### The Clash

KIARA

Fear consumed me like never before . My heart was pounding in my chest as I ran towards him . Marcel rushed past me ; a deafening growl echoed in the room as he lunged at Endora . I heard the sickening sound of a wolf being impaled . He howled before I heard a sickening crunch and then the smell of blood growing stronger in the air as his body hit the far wall . " Not so fast ! " Endora shouted . A dark blast shot towards me , but it didn't get past the blazing purple fire surrounding me . I felt her evil magic closing in on me , forcing me to stop in my tracks . I let my power blaze up once again , sending another blast towards her without even looking . The sound of some bones breaking and her screams filled the air . " Don't fucking touch me ! " I shrieked . I had made her mad , but I didn't care , I was angrier . She sent another strong wave at me which knocked me back , but I didn't hit the ground , a pair of strong arms catching me . Sparks shot up me at his touch and the strong smell of blood along with Alejandro's intoxicating scent surrounded me . " Leave her the fuck alone ! " He growled . " You can't do anything ! " She laughed coldly . " Join me and she lives . " " In your fucking dreams ! " He hissed . " As you wish . " She said eerily , before a hundred shards of black rushed towards us . " Baby no ! " I screamed the moment he wrapped his arms around me and jumped , but he wasn't fast enough . I flinched as I felt the impact of her brutal attack impaling him . " Run ... " He whispered softly in my ear . His hold became slack as he dropped to the floor . My heart was ringing in my ears ; anger , fear and panic were overtaking me . " You won't get away with this . He's meant to be your son ! " I shouted , rushing towards her only for another blast of magic to block me . I raised my staff , lunging straight through the darkness . I saw her eyes widen in shock as I leapt in the

air , bringing my staff down .  
She blocked it with a shimmering red force field , but the anger and rage I felt were so much stronger . ”  
No wolf can ever defeat me ! ” She spat , smirking with confidence . ”  
Unless she’s blessed by the goddess herself ! ” I snapped back coldly .  
My blazing purple eyes glared into hers . The anger I felt within me terrified even myself . All I wanted to do was to kill the woman before me , for everything she put Alejandro through . Yes , I had hurt him ....  
But this much ? Channelling every ounce of anger and rage into pushing against the force – field , I let it rush through me , satisfied when it cracked the shield and my staff slid right through straight into Endora’s shoulder .  
She gasped in pain as she was slammed to the ground . ” Bitch ! ” She spat , before she began chanting something and I felt a darkness envelope the entire cavern . Despite my aura blazing around me , I couldn’t see anything .  
It felt like thick black smoke was wrapped around me . ” We will meet again . You will be mine , daughter of Selene ! ” She hissed before I heard her run . I didn’t have time to chase after her , I could hear both Alejandro’s and Marcel’s heartbeats fading . I rushed towards Alejandro’s scent , falling to my knees . My heart was hammering in fear as I felt for him , the darkness slowly began to fade .

My blazing aura vanished , leaving me in the darkness of the cavern . ”  
No ... no ... ! Focus Kia ... ” I whispered shakily , as I tried to heal him . My hands were trembling as I willed all my power forth .  
” We will meet again . ” Endora’s voice echoed eerily around the cavern but I ignored it . My mind was completely focused on my love . ” Please baby ... ” I whispered , my heart pounding . I felt his heartbeat grow stronger and I let out a breath of relief . Feeling the pain leave his body . I reactivated my power ,

allowing the purple light to illuminate the area as I looked at Alejandro's body before me .

His wounds were healing and I felt relieved . I caressed his face for a second , but as much as I wanted to stay by his side , I could feel Marcel's life draining away . I kissed his lips tenderly , letting my healing rush

through me . I pulled away and never had anything felt so hard ....

Alejandro had lost enough family , I couldn't let him lose anymore , not on my watch .

I got up and rushed over to Marcel , who was back in human form . I

placed my hand on his chest , wanting to heal him . My vision darkened just as I heard the hisses and growls of the beasts . My heart

thumped as I heard them getting closer and closer towards us . Their unearthly sounds echoing off the

walls and down the tunnels . Goddess ... She had released them .

I needed to hurry . Marcel grunted and I saw his eyes glow gold . My job was done ... I stood up swaying .

Alejandro ... I turned , following my nose back towards him . Please wake up ... His breathing was steady and I followed the sound .

The shrieks were coming closer . Why was I so weak ? Had I overused my abilities ? I didn't know my

limits yet , but fighting Endora had taken a chunk out of me . I could hear the shrieks and growls of the approaching monsters .

I turned towards the sound , I needed to protect him . My eyes flashed as I called my power forth . My

aura blazed around me but before I could do anything , a strong pair of arms wrapped around me from

behind , sending off sizzling sparks . I closed my eyes in relief . " You're ok . " I whispered . " Thanks to

you ...

Now let me handle it from here . " He murmured huskily , placing a lingering kiss on my neck . I couldn't

argue when my body felt like lead , I let my aura dissipate . " They are innocent wolves . " Marcel's voice

came , as Alejandro moved me behind him .

" Created by her magic , that you were too fucking blinded to see . "

Alejandro growled . " Do you blame

me ? When even you couldn't fight her ?! " Marcel growled back . It seemed Rafael truly was the calmest of the brothers .

" She can't help them right now because she healed us ... We will have to kill them . " Alejandro said quietly . I could sense the anguish from him . " Those things have been let loose ... They are a danger to all of our kind . We need to stop this . " Alejandro urged . DEMEL " My men can help stop some ... Only kill those that are necessary .

" Marcel replied reluctantly . " I don't take orders from a fucker . " " Alejandro ... please . " I whispered , reaching out for him . His hand closed around mine , kissing it tenderly before he scooped me up and in a flash , I was placed in the corner .

" Get your energy back , I can handle these . " He said . I nodded as I smelt the rotting stench of a managal . It was good that the tunnel was narrow ; only one or two could come in at time ... I closed my eyes feeling extremely tired as Alejandro's aura swirled around u s , a blanket of pure power ...

An Alliance

ALEJANDRO

I was useless . She was so strong that even my speed wasn't enough . I hated that I brought Kiara here and hadn't even been able to protect her . I had never felt so fucking powerless ... Because me ... she could have been fucking killed .

Endora's words rang in my head . The fucking cheek of her to think that I'd b e ok with any of the shit she was fucking spewing . I guess I came across as more heartless than I actually was . Yeah , I was a fucking monster , but I wasn't as fucking far gone as she had thought ... I frowned .

For her to believe that , it meant she had been watching me for a long time ... I didn't have time to fucking wallow in self fucking pity . Marcel joined the fight , and I still had no fucking clue what to make

of that .

They were never – ending ; Marcel had let off a call to his wolves and I sensed them approach . I had to fucking admit , for just a bunch of rogues , he sure knew how to lead them .

Guess he was a Rossi after all ... I didn't know how to process that either ,but when the time came , we'll deal with that shit . After all , he had tried to attack Endora too ... I had known instantly what Kiara was trying to do when she smoothly snuck around me . She was a queen who cared for everyone , and I trusted her decisions . After all , she could sense what I couldn't . I just hope we get out of this shit ... Marcel shifted back , barking orders . " Bind and cage the ones you can ! Those who you can't , kill !

" The rogues went to do his bidding . I could see they were confused by the turn of events . I didn't bother leaving the vampires alive , those fuckers ' attacks were poisonous too . I don't know how long it took until they stopped coming but by the time they did I was drenched in blood . Some were injured enough to be captured again , others I completely tore apart on the spot .

My only aim was to get my woman out of here safely , I stepped back , feeling every bone in my body screaming for a break . I turned and walked over to Kiara who seemed to have blacked out . concern filled me as I scooped her into my arms .

Her heart was steady and it looked like she was simply sleeping . I kissed her cleavage softly , inhaling her scent . " I know you hate us ... " Marcel , or whatever the fucker was called , spoke . I looked directly at him .

He looked a lot rougher than Rafael . He had a few scars littering his torso and face , his hair fell to his shoulders and his eyes were the opposite of Rafael's cold and calculating , " Yeah , you got that shit right

.  
If you ever had a fucking issue with me , you could have come to see me . " I said coldly . " I've only ever

killed rogues who have attacked . Many a fucking time I've tried to extend the hand of fucking peace to you .

" " Oh yeah ? I never got that then , but I get i t now . It is clear that Mom had me completely blinded ....

We sent out many messages , even a plea to the Blood Moon pack to help with the disease that was controlling us when we knew they had the blessed wolf ... I'm not stupid , I realise now that she probably stopped those messages getting there ....

I want revenge . For everything she did to me ... to us . " He said , his voice rough and full of anger .

" I'm not sure if I can trust you . " " " You can trust him ... He isn't lying . " Kiara's voice came and I looked down at her , my heart racing . " Fuck ... Are you ok ? " I asked , pressing my forehead to hers .

She smiled softly and nodded , kissing me sweetly as she wrapped her arms around my neck . " I am , just feel tired . He isn't lying , Alejandro . He wants revenge and to help us . He genuinely cares for the rogues , just a s you care for all werewolves . " Her soft voice was like a pleasant song . " So what now ? " Marcel asked . " Now we leave here . " Kiara said . " I can't go ... not yet

Many of those Wendigo are good men ... I can't risk them all being killed . " He said quietly . " You do know she sent them after us plenty of fucking times ? " I said , glaring at him .

" She said it'd get your attention , and yes , I was aware that my men were being sent to their deaths . A sacrifice I thought was for the greater good . " He growled . At least he told the fucking truth . " Well , will you look at that ... ' my men ' ... You're a fucking rogue , not an Alpha .

" I growled . Yeah , I wasn't going to make this easy on him . " Boys ! " Kiara said , now jumping out of my arms . " Please . Calm down ... Alejandro , you are the King ... But he is also the Alpha to the rogues ...

” ” Who wants to be a king . ” I taunted . If he wanted to be one , he should show me he’s fucking strong enough . ” A title doesn’t make a king , Alejandro ... You’re the king , not because you’re a Lycan , but because you fought and spent your life protecting the werewolf race . You stood and put our whole race in order so n o wolf is abused ....

You are feared and respected . And even if you weren’t those things ..... you’d still be my king . ” She whispered . I could see the emotions in her eyes , and I knew she thought she had lost me . I pulled her close , kissing her deeply .

I would never die , because I didn’t want her to go through that pain . For her , I would survive anything .

She locked her arms around my neck , kissing me back with equal passion .

Pleasure rushed through me and I was glad that the baggy pants I wore didn’t tear completely when I had shifted . I could have kissed her for fucking hours but that damn fucker cleared his throat .

Kiara blushed and moved back quickly . ” Ahem ... As I was saying , to the rogues ... Marcel is like a king

too ... ” She said , sounding flustered . She sure could be fucking cute . ”

If you want my help , then you’re so called pack better be fully under your fucking control . One wrong move and I won’t hesitate to kill ...

