is the only option available to her. You need to be Cautious here, as Shelby is not a sw eæt in nœent pe son. She is manipulative and has an agenda. Her agenda is having you, that is it. You are all she wants, and until Sabrina is out f the way, she has a target on her back" Roan linked me back.

æn proled her Roan, I WI protect her from Shelby. Shelby will never get her hands on her, I will kill her first I linked him.

"NICO, you need to just accept the help being offered, and take Sabrina back to her pack to be sate. We can always sleep with her a tow the lames before we take her back to increase the chance of her becoming pregnant, but we need to take her where she will be sale and prolere. We need to get why taken care of, tul Sabrina is our most important priouly, it is our job as her mate to make sure that Shes bate kod Lalud tu, Nuo Please just in her that you are laking her home tomorrow, and I guarantee you that she will be happy with you and you will reap the towards of

What to Do ?

to go, I may not be able to get her back soon. Maybe if she allows me to mark her, and she marks me, I will allow her to go back to her pack. What if she is pregnant, I need to be there to take care of her. Goddess, I don't know what to do.

I just cannot take the risk, she needs to stay safe here at the house, and I will deal with whatever fallout occurs. I am hoping that her heat comes back soon as she has to come out of the bathroom sooner or later. Jaden had come in and cleaned off the camera lens so when I do go back to the pack, I can see her. It always gives me comfort to be able to at least see her when I wasn't here with her. Jaden asked how she was doing, and he looked at me funny when I said that she had locked herself in the bathroom. He knew I did something, but there was no way I was going to tell him, he would be furious, as he told me not to force her.

I heard the lock click to unlock the bathroom and see my beautiful mate come out. She looks flushed and a little feverish, and I thank the Goddess that she is still in heat. We only had a day together and I wanted more, I will never have enough of her. I stay where ! am on the bed, I had put on a pair of basketball shorts while Jared and I got the lens cleaned off. I wasn't wearing a shirt and I can see that she has taken quite the interest in my chest, and I mo ved a little so she could see my bicep flex as I stay still and watched her. I want her to come to me, I can see the desire in her eyes as she slowly heads to the bed.

Sabrina slips over to me, and I sat up on the bed as she is standing right next to me, and I wanted to see what she will do. Her hand comes out slowly and she places her palm on my chest right above my heart and I knew she can tell that it started beating faster from her touch. She pulled her hand back and I turned more towards her, sitting with my legs off the bed now, so she can touch me where e ver she wants to. Sabrina then reaches out again and strokes her finger down my pec and then over my n\*\*\*\*e and I shift a little in excitement.

Sabrina runs her hand further down my chest and starts touching my abdomen, and I give a little growl as I hope she is willing to go down even further. I close my eyes as Sabrina starts using both hands and starts stroking her hands along my biceps, before moving back to my chest and abdominal muscles. I take it for about 5 minutes before I can't take it anymore, and I reach out and pull her to me by her waist and pull her face down to mine and take her lips into a heated kiss. Sabrina opens her mouth to me, and I hold the back of her neck in both my hands asi continue to passionately kiss her. I let go of her neck and I pull her off her feet and lay her on the bed next to me as I continued to kiss her.

Sabrina reaches up and I feel her hand on the back of my neck and I love that she is getting more possessive of me. I want her to be familiar with me and want to touch me, we are making large steps here today. I know it is because of her heat, but howe ver, I can get it I will take it run my tongue d own her neck to her shoulder and gave a little suck on her marking spot. Sabrina gives a shudder, and I can smell her scent in the air making it obvious that she wants me again.

I pull the strap down on her camisole top and expose a breast. I immediately put my head down and tug her n\*\*\*\*e into my mouth. I work on that beast f o a few minutes, before going to the other side of the camisole and slipping that strap off her other shoulder. Her taste intoxicates me, and I stop and get on my knees to pull the camisole off of her and then tug her bottoms down too, as I need to see all of her, I stand quickly and take off the basketball shorts, exposing my swollen dok to her and her eyes are drawn immediately to Sabrina looks up to me and gives a smile before laying down on the bed and opening her legs to me. I am already settling between Barrhs to help get her feady, but she is already so wet for me. I used two fingers inside of her, as i work her clit and her heat helps me as well. My little mate is shaking her head back and forth on the pillow and the little noises, she is making are making my dk hurt with tow haldian.

I feel her getting core and after she came, i lapped up all her juices that came out, leaving her lubricated and ready for me to have my tuin i asked her to get on her knees for me and she complies, even though I know she was coming down from her heat, I am sensing that she is Tave me and that makes the very happy. I know she wants one, and that we should be together for the rest of our lives. I put my hands on her waist and spread her knees further apart and line up to my mate.
