

Her Cold-Hearted Alpha chapter 51

Raven

RAVEN

“Rai! Stay with Kiara now!” I snapped, diving for the weapon that Greg’s lifeless body still held loosely in his hand, just as the disgusting beast lurched itself through the window. There may only be a year’s difference between Raihana and me, but she had definitely been raised a princess. Unlike Kiara and I, who knew how to fight even when we didn’t have wolves, it was clear the same wasn’t the case for her.

The managal rushed for the bed and I sprinted over from behind, raising the weapon and stabbing it into its side. It didn’t seem to do much damage to it, but it had surely caught its attention. That was the damn point. “Come on, you piece of sewer crap, let’s play!” I said, spinning the sword. It sprang at me and I ducked, ramming the weapon through its stomach. Its blood splattered over me, letting out a painful hiss of agony and anger. It attacked me, knocking me across the room, making me knocking me across the room, making me let go of the weapon that was now lodged in its stomach.

I rolled over, breaking my fall, before I was on my feet again. Moon Goddess, did you have to send such an ugly stinky thing my way? I pulled a face as I watched the Managal rip the sword from its side and throw it across the room. Raihana flinched as she sat there, next to my sleeping beauty. Honestly, that girl was going to regret being asleep through this. Couldn’t I kind of get a selfie of this? “Raihana, don’t speak... but take a picture.” I said smirking.

I kept my eyes on the Managal, waiting for its next move and planning mine... She didn’t reply but I saw her grab her phone. Right! I bet I’ll be the only one with a Managal photo! Oh, this was going to

make the boys so jelly! It lunged at me and I ducked, plunging my hand into the disgusting wound that I had made earlier. I had nothing to go on but my gut instinct. I pulled out whatever slimy insides I could grab onto. I felt its claws dig into me painfully and I yelped at the pain that jarred through my body. "I'm getting Rayhan!" Raihana said, now realising I might not make this.

She may be right... but I don't think she'll make it to the door. She ran to the door, but it was a bad mistake. The Manangal turned sharply, swinging towards her with an unearthly shriek. Oh no you don't! I jumped onto its back, digging my bloody hands into its eye sockets. I was internally cringing at how disgusting this was. For a few seconds, we remained like that, me hanging on for dear life as it tried to rip me off its back. It finally managed to grab me, ripping me off itself as it hissed, flailing its arms. Now blinded, it was angrier than ever as it shook me violently. My vision darkened... Damn, Kia... Wake up, babe.

It threw me across the room and I hit the wall with a painful thud before I fell to the floor. I couldn't move, the pain from the wounds was already taking over... Raihana stood near the door, too horrified to even move, a hand over her mouth. I struggled to push myself up but I couldn't... My energy was draining fast. Kia... Come on... But heck, it seemed like this girl needed her prince charming's wake up kiss! Just when I thought that this was it, the Manangal calmed down and began to sniff us out. Cocking its leering head towards Kiara, its tongue darting out licking its lips before it hissed in satisfaction.

I tried to move, my body screaming at me to stop but I couldn't let it get Kía! It leapt towards Kiara, mouth open wide, when I saw a black blur enter through the window. My heart skipped a beat as the dark, dangerous aura that sent chills down my spine filled the room. The blur lunged at the monster, I

could feel his intense wrath as it tore the Manangal to pieces. A scene I wished I didn't have to see and one that I knew I would remember for the rest of my life. The work of the Lycan King himself. But... at least we were safe. With that thought in mind, I let myself go.

ALEJANDRO

The moment I tore that fucker to pieces, I turned to the bed. My heart had been going crazy since I heard that there had been three Manangal's too. I let out a sigh of relief when I saw my sexy little nympho was still asleep. This was no fucking coincidence; it was as if they had been waiting. Seeing Kiara's ability had made them attack blindly but before that... where had they been? How had they stayed off our radar and managed to get so close? That fucking worried me. There was something different about them this time.

They had attacked angrily and the wounds they had inflicted were worse. My back and arm were still not healed, and that wasn't normal. I glanced at Raihana, who was just standing there clutching her fucking phone like it would protect her. I grabbed a pair of shorts, turning and shifting as I swiftly pulled them on. "Turn on the fucking light and go get someone up here." I said to Raihana. She nodded, rushing from the room after switching the light on. I then looked at the bloody body of the brat. I wasn't sure if the name was fitting anymore... I had seen the damage she had done to the Manangal.

She didn't even have her wolf yet and had fought one. I had to give it to the dickhead, he sure knew how to raise strong women in that pack of his. I mind linked Darien to get to my bedroom. We needed to get Raven to the hospital, she was losing too much blood. It didn't help that she was so slim, the fucking beasts' claws had gone right through her.

I lifted her carefully, fuck she looked like she was dead but her heart was beating strong still. Or Kiara could heal her... I knew as much as I didn't want her waking up to this, she would want to know if her

friend needed her. I walked over to the bed and sat down with the brat in my lap as I leaned over, caressing Kiara's face. "Kiara... Kiara!" Nothing. The fuck? I tapped her face lightly and saw her eyebrows furrow."Kiara. Nothing. I tapped her face harder, ok, that one was a slap. Her eyes flew open and she growled at me, bolting upright. She was about to snap until she instantly took in the scene around her, her eyes then settled on the girl in my lap. "Raven!" She exclaimed, pushing off the blanket and rushing to my side. I frowned. Her aura... It was stronger and more present around her... It had changed. Not like before. Her tempting scent of chocolate filled my nose and I resisted pulling her close and burying my nose into her neck. I needed some calmness after all this shit. She closed her eyes, placing her hands on Raven's stomach and chest, I saw the faint aura around her hands but this time it felt deeper and even looked brighter. Her eyes were also a dazzling purple as she healed her. "What happened?" She asked, as I watched the wounds heal beneath her touch. "You fucking went Alpha mode, or some shit, and those fuckers caught on." I said bluntly. Seconds later, I wished I hadn't. Guilt flashed through her eyes as she tugged her friend's body from my arms and held her close. She kissed her forehead tenderly, holding her in her lap as she healed her fully. "There's poison in those..." She said, looking at my bloody arm. "I figured as much, I'm healing but there are plenty injured." I said, checking my "I can help. This is my fault." She put Raven down and was about to stand up when I grabbed hold of her upper arm. "Not until you tell me what pissed you off so much earlier?" I asked quietly. She looked into my eyes and I saw the anger returning. She roughly pulled free. "We'll talk later. I have things to do." She said icily. She walked to the door, just as a blood covered Rayhan entered. Swiftly telling me they had ended up having to deal with two Manangals and it had

been the reason they hadn't been able to come upstairs. Harry and Julio were badly injured, and Bryan, like Rayhan, had suffered minor injuries.

"I'm heading to the hospital and I swear if anyone tries to stop me from healing, I'm going to castrate them!" Kiara growled. I raised my eyebrow as she cast me one deathly glare before she left. Was it just

me, or did she fucking sound like her mother...? The image of her parents came to me and I had to admit that the man was totally whipped, completely under his mates damn thumb. Well fuck, that was

something I would never become. Three hours later, things were in order for the main part. The mansion and pack grounds were cleaned of any blood.

My mansion needed a lot of damn work doing to it and my room was fucking messed up. I had heard

Jasmin commenting on how we needed to redecorate anyway. That shit really pissed me off. I had

ignored it at the time as I was busy, but if she thought she was entering my bedroom then she was in for

a fucking surprise. She could have her own fucking room but she was not coming to mine. She'd been

assisting Serena in directing the Omegas on what to do, which I suppose demonstrates her fucking

abilities. Then there was Kiara, rushing around from one patient to the next, healing them a little. I knew

it wasn't to keep her abilities hidden, but so she could help everyone a little. Not once did she take a

break, I noticed how she was leaning her weight on her good ankle as the hours dragged by.

I had pulled on a T shirt but under this shit I wasn't fucking healing either.

I could feel the piercing poison

that had been laced into their fucking claws. Yeah, Manangal's were infectious and dangerous, but I had

only been hurt by a Wendigo, so this shouldn't have lasted. Magic was at work here, I knew it when I saw

it. I needed to find a witch of my own.. Someone who could help search for the one behind this shit, but

they were scarce I had finished checking the damage that had taken place. Commanding new patrols

whilst getting everything assessed and sorted out. I had fucking lost five warriors and seven were still pretty critical.

I knew Kiara was doing her best to heal so many of my men. I hated how some of them seemed to chat with her. How she smiled at them with that gorgeous face of hers, making them all fucking happy.

Bastards. I was remembering their faces. I'll fix them up during training. What intrigued me was the fact she wasn't tired right now. She had healed so many, but she was still on the go... I was outside the hospital now, I won't deny the fact that I was lingering here because of Kiara. Lighting a cigarette for myself, I leant against the wall. This day had been so fucking unexpected. Just then, Darien hurried over, bringing me out of my thoughts. "Alpha Elijah.