” I said . Our eyes met and I saw him clench his jaw . ” Fine . I want Endora to pay ... And my men to be treated and healed . That is all I ask . What do you want from us ? ”

Marcel said . ” Well , you sure talk like an Alpha .

I have three fucking rules . Break even one and you’re out . First , the truth . No matter what it is , I want the full fucking truth . Anything you know , anything Endora’s said or done .

I want to know it all . Secondly , if any of your wolves decide to disrespect me , they’re fucking dead . And lastly , when the time comes to face Endora We fight as one .

\*\*\* I looked at him , watching carefully for even a sign of a lie , but he simply nodded . ” You have my

word . ” He said quietly . I smirked coldly . Good , the fucker atleast knew who the ultimate Alpha was .

I now glared at him , my eyes flashed red as I remembered something from earlier ... Where he had

mentioned Kiara ... ” Oh , and one more thing ... This isn’t a rule , it’s a fucking threat . Come anywhere

near my girl and I’ll fucking tear you to shreds .

Her Cold-Hearted Alpha by Moonlight Muse Chapter 100

Marcel

KIARA

Despite his threat to his brother , his words send a rush of emotions through m e . My heart was

pounding as he pulled me into his arms possessively . I simply closed my eyes and wrapped my arms

around his waist .

” I only wanted her for her power , as Mom wanted ... It’s nothing personal . Now that I know she was

lying ... I can guarantee I don’t want your mate ...

She seems to be young enough to be my daughter . ” Marcel shot back .

Alejandro growled and I pulled

away , trying to calm him down . I was glad that a few rogues had brought in some extra lanterns so I

could see a lot better . ” It’s fine ... Come on , we need to think of a plan of action .

” I said , kissing Alejandro’s chest as he glared at his brother . ” You should rest , my wolves will keep

watch . ” Marcel said quietly . ” Like I would trust you that much . ”

Alejandro shot back . ” We should

head back first ... “

He frowned deeply , looking at me , and I knew he was worried about me . ” I think I’d like to stay . Once

I’m rested , i n the morning I can help heal the Wendigo’s .

” I added thoughtfully . Alejandro’s frown deepened , he seemed lost in thought and I could feel his

hesitation before he nodded . ” Fine . ” ” Thanks .

” Marcel said . ” I will have someone show you a room , and give you clothes . After that , let’s eat . It is

late . ” ” I said before Alejandro ” Thank you . ” could even speak . ”

We’d like that . ” ” At least one of

you is sane . ” Marcel muttered.

" Yeah well , at least I'm not a fucking loser like you . " Alejandro shot back . Both brothers glared at each other and I sighed . It seems like it was in their blood t o have such big egos .

Once we were shown to a room and given clothes , we were left alone . The moment the door shut , Alejandro was in front of me , removing the necklace from around my neck . He crouched down , resting his head against my stomach .

My heart thundered at his move . He must have been worried ... " We are fine . " I whispered , I knew for a fact our bodies could take more than that , and I hadn't felt any pain or cramping .

I ran my fingers through his hair as his lips fleetingly brushed my stomach . Even though the fabric of my top , I felt the pleasant tingle rush through me . " I know .

" He said , clenching his jaw as he stood up , not able to look me directly in the eye . I knew it was because he didn't want to show his concern . " You were worried about our pup ? " I whispered . " Not really ...

" He denied , still not looking me in the eye . I raised an eyebrow , smiling slightly . I felt all warm and happy with his concern . " Really ? So , the moment we are alone , you rush to hear the heartbeat ... simply because you wanted to and not because you cared ?

" I teased as he slipped the necklace back around my neck . " Maybe a little . Don't fucking annoy me , Sweetheart . " He said , pulling me close . I smirked . " I kind of can if I want , and you wouldn't b e able to stop me . " I taunted .

" Oh , I wouldn't be so fucking sure . " He said , with a small cold smirk . Ok , I do not trust him at all ... "

Well , let's get changed . " I said , looking around the cavern room . It was more of an actual room than just a dingy cave . Although it was barely furnished , I could see that it was well kept .

There was a large double bed to one side , with three lanterns hanging around the room . It seemed they

didn't have much access to actual technology . There were two more lights on the far corner , ones that were created by magic . There were two small drawers and a chair standing to the side .

I picked up the clothes that were left on the bed for us and began stripping out of what I was wearing . I felt his gaze on me and my heart pounded , knowing I was tempting him ... I wanted him ... out ... I turned towards him just in time to see he had turned away , his jaw clenched as he began getting dressed , tossing aside his torn pants .

I pulled on the long – sleeved black shirt and denim pants that were rather loose on my waist , but they would do the job . We had barely finished when there was a knock on the door . Alejandro growled as I walked over , about to open it when he got there first , moving me protectively behind him .

I sighed . Did he really not trust Marcel ? At the door was a young wolf . He barely looked much older than fifteen . Despite how slim he was , I could see the muscles under his worn – out shirt . " Dinner is ready .

" He said , looking down under Alejandro's intense glare . " Lead the fucking way . " Alejandro said coldly . I took his hand in mine , hoping he and Marcel didn't start attacking each other . " What's your name ? "

I asked the boy . " Mine ? " He asked , sounding surprised as he let us through the dark halls .

Only Alejandro's lead was guiding me . " Yeah , who the fuck else ? " Alejandro added . " Eric . " He said .

" Nice name . " I said . I could feel the tension and anger rolling off Alejandro , I knew playing nice wasn't in him .

I knew this was not his style . Alejandro was the type to work alone and not trust anyone or rely on anyone for help . But I knew to defeat Endora we needed a united team . I knew he had listened to me because I wanted to stay and help the Wendigos . " Thank you ... " Eric said quietly . Soon I saw light ahead and the smell of freshly cooked soup , with plenty of vegetables , filled

my nose .

I inhaled deeply and heard my stomach grumble , making me blush . I was starved ! We stepped inside and all eyes turned to us . There was a mix of men and women . One thing they had in common were their lean bodies , each littered with many scars . The women all had hair down to their shoulders or shorter .

There was not one item of jewellery on any of them and I wondered just how hard their life had been . ”

Come . ” Marcel said , sitting at one of the long tables . Alejandro and I walked hand in hand .

His power rolled off him , making every wolf we passed lower their heads in submission to their rightful king . ” It’s a simple meal , but it should be filling . We don’t really have many options . ” Marcel said . ”

Thank you .

” I said sitting down . Once the food was served I picked up my spoon , looking forward to the meal , but before I could eat anything Alejandro had sniffed my bowl and had a taste , finally placing it down in front of me . I shook my head .

Did he really still not trust Marcel ? I guess , unlike me , he found it harder . ” So , how long did you know that Kiara could help with the Wendigos ? ” Alejandro asked coldly . ” For years . She said we needed to get her ... or we would all lose our loved ones ... “

Marcel said , now slowly swirling his soup in his bowl . The look of anguish that flitted through his eyes was enough to capture my curiosity . He looked down , taking a deep breath .

” We lost countless people .... I travelled far and wide trying to get rogues to join me on this cause ... but even then , I refused to just attack packs when all we wanted was help . That was until I became desperate ... My mate ... She was from a pack down near London ... but she ran away from her pack for me ... ” Marcel said . My

eyes stung with tears , feeling his pain . He had lost her . I knew it before he even spoke .

” She was perfect ... but yeah , she became one of those things ... and right to the end , I just wanted a way to fix it . I even left here myself to beg the Alpha of The Blood Moon pack for help .

But ... I wasn’t even allowed past pack borders ... She died right here in a cell and I couldn’t do shit . ” 11

The pain he felt for his mate was palpable and I felt an ache inside . Just imagining losing your loved one

... Going through that terrified me ...

” That should have been your first fucking alarm signal . ” Alejandro said coldly . ” The fact they let you live and not your men . If any pack let you just go back , didn’t you find that strange ?

” ” I was beaten ... But no ... it never crossed m y mind ... Just the pain I felt and the cold treatment we received . ” ” I know enough about witchcraft to know that she probably put some spells on you o r made you see something that didn’t happen .

Do you know how these fucking Wendigos are made ? ” Alejandro asked coldly . Marcel didn’t reply . ”

By being fed other rogues ... cannibalism a tits fucking finest .

She probably staged certain wolves ‘ deaths , but really , she was feeding it to selected wolves right

within these fucking walls . Your mate’s dead , because of that bitch

Endora . ” Alejandro’s voice was cold and emotionless .

Yet I knew every wolf here who was listening felt the anger and power that emanated with every word . I

knew they didn’t like us . After all , all their lives they had been told we were the enemy . As silence fell , I

saw Marcel look sick . Snapping his spoon as he tossed it onto the table in anger , his eyes blazing gold . ”

That bitch . ” He growled . ” Dad ... ” Our eyes snapped to a boy with blue eyes and dark brown hair . He

was barely ten years old , but I could see the slight similarity to his dad . ” Leo ... why the fuck are you

here ? ” Marcel said coldly . ” I just ... I have news ... ” He said quietly . ” So , you have a kid ... ? ”

Alejandro said , with his head tilted . The boy looked back at him defiantly , before looking down . " What is it ? " Marcel snapped . " She's gone ... I don't know if it was grandma ... or ... " Leo said . I saw Marcel's eyes widen , a frown on his face . " Fuck ... " He growled . I exchanged looks with Alejandro , who looked as confused as I felt . " Who escaped ? " He asked Marcel . " It's not important ... Let's just say she's trouble . Maybe it is for the best ... Leave it For all we know , she may just have been another of Endora's victims . " He said frowning Leo nodded as he walked out again . " You have a ten – year – old carrying orders ? " Alejandro asked , raising an eyebrow . " He's nine actually , and yes ... He needs to pull his weight . " Marcel said . For once , Alejandro didn't say much , simply nodding and shrugging . Then again , maybe I was wrong . " He should be in school . " He said moodily . Marcel sat back . " Care to share how we could have attained that when we are killed on sight ? " He asked coldly . " Made to fucking think that . " Alejandro growled . " I've never fucking put that rule down . " " Fine ! I get it . " Marcel snapped back . I ignored them . It seemed they were planning to be at each other's throats often enough , so I will leave them to it ... o this soup was really good ... I was feeling much more energised . " Tomorrow we clear out this place . Her magic lingers and it isn't safe . You all can set up camp close to my pack grounds . If Endora plans to make a move , I have a feeling it will be a big attack . We need to be ready . " Alejandro said , now placing his arm around my shoulders and kissing my forehead before he finished his soup by drinking it down in one go . " Understood . " Marcel said . " Oh ... and I'm sure Rafael would love to meet you . " Alejandro said mockingly . " Rafael ... " He replied , frowning . " Your twin . " I said . He nodded . " I doubt he'd want to meet me , and I don't really care

for family reunions . ” Marcel said curtly .  
But I knew he was just unsure . ” Oh yeah ? Well , Rafael will probably  
fucking love it . ” Alejandro said .  
” If he’s anything like you ” He isn’t ... Rafael is really sweet and kind . ” I  
interrupted with a smile .  
Alejandro raised an eyebrow as he looked down at me . ” Oh yeah ? ”  
Yes , and you know it . ” I said ,  
with a pointed look .  
” Well let’s call it a night ... ” Alejandro said quietly as he stood up , I  
didn’t miss his gaze lingering on me .  
Marcel nodded as Alejandro placed his arm around my waist , glaring at  
a few male wolves who had  
glanced towards me . His menacing growl had them all lowering their  
heads in submission .  
I resisted a smile , leaning against him as he led me out of the hall . The  
second we were in the dark , he  
scooped me up bridal style , making me gasp . ” Alejandro ! ” I exclaimed  
startled .  
His reply was a soft kiss to my neck before he inhaled my scent . ” This is  
fucking hard . ” He muttered . I  
knew what he meant but I said nothing , simply wrapping my arms  
around him tightly .  
We reached the room and he locked the door behind us , easily carrying  
me with one arm before he  
walked over to the bed and placed me down . ” Best get some rest ... ”  
He said , his eyes meeting mine .  
My heart pounded as I held on to him tightly , slowly pulling him on top  
of me . His eyes flashed red and I  
could feel his struggle . ” Just ... kiss me ... ” I whispered , looking into his  
blazing red eyes , He didn’t say  
anything as he pushed me back onto the bed , gripping my wrists as his  
lips crashed against mine ...

A Memory

ALEJANDRO

The moment those words left her lips , I couldn’t control myself . I  
pushed her back onto the bed and  
kissed her hard . Fuck , I needed this .

She moaned softly , as I climbed between her legs . No , I wasn't going to break the promise I made to myself , but that didn't mean I couldn't have a little piece of heaven ... The feel of her soft lips fighting for dominance against mine , her sweet taste and her intoxicating scent were all fucking driving me nuts . I ran my hands down the curve of her breasts and waist , massaging her hips .

She moaned against my lips and I took the chance to plunge my tongue into her mouth , I could smell her arousal as she locked her legs around me . I was already fucking hard for her .

" Nh ... " She moaned , sucking on my tongue , before I broke away and began kissing her down her jaw .

My hand squeezed her ass . Fuck , she was perfect in every fucking way . I kissed her neck , making my way to her breasts .

I pushed up her top and bra , taking one hardened bud in my mouth .

The moan that left her mouth made me groan , Fuck , she was heaven in this fucking hell called life . I grabbed her other breast , squeezing it , Fuck , I could stay here forever ....

I pulled away , glancing up at her . Her eyes were blazing purple and she was breathing heavily . I licked and sucked the other nipple . My eyes locked with her when I bit down gently , making her cry out .

" Oh fuck baby ... " She whimpered , as I kissed her lower . She tugged me up . " My turn ... " She whispered , pushing me onto my back onto the bed . I raised an eyebrow as she straddled me , claiming my lips once more .

I wasn't one to let women have their fucking way or touch me so freely ... But Kiara ... the nympho , was my fucking world . I watched her place sensual kisses down my neck .

Fuck , did it feel good . She sat back , pulling my shirt off . I helped her , tossing it aside , her eyes glittering as she admired my torso .

A small smile crossed her lips as she began placing soft sensual kisses along my collar bones and over my

chest , licking my nipple before she pulled at the piercing with her teeth .  
Sending a pleasant tinge of

pleasure and pain through me . ” Fuck love .

” I muttered , tugging her back by the hair . She glared at me . ” Don’t  
stop me . ” She growled . Now that  
was fucking sexy ... I smirked , tapping her ass before I put my arms  
behind my head and gave her a wink

.

” Well , if you want to worship your king , go the fuck ahead . ” I said  
arrogantly . She rolled her eyes ,  
before kissing my lips passionately .

Breaking away and went back to kissing me down my chest , licking and  
tugging at my nipple piercings .

The pleasure was driving me insane , and my fucking hard – on wanted  
more than just her kisses . She

went lower , her ass now pressing against my dick . ” Fuck ... 11 ” Do you  
like that baby ? ” She whispered

, running her tongue along my abs . Fuck .

” Stop . ” I said huskily , sitting up slightly . ” I don’t want to ...

” She said , licking her lips before placing kisses along the band o f my  
trousers . Her breasts were

rubbing against my dick . My eyes flashed red , the urge to mark and  
fuck her was at breaking point .

I sat up , pulling her up into my lap and kissed her roughly . She gasped ,  
unable to keep up with my

brutal , rough kiss . It took all my fucking willpower to grip the back o f  
her head , pulling away from the  
bruising kiss .

I pressed my forehead to hers , taking a deep calming breath . ” I am not  
fucking you here . ” I said

huskily . She was about to say something , her large eyes looking into  
mine curiously before she gave me  
a small smile and nodded .

Wrapping her arms around my neck instead . ” I love you . ” She  
whispered , kissing me just behind my

ear , sending a shiver of pleasure through me . ” Love you fucking more .

Now let’s get some rest . You’ll  
need it . ” I said .

She nodded , stretching . ” I cannot wait to get back home . ” [ ” ” Home ?  
As in our pack , right ? ” I

asked , trying not to look at her sexy breasts as I lay down and pulled her down next to me .

” Yes ... The Night Walkers Pack . My pack . ‘ She said , closing her eyes as she snuggled into me . I

smirked slightly , kissing the top of her head .. ” 1 ” Fuck yeah . ‘ ” I’m glad you found your brother ... ”

She said quietly . I frowned slightly .

Was it something to be excited about ? I wasn’t sure , but I knew h e didn’t have the perfect life . If you

looked at it , none of us – including Rafael – had it fucking easy ... Raf had been nineteen and was forced

become the Alpha of one of the strongest packs in the country .

Alphas typically took over at the age of twenty – one at the youngest , and even then , their fathers kept

a fucking eye out for them . On top of that , I admit I made life fucking harder for him . Pushing him to

the limit ... Wanting him to break ... To make him snap and to blame me for our parent’s deaths ...

( FLASHBACK – SIX MONTHS AFTER ALEJANDRO THOUGHT HE KILLED BOTH HIS PARENTS ) ” Al ! Stop it !

” Raf shouted , pulling me off the two eighteen – year – olds . Both who were barely recognisable now .

” Get the fuck off of me , you bastard ! ” I shouted , wrenching free as I turned and slammed him to the

ground . ” Al , please listen to me ! ” Raf said , as he blocked my attacks . ” No ! Fight me like a fucking

man , or let m e do whatever I want ! ” I growled . Punching him across the face , his eyes filled with

sadness .

Simply blocking the worst of my attacks . ” Fight me , fucker ! ” ” I won’t hurt you . ” He said softly . I

hated it ! I hated his fake sympathy ! I hated that shit fake love . I knew he was putting his Alpha training

o n hold because of me ... and until I slowed down , he would do just the basics .

Usually Alpha’s had to leave at the age of eighteen or nineteen , until they were twenty – one . They’d

travel and train , it was the only thing they did with other Alpha’s , the only unity between us .

Apart from that , we were all just solo packs . I just wanted him to leave , I know he was holding off because of me and I heard he would do a shorter – term as he was needed here . But still , he refused to leave me so soon . ” Just fucking leave ! I fucking hate you ! ” I spat , slamming his head against the tree behind him .

He gave me a small smile , ” But I’ll always love you , little brother . ” Fuck him ! I stepped back , hating his attitude . ” I’m a monster . The sooner you realise that , the better . ” I hissed . ” You’re just hurting . ” He said quietly .

I knew he had lied for me . Everyone thought our parents died in a rogue attack , he told me no one would know . That he’d always protect me ... I didn’t need his protection , I just needed him to leave me alone . ” I’m not hurting ! I don’t care ! Dad deserved it ... He did .... ” I trailed off , my energy fading away .

” ” You can talk to me , Alejandro , any time you need to . I will always be here for you . ” He said , grabbing his left shoulder as he pushed it back into place with a sickening crunch . I heard footsteps and the Beta approached .

He looked between us , and then directly at Rafael . Frowning after a moment . ” Your mind link is blocked , Alpha . ” He said curtly . ” Yes , because it is only my brother here . If you need to speak , speak openly .

” Rafael said . I shook my head . ” Whatever fuckers . Enjoy . ” I gave the Beta the finger , before walking off . When I was out of werewolf hearing distance , the Beta sighed deeply .

If only either of those fuckers knew how good my hearing was ... Ever since I shifted when I turned thirteen ... I was faster , stronger and had better sight in human form than many werewolves but I kept it a secret as Rafael had told me too .

I had told him that day I killed my parents what had happened in the room . I had been too disoriented

to focus on anything . ” He is a problem , Alpha Rafael . If I were you , I’d make some decisions soon .

He needs to be broken into submission . ” I heard the menacing growl from Rafael as the Beta was slammed into the wall . I simply shook my head , I was already fucking broken , just not in the way they wanted ... ( END OF FLASHBACK ) This was the fucking reason that I think Rafael could use a brother and then would leave me the fuck alone ... or at least he can have the family he deserves ...

I just hope that fucker Marcel didn’t turn out to be a dipshit like me , because he sure as fuck acted like a fucking prick . ” What’s on your mind ? ” Kiara asked me softly , ” Just thinking back to the shit I put Raf through ...

I think he could use a proper brother . ” I said , running my fingers through her silky locks , the perfect shade of caramel ... She was my fucking chocolate heaven ... She slapped me now , making me look at her , raising my eyebrow .

” What the fuck was that for ? ” I frowned . ” For being an ass , what do you mean proper brother ? What are you ? His sister ? ” She snapped . I smirked . ” Calm your hot ass down ... I was stating a fact-

” ” No , you weren’t . You need to stop with that . Honestly , Rafael loves you . ” She said . ” Alright , fine , I’m not fucking arguing with you because you need to go the hell to sleep .

” I replied , shaking my head . She looked up at me , her eyes sparkling with amusement . ” My sexy beast is getting tamed ... ” She whispered , running her fingers down my chest . ” Your sexy beast , huh ? ” I said , cocking my brow .

” Well ... I think the name suits you rather well ... ” She replied with a small pout , as she traced her finger in circles on my chest .

And let me tell you , that simple move was fucking my head up badly . ” If you say so , Amore Mio. ” I said with a small smirk . The name wasn’t bad ... Yeah , I’ve never done this before , but it felt so fucking right

....

I kissed her nose , before pulling her against me tightly . Frowning when I remembered one thing she had just said . Tamed ... I was not getting fucking tamed . How the fuck was I tamed ?

I looked down at her , about to say something when I saw her eyes were closed and she was drifting off into dreamland . Well fuck . I guess I'll let it slide . If she thinks I'm tame , once I make her mine ... I'll

show her how far from tame I fucking was when I devoured her entirely .