" He said, holding out his phone. I could tell from his pale face it wasn't good news. "He's been trying to get in contact for hours." Fuck, he must have felt the bond snap when his warrior Greg was killed. I took the phone; I really didn't need this shit right now. "To what do I owe the fucking pleasure?" I asked

mockingly. "Don't give me that fucking shit, Alejandro! I'm on my way.

Flirting With A Patient

KIARA

It was madness in here. I didn't have time to stop and talk to anyone, healing everyone little by little.

These wounds were laced with magic, but somehow I seemed to be able to heal them a lot faster and without fainting. I felt different ever since I had awoken. There was this energy rippling through me, I could feel it coursing through my veins. It wasn't just me trying to focus on using my ability, I could actually feel it coming forth, sensing my limits and knowing exactly how much I was using.

It didn't even feel strange and new, using my ability felt so natural as if I had carried the knowledge t o

my powers since the day I was born. Waking up and seeing Raven like that terrified me. Knowing she had put herself in harm's way to protect me rather than running made me so emotional. I wanted to squeeze the lights out of her and tell her I was proud of her whilst at the same time scold her for doing so. She didn't even have her wolf with her no matter how strong she was, she was still not of age nor at the level I was.

But I knew once she turned eighteen, she was going to be one badass – I mean she already was. queen

The hospital and the pack were abuzz and unsettled. Yes, the Night Walker pack was one that was used to many brutal battles, but what concerned everyone was the fact that they got past security so easily.

Alejandro's pack had the strongest security in the kingdom. The entire pack grounds had sensors around the borders as well as cameras.

Although there was a patrol, there was also additional security. Security and patrol had both not sensed

anything on the outer sides. I saw Aunty Indy and her mate at one point helping some injured men in,

appearing like any mated couple, he even kissed her once and she seemed content. I'm sorry but I don't

forgive cheating pieces of shit. Sure, we could try to give excuses and I could pretend I had

misunderstood, but the smell of sex, the change of clothes and Auntie's expression to top it off; I wasn't

stupid. The aura that had surrounded me when I had gotten angry... I wondered what that was? Was I an

Alpha female? Like Mom? Just the thought made me feel a teeny bit excited... I remembered how

Alejandro had knocked me unconscious too. I sighed deeply. He confused me... I didn't miss how he kept

checking in. I knew it was because of me but he didn't even say a word to me.

That's what we promised each other right? However I wasn't going to just let him off about Auntie's

mate. How could he let such crap take place here? I felt disgusted at that.

“Kiara, take a break.” Aunty

Indy said, quietly walking over with a bottle of Lucozade Sports drink.

“I’m actually fine.” I said, taking it

gratefully, seeing the concern on her face. She now turned to Bryan,

who had been trailing me since I got

here, and I knew who had sent him to do so – something I still find really ridiculous. Alpha Bill now

huffed as he walked out of the toilet. Goddess, he just stank the entire place up.

I resisted wrinkling my nose in disgust, seeing a nurse go and open a few windows. “I’m leaving! I won’t

risk staying here. I thought it was safe!” He grumbled. He had actually got hurt when he’d tried to act

brave, the Wendigo had scratched his leg. Hats off to him for not just running though. I didn’t heal him as

he wasn’t really that hurt, but since being here all he had done was complain and take up an entire bed.

Even Jasmin had to come and tell him to calm down at one point. We had exchanged looks but I wasn’t

going to show how I felt, or how it hurt knowing she was the one who would be by Alejandro’s side.

I was truly angry at him for ignoring his pack member’s behaviour. Don’t get me wrong, I still did feel

something for him... but regardless of it, I had to keep my emotions in check... “Kia.. Are you listening?”

Aunty Indy said as I passed a bandage to one of the nurses. I hadn’t been here long, and I wasn’t that old,

but the staff already respected me. I felt the nurses looking at me and I knew why. My aura was

completely different now, I guess like me, they wondered what had happened. The rumour that the

attack was linked to me was also making its rounds, but those were shut down instantly when one of

Alejandro’s top- ranked men came around. I’d learnt he had squads that were led by captains who were

‘High ranked Warriors , most of whom were Beta-ranked wolves or from Alpha families.

I walked to the next young man and gave him a small smile. He flashed me a sexy smirk and I instantly

knew he was one of those players. Another one of Alejandro's annoying men it seems! "Hey Beautiful, I'm actually glad I ended up here. I mean, I heard a lot from Luca about you. The name's Mathew." He said. "Really?" I said, "Arms up." "Anywhere you want them Doc?" I rolled my eyes. "Behave." I said as one of the nurses passed me some of the bandages with the herbs on them. She had asked me earlier why I was visiting all the patients when they had been tended to, and I had told her I just wanted to. I really didn't see why I needed to keep my ability hidden,, but I knew if I stepped out of line, I'll be stopped from being allowed to come here. "If I behave... Do I get a reward?" He asked with a wink, putting his arms behind his head. I smirked, I had to admit the guy was charming. Before I could even reply, I heard a low growl. My heart thudded as I sensed the dangerous aura. "Kiara. " My stomach did a flip as my name rolled off his tongue in a sensual manner. Goddess, help me... I took a deep breath and turned to face the Alpha King himself. Why did he just look even sexier now? A few strands of his hair, which was usually always slicked back, fell in front of his forehead. I tried not to check him out as I raised an eyebrow questioningly. I am not forgiving him. Mathew remained silent, his smirk gone as he lowered his head in respect to his Alpha. "What?" I asked icily. He narrowed his eyes. "We need to talk.' "I don't want to talk to you." I said quietly. "Your Dad is on his way." Alejandro said, now crossing his arms as I found my gaze falling to his bulging muscles... remembering how he had hooked my legs over them as he fucked me... I blushed lightly, looking back at his face as he raised an eyebrow. WAIT. Did he just say Dad?! "Oh no, why?!" I asked alarmed. "Let's talk." He said. "I sighed and finished off with Mathew as Alejandro stood there, his eyes boring into my back. "See you soon, doctor." Mathew said with a small smirk. "Sure, I'll look forward to it." I said, smiling back at him.

I could sense Alejandro's anger. Well too bad. He did kiss Jasmin in front of me. We are nothing, so why should I care? I took off my doctor's coat. Underneath, I was still dressed in the same blue dress. I felt his eyes on me and I knew it was a really bad move considering I promised myself I was going to stay away from him but I couldn't resist. I pulled my hair ... out of the scrunchy and ruffled my long locks. I didn't look at him as I ran my fingers through my hair and stretched, arching my back as I did so before I spinning around on my heel. I waved at Mathew, whose eyes had darkened at my subtle move. D "Stay the fuck away from her.

" Alejandro growled murderously at him. The young man looked a bit taken aback but said nothing, simply nodding to his Alpha. "Ignore him." I added. Yes, I was making matters worse, but I didn't care.

Also, I didn't want to be responsible for Mathew getting hurt, so I turned to Alejandro. "Well, where to?"

I hid a smirk at the fact I knew his eyes had definitely been on my ass and that I had gotten him so worked up. Don't do this, Kiara. Remember? Respecting Jasmin... I had to keep that in mind.

I became serious again, sighing as he turned and led the way out. I frowned seeing the damp stains on his back, now realising I could smell blood mixed into his usual intoxicating scent. He was injured. He opened the door to Callum's office and I stepped inside. I won't lie, I was feeling a bit tired by now. I guess I made up for sleeping through the actual fight. He closed the door behind us and I suddenly realised it was just the two of us. alone. Damn.

Her Cold-Hearted Alpha chapter 53

Blaming Him

KIARA

Remembering the last time we were alone in a room, it suddenly became more uncomfortable. "Dad's coming? Why?" I asked trying to ignore the tension that hung between us, daring not to look at him.

“That’s one of the reasons I wanted to talk to you... You saw that Harry was in the hospital... but it’s about Greg.” He crossed his arms, the serious look on his face was a stark reminder that he was an adult with responsibilities.

I don’t think I had seen him this serious. “What about Greg?” I said, my heart hammering. I hadn’t seen him anywhere.. My heart sank before he even spoke. “He was killed. I guess your Dad felt the pack link break.” He said, sending a stab o f pain through my chest. It was my fault. Those things came for m e. I clutched my neck, feeling sick. It was my fault. Greg..”It’s not. “What?” I asked sharply, looking up at him. His dark eyes glittered with emotions I couldn’t make out. “It’s not your fucking fault.” He repeated, making my heart skip a beat. “My security was breached. That’s on me. “This is not your fault! If I wasn’t here, no one would have had to get hurt or die!” I cried, placing my hand on my head. I wasn’t a help; I was a magnet for trouble. I was a fake! Trying to heal? Heal what? Injuries that I was the reason for! “Hey, that is not your fucking fault, so stop fucking around with that. These fuckers have been around for years.” He said, my heart skipped a beat when he grabbed my elbow and spun me around to look him in the eye. I tried to ignore the illicit desire that now rushed through me. Avoiding his gaze, I took a deep breath through my mouth, his scent was making my head all fuzzy. “You’re hurt. Let me heal you.” I muttered.

“Look at me,” He growled commandingly. I knew I was irritating him but I couldn’t d o this. I lost my senses when it came to him... Don’t Kiara. “Kiara, something happened earlier. Something that triggered you off. What was it?” I still avoided his gaze but his next move took me by surprise. His fingers firmly gripped my chin as he tilted my forcing me to meet his gaze. Goddess... My face up, blue-green met his dark ones, our hearts were racing. What were we?

I saw his gaze flicker to my lips and it took all my willpower to tug away from him. "I'll tell you, if you let me heal you. I wanted answers, but the fact he was injured was irking me. "You are fucking stubborn." He said, reaching for the hem of his top and pulling it over his head. My eyes trailed over his refined, chiselled abs. Every muscle and ridge of his body was divine perfection.

How long did it take Selene to create him? I pressed my thighs together, trying not to look at his defined

V or the way his muscles flexed... His pierced nipples made my pussy ache. Goddess...² He tossed his shirt on to the desk and looked at me, coming over. "Now where do you want me?" He asked huskily,

his gaze running over me, making my heart pound at his words. "Turn around." I said, trying not to look at

that slight smirk that was playing on his lips. He turned and I let out a silent breath of relief. I didn't

know how long I'd be able to keep up my front with that intense gaze.

The cuts were awful, deep and I

could see his impressive regeneration was working at its best but the wounds were mixed with magic.

Paying close attention,

I could see the faint red glow. It was very slight but it was there. "It's dark, the magic I mean." I said

placing my hand on his wounds tenderly. I didn't like the fact he didn't even mention he was in pain. I

felt him tense, I told myself it was because of the pain and not my touch.- "Don't fucking overdo it." He

said coldly. "You should take care of yourself, you're not invincible." I said. "More fucking invincible

than anyone else around." He said as I ran my fingers down his back, paying attention to his tattoo.

Would this be the last time I saw it? "Doesn't mean you should risk yourself like this." I said softly. I felt

him lean into my touch and I instantly moved my hand away. I was still angry at him. Why did I forget

everything when it came to him? "So why were you pissed off?"

He asked, now turning back to me. "Auntie's mate. Do you know he's a fucking cheat?" I said, my eyes

flashing. Since he wanted to know, I was going to give it to him. Deep down I prayed he didn't know...

But the way he clenched his jaw and looked away gave me the answer I didn't want. He knew and he did nothing. "That's not my fucking business." He said. I looked at him angrily, "It's not? So, Aunty having to stay in that toxic relationship is ok? You encourage this type of shit?" "They're adults, she can take care of herself." He said coldly. And I had thought he cared a little for her. He was just a jerk.

"So you're just going to stand there and not give a crap?!" I exclaimed, wanting to hit him! He looked at me calculatingly. "I've never given a shit for what people think about me. So why should I care now?" He said quietly. His words made my chest ache. Why did I feel he was hiding something? I grabbed his arm.

"Tell me Alejandro, did you really not care?" I asked. Please don't break my heart. Please don't let me lose faith... His eyes flashed red as he glared down at me. "Don't pin that shit on me. I'm not a fucking matchmaker or a therapist." He growled dangerously.

I scoffed. "What more could I have expected from you anyway? You can't even be loyal to your own fiancé. I guess if the Alpha's a bad example for his men, then what more can I expect from them." I snapped resentfully. Yes, I know it wasn't fully his fault, but I needed an outlet and who better to direct it at than the Alpha King himself. My eyes flashed dangerously, meeting his red ones. Before I could even comprehend what was happening, he pushed me up against the wall. His large hand wrapped around my throat. Despite the fact that I was glaring at him, his closeness was making me giddy. "Remember who the fuck you're talking to." He growled. "Or what?" I said, my voice coming out breathless. "Or I'm going to have to fucking punish you." He said, his eyes darkening dangerously. Pleasure rushed south and I closed my eyes, knowing he would smell my arousal. He took a step closer, his body brushing up against mine slightly. "Seems like you like the idea

of that..” e whispered seductively into my ear..

His Dirty Trick

KIARA

I looked into his eyes ; my entire body was reacting to him . I was losing my grasp on my self – control and I realised quickly so was he . His eyes flickered from black to red and I knew he was losing this battle , if he did , I wouldn’t be able to resist . This wasn’t good . ” You ... I told you to stay away ... ” I said in a whisper , despite the fact my core was throbbing for him .

” I didn’t say anything about not punishing you though ... ” He said , his deep voice and blazing red eyes making me shiver in pleasure . His free hand now running up my thigh . ” Alejandro , stop ... ” I moaned .

” Do you fucking want me to ? ” He asked , his eyes blazing red . I gasped as he squeezed my ass , making my pussy clench . I didn’t know what to do .

My body wanted him so badly ... But my mind was telling me to stop this . I couldn’t do this to Jasmin ,

this was- I gasped when his fingers now cupped my pussy , making me moan . ” Oh fuck ... Stop ... ” I

moaned breathlessly , as his fingers rubbed against my aching core . My eyes fluttered shut . This was

messed up but I ... He pressed his body against mine , letting go of my neck and rested his arm against

the wall above my head . ” One taste ... Let me have one taste ... ” He murmured , his lips meeting my

neck . My breath caught in my throat and the temptation to give in grew . He wanted me ...

But ... His fingers brushed the thin fabric of my panties and I parted my legs ever so slightly . This was

fucked up ... but I wanted it ... Just sex . It’s just ... His lips met mine in a deeply passionate kiss and I

couldn’t stop myself from locking my arms around his neck , kissing him back with equal passion . We

fought for dominance ; anger , frustration , desire , lust and so much more fuelled that kiss .

I tasted blood as he kissed me hard but I wanted it . Everything he had to offer ... I twisted my hand into his hair , sighing against his lips as his fingers were now rubbing my clit . I moaned against him , feeling him throb . " Fuck . " He groaned , breaking away from my lips and pussy . Before I could even feel the loss of his touch , he had torn my underwear off and the next thing I knew h e was lifting me up by the waist . I gasped a s I found myself being lifted up onto his broad shoulders .

My cheeks burned as he now pushed my dress completely up , cupping my ass , my back up against the wall . His eyes were level with my pussy , before he dived in , his tongue running along my entire entrance . I gasped , my head pressed against the wall behind me , one hand over my mouth to stop me from crying out , the other gripping his hair . My legs locked behind his head . " Oh fuck ... " I mumbled , trying my best not to scream as he twirled his tongue around my clit . Dear Goddess , he was so good at this , he was eating me out as if I was the most delicious thing he had ever tasted . The pleasure that he was giving me I cried out when he suddenly reached up and placed one hand over my mouth . I was in heaven . My core throbbed with every stroke or flick of his tongue . He suddenly plunged his tongue into my core and I gasped , feeling it grow and reaching deep within me . My cheeks burned , this dirty trick of his just made me ten times hornier . I moaned against his hand . He had part shifted ... just the thought made m e wetter . Oh fuck , he was perfect . I wouldn't mind being locked up and fucked day in and day out by him . I cried out in pleasure , grinding myself against his face . His tongue fucked me faster , his nose brushing against my clit at times . That's it , fuck baby . I could feel my orgasm growing , pleasure overriding everything else . I moaned against his hand , kissing it . He growled before shoving two fingers into my mouth , only

making me groan in pleasure as I sucked on them sensually . Gasping , I felt myself on the brink of release . " Oh ... " I moaned against his fingers , feeling myself tighten around his tongue . As if he knew I was about to cry out his hand covered my mouth once again , just as my orgasm rushed through me , throwing me off into pure blinding bliss . I couldn't breathe . The pleasure that consumed me was mind – blowing . All I could see were stars , my eyes stinging from the tears brought on by my release . I couldn't even focus on anything but my high , feeling his tongue return to normal . Biting my lip as he lapped up my juices . " Fuck ... You're fucking delicious . " He said , releasing my mouth now that I had stopped crying out in ecstasy . He gripped me by the waist and I unhooked my legs . My heart thundering as I felt weaker than I had before . I locked my arms feebly around his neck , I could barely hold my own weight . My pussy was still throbbing from the pleasure that it had been given . Along with it , the sheer weight of what had just happened rushed through me . I closed my eyes . I fucked up . Once again ... Did he really not care ? Or , could this mean that maybe he'd accept me ? I slowly looked up at him , only to find him frowning deeply . I could feel his hardened shaft in his trousers and as much as I wanted to lean into him ... I didn't . " Alejandro ... What are we ? " I asked quietly as he supported my body with one large hand wrapped around my narrow waist . He looked away . " Noth- " A knock on the door made me tense , he let go of me and turned away . " Alpha , your guest has arrived . " Someone said . " Your father's here ... Clean up and I'll meet you outside . " He said , emotionlessly . My heart thumped at his words . What had he been about to say ? I gave him a few moments , closing my eyes as I leant against the wall , remembering the feel of his lips on mine . Well , I guess I better go wash the smell of him off of me before I face Dad ..