The Girl In The Cell

KIARA

The next day I awoke , feeling a little cold despite Alejandro's arms around me . After we left the caverns we went to get a quick wash out by the lake , something Alejandro only allowed me to do after the area was definitely clear of all life .

We then had breakfast before I started on the Wendigos . Many had been killed last night , but in total there were about thirty – two that I would be able to heal . The process didn't take much out of me to start with , but after thirteen , I needed a break . Alejandro didn't leave me for even a second .

He had contacted his men , who had been waiting at the outskirts of the forest to protect me , via mind link , and had told them about the turn of events . " Come on , sweetheart , let's get some food in you .

" I've eaten , I just need some rest . " I said , rubbing my head . From the ones I had healed , not all of them were mentally stable , and I knew they'd need therapy or some form of help . What broke my heart

was the youngest Wendigo was a girl barely seventeen years old .

Ever since I had changed her back , she had refused to let anyone near her . She seemed terrified and

intimidated by all the men around too . " Can you give us some space ? "

I said to Alejandro , looking

towards the far corner of one of the cells , where the girl was huddled into a foetal position .

Not even bothering with the clothes that had been given to her . ”  
Sure . ” He said , frowning deeply . I  
knew he hated leaving me alone for even a second , but I was glad that  
he let me do what I wanted ,  
even if he didn’t like it . ” Thank you . ” I said , tiptoeing to kiss his cheek .  
He turned at the last moment , catching my lips with his own . Then gave  
me an arrogant smirk before I  
walked off . Knowing his eyes were on me , I ruffled my hair with both  
my hands , letting my top rise up a  
little , giving him a good view of my ass . I smirked when I heard his heart  
race and almost skipped into  
the cell , feeling satisfied .  
My amusement vanished when I pushed open the door to the cell ,  
sensing her turmoil of emotions ; fear  
, guilt , pain . I wondered if they remembered what they did in their  
Wendigo state ? If that was the case  
, this was going to be a lot harder .  
” Can I come over ? ” I asked softly . She tensed , curling up tighter . ” S –  
stay away ... ” She whispered . ”  
I just want to make sure you’re ok ... I know , it won’t be easy ... ” 11 I  
knew we were being watched . It  
had been the same since the morning .  
Many felt confused that we were helping them without a reason . I just  
hoped they understood we were  
on the same side . ” N – no , I’ll hurt you ! ” She whispered . ” You  
won’t . ” I said firmly . I turned and  
looked at a few men who were watching , motioning to them that I  
wanted some food brought to me .  
One of them nodded and walked off quickly . I picked up the joggers and  
shirt that had been placed in  
the cell and walked closer . ” Come on , even if you’re scared to hurt  
me ,  
I assure you I’m pret strong . ” You don’t know that . ” Came the quiet  
reply . ” Well then , I trust that you  
won’t , because I see a girl who’s been through hell and back in front of  
me , not a monster . ” I said ,  
softly crouching down . Come on , get dressed . ” ” I to – told y – you I’ll  
hurt you ! ” She said , sitting up  
as she scurried away from me .

I looked at her sympathetically . " What's your name ? " I asked . " Joanna ... " She replied hesitantly . I flashed her a smile as I glanced around the gloomy cell , lit only by a few lanterns which had been placed in the halls and here for me .

" Nice name , can I call you Jo ? I'm Kiara . You can call me Kia ... " I sat down cross legged , keeping a three – foot gap between us . She nodded hesitantly , flinching when the doors opened and a woman stepped in holding a plate of food . I motioned her to pass it to me , before she gave me a small smile and left .

I had gotten a lot of hostility from them since this morning , but as the day progressed , they seemed to be less cold towards me . " You know ... you can share what's scaring you ? " I said , pushing the plate across towards her . She flinched , slowly grabbing the pants and pulling them on clumsily .

I looked away , giving her the privacy she needed until she settled down on the ground and looked at the plate . " I ... I'm scared to become that again ... " She whispered . " I'm scared I'll kill someone again .

" " What you became was not your fault , what you have done was not in your control . Jo ... as long as your intentions are good , then you don't need to feel guilty . We have all done things we aren't proud of . I sure have ! " I said , giving her a small smile as I motioned to the food . Hesitantly , she took it .

" But you know what , we're human – well kind off . We are bound to make mistakes . You know ... I'm the one who turned you back , so as long as you are around me , you will be fine . I won't mind you staying close . " I said softly . " R – really ?

" She asked , looking uncertain . " Really . " I replied firmly . She nodded , giving me a weak smile before she began to eat , Her hazel eyes looked dull and I hoped one day their spark returned .

I sat with her on that cell floor until she had eaten before I told her I wanted to go help the rest . She told

me she'd just stay in the cell for a while . I just hoped she'd somehow heal ... I was just about to leave when she spoke . " W – wait ... " I turned and looked at her . " What's wrong ? " I asked . " I want to speak to Delsanra ... can I ? " " Of course , do you want me to call her ? " " Yes please . " She said , wrapping her arms around her legs . I stepped out of the cell and the three men who were standing there , looked at me .

" Queen Luna , the girl she speaks of , has escaped . " " Oh ... " . " I said , looking back at the girl who simply nodded in understanding and looked away . It took me a moment to realise what they had just called me , but as much as I wanted to deny the title , I was more curious about the girl . " Who was she ?

" " A witch with magic darker than Endora ... " Marcel's voice came . I turned to look at him as Alejandro came over to me . " Oh ... " I said , glancing back at Jo . I wonder why she wanted to speak to her . " Don't you think you're saying that simply because Endora blinded you ? " Marcel shook her head .

" No , Endora clearly turned to the dark ... That child ... She was born from darkness . " He said , frowning deeply . " I just hope she's not caught , because Endora needed her ... " " 11 " Then it wasn't fucking smart to let her go then , was it ? " Alejandro growled . " To me ... She was still a child , barely sixteen years old ... I'm sorry , but I am not going to hold a child captive when I am acting of my own free will .

" " Yeah , but we could have at least kept her the fuck away from Endora . " Alejandro shot back . " Ok boys ... " I said , placing a hand on Alejandro's arm , before Marcel got fired up too . " Is something else bothering you ? " He sighed and looked down at me .

" I felt a pack link break . I wanted to step out , get a cell phone connection and find out if it was Fred ... or someone else . " He said , his eyes flashing red . I nodded , my heart thudding at the thought .

How was Auntie Indy going to take the news ? I knew Auntie would always question if there was any chance of redemption , would he have changed ? I knew deep down that abusers like that never changed . I sighed deeply , hoping that Selene would grant my aunt the healing she would need to make it through this ... Because it was surely going to devastate her ...

Her Cold-Hearted Alpha chapter Returning Home

ALEJANDRO

We were back on the road by sunset, I had organised transport for the wolves who needed it. Mainly the ones who had been treated and then a few pregnant women. Kiara had stated the ones who needed mental support would be kept at our hospital.

I loved how she was already making fucking decisions for our pack. She was the perfect Luna and I have no fucking idea why I didn't see it before. She may only be eighteen, but I forgot that with the way she behaved at times. I had made sure provisions were made for the rogues. Food, tents and all the correct supplies were ready at the edge of my pack territory. I hadn't mentioned Marcel's identity or even the witch's real identity to anyone.

I had only passed on some information to my men who were waiting at the border of the forest and then managed a crap signal to fill Darien in on a little. Rafael remained at my pack whilst he had sent Rayhan, Maria and Raihana back to their own pack. I would tell him in person, it was going to be a lot of fucking crap to take in.

I had also found out whose pack link I had felt breaking, it had indeed been Fred who had been killed. I could tell the difference between someone breaking a pack link and death. Darien had confirmed everyone else was accounted for.

There was no way he would have been able to survive and although he deserved it, I had lost one of my best men. I had sent him to his death without even a chance of him getting a proper burial. Perhaps

making an example of him would have been better, to make sure something of the sort didn't happen again..

But that was Indigo's secret and I knew for a fact she wouldn't have allowed it. Kiara placed a hand on my thigh and I glanced at her. "Are you ok?" She asked softly. "You can fucking sense it huh?" I said, "One of my many gifts." She said lightly. But I could see the concern in her eyes "And you're my fucking gift." I said, cupping the back of her neck and kissing her softly. Fuck, her lips were the softest, most fucking sweetest things ever.. Well, there was only one other place that tasted better and that belonged to her too... "Once we're back... I was thinking if you're ready, shall we set a date for the marking ceremony?" "A marking ceremony?" She asked. Although I wanted to marry her, I didn't want to rush that. "As king, they expect me to mark my mate in front of witnesses as it's, in a way, marking you as their queen. If anything were to happen to me, for you to get complete rule, we need to do it publicly. ""Nothing will happen to you." She said, %31 frowning. "I know, but still. So we need to mark each other. As much as I'd fucking love the privacy, I don't mind showing the fucking world, including a few fuckers, that you're mine. She let out a small laugh. "Possessive Alpha mode, huh?" " Nowhere near anything like your old man ." I said . " Speaking of Dad , we need to break this news to them about our baby ... " She replied , placing a hand on her stomach . " We'll set the marking ceremony as soon as possible and call only the main fucking Alpha's . Guess we could break the news to your parents when they come . Overall , I want to keep it hidden for as long as possible . " I remarked . Reaching over , I placed my hand over the one she had on her stomach . The pleasurable sparks shot through me and our eyes met . She smiled gently and nodded . " That makes perfect sense . I think it's best to as well . " Before we faced Marcel , they mentioned a woman . There's someone amongst us who's a fucking traitor . Mind if I

burden you with keeping an eye out for anyone letting off any bad vibes . ” ” I don't mind at all . ” She said , her smile only growing .

” Now what the fuck are you smiling at . ” ” You really can be so sweet . You are actually really adorable .

” She said , reaching over and tugging my cheek hard . I glared at her . ” I'm not fucking adorable . ” I growled . ” You are .

” I looked at her as she laughed , looking out at the setting sun . The sun shone off her hair , making it glow . The light hit her skin just perfectly . She had never been scared of me ... She had never thought of me as a monster . I simply looked away , I wanted this life with her ... and I would make sure nothing destroyed it ... But I had seen Endora's capabilities ... If worst came to worst ... I'd do anything to protect Kiara and our pup . ' just hope it never gets to that fucking point . I will think about that when the time comes ... For now , I just wanted to enjoy each moment with my nympho queen . Although the timing was not the best , I intended to take her out on a date and make her mine in every way ...

We reached pack grounds a while later . Darkness had fallen , and I waited on the edge of the pack territory for Marcel at the location where the rogues could rest . His wolf was similar to Rafael's just more grungy , and he was a lot leaner . He made normal werewolves look like fucking cute furballs .

I was so fucking glad I wasn't a werewolf ... He shifted back and one of my men passed him some pants and a shirt . He looked around at the provisions and I saw the confusion in his eyes . ” This is all for us ? ”

He asked . ” No , my pack is just planning a sleepover out here . Obviously , it's for your fucking people .