Snitching

ALEJANDRO

I fucked up , once again . This shit was messing with me and her . But fuck I mind linked someone to tell Elijah I was on the way , before I made my way to the restrooms . I slammed the bathroom door after me . Yeah , I was about to fucking wank off to the thought of her . I've not done this shit in years , but right now , the only woman I wanted to fuck was her and I wasn't going to do that ... I unzipped my pants , taking out my cock .

The way she tasted was so fucking good . I would give up even chocolate if it meant I could have her to taste every night ... But yeah , I couldn't . I'd hurt her sooner or later . I needed to put some rules into place . No being alone with her . At any time I made quick work of getting off . It wasn't hard picturing her above me , her legs pressing against my back , her smooth pussy ... Her scent ... The way she fucking moaned and grinded against me . I throbbed hard , nearing my release , picturing myself fucking her all over again * I had fallen for a fucking feisty , hot tempered nympho and fallen hard.c I groaned quietly as I shot my load into the toilet . Another clear sign screaming at me that I had never pleased a woman like that before . Not only that , but I had enjoyed it way too fucking much . I walked over to the sink and washed my hands and face . I didn't want Elijah smelling his daughter all over me . I smirked , not that I didn't want to see his face if he knew I've had my dick and face between her legs already . Smirking cockily , I left the bathroom and went out of the hospital .

There he stood , looking pretty pissed off , talking to Darien . I knew he had run here from his tousled hair . He seemed to have bought some clothes with him though . " ..hell is she ? " He growled . He turned sharply , his Alpha aura surrounding the fucking area . If I hadn't just eaten some pussy I would have

been a bit pissed at his attitude , but after that moment with Kiara Well , I felt fucking good ... ” Don’t you know how to calm the fuck down ? Oh , my fucking bad , seems like that’s what happens when Scarlett let’s you off the leash for a few hours . ” I mocked .

We all knew he was under her fucking thumb . Pussy , He growled , walking over to me . ” One of my men died and you didn’t think needed to tell me ? ” He growled . you ” My bad , I was wasting time , trying to secure the fucking area . ” I said coldly , letting my aura dominate the air . It was high fucking time he remembered I was the ultimate Alpha . He sure was Kiara’s fucking father . Not backing down despite the fact I was having an effect on him . Did being stubborn run in their fucking genes ? Probably . ” Dad ! ” Kiara’s sexy voice came . Before she ran over , wrapping her arms around his neck . He hugged her tightly and my gaze flitted to her ass . Knowing she wasn’t wearing any underwear underneath was a fucking turn on all over again . ” Angel . ” Elijah said . Angel , hah . She was anything but an angel . The guy was fucking delusional . Moving back , he placed his hands on her shoulders , looking her over . A frown on his face , he turned to me sharply , his eyes turning a darker blue . ” Why does she ... ” I wasn’t sure if he meant her aura or if she had my scent ... ” Let’s go somewhere else . ” I said . I didn’t look at Kiara and knew she was avoiding me too . I turned and led the way to my office . That building was the closest to the hospital and I don’t think taking him to the mansion right now was ideal as they were still finishing off . ” How’s Mom ? ” ” Worried about you but she’ll come for the engagement . She’s going to watch the pack , with Liam coming here for the mating ceremony we need at least one of us at home especially with the on going attacks lately . ” ” Still on going ? ” She asked , concern clear in her voice . ” Rogues . ” Elijah said coldly . We entered the building . ” Oh ... ” She sighed and I glanced

back to see her father had been guiding her , her arm wrapped around his .

I switched the lights on and walked ahead to my office , turning the lights on in here too , something I rarely did . Why the fuck was I bothering now ? I wasn't her fucking slave . Once the door was shut , I dropped onto my chair , placing my feet on my desk after pulling out a cigarette and lighter . Elijah sat opposite whilst Kiara perched on the arm of his seat . Was I messed up to be jealous of him right now ? ”

So , anyone want to share why you have the aura of ... an Alpha ? ” Elijah asked , looking up at Kiara .

Her eyes lit up . ” Really I do ? Is it like Mom's ? ” She asked . ” Not really ... It's ... ” Elijah frowned . ” It's stronger than Scarlett's was before she took the position of an Alpha . ” I said , smirking humourlessly . ”

What do you mean ? ” She asked , her gaze flickering to mine . For a moment , our eyes met before I

looked away . ” It means you're one of the strongest wolves around . ” Elijah said , sounding worried .

The shock and concern in his voice were clear . ” And you're not happy ? ” Kiara asked , now looking at

her Dad . ” I'm proud of you Angel , heck I knew you were strong ... But you're still my little angel .

This also means you're in a lot more danger . ” ” She already was . That display of power is what drew

those things to her . ” I said coldly . ” Display of power ? What the fuck happened ? ” He asked sharply .

She looked at me , her eyes turning accusatory and I knew she was about to tell him about Indigo . As

much as I disliked the fucker , Fred , I had promised Indigo not to tell anyone ... I remembered the day I

had found out myself , the day I had summoned her to this very office ... (FLASHBACK – FOUR YEARS

AGO) I was sat at my desk smoking as Indigo stood opposite me . ” So let me get this shit straight . He's

cheating on you and you're ok with it ?

” I asked . Yeah , I didn't get mates and love , but that was fucked up right ? ” That's between him and me

... He ... He isn't exactly cheating ; it's just sex . " She whispered , her lips trembling as she clutched her belly . " It's because I'm pregnant ; he's scared to hurt it . " " Bullshit . Her fourth pregnancy ... And another one I knew wouldn't go much further ahead . I didn't get it ... The pup had a strong heartbeat too . Her words were fucked up . How the fuck could she be justifying this shit ? This was not the strong Indigo knew . " That's abuse . " I said , cocking a brow . " You need to get the fuck out . I promised your fucking brother I'd take care of you . " I don't know why I did , but in a way , I felt responsible for my men's actions . When I had caught him with that omega , it had ended with me beating him up , breaking many of his bones . Yeah , maybe I would have done a lot worse if Indigo hadn't come running to protect him . Indigo was nothing more than a pack member to me , but she was also being mentally abused under my watch . Something I couldn't allow , but for me to do some shit , I needed her to be ok with it . Why would killing him or fucking punishing him hurt her ? Wasn't that the best thing to do ? She had begged me to let him go and now here we were ... " It's up to me to live my life how I want . I love him and he loves me . You wouldn't get it because you've never loved anyone Alpha ! Don't come between us ! " She sobbed . I frowned , I hated fucking disrespect . Maybe I didn't know about love but I had seen enough to know you became a fucking whipped ass pup to your woman . That shit was fucked up in itself . " I might not know about all that shit , but I know a fucking toxic relationship when I see it . " I said coldly . 11 She looked at me , her eyes flashing . Then you should have accepted me when I wanted to give up finding my mate for you . " She glared at me . " You're not my type . " I shrugged . She never was . She sighed . She was trying to prove a point that had no strength behind it . She loved Fred , way too much , and he was abusing that . " You won't

get it . What I felt for you was just a crush , and remember how crazy I went ? But Fred , he's my world . "

" Until he becomes your hell . " I remarked , puffing on my cigarette . "

Then I'm willing to burn in that

hell . " She said stubbornly . Each to their own

" Do whatever the fuck you want . If you do need me to step in , I'm here , and we both know I wouldn't

mind breaking his bones all over again . " I gave her a sadistic smirk , seeing her gulp as I cracked my

knuckles ... (END OF FLASHBACK) I gave Kiara the slightest shake of my head , warning her . This was not

our shit to tell . She gave me a dirty look and I sighed . Well , if she wants to play a fucking snitch , then

I'll show her how it's done . " Kiara . What is it ? " Elijah said , seeing the exchange between us . " I'll tell

you . " I said , smirking dangerously . " I mean , I don't think Kiara wants to tell Daddy dearest that she's

become a big girl .

That she has been getting down and dirty with someone , right ? " Kiara gasped . All colour faded from

her face as she gave me a ' How could you ? ' look . I simply raised my eyebrows at her before before

taking a long drag of my cigarette , relaxing back as Elijah let out the most pissed off growl I had heard

from him in a while . Now , this shit was going to be fun .

Her Cold-Hearted Alpha chapter 56

Wishful

KIARA

Oh , he is such a dick ! How could he do that to me ?! Dad was glaring at me so scarily that I wish Mom

were here to calm him down ... " Dad , do you believe him ?! " I

exclaimed , hoping my innocent doe eyes

worked . " I'm not fucking stupid , Kiara . " Dad growled . " I could smell sex on you from the fucking

second I got here ! " I blushed , jumping up from the seat and moving as far away from my Dad as I could

. Alejandro just sat there , smirking so irritatingly .

" Dad ! I'm not a child and I can fuck who I want . " I snapped back .

Alejandro cocked his brow . Did the A

– hole Alpha love drama ? Urgh , I hate him ! Dads ‘ eyes simply darkened dangerously . ” I’m disappointed in you , Kiara . ” Alejandro’s eyes flashed and I felt the room suddenly become heavy with his aura . ” Don’t you think that’s a bit of a fucking hypocritical move considering you were a fucking man – whore back in your day who fucked almost every she wolf in your pack , right ? On top of that , you were fucking your own step – sister before you knew she was your mate . ” He said coldly . This time my eyes flew open in surprise . I knew Dad had been a player ... But wow ... And on top of that ... Was he defending me ? ” You have no proof of that . ” Dad growled . ” Hmm really ? Remember that stop at Raf’s pack ? I’m sure you two were fucking in the shower , if my memory serves ... My hearing is pretty damn good . ” Alejandro smirked , I knew he had won when Dad gave him a murderous glare . Damn Lycan hearing ... ” All I’m saying is , she’s YOUR daughter . ” He taunted Dad . I couldn’t resist the smile that crossed my face . If you ever want to win , make sure you have Alejandro on your side . Our eyes met and the corner of his lips twitched . My heart skipped a beat but Dad’s growl brought me back to the present .

I saw him look between us sharply and for a moment I wondered if he was suspicious of us ... After what happened in Callum’s office ... Where do we go from here ? ” Well , I’m here until the mating ball . ” Dad said icily . ” I’ll take over watching my daughter from this day on . ” 11 ” Sure , just how you were back at home . ” Alejandro mocked . I glared at him , I did not need him telling Dad about Damon ! Dad didn’t say anything , instead , he got up and stormed out of the office . I followed him , giving Alejandro one last glance before I left . I wanted to ask him , what were we ? The following day I woke up late , I was shocked to see the sun was high in the sky . Why hadn’t anyone

woken me up ? I needed to go to the hospital . I got ready quickly before I walked back into the bedroom . Dad was also staying here at the mansion , well I didn't really expect anything else considering ... I ran down the stairs , pinning my hair up as I did , stumbling slightly as pain shot up my ankle . I had been so busy yesterday I hadn't even noticed it . I froze in my tracks when I saw Jasmin coming out of the lounge in an oversize cotton shirt . Clearly , looking like she had just fallen out of bed . Our eyes met and I wondered why she was here ? Did she move to the mansion due to shortage of space ? But none of the apartment blocks were destroyed " Something on my face , pup ? " She said , giving me a horribly hidden look of disdain . Didn't I make amends ? What was her issue now ? " Just that look of scorn that makes you seriously ugly . " I snapped back . She looked surprised for a second . " Oh ? " She didn't say more , and I saw her sizing me up . " Somethings changed . " I didn't bother replying , stepping out into the fresh air . I had no idea where Alejandro and I stood anyway . I stopped seeing Raven and Raihana sitting on the porch looking at something on a tablet . " What are you guys doing and why didn't you wake me ? " I said , hugging them both from behind . I was so glad Raven was ok , I couldn't imagine life without my boo . She smirked up at me as if nothing had happened , I remember our emotional hug from last night when she had finally woken up . " Because you needed rest girl . " She said as Raihana held the tablet up . " We're looking at dresses , I want to pick one for my Uncle's engagement . " She said . My heart pounded . Was it really still on ? I'm sure Alejandro had changed his mind , right ? That moment ... But the uncertainty had settled into the pit of my stomach and the feeling of bad news only grew . " Kia ... " Raven said . I flashed her a smile . " Well , you guys have fun , I'm going to go to the hospital . " She nodded and I gave her a genuine smile .

I had to be positive , but the more I thought of it , I felt scared ... He had said ' one taste ' . Did that mean he just wanted me out of his system ? I was so lost in thought , I didn't realise where I was going until I knocked into someone . I went tumbling back , groaning as I fell on my ass . " Sorry . " I was about to get up when the person held their hand out , just as their familiar scent hit me . " No damage done . "

Carmen said .

My eyes widened as I looked at her outstretched hand . I took it slowly , letting her help me up . She looked away . the " I want to say thank you , for saving my life . Doctor Callum mentioned You know I won't tell anyone , because I know it's confidential ... I had a feeling you did something ... And the way you spoke to the Alpha for me ... " She was mumbling , but I knew she was serious . I was quite shocked she knew what had happened , but for her to thank me ... " It's ok , I'm glad you're ok . " I said . She looked up at me and smiled slightly . " I also need to say sorry . What I did , was messed up and low . " "

It's in the past . " I said , giving her a small smile . She returned it with a smile of her own .

I was surprised but I was glad , I didn't want any animosity between us . you " You're twelve years my junior , but you acted way beyond your years . Not only did you win the match , you won in every way . I

respect that . " " Umm , Thanks ... " I didn't really know how to respond to that . " You saved me . I owe

you that debt . If the need arises , I'll have your back . " She said . " Oh that's not needed , it was my fault

you got hurt . " " " No , it wasn't , I asked for it . " She said , looking guilty . I looked at her curiously . "

Why do you- did you , dislike me ? " I asked , unsure how to word that . "

The King has never defended

anyone the way he did that day . Seeing that was kind of painful . "

Carmen said . I signed inwardly ,

another one to add to the list of Alejandro's admirers ... " I'm sorry ... " I said .

" No need . You're strong , compassionate and I think you'd make a great queen . " She said giving a crooked smile . I blushed " Oh no we're not- " " Ladies ! " Serena said now coming over , I had a feeling she was worried things were going to get out of hand from the way she had rushed over . " Glad to see you're up and on the go , Carmen . 11 . " Me too . " Carmen said sincerely . " Hey , Serena . " I said with a smile . " What are those ? " Carmen asked her , my gaze fell to the pamphlets . " Oh , just making preparations for the engagement . " Serena said . My heart sank , maybe he just didn't call it off yet ... ' Right ? ' I asked my wolf who seemed to be going crazy , but I only got the feeling of despair from her . " Ok I'm off , Alpha and Jasmin are waiting for me . " Those words felt like a harsh slap to the face .

So , the engagement was still on Only I had been dumb enough to let him play me once again ... I really was stupid . Moonlight Muse Author

Drunk

KIARA

I don't know how long I had been drinking or how much I had drunk . I just sat in my room drinking and drinking . Raven had come to ask me to join her and Aunty Indigo for some fun at the pack hall , but I wasn't up to it . I felt like shit . So here I was drinking bottle after bottle . The Omega's were pretty obedient and didn't even question me on why I wanted this much alcohol , but I guess I was legal , so they couldn't say crap .

Or maybe they had to listen because I was an Alphas daughter . Wait ... I was like an Alpha too , right ?

Dad had gone somewhere with Alejandro and I was glad . I didn't want to see anyone . I just ... I just ...

Coming home to hear Claire telling another Omega that the Alpha had told her today that he was

wearing black on the engagement ... Well , it hurt like a bitch . Once again , he used me and tossed me aside .

I don't know how many hours passed as I sat here drinking . I have never drunk so much in my life , I know that much . Someone had knocked on my door at one point . It was a bit of a haze ... Was it Dad ? or Raven ? I wasn't really sure . I didn't care either . I now stood up , I needed more to drink . Was this what heartbreak felt like ? Fucking hell . I made my way to my door and switched the hallway light on , I felt a little lighter at least .

I skipped down the hall and down the stairs . I almost fell down the bottom three as I giggled . Whoops , the floor was moving too ... Now , where was the wine kept ? The wine cellar ... That's what Claire Bear had said . Claire Bear , calling a wolf a bear , funny . I giggled , clamping my hand over my mouth as I placed my finger to my lips . " Shooshie . " I giggled . " Claire Bear ... " @ I finally managed to find the door that led to the cellar .