” I replied sarcastically , a He raised an eyebrow before he nodded , motioning for his people to come closer . ” The wounded have gone ahead with a few of your warriors into our pack grounds to be treated and taken care of .

For security reasons , you are not allowed on pack grounds without permission . You may set up your patrol as you wish , as I know you're probably thinking I'm waiting for you to fall asleep before I tear your heart out ? But don't worry , if I wanted to kill you , you'd be dead . " I said coldly .

" That's him being nice . " Kiara added from where she stood next to me .

I smirked coldly at him as he now frowned , looking at Kiara . I knew he was probably noticing her slightly off gaze , I glared at him but he said nothing , not even bothering to look at me .

I was glad he didn't at least check Kiara out , unlike all those fucking assholes like Rayhan . I still felt like giving him a fucking beating to get it out of my system . I just hope when he finds his mate , she makes it so fucking hard for him that he'll feel pain .

Yeah , I liked the idea of that . " What's on your mind ? " Kiara asked . "

Why ? " " I sensed happiness , "

She said . " Yeah , I was picturing someone getting fucking tortured , " I snickered . She sighed . " Right ...

" She said with a shake of her head . " Well , if your men are fine to set up , want to meet your fucking brother ? " I asked Marcel . " As long as he's nothing like you . " Marcel shot back . " Nope , you two are more alike . Rafael is sweet and kind .

" Kiara said , making me frown . I swear if I knew that fucker wasn't just like an uncle to her , I'd want to break Rafael's teeth too . The number of times she called him fucking sweet ... " Let's get this shit over with ...

" I said , leading the way , my hand holding Kiara's tightly.com This sure was going to be fucking interesting ... Moonlight Muse Author " Thank you for reading , I hope you enjoyed.

Brothers

KIARA

We got to the mansion to see Rafael was already waiting for us at the entrance . " Kiara ! Al ! " He said , as he gave me a big bear hug and a kiss on the forehead .

I won't lie , even if Alejandro was my mate , Rafael had always been like family to me . He tried to hug Alejandro , who shrugged him off and wrapped his arms around me instead . " Raf , meet Marcel , the so – called king of the rogues . Another fucker like yourself , one who happens to be your twin brother by the way . Not to mention that the witch behind all of this shit is actually our mom . She faked her fucking death to make me into a monster , kinda worked . So , it isn't just the two of us , there's the evil witch and a long – lost brother . I think I pretty much covered it all , right guys ? " Alejandro said , sounding mocking and unbothered . I blinked and nodded slowly at the blunt reply . It took Rafael a few seconds to comprehend , before his eyes snapped to Marcel . I could feel the storm of emotions going through Rafael , along with the slight anxiety and tension from Marcel laced with hesitation and doubt . " I have a twin ... " Rafael said as he looked at the man who stood at the same height as him . Both men were bulky and strong , but you could tell that Marcel was leaner despite the bulging muscles . Signs of a harder life . " Not sure how true it is . Endora could have been lying ... " Marcel said curtly . " I would have known if she lied , she was telling the truth . " I added helpfully . Rafael smiled sadly . " I think we have a lot to talk about , but come , give me a hug . " He said . Alejandro scoffed as Marcel raised an eyebrow . But Rafael didn't care as he pulled him in for a big manly hug . " Welcome home , brother . " He said , with a smile that made his eyes light up . " Yeah , don't think this is home ... " Marcel grunted . " Yeah , it's my fucking house , and I hate the fact that you've made yourself at home here . " Alejandro retorted , glaring at Rafael , who simply smiled at them both . " Of course , I will make myself at home .

Tell me Kiara ... as the soon to be lady of the house ... Are we welcomed ? ” ” Of course , I think I'm already the lady of the house , right handsome ? ” I asked Alejandro . ” Handsome ... ” Rafael said , scratching his chin in amusement . ” Yeah , but that doesn't mean calling crap into the house . ” Alejandro muttered , pulling me close and kissing my forehead . Rafael looked shocked , now staring between us . ” Wait , you two made up already ? ” He asked . The bright lights that illuminated the front entrance made his eyes sparkle even more , looking like a child whose Christmas had just come early . ” What's that fucking supposed to mean ? ” Alejandro growled as we all began walking towards the entrance . ” It's just ... Wow , I'm happy . ” Rafael grinned , like a proud father . ” It means you tried Alejandro . ” ” He did ... ” I said , with a smile . ” Can we not fucking discuss this . Butt out of my business . ” Alejandro growled at his brother . I reached up , pulling him down slightly as I tiptoed , placing a soft kiss on his jaw . Our eyes met and I saw him swallow before he claimed my lips in a rough , passionate kiss . ” Goddess ! I was not expecting you to have gotten there already ! I will need to tell Eli ” ” No ! ” I said , blushing at how quickly I spoke . ” Umm , I'll tell Mom and Dad .. ... . ” Rafael chuckled . ” Very well . ” He said . We all entered the smaller living room and sat down on the black leather sofas . The mood darkened considerably as Rafael looked at the other two men . ” So ... Care to fill me in on Mom . ” He said quietly . Alejandro sighed , leaning back against the sofa , putting his arm around me and pulling me against him . I snuggled into him as he began filling Rafael in on everything that had happened . Marcel and I gave our input along the way , before the room fell into a deep silence . ” I'm sorry you had to go through the guilt ... When she just played us all . ” Rafael said , frowning as he looked at Alejandro .

" I told you ... I don't care ... " He said , his tone dark . I knew he did . It was the very reason he didn't want to get close to me . There was a knock on the door before it opened , and Claire came in with some refreshments . Once she left , Alejandro looked at the three of us . " I've called Darien to join us . We need to make a plan . Endora will surely make her move and probably fucking soon ... " " He said . Marcel nodded . She has other aces up her sleeve . I don't think she can make more Wendigos and Manangals , or I hope not , but she will have a plan . She will attack this pack . That was the original plan . She said she'd wait for the stars to align when the magic she holds is the strongest , but we were never told a date . " " That's going to be a fucking issue ... I don't think we can even find Janaina and from what I know if witches are not given their last debt they won't give us any more information . We didn't manage to get that fucking necklace ... Any idea ? " Alejandro asked him . " My best guess , within this month ... She was using the witch she had held captive to provide her with answers she couldn't get herself . " " Delsanra right ? " I asked . Marcel nodded , just as the door opened and Darien stepped inside , looking between Marcel and Rafael . It seemed Alejandro must have filled him in as he didn't look too surprised . " I'm Darien , the Beta of this pack . " He said , holding his hand out to Marcel , who shook it . He then sat down and Alejandro picked up a mug . " So , you were saying ? " He said , passing it to me and taking another . I welcomed the warmth of the mug as I cupped it , nestling my head against Alejandro's chest . " I don't know much about this girl , I was never allowed near her . " He said , shrugging . " I wonder if that was just in case she lifted the influence Endora had on you ... I mean , that's if she didn't side with Endora willingly that is . " I said thoughtfully . " I will never know , but if there is a chance we can find her , just to get answers , it would be ideal ...

I know I didn't want to go after her ... but maybe it's the only choice . 11  
Marcel said . " Why do I feel like  
you don't want this girl harmed ? " Alejandro asked sharply . I could  
sense Marcel was hiding something .  
He now looked at his hands , guilt rolling off him in waves . " I once felt  
like magic was involved .... So ,  
when I questioned Mom- Endora .  
She said that I was correct , but she didn't tell me just in case I became  
worried . She told me she'd find  
the one behind it and make them pay . A week later , she brought that  
girl . This was just under a year  
ago .

I was shocked that someone so young could be behind it , but I could  
sense the darkness from her , the  
vast level of her abilities . Even then ... I saw innocence in those blue  
eyes . My instincts told me she  
wasn't behind it , but my mind told me to let Endora carry on ...  
She was beaten and goddess knows what else ... Mom dealt and  
commanded who went near her ... " " "  
You were being influenced . " I said softly . " That doesn't pardon my  
actions .  
" He muttered Alejandro put his already empty mug down and opening  
the coffee table drawer , took  
out a lighter and a packet of cigarettes , lighting one . I watched him ,  
having to admit he made my core  
throb at how sexy he looked . He glanced at me as he took a drag of his  
cigarette and I looked away . My  
heart was pounding and I knew everyone here could hear it . Goddess  
help me !  
" " Here's what we'll do ; we can send a team of trackers , do you have  
anything that belongs to her ? Or  
know where she's from ? " Rafael asked . " She isn't hard to miss , under  
5 feet tall , very skinny and her  
hair , it was as white as snow .  
Blue eyes , she isn't going to blend in . " He replied . " I'll call Rayhan ,  
he's one of the best trackers . "  
Rafael said . " You shouldn't leave your pack without a " 1 n Alpha . " "  
1 " I'll return then , we can't  
waste time . Rafael said . Alejandro nodded .

" I can send some of my wolves with your team who have seen her . " Marcel said . " That would be a lot of help . I'll get Drake , Dustin and Valentin . " Darien said . " Has his mate had her pup ? " I asked . I wasn't sure if she had , or if it had been mentioned and perhaps I had missed it . I felt a bit bad for being so neglectful and not even inquiring . " Yes actually , so he's ready for this mission . He has been meaning to speak to you , but things have been hectic . " " I understand , I wanted to as well . I'm just glad he is ok . " I said , smiling slightly . Darien grinned as he looked between me and Alejandro . " I'm glad to see the two of you have worked things out . " He remarked . I blushed , " I guess so . " I replied , feeling all eyes on me . " Right , on that fucking topic . I'm considering initiating her as soon as possible , mark her and make her my Queen and Luna . Call just the council advisors . Two nights from now , I'm marking her . Keep it small and advise the strongest Alphas to send their beta or delta in their stead if they so wish . With the current situation , I recommend they all stay put in their packs but I don't want them bitching I didn't invite them . I'll tell Elijah myself ... " Alejandro said . My heart was pounding at his words , two days from now ... Oh , Goddess ... " Is that fine by you , Amore Mio ? " He asked . Everyone looked at me , as Darien and Rafael exchanged looks , smirking knowingly . " Sounds perfect . " I said , realising that this was it ... Alejandro and I would soon become one ... " Perfect . Then I guess tomorrow I need to take you shopping . " " OK , now I'm terrified of this new Alejandro . What have you done to my brother Kiara ?! " Rafael teased Darien laughed , even Marcel smiled ever so slightly . " Seems like he's totally whipped . " added . " Darien Alejandro growled . " I'm fucking not . I sure as fuck won't be anything like you fuckers . " He said , glaring at them , his Alpha aura rolling off him in waves . I simply smiled , knowing a simple touch would calm him down ... But I'd let him pretend

he isn't . I giggled , clamping my hand over my mouth , my eyes widening as Alejandro glared at me .

Despite not sensing any anger from him , he was clearly unhappy . " Just thinking about something . " I

said innocently . " I know for a fucking fact you are anything but innocent . " He said , smirking sexily at me . He glanced at Marcel .