" Dummy Alpha , Dummy Alejandro ... Stupid Jasmin ... Stupid me ... " I stumbled down the steps . Seriously , these things were not stable . Why were they wobbling ? The light was so dim down here ... I couldn't see anything .. I felt my way around until I finally felt a bottle brush my finger . " Ahh , my saviour . " I giggled , kissing the bottle . " I love you , I shall marry and mate you ! " I kissed it again before I bit the cork off . A satisfying pop made me sigh as the smell of rich red wine filled my nose . " Oo , I love expensive wine . Dumbass King ... I'll drink all your collection , bet you started collecting these when you were a hot young man . You're an ancient old man now ! " I hate old fossils , stupid things ... I mean , I don't want Alejandro , I bet in a few years he'll stop functioning too ... Right ? " Yes Kia , you don't need Alejandro ... " I could just pretend that I'll marry Chad

, one of the characters from my favourite book . Yes , that was a better idea ... Then I'll let Jasmin keep Alejandro , before he isn't able to function anymore . My eyes stung with tears as I chugged down the bottle .

He used me . What was worse was – I let him . I wiped my eyes with my free hand , glugging down the wine , a " It hurts ... " I whispered into the darkness . I rested my head back , the image of him and Jasmin . Together . Mated . Fucking ... I threw the bottle across the floor , letting it smash into a hundred pieces .

" Fuck you . " I whispered .. " Kiara ? " It took me a moment to realise who that was .

He sounded a bit like him too ... I wiped my tears away . " I'm here , drinking . Want to join ? " I asked cheerfully , as I smelt him as he came closer . " Wow ... Come on . It is past 3 am . Rayhan said as he took my elbows , lifting me off the ground . " Don't tell me what to do . I'm eighteen . A pure adult .

There are no underage girls here . " " " I know you are . So how about we get your adult butt to your bedroom . " H " No ... I don't want to . " I said softly , I tumbled forward , my head hitting his chest . My lips trembled . " Are you ok ? What happened ? " He asked , concern clear in his voice as he wrapped his arms around my waist , guiding me to the stairs before lifting me up in his arms and carrying me into the light of the hall at the top .

" Nothing happened . " I said smiling , as I looked at his face . He looked so much like his Uncle ... He had his hair in a ponytail as I caressed his jaw . He looked like Alejandro a lot ... My lips trembled as his eyes found mine . " You're upset ... " He said , concern clear in his eyes . " Maybe . " I said , pouting as he carried me to my room . Stepping inside , I slid out of his arms quickly , only for the ground to rotate .

" Whoa ... " I giggled . I would've definitely tumbled onto the floor if he didn't catch me . I grabbed onto his shirt . " Easy there . " He said , his hand around my waist . I looked into his eyes , slowly locking my

arms around his neck . I wanted to forget him ... ” Kiara ... You’re drunk .
Let’s get you to bed . ” Rayhan
said , clearly looking a little uncomfortable . I raised an eyebrow . ” Are
you a virgin ? ” I whispered loudly
. He frowned at me . ” No ! ” He hissed , glancing towards the open
door .

” Then let’s have fun . ” I said brushing his neck with my fingers . ”
Kiara ... I don’t want to face Liam after
I slept with his sister . ” I rolled my eyes . ” Who cares ? I’ve slept with
Damon , and he knows . ” I said ,
turning away from him , I reached for the hem of my black chiffon top
and slid it off over my head ,
leaving me in my blue silk and lace bra . I turned back to him ruffling my
hair .

I watched his gaze trail over my breasts and I stifled a giggle . Men and
boobies ... Although I had to
admit that mine were pretty nice . ” Night ... ” He said , about to turn
away when I unhooked my bra ,
letting it slide off my shoulders slowly before I tossed it aside . I saw him
swallow . ” You sure about that
? No strings attached ? ” I said huskily , deep within my haze . I knew I
was looking for an outlet . It hurt
being used and I wanted to take back that control .

If he could fuck with my emotions , I would fuck with whoever I wanted .
And I meant that literally . I

cupped my breasts , lifting my right breast and licking my nipple slowly . I
saw him run his hand through

his hair . ” Kia ... ” I walked over to him , leaning past him I shut the door ,
before wrapping my arms

around his neck . ” You are boring ... Come on ... What’s wrong ... One
night , Rayhan ... Just a little fun ...

” I whispered leaning up to him .

I could feel his resolve breaking . His hands slid up my ass before resting
on my waist . ” Let’s go ” I

whispered , our noses brushed and my stomach fluttered . ” Fuck ... if we
regret this tomorrow –

I cut him off , shoving my tongue into his mouth and feeling him groan
against me before he kissed me

back with equal passion . Now , this was more like it . Our hands ran over
each other’s bodies . I pulled

his shirt off , admiring his body . He was fine . For a moment , Alejandro came t o mind , accompanied by a stab of pain . I used that pain to kiss Rayhan even more passionately . We were a blur of kisses , groping and undressing . I wasn't sure when he tossed me on the bed or when I helped him out of his pants . When did I remove my jeans ? I ran my hand along his length , he was fucking big ... I licked my lips taking his mushroom tip in my mouth . " Oh , that's it . " He murmured , his hand tangling into my hair . I closed my eyes , letting pleasure flow through me . Don't feel . Don't let the pain in ... Live in the moment . I began taking him in completely , breathing through my nose as he hit the back of my throat . I moaned against him , I was good at this and I knew exactly what pleased a guy . I looked up , seeing the pleasure on his face , my own pussy begged for attention . I began playing with myself as I sucked on him . He began thrusting in harder . " Fuck ! " He groaned , his moves becoming faster when suddenly he pulled out , as he came . His milky white cum coating my breasts . I smirked seductively , taking a bit on my finger and licking it off . Sucking on my finger as I looked into his green eyes . He pushed me back onto the bed , dragging m e to the edge before he went down on me . I closed my eyes , melting into the pleasure as his tongue flicked and swirled along my core . " Oh , fuck that's it . " I moaned . As much as I was enjoying this , I needed him now . If I found my release ... I may stop it from going further and I needed to do this . Was I trying to prove something ? Did I want him to hear ? I don't know . " 1 " Fuck me now , Ray . I need you now . I moaned . He looked up at me , his hair half out of his hair tie . I sat up , pulling him on top of me . " Kiara ... We can stop . " He said , kissing m e tenderly . " I know . I don't want to . " I said , kissing him back . It sent soft tingles through me . Nothing compared to what I felt with Alejandro ... But enough to ease the ache in my chest . His hands played with my

breasts , his tongue explored my mouth . I felt him position himself between my legs , our eyes met , and for a second I saw Alejandro , but I forced that image away . I was not going to pretend Rayhan was him , I was going to enjoy this night and the handsome man above me . Alejandro could go to hell for all I cared , I thought bitterly . I moaned softly as he rubbed his tip against my clit and I closed my eyes as he thrust into me . Pleasure rushed through me as he began fucking me hard and fast ...

Her Cold-Hearted Alpha chapter 58

His Pain

ALEJANDRO

" I hope Kiara hasn't been too much of a hassle . " Elijah said . We had spent the last few hours discussing my possible leads , what Fred and Indy had been able to find , and what else we had gathered . I felt like we were getting somewhere , even if the steps were tiny . " She's been fine . " I said , taking a long drag on my cigarette . " Hmm , that's not like you . " He remarked . I looked up at him sharply , raising an eyebrow .

" What the fuck isn't ? " 11 " Not complaining I hated how fucking smart this dickhead was . " It's been a long fucking day , want me to start listing how fucking troublesome your girl's been ? " I remarked . "

Maybe I'm looking too much into it . You two seem to be getting on a little better than I was expecting . "

He said , rubbing his temples .

I didn't react , focusing on keeping my heart steady . " She's helped out several patients . I can't really

complain about that shit , can I ? " Can I just say that I want to fuck her all the time and she messes with

my mind way fucking more than I'd ever admit ? " True . The thing is , I have a lot more pups in my pack .

Also not as many warriors as this pack , although my wolves are trained well . " " Yeah , I saw that much .

" I said . " Your point ? " He gave me a cocky smirk . " Kiara . Can I leave her under your care then ? I get

that she attracts danger , but you need leads . Why not let them come to you ? I'm willing to send my best men to help as well . " " I didn't speak . I wanted to protect her . But * I kept messing with her , hurting her .

I couldn't be with her , yet I couldn't fucking stay away . How the hell do I explain that ... ? She was physically safer around me , but what about mentally ? So far , I was fucking her up and that shit wasn't good . However , I also knew I was the one who could protect her best ... I nodded . " Fine .

Callum would enjoy having her at the hospital . " I said curtly . The reminder that even I ' enjoyed ' having her at the hospital returned to me ... " You sure you're ok ? " Elijah asked me and I hated the fact he actually looked concerned . " I'm fucking fine . " No , I wasn't , I felt like I had a storm of emotions and conflict raging within me .

This morning he had asked me about my engagement and I had told him the plans – the security and all .

The only issue was , with the large influx of wolves coming for the mating ceremony we were going to have a lot of people coming in and out . The risk of something sneaking in with them was higher .

We were holding the engagement at the same location as the mating ball , away from my pack , I was not going to let hundreds of wolves into my territory for them to get a good insight on my security .