" Darien , escort Marcel back to where his pack are allocated and if he wants to visit the hospital , let him

. " " Got it Alpha . " Darien said , standing up . Once they left , Alejandro looked at me .

Our eyes met and I knew what he wanted to ask . If I was ok with telling Rafael about the baby ... My

heart warmed at the very thought . It meant , no matter how much he denied it , Rafael meant more to

him than he would admit . I have a small nod .

" " I honestly can't believe you two have worked out , I'm so proud of you both . Rafael said , I could feel

the genuine happiness from him . " Yeah , about that . " Alejandro said , scooping me up into his lap .

I gasped , but relaxed the moment his lips touched mine , sending a ripple of pleasure through me . " I'm

going to share some shit with you ... and I expect it to stay between us .

" Alejandro said . " With all the shit going on , and what I told you about what the witch we met told

us , we need to make sure this news does not get back to " 1 Endora in any fucking way ...

" " Ok ... " Rafael said , sounding a little confused . " 1 " Kiara's pregnant , with my pup . ' Alejandro said ,

now smirking as Rafael gasped , his eyes widening into saucers . " B – but how ? You two just made up –

Oh wow , no ... you mean you two have already – oh goddess Elijah is going to murder you Oh , this is

really good news ! I'm going to be an uncle ! Wait , so you don't need to mark someone to get them

pregnant ? Have you used protection ?

I mean , what if there's other Alejandro's walking- ( 3 ) " Shut the fuck up man , I've always been careful .

" Alejandro growled .

The thought of him with others sent a pang of jealousy through me and I wrapped my arms around him frowning deeply . We hadn't really discussed each other's sex lives , although he knew enough about mine .

All I knew was he had a high sex drive , he had said he lived off sex and then there was what Aunty had told Raven and I. Oh , goddess ! I needed to fill Raven in too ! I just hope I could persuade Dad to bring her along for the ceremony .

" Ok good ! Great ! I'm going to be an uncle ! " He whispered loudly . " Come on , give your brother a hug ! " " Ok fuck , not this shit man . I wish I never told you . " Alejandro growled . " Give him a hug .

" I said , getting off his lap , much to his annoyance . He glared at me and Rafael before he stood up and gave his brother a bone crushing hug . I swear I heard something crack . Rafael simply chuckled , slapping his back .

" I am so proud of you for doing the right thing . And I don't mean getting Kiara pregnant ... I mean accepting that you deserve every happiness that comes your way . " He said softly ,

" Yeah whatever , don't get fucking mushy on me and don't tell anyone about this pregnancy ... Maria included . Not until we have settled stuff with Endora . " " Got it . "

Rafael said . I took a deep breath , thinking of the danger that was now on our doorstep .

Soon we would have to face her ... and when that time comes ... I knew it would cost us many lives ... I

just hope that we will be able to defeat her ... I was sure we could . We had to . Failure was not an option

Morning Shenanigans

ALEJANDRO

I awoke at dawn . Although I didn't want to leave my nympho in bed alone , I needed to train with my men , I knew what was going to come and I wanted them to be in the best of shape .

My room had been redecorated since that fucking mess that had been made in here and I could tell Serena had made everything a lot lighter ... I couldn't really complain , it was better for Kiara . I needed to make sure I got someone to buy some touch lamps and to get some wiring done so I can add a light switch near the bed .

I looked at the woman in my arms , my fucking hard on was going to be the end of me . I really fucking wanted her and I was getting so fucking pissed off with this rule I had put in place for myself , but I wouldn't change it .

I slowly slipped my arm out from under her head . She stirred then only snuggled into me even more .

Fuck ... This was a fucking mission ... I kissed her lips softly , only for her to moan against my lips . Ok , fuck , I needed to get the hell away from her now .

It took all my willpower to slowly unwrap my arms from around her and rest her head on the pillow . Her

pouty plump lips were slightly parted and I smirked . She was fucking cute . I had a woman I loved , one

who was made for me and one who I could no longer imagine life without . ' Alpha , will you be joining us

? ' Carmen's voice came through the link . I sat up letting my feet touch the freshly carpeted floor . '

Yeah , coming . ' I replied , coldly . I couldn't forgive her for what she had done to Kiara ... " Baby ? " Kiara

mumbled . I turned back . Fuck . I loved her morning voice even fucking more than normal . I could just

picture her moaning when I fucked her every morning . " You're awake . " I said , now leaning back on

my elbow as I looked up at her .

My eyes skimmed over her fucking sexy tousled hair , her breasts strained against her silk cropped top .

My eyes dipped to her stomach and the band to her silk trousers . " Mm , where were you going ? " She

asked . " Training " I said , stroking her thigh .

Although all I wanted was to stay in bed with her and do things with her that I was trying to hold off from

... I reached up , tangling my hand into her hair as I pulled her down and kissed her hard . A soft sigh left her lips and fuck did it just make things harder for me . I pulled away , swallowing hard . " I think I should join , I haven't done much training since I got here . You know , Dad and Mom made sure I trained . " She said , despite the sleep that clouded those gorgeous eyes of hers . " You're pregnant , Amore Mio. Take it easy , give it a couple of days and I'll be making sure you get one hell of a workout " I leaned over , kissing her neck . \*\*\* Smooth and flawless , perfect for me to mark her ... I kissed her down over her breasts , her scent intoxicating me as I went lower and placed a soft kiss on her stomach . My heart rate quickened as I moved back and looked away . I didn't miss the small smile on her beautiful face . " You know , werewolves can train when pregnant . We can fight too . We are not fragile humans . " She said . I was glad she wasn't being annoying and teasing me about being a fucking weirdo b y kissing her stomach ...

" True ... Just get some rest , I'm taking you out to shop later . Get two dresses , one for your coronation as Queen and one for our date the day after . ' 11 " Our date ? " She repeated , raising an eyebrow . Well , fuck . Did she want me to ask her the fuck out ? " Yeah , I'm taking you out the day after tomorrow . You got a fucking problem with that ? " She smirked and raised an eyebrow . " I haven't agreed and you haven't asked ... Sooo I might have plans . " She said this while running her fingers through her hair . I clenched my jaw , glaring at her . I take back what I said earlier ... She was annoying as fuck . Shame I fucking loved her still . " Fine , let me rephrase that for you . " I said , sitting up . I smirked when her heart began racing , despite how amused she looked . " Please do , I'm waiting . " She said . " I'm taking you out Friday night whether you like it or not , so I want you to buy a fucking dress that you love so fucking much , that when I tear it right off you , the loss

of it fucking hurts .  
Because before the night ends , I'll be fucking you so hard y you won't be able to walk for fucking days after . " I said , not missing the way her chest rose and fell . Or the way her eyes flashed purple , a faint blush on her cheeks .  
I smirked , gripping her neck as I looked into her eyes . " So tell me , Amore Mio , want me to fulfil your dirtiest fantasies ? Or do you want to carry on with your non – existent plans ? " I ended mockingly .  
In this game of teasing , I would always win . The sweet , intoxicating scent of her arousal hit me like a fucking drug that I wanted to sniff forever . " When you put it like that ... " She said . A gorgeous smile crossed her lips as she reached out , running her hand over my fucking dick that was already hard for her . My eyes flashed red as I hissed at the pleasure that rushed through me . I sprang off the bed , trying to control myself from taking her right now . Glaring at her as she giggled .  
Fuck , I think she just fucking won this round .  
She smirked , getting out of bed , " I think my sexy beast forgets that I'm Kiara Westwood . It's hard to win against me , wouldn't you agree Alpha ? " She said , purring out the fucking word Alpha . I watched her dangerously , if only she knew how much self – control it was taking me .  
Her smile only grew and I swear if I didn't know she was a fucking wolf , I'd have sworn she was a fucking Cheshire cat . She reached for the hem of her top and slowly , fucking teasingly , pulled her top off over her head and tossed it to the ground – baring her divine tits to me .  
" Like what you see ? " She teased . I sure as fuck did . Her fucking large breasts were perfect , with those pink buds \*\*\* Her tattoo only made her look ten times fucking hotter if that was possible . Ok fuck , I'm done . I didn't reply , turning and heading to the window . I pulled it open and jumped out , hearing her burst out laughing . I clenched my jaw , no fucking way did she just tease me like that . ### Shopping

KIARA

Teasing Alejandro was so much fun , I knew if he hadn't set that rule for himself , I would be the one on the losing side . I had to admit , him trying ... meant a lot . I just wished there was something I could do to make it up to him ...

I know he didn't expect anything from me , but why was he the one only trying to go out his way for me ... ? And the way he asked me out ... Oh Goddess , I wanted to spread my legs and beg for him to fuck me right then . But instead , I chased him away ...

I pouted , remembering how he had been fighting himself . I had sensed his emotions ... I smiled softly as

I entered the bathroom to shower . It was gorgeous , with a huge corner tub , a huge shower that was large enough for six with a full overhead shower .

I could get used to this ... There was so much more to him than what he acted like . It broke my heart knowing how hard his life had been ... I would make sure he didn't miss out on anything from here on out . I played with the necklace around my neck , I hadn't removed it and didn't intend to .

Not with Endora out there ... I stripped out of the rest of my clothes and got into the shower , wondering what time we were going to go shopping ... After showering , I got dressed , realizing that all my stuff had been brought into Alejandro's room .

It seemed everyone here knew we were together ... I picked out some denim shorts , a lemon – yellow vest top and a white cardigan to go over it . I blushed lightly , thinking I should at least tell Mom and Dad that we worked things out .

Sitting on the bed , I unzipped my make – up pouch just to put on a few essentials . I set my phone up on the bed and video – called Mom's phone . I brushed my hair as I waited for her to answer . Soon enough , she and Dad appeared .

I shook my head , noticing they both had just freshly showered ; which meant they had clearly been up to their usual morning shenanigans . " Dad ... Don't you have training or anything to do ? " I asked .

" Don't worry , I'm teaching Liam so he's prepared for when he takes over in a few years . It's still early He replied with a smirk , kissing Mom's shoulders . I raised an eyebrow , noticing the marks around Dad's neck .

I knew the only reason Mom wasn't littered with marks was because she was fast to self – heal .. " How's Auntie ? " I asked . " She's ... not good . She felt it when Fred died ... She's angry , mainly with Alejandro . "

Mom said , sighing .

I looked down , he had only tried to help her . " Oh . " I said . " I heard you both had a run – in with Endora . Who happens to be Raf's mom .... How are you ? " Dad asked , I saw his eyes looking at the room behind me and frowned .

" That's not the room you were i in when I was there . " " Yeah ... this is Alejandro's room . " I said , feeling my cheeks burn . Mom smiled slightly , as Dad frowned . " At my age , you and Mom were you know ... already at it like .... Never mind , I'll be nice .

Besides , we haven't done anything in this room Dad ! " I said , thinking maybe i t was better if Alejandro broke the news ... And I should have added yet ... I intended t o make memories here ... " I didn't ask . "

Dad growled . " You're not marked either ... " " About that , we're holding the marking ceremony tomorrow evening ... " I said , as I applied some mascara , looking into my small mirror . " Are you happy ? " Dad asked .

I nodded , smiling and he gave me a small smile . " That's the main thing . " Wow , that's great ! So , he's going to make you his publicly ?! " Mom asked approvingly .

" Well yeah , he said he wants me to take that position up and be recognised as his Queen before Endora returns ... " " 1 My stomach sank after saying those words . My heart thudded suddenly , I dropped my

mascara on the bed as my eyes filled with tears . A strong wave of sadness drowning me , what was this ? " Kiara ?! " Mom said , worried . For a moment , I couldn't speak . Feeling my powers surge , my wolf howled and I felt suffocated . Emptiness , sorrow and sadness wrapped around me painfully . " Angel ! Kia ... " Dad's voice came in the distance .

I blinked as I looked around , realising where I was and took a deep , shuddering breath . I shook my head , wiping my eyes carefully . " I'm fine ... " I said , taking a make – up wipe and wiping under my eyes . " I just ... suddenly felt sad ...

" " He'll be fine , he's the strongest man I know , don't worry . He won't be facing Endora alone . " Dad said quietly . I nodded . Was that what this was ? The fear that something would happen to Alejandro ? " Are you sure you're ok , Kia ? " Mom asked softly . " Yeah , I'm just ... worried for him . " I said , my heart aching . " I'll be there too . Your mom and Liam will stay here and I will be facing Endora with you . I won't let anything happen to him .

" Dad said firmly . I saw the pain and fear in Mom's eyes and I realised that inevitably many would lose their mates ... That in itself terrified me . I nodded and forced a smile . " Will you both come for the marking ceremony ?

" I asked , trying to push the upcoming darkness out of my mind . " Definitely . " Mom said . " Can you ask Raven's dad if she could come too ? " I asked . " I will try . " Mom said . " That man is grumpy . " Dad added . Mom smirked , " Well he's just not one with much patience and he's very old school . " " With a daughter like Raven , " Dad added . I smiled , they weren't wrong . " Well please ask at least . " I pleaded . " We will . " Mom said . " Well , I better go , see you guys tomorrow ... I'm going shopping . "

" Isn't it dangerous ? Dad frowned . " With Alejandro dad , don't worry ... Also , is it possible you could

bring all my stuff from my room ? ” I asked , looking at Mom . She nodded , a wave of sadness crossing her eyes .

” My girls all grown up and leaving home for good . ” She said , looking a little upset . ” I’ll come to visit . ”

I said softly .. Mom nodded but said nothing . I knew that , unlike me , she hated crying and showing when she was sad .

I bid them farewell before I finished getting ready , Almost two hours later , Alejandro and I were in his car . Luckily , he had invited Serena along to shop as he said he was not going to be going dress shopping , he was only there as my guard . Serena had also brought her thirteen – year – old daughter Tia along .

They were in another car along with two other guards . Alejandro held out a platinum card .

” The pin is 8942. Buy whatever the fuck you want , and I’d advise you get plenty of lingerie because I will be tearing those off you on a daily basis . ” He said arrogantly , as he took a puff on his cigarette . ” I have my card ... ” I said .

” I don’t give a fuck if you do or not . You’re mine , I’m going to pay for whatever you need . ” He said firmly . ” Fine ... ” I said , taking it . My fingers brushed his , and he leaned over , claiming my lips in a rough , passionate kiss . ” Thank you .

” I said when we broke apart , my heart going wild . ” What the fuck for ? ” He asked , kissing my neck softly . ” For everything . ” I said , before we both got out , seeing Serena standing there with an excited young girl who was watching me

. ” Oh wow , she is beautiful ! ” She said in a loud whisper . ” Hi Tia ... ” I said with a smile . ” I’m Kiara .

You can call me Kia . ” ” Oo Tia and Kia ! ” She exclaimed , then looked at Alejandro .

” Alpha Al . ” She said , lowering her head slightly . ” You’ve fucking grown . What have you been eating ?

” Alejandro asked , ruffling her hair despite the frown on his face . ” Grandma’s special dishes . ” She said , before we all trooped inside .

Not missing the admiring glances Alejandro received from the annoying women whose eyes trailed over him appreciatively . " Why the fuck have you brought her for ? " He asked Serena , as he tossed his cigarette into a trash can a few feet away .

" She just got back , so I thought why not . " Serena replied . I saw them look at each other , realising they were mind – linking . Serena blushed and nodded . " She's going to keep you company . " She added quickly . I wondered what Alejandro had said ... honestly ! I glared at him and he raised an eyebrow .

" What did you say ? " Tasked quietly . He wrapped his arm around my waist and pulled me closer , his lips brushing my ear . Sending a rush of pleasure through me . " I only said that you're going to need stuff that is maybe a little too explicit for a thirteen – year old's eyes ... I'm not fucking wrong , am I , Amore Mio ? " Our eyes met , my core throbbing under his intense gaze .

No , he wasn't wrong ... because there was plenty that I wanted to buy ... and he was right . Some of it , I don't think it would be suitable for a thirteen year – old ...

" You're never fucking wrong . " " I whispered , using his language . A sexy smirk crossed his lips as he pulled me against him and kissed me hard . Igniting that flame of desire within me . Neither of us cared that we were in a crowded shopping centre .

His one hand slipped under my cardigan , squeezing my ass cheek as he slipped his tongue into my mouth , tasting every inch . I moaned softly , feeling my core throb . Oh , goddess this man ...

He broke away after a moment , an arrogant smirk on his face . " You are fucking perfect . " He murmured , I caressed his chest before moving away forcefully . " As are you ... so ... shall we get going ?

" I asked , my cheeks burning as I realised how several people were watching us . Not to mention Tia staring open – mouthed . " Sure , never fucking thought I'd ever 11 come shopping ... " 11 " There's a first for anything Alpha . Serena added .

" There sure fucking is ." He muttered , as Serena and I nodded , now looking around . " Ok , dress for tomorrow first ? " She asked . I nodded , this sure was going to be a long day ...

A Possessive She-Wolf

ALEJANDRO

Shopping. I don't even get why the fuck it's called that.. It should be called fucking torture from hell. I mean, yeah, I wanted to treat her to a new fucking wardrobe, but having to play the guard? No fucking thanks. Kevin the fucker loved to shop, and he was in there shopping along with them.

It was one of the reasons I invited him. At least he'd be there in close proximity if there was an attack.

Whilst his mate Adam, Tia and I mainly hung outside getting fucking stares. The only shop I was tempted to go into was the lingerie one.

Yeah, I wouldn't mind picking out a few crotch-less pieces for her.

Maybe next time... Just the image of her in one of those fucking messed with my head. Not to mention her morning antics were still clear in my mind. After five fucking hours, we were done, but I was more concerned about her ankle than my own fucking boredom.

I could see the limp in her walk when she came out, and I fucking wished I didn't suggest this trip. Her eyes met mine and they lit up, I didn't bother smiling back as I walked over to her , scooping her up into my arms .

" Alejandro ... I'm fine ... " She said . I simply shook my head . " I didn't even think . " I said quietly .

Feeling the stab of guilt rush through me . " Hey ... I'm fine . " She said , wrapping her arms around my neck .

" You can put me down , people are staring . " " I don't fucking care . " I growled , as Tia giggled watching us . " I know my sexy beast doesn't ... " She replied , amused . She sighed and simply rested her head on my shoulder .

" I'll just pretend I can't see the stares . " I didn't miss the stares , so I knew what she fucking meant . We got plenty as we walked by , not that I fucking cared . We got to the car while Kevin and Adam loaded the bags .

They put a few bags in m y car , while I placed Kiara in the passenger seat . Once I got in , I reversed out of the parking lot and looked over at her . " Got what you needed ? " " More than what I needed , thanks to you tempting me with that card . How rich are you ? " She asked me . I smirked . " Rich enough to pamper my woman . " I replied . " Thank you , I did feel bad to start with ...

Then I kind of just got excited and carried away , Kevin ... that guy was not a good idea to bring along .

Anything I looked at he insisted I bought it . " She said with a small smile .

I smirked , yeah I knew Kevin would do that . " Well , at least he fucking got you to shop . Did you find the dresses ? " " I did , but they needed some adjustments , so Kevin will collect them tomorrow for m e . "

She replied . " Perfect .

" Our eyes met and she leaned over to kiss m y lips softly , leaving me fucking lost for a second . I still couldn't believe this was real ... The way she kissed me ... those tender smiles ... those sexy looks ... But I'd just have to get used to it , because Kiara was mine to keep for fucking ever .

I smirked arrogantly , thinking in the end , she really was all mine .

" Why are you feeling so satisfied for ? " She asked . Oh yeah , I forget her fucking abilities . " Just how

you're all mine . " I said . She nodded , 11 " Alejandro ... " " Yeah ? " "

Mind if I ask you how many women you've been with ? " She asked hesitantly .

Ok , fuck . I did not want to have this conversation ... I glanced at her . " I've been with three people ,

including you . " She said quickly . Yeah , that didn't make me feel any fucking better . The mood in the car suddenly felt tense as I ran my hand through my hair .

" I'm thirty – four going on thirty – five .... I've been sleeping around since before you could walk . " I said  
, my words fucking stabbing me as I watched her .  
No matter how emotionless she behaved , I didn't miss the pain in her eyes . Yeah , I know we shouldn't have secrets ... But if she wanted to know , did I hide it ? I couldn't . " So countless women , including one from our pack when you visited .  
" She said , now turning her head to look out the window . How the fuck did she know about that one ...  
? I parked up suddenly and she looked at me in surprise . " Kiara ...  
" I'm fine , I was expecting as much . Or more . I was just curious if you have a number or not ... or any actual relationships ... " She asked , brushing her hair behind her ears .. " Hey ...  
" ' Alpha is everything ok . Why have we stopped ? ' Adam's voice came through the fucking link . ' Fuck off , I wanted to stop . Stay the fuck put and do not mind link me . ' I shot back with irritation . " I'm fine , let's go home . " She said .  
No. Not like this . I took her hands and kissed them softly . " You are the only woman I've actually had feelings for ... Yes , pain or pleasure were the two things that made me feel alive . " I said quietly .  
Not missing the flicker of pain as I said those words . " But after a taste of you ... I feel like I've been cheated my whole fucking life . You're the only woman I've pleased , the only woman who I've tasted and wanted to ...  
" I ran my hand up her thigh , feeling her tense under my touch . I fucking didn't care about what effect she was having on me or I on her , I needed to tell her that she is all I fucking want . " After kissing you , when Jasmin kissed me , it was like fucking sandpaper .  
You made every other woman lose their appeal . Like I said , I've not fucked any other woman since you , even when I tried to ... I couldn't , because all I could think of , was you . I said it and I wasn't lying .  
Her heart was racing , and her eyes glistened with unshed tears . She sprang at me , knocking me back

against the window , her arms around my neck as she hugged me tightly .  
Her delicious body pressed against me as her lips crashed against mine .  
I wrapped my arms around her ,  
running my hands over her back and ass as I kissed her back , I didn't  
fucking care that we were in a tight  
, fucking car in the middle of fucking nowhere .  
All I could focus on was her , my fucking queen who was sending  
pleasure through me . I felt myself  
throb against her , making her moan . Our eyes met and I saw the storm  
of emotions in hers . She kissed  
me sensually as she began grinding against me .  
Fuck . I gripped her hips , but this time I wasn't going to pull away . I  
didn't want to . I could feel her  
possessiveness in her touch and caress . Our tongues fought for  
dominance . A moan escaped her as I  
won , sucking on her tongue as I kissed her roughly .  
I rubbed against her , making her whimper and I really wished we didn't  
have these fucking clothes  
between us . " Oh , Alejandro ... " She moaned . I sat up , sitting back in  
my seat as I pulled her into my  
lap , sliding my seat as back as far as it could go .  
I couldn't , not anymore , I needed to do something . To show her that  
she was all I fucking wanted . I  
couldn't fight it ... Her heart thudded as she looked into my eyes before  
her lips crashed against mine  
once more .