Especially now with Kiara here , I wouldn't risk her getting hurt . Kiara had become my weakness . For her , I'd lay my own fucking life down , but I also didn't want them to hurt her because of me .

Sure she was a target already , but still , things could be worse . I could lose my self – control and do the same thing to her that I had done to my own mother . I had cared for her , loved her ... but I still killed her without an ounce of compassion . I couldn't , wouldn't , do the same to Kiara . I knew she was made

for me . The connection I felt for her The woman she was ... I guess the moon goddess made me wait because she was carving me a goddess herself ... Perfection took time , and Kiara was the epitome of perfection .

There was nothing I'd change about her ... a " I looked up and saw Elijah " Alejandro . " frowning . " Are you sure you're ok ? " He asked . " Yeah , now fuck off . " I grunted . He gave me " You should head e a glare and I stood up . back , I'm going for a run .

He nodded and we went our own ways . I just needed to let loose some of these emotions . I got home after four am . I felt a little better having been able to release all my pent up frustration into running . I mean , I wasn't even in the mood for a fuck these days , well if it didn't include Kiara anyway . I walked down the hall , deciding I'd crash in my office . Despite everything being stripped in my room , I could smell the blood and death that lingered .

I was in the process of having it repainted , re carpeted and with all new fucking furniture . I paused at Kiara's door , the smell of hazelnut chocolate lingered , calming me a little more . I couldn't stop wishing I could just walk in and hold her , that would surely calm me the fuck down . Fuck , I was going in circles .

Staying away was the plan , remember ? I was about to carry on when I froze .

The smell of Rayhan was strong here too now ... My heart raced , my stomach sinking as I looked at Kiara's door .

Don't . I couldn't help myself , I turned the door handle slowly , my heart pounding faster than it ever had before . Assuming something and actually seeing it were two very different fucking things . The smell of sex , alcohol , sweat and Kiara's arousal lingered in the air . The floor was scattered with bottles but the only thing I could focus on was the couple tangled up on the bed under the sheets .

You know how you hear people say it hurts so fucking much that it becomes hard to breathe ? I never

got that , not until now . Seeing Kiara in bed with him ... I ran hand through my hair . my Fuck . I couldn't focus on anything , the room suddenly became too small , my heart was squeezing fucking painfully and the agony of the entire situation was killing me . I stepped back , my foot hit a bottle and I saw Rayhan sit up sharply .

Our eyes met in the darkness . I don't know what he saw on my face but the look of guilt that crossed his own only hurt more . I hated having people see this shit side of me . He untangled Kiara from himself , placing her arms down next to her and making to get out of the bed . " Uncle- " He began in a whisper .

I shook my head , I couldn't do this . I didn't want to hear it . I turned and walked out . I fucking wanted to claw my heart out and toss it aside . I needed to take this pain away . I walked swiftly to my bedroom

which was now partially empty and straight over to the window . I jumped out just as Rayhan ran into my bedroom . " Uncle , please listen ! " He called . " You have nothing to say I want to fucking hear . " I

growled venomously . I didn't stop ; I broke into a run and I was gone . No one could catch me , not unless I wanted them to . With every heartbeat , every second that went by , I couldn't take the picture of Kiara out of my head . Her hair half covering her face , her arm around Rayhan's waist . His head resting on top of hers ...

The marks that had littered her neck ...

I made my way to the cells , straight to the fucking supply room where we kept the silver , wolfsbane and other poisons . I once said I needed to feel the pain to feel alive . Right now , I needed to feel a pain stronger than what was hurting me inside . A pain so strong that this shit inside didn't hurt anymore . I could feel an unfamiliar sting in my eyes as Kiara flashed before them . Was this what heartbreak felt like ? I didn't even know I had a heart ... I roamed the shelves , picking up

one of the large gallons of wolfsbane that were used to fill small vials and uncapping it , I knocked the disgusting liquid down in one breath . My entire insides were set ablaze ; the burning agony consumed me . I just stood there , my chest still hurt . It wasn't enough . I pushed the bottles aside , not caring as they shattered on the ground , looking for the strongest poison we had concocted for the Manangal and Wendigos . One ... four ... Seven vials later , I couldn't breathe at all . My head was screaming with agonising torment . The taste of blood now filled my mouth as I coughed up blood . Why wasn't the pain going away ? No matter what I did ... All I could see was Kiara in bed .

I fell to my knees , clutching my head . It was my fucking fault ... I had pushed her into that . I dropped against the wall as blood trickled from my ear . I grabbed a few syringes that lay on the closest shelf , I didn't bother checking what they were as I injected myself with them . My body was screaming for relief . Maybe I overdid it a little in pushing her away ... I clutched my head , resting my elbows on my knees . I should be proud though , right ? I wanted her to move on and be happy ... And she seemed to be having enough fun . " Congratulations Alejandro Mission accomplished . " I told the empty room , my voice hoarse from the burning poisons I had consumed .. But it still killed me , so fucking much ... Through the thick haze of pain and regret , what I felt for her shone through like the warm beacon of life itself She was a woman I could never have . One that I was far too fucked up to ever deserve ... Yet I still loved her . Yeah , I said it ... Love .

Something I never knew I'd ever be able to feel again , but there was no other word I could use to explain how I felt . Because of that love , I'd take all this pain every fucking day if it meant she was safe and happy away from a toxic fucker like me .

No Awkwardness

KIARA

I awoke to a shriek . " Uncle ! Uncle , you can't come in ! Kiara isn't dressed ! " Raven ? I jolted up , groaning at the pounding in my head . " Goddess ... Why are you screaming ? " I groaned . " Fine , but I want to speak to her the moment she's dressed .

" Dad growled at Raven before the door slammed shut . Raven locked it and glared at me . " Kiara ! " She hissed . " What ? " I moaned . " I thought you two were , you know ... done . " She whispered . " He's getting married babe .

I frowned , now looking down at myself then at the room before me . Last night rushed back and I felt my cheeks burn . Oh fuck , I had practically forced Rayhan into sex . Kill me now .

I dropped back onto the pillow and pulled my bedsheet to my chest . Raven slapped my arm hard . " Kia ! I'm serious ! " She snapped . " It wasn't him . " I said softly . I wish it had been ... But I had made my decision , I needed to move on from him and focus on my mate . He was out there .

" Wow ... " Raven said , then smirked . " Sooo who was the lucky guy ? " " Let's not ... " I said blushing , remembering last night . Oh goddess , this was going to be so humiliating ... " Kia ! " Raven huffed .

Rayhan ! " I said , knowing she wouldn't back down . Her unique coloured eyes widened in surprise .

Before a sly smirk crossed her lips .

" Wow ... So I see your type ... Italian " She said , winking at me boys ay . suggestively as I shook my head

. " He was the only man who came in the way . " I said , sighing . " Okay that and he is super hot . " " Well

, there were also the twenty guards surrounding this mansion ... You sure Rayhan was the only option ?

Or did you choose him because ... He looks like you know who . "

Because he looks like Alejandro ? " No.

" I said softly . " It wasn't , I mean , I couldn't even picture someone else as Alejandro ... No one can be him . I'm over him . The Blood Moon is in two nights and I'm ready to meet my mate . 11 " That's my girl . " She said , about to hug m e then wrinkled her nose . " I don't really want to touch you right now " I laughed . " Point taken . " I giggled , remembering that Rayhan had actually come all over my breasts How was I going to face him ... ? I groaned . " " You need strong painkillers to help with that hangover and your werewolf healing will do the rest . " She said , getting up . And you better hurry , uncle El wants to see you . " " Thanks . " I said with a smile as she left m y room . Well , I better get on with the day . No one i s going to wait for me and I still have people to heal and help ! I made my way into the dining room . Seeing that Alejandro was missing but Aunty Indy , Frederick , Darien and Jasmin were all there . Odd . Where were Alejandro and Serena ? " Finally . " Dad said . I dared not look at Rayhan , who was sitting next to Dad . I took the only seat available that wasn't Alejandro's , feeling really nervous ... " Sorry , late night . " I mumbled , then wished I hadn't said that . " Oh , how so ? " Aunty Indy said with a smile . I looked at her , I wasn't happy with her either . She was hiding all her issues from her family . Even Frederick was acting so normal with the way he was talking to Dad ... " Just . " I said , tugging at the sleeves of my peach – coloured top . " The food smells so good I think I'm going to orgasm . " Raven said . All eyes turned to her and Dad gave her a frown . " Seriously Raven ? " " Yes ! This is food porn ! " She said , motioning at the table . " Uncle El , you really need to stop frowning so much . How about you get Aunty Scarlett to reward you if you go a day without frowning ? " Dear goddess ... Help this girl . I smiled despite myself . " I get enough rewards without doing anything , so thanks for the unneeded

advice . " Dad said with a cocky smirk . I groaned . " Dad , I don't need to know about your bedroom activities . " I said as Aunty Indy and Darien chuckled . " She asked for it . " He said , motioning to Raven , before turning to Rayhan and beginning to ask him about his family . I felt relieved but my mind did wander towards Alejandro's empty seat . I felt someone watching me and looked up to see Darien observing me . I raised a questioning brow at him but he simply shook his head , giving me a smile .

" Where's Serena ? " I asked . " Party planning , " He said , his smile faltering , but I simply nodded and returned to my food . Breakfast was over and I was making my way out when Rayhan caught up with me . " Kiara ! " My heart skipped a beat as I turned towards him , my cheeks flushing slightly . Goddess , was this embarrassing . " Rayhan .

" I said . He gave me a small smirk . " About last night ... " " Sorry ? If memory serves , I assaulted you right ? " I said sheepishly . He snickered . " I wouldn't say that ... Seduced might be the correct term . " He said , his voice dropping an octave . His gaze flickered to my chest , before he looked away smoothly . " I just wanted to ask you something . " " If we're cool ? We are right ? " I said quickly .

He smirked , cocking his brows . " Don't worry , I don't sleep with someone and then tell the world . Yeah we're cool . I actually wanted to ask you something else . 11 He ran his fingers through his open hair , a small frown finding its way onto his face . " What is it ? " I asked . " It's about Uncle . Sorry if I'm getting personal , but was he the reason you were drunk last night ? " He said seriously .

I knew this was bothering him and he looked concerned . I sighed , looking up at the blue sky that was sprinkled with a few clouds . " Not entirely , it was more me being really stupid and blind . I'm over him and I'm looking forward to the Mating Ceremony I hope to find my mate . " I said . He seemed to hesitate for a moment .

" Kia , I think Uncle might- " " Rayhan , as much as I don't mind you defending him , I don't care . He's made his choice . I mean , what can possibly happen between us ? I'm an eighteen – year -old and he's the Alpha king , engaged and ready to make it official . I just want to move on . He's just toxic for me . " I said with finality .

It pained me to even call him toxic , however he had done nothing but emotionally mess with me . I was not going to entertain him anymore . New rule – I was never going to talk to him alone . He wanted to talk , we will talk with someone else present . " You're right , it's better you just focus on your mate and yourself .

" He said , sighing and kicking a stray pebble with his boot . " Thanks . " " Oh , and before you go . Last night ... you were pretty amazing ... Your mate's sure going to be lucky to have a sexy kitten like you in bed . " My stomach fluttered and I felt my cheeks heat up . " Really ? " A cold voice said from behind u s and I felt my stomach sink Oh hell no . Did Dad just hear that ? Shit .

Ready For This

Kiara

Rayhan didn't look phased , as we both turned to see Dad standing on the top step . His cold glare was fixed on Rayhan . I really was getting annoyed with him , especially since he himself was such a player back in the day .

I gave him a warning glare . " Hey , Uncle El . " Rayhan said , a hint of a smile teasing his lips . Dad simply gave him a calculating glare before looking at me . ' Dad , chill out , seriously . ' I said through the link . ' I wasn't going to say anything . ' He growled back . ' But he better get the fuck out of my way or I'll be disfiguring that pretty boy face of his . " ' Ouch , don't you think of him as a nephew ? " I replied , finding

it a little amusing , ‘ Not right now . ‘ He replied , walking down the steps .

Rayhan flashed him a dazzling smirk before he waved and winked at me , walking off . ” Seriously , Dad

you’re suffocating . ” I said , as we both fell in step . ” You were upset that night . ” He said , now serious ,

his anger completely dissipated . ” That night ? ” I questioned , confused . ” The night we found out

about your healing . ” He said softly . My smile vanished . Had they seen through me ? ” Oh ... It was just

... I thought I wasn’t ... You know ... Good enough .

” There , I said it . He stopped , cupping my face , concern in his eyes as he shook his head . ” No Angel .

No matter what , you are worth more than any goddamn thing in this world . You’re my princess , and I

know I can be fucking suffocating , but it’s only because I don’t want you hurt . ” He said , kissing my

forehead .

I felt my emotions swirl in my chest as I wrapped my arms around his waist . ” I’m sorry for thinking like

that ... But I just ... I don’t need my ankle to be healed for me to be strong . ” 11 His powerful arms

wrapped around me and I inhaled his woody scent .

This was the one man who would always protect me , my first love , my superhero . ” I just wish I had

been able to protect you . ” He whispered . ” This isn’t your fault Dad , I’ve never blamed you . You did

protect me , as you always do . You need to let go of your guilt , please . For me ? ” I said , looking up into

those bright blue eyes that rivalled the sky in summer . ” I’ll try . ” He replied , giving me a small smile . I

smiled back , tiptoeing and kissing his cheek . I love you , Dad . ” ” I love you too Angel , I’m sure whoever

you end up mated with won’t really deserve you .

” He said ” All Dad’s say that . ” I replied , rolling my eyes . ” So , the guy you were messing around with

was Rayhan huh ? ” He said , his eyes calculating . My heart skipped a beat , I didn’t want to put the p

guy under fire ... ” Dad it’s no big deal ... Can you not butt into my sex life .

” I glared . He glared back . ” Couldn’t you be a little more ... tame ? ” I smirked . ” I take after you . ”

Flipping my hair , I waved and ran off . I did not want Dad prying . The way he had asked was as if he didn’t think it was Rayhan , and I never wanted him to learn the truth about Alejandro . The Mating Ball .

It came twice a year -on The Blood Moon . The second one in the year was always hosted by the Lycan King .

A King I had barely seen over the last two days . He hadn’t come home , not even once , Jasmin had had to plan the engagement alone . I spent the time at the hospital and one day out with the girls getting nails and facials . There had been a Wendigo trying to infiltrate but it had been captured .

Something Alejandro , Dad and Rayhan had accomplished together . I knew that because I had been the one to heal Dad and Rayhan afterwards , but Alejandro , he didn’t even come my way once . It seemed he had just wanted one taste , just like he had said ... Talk about using someone . Well , I was over him . I just hoped that I could still say the same when I saw him ... I was brave when he wasn’t here but I just needed to stay brave .

Luckily Dad would be attending too , and I knew he’d have his eyes on me . Serena had been swamped with the mating ceremony and I had helped . Not to mention Raihana and Raven were so ecstatic about prepping the venue . It was to be held at a large mansion Alejandro owned 8 miles from the pack grounds . It was large , security would be tight and , like every year , hundreds of wolves from all around the United Kingdom and some even from abroad came for this mating ball . It was lush , even some mated Alphas will attend as it is , in a way , a social event at the same time for Alpha’s to meet and mingle . The mansion was built in a traditional style and was a very old building ,

renovated in a luxurious manner . It was huge , with many rooms . The grounds would be decorated just as glamorously as the inside for this event . This ball would be the epitome of money and luxury .

I knew every she – wolf there would be looking smoking hot . I had seen pictures of it from a few she wolves who had attended back home , but the fact that only eligible wolves could go meant Raven and Raihana had to sit this one out . It was often a once in a lifetime experience if you find your mate , and unless you're an Alpha , you wouldn't get a n invite again . Now the day of the blood moon had finally arrived .

The day that I might meet my mate . I would see Damon and Liam there too and I was glad , I missed them a lot . I just prayed Liam wasn't mated to any she wolf there . I wanted him with Raven , call me selfish , but they were perfect together , I now took my gold jewelled gown out of the plastic bag . I smiled as I admired it , I had taken me three months to pick this gown out . I wanted to look perfect for my mate , although I wasn't planning on seducing him with my looks . Well , not completely ... but I hoped he found me drool – worthy . I now looked at the dress before me , it was fully covered with gems and beads on net fabric . The dress was up to my thighs , with strings of jewels and beads dangling t o the floor . it was strapless with leafy gold vines around the chest area .

Underneath was a strapless silk nude coloured bodysuit that would cover my main assets . ” Damn girl , you're going to have your mate hard . ” Raven said , from behind me . Raihana laughed . ” And I'll be here praying it's Rayhan . ” She piped in . Making my eyes widen , he wouldn't be a bad option ... I guess . ” Whoever he is , he better treat you like the queen you are . ”

Raven said . ” So , go shower and then let's doll you up I nodded , as Raihana put on some music . ”

Alright , I'm going to go shower and get shimmery , be out soon ! ” I said , grabbing my bottle of body shimmer .

” I have got the perfect make – up look in mind to go with this outfit . ”
Raihana said . She may not be a
fighter , but she knew everything about makeup . I guess she put her
time to use there , being even
better than Raven and I in that department , and we were both pretty
good with make – up . Tonight
was the night , the night I would hopefully meet the other half of my :
soul . The gift from the goddess
herself . My future love and the only man I mate , my would ever fight
for .