Pleasure fucking consumed me as I kissed her with passion and desire .  
Fuelling all my emotions into that  
kiss as she ground herself against me . I didn't let go , one hand tangled  
into her hair as I kissed her  
harder , drawing blood .  
The slight taste of blood mixed pleasantly with her sweetness . I pulled  
back , letting her breathe as I  
sucked on her neck , making her cry out in pleasure . My eyes flashed as  
she grinded against me , getting  
faster . " Fuck that's it . " I muttered , pulling her top down and exposing  
her breasts that were clad in a  
strapless pale – yellow bra .

" Alejandro ... " She whimpered when I grabbed her breasts . " Kiara ... " I murmured as I kissed her lips  
once again . I unclasped her bra , tossing it aside as I grabbed her breast , taking her nipple in my mouth  
and sucking hard . She gasped , tangling her hand into my hair .  
rubbed herself against me faster . si stared into her lust filled eyes .  
Neither of us cared about anything  
but each other as we grinded against one and other I caught the other nipple in my mouth , sucking and  
licking as she bounced on my lap .  
Her arms were wrapped around my neck , her breasts were up against my face and they sure felt good .  
The car smelt of her arousal and I knew she was near , and I was gad because so was I . " Oh baby , this  
feels so good .  
" She whimpered . She sure wasn't wrong , I felt myself nearing , and I gripped her hips , guiding her  
speed as we fucking , humped against each other . She cried out a sher orgasm rushed through her , I  
held her tightly as I chased my own fucking release . She was breathing heavily as she rolled her hips  
against me . She bit down slightly on my neck , licking the area teasingly , and it was all I fucking needed  
for pleasure to fucking , overtake me .  
My orgasm ripped through me and I bit back a groan at the sizzling fire that rushed through me . Unable  
to stop it completely . Fuck that had been fucking good ... " You're mine . " She stated , her eyes flashing  
a vibrant purple as she looked at me , her chest rising and falling . I smirked as I looked at her . I sure  
fucking was hers ... She was clearly staking her claim .  
My feisty nympho was sexy as fuck when she got possessive . " I've been yours from day one , baby girl .  
" I murmured , tugging her close and kissing her neck as I inhaled her scent hungrily . She didn't reply ,  
wrapping her arms around me tighter .  
I throbbed against her and I smirked as her eyes widened and she moved back to stare at me . " I won't  
ever get enough of you and that was not enough .... " I murmured . " Your rule , remember ? " She teased

, as she climbed off me . I could see the patch on my pants where I had fucking cum . Well , it had been fucking worth it ... I watched her pick up her bra , noticing I had left a few bruises on and around her nipples .

" You look gorgeous when you're lost in pleasure ... " She remarked as she clasped her bra back on , I raised an eyebrow , " Not fucking sure about that , but you looked fucking divine ... " I murmured , ' Al there's an emergency , come home .

" Darien's voice came . I frowned . " What is it ? " Kiara asked about my sudden mood change . I asked Darien the same question . ' It's a lot to take in . Come home , you'll find out . Make it quick . Endora's on the move , ' It was all I had to hear for me to rev the engine and zoom ahead .

" What is it , Alejandro ? " She asked as she finished fixing her shirt . " Darien said something about Endora . " She nodded , as I quickly mind linked Adám , telling him I was going ahead .

We were back home in record time and we both headed upstairs , I needed to change before anything else . The moment the door was closed , I pulled her close , kissing her deeply . She kissed me back , slipping her hands into the back pockets of my pants .

" If you want to rest , you should , I'm going to head to my office to meet with Darien and see whatever the fuck is 31 wrong . " I want to come with you . " She said . I looked into her eyes . She sure didn't seem tired ... I gave a curt nod . " Fine . I'm going to go change .

" She smiled and nodded . We both moved fast , she pulled on some fresh panties and jeans and I won't fucking lie by saying that I didn't check her out , as I did . Although her annoying cardigan hid most of my view though . Ten minutes later we reached my office , after I told Clara and Claire to take the bags from my car . The moment I entered the building , a familiar scent hit me , Jasmin .

What the fuck was she doing here ... ? As we neared Kiara's heart began to race and I realised she had

probably picked up the scent as well . I opened the door to my office , placing my hand possessively on Kiara's waist . I did not want her to feel insecure in any way . The sight before me was not one I was expecting . Jasmin was covered in blood , bruises and injuries . She wore an oversized shirt and she looked a mess . Callum was checking her over . " What the fuck happened ? " I asked . " My pack . Endora destroyed them all . " She broke into wracking sobs as I looked at Kiara for confirmation . I couldn't believe her just like that . I couldn't forget what Marcel and Jake had discussed about a certain ' she ' . Speaking off ... Maybe I should ask him who the fuck they were on about . Kiara looked at Jasmin and I sensed a faint aura from here , before she looked at me and gave a small nod . So Jasmin was telling the truth . Endora really was planning on wiping out packs ... That bitch . I wouldn't let her get away with this shit . " Alpha ... help me . " Jasmin sobbed . I frowned , looking at Darien . " Set her up in one of the apartments , " ' And keep an eye on her every action ... I don't fully trust her . ' " Ok Alpha . " Darien said . " How did you escape ? " I asked her . She looked at me , looking ashamed . " I ran ... " She said , " I left everyone and I ran . There was no other way and I think she wanted at least one person to live to pass the message on . Otherwise , I think she would have killed me too ... " @ " Hmm . Fine , I'll see what we can do , I'll send some men to assess the situation and see if there are any survivors . As the only Alpha heir to that pack ... It was your duty to protect and stand by your pack . Not abandon them . " I said coldly . " That's hypocritical of you Alpha ... If it was Kiara in my place , would you tell her to Anger rushed through me and I growled menacingly . " Watch what you fucking say . Remember , you're talking to your King and Queen . " I said murderously . My aura rolled off me in fucking waves and I didn't care that it was affecting

everyone in the room apart from my nympho . How dare she even imagine Kiara in that position !

I wrapped my arms around Kiara possessively , pulling her against my chest . No one would hurt her , I wouldn't allow it ... ever . " Get her the fuck out of my sight and ask her whatever you deem relevant . " 1

spat . I needed to talk to Marcel . As soon as possible.

Her Identity

KIARA

I don't know what had overcome me in the car , but the thought of other women having a taste of my mate had made me feel jealousy like I have never felt before . I would make sure he made love to me enough to make up for the last eighteen years of his life ! I didn't expect Jasmin to come back into our life ...

She was , after all , one of his past women ... One he had been willing to marry The memory stung and although I had moved on from it , the memory of her was brought back . I just wanted her gone . It was horrible of me , but I didn't like her around .

I didn't sense any lies from her ... but I also didn't miss the jealousy from her at the sight of us together .

We left the office and Alejandro looked pretty pissed . " Of all packs , why would she target The Quick Fang ? " I asked . " Maybe because it's fucking close . I don't really know , but I need to alert all the packs

.

They need to make sure their people are safe . I should deploy some warriors ... but at the same time , I know that might be her aim ... " He murmured , I realised how hard the decision must be for him , I placed a hand on his arm .

" You'll figure it out . I know you will . Ask the council what they think too . I'm sure you will come up with the best course of action . " I said softly . " Hmm , I'm going to go ask Marcel a few questions . You should take it easy .

" He said , running his fingers through my hair . Sending a soothing tingle through me . " I will , I wanted to go to the hospital to see if I could be of any help . " I said . He nodded and pulled me close , kissing me softly before he looked into my eyes .

" I'm going to say something that's going to probably piss you off ... But as long as she's here , and with the current situation , I'm going to appoint guards to follow you around , ok ? " I smiled softly . Nobody ever asked me if I was okay with it ... they just did it . I nodded .

Just that small act made such a difference , even if I didn't have an option , being asked like that meant a lot I really did love him . " I love you . " I said . Tiptoeing I pulled him down slightly , claiming his lips in a passionate kiss that sent sizzling sparks through me .

" Same , Amore Mio . " He replied . " I'll drop you to the hospital first . " I nodded , as he took my hand and led the way out . ALEJANDRO I had dropped Kiara off after making sure she had four of my men watching her .

I made sure the fuckers were mated before I chose them . I had made it clear enough that she was mine , also she was soon to be their Luna and Queen . But still , men were fucking dickheads .

I passed the rogue patrol , noticing they were tense but none moved to stop me as I made my way to where Marcel had just finished training a group of his men . He turned when he saw me approach . " I'm going to cut to it ...

When we came to your pack , you were talking to that fucker Jake about some woman . About a pack

being destroyed ... Who was she ... ? " I said . Marcel looked at me and sighed deeply . " Yes , Jake was

ordered to attack a pack with some help from Endora . She said it was all for the greater good . As for the woman , I'm on about Zidane's bastard daughter .

" I froze at that and looked at him sharply . " Daughter .... ? " Fuck Scarlett and Indigo had a sister ? Who

was possibly working against us ? What the fuck was this shit ... " Yes , she was born to an omega but was

incredibly strong .

Apparently , Endora always wanted me to marry her , although now I wonder if it was you she wanted her for instead ... She always said that someone from that bloodline and someone from ours would create a powerful beast . ” Marcel said in his deep voice . I frowned . My mind was spinning with unanswered questions . Knowing Endora who had been pulling the strings ... she would have sent this woman to me ...

the only woman I could pinpoint as that option ... Jasmin ... No fucking way . This shit was messed up , but there was also a chance I may be on to something . ” Do you know what pack she was from ? ” I asked .

” No , Endora didn’t really share everything with me ... ” He said . ” Right . ” I said . I guess I needed to question Jasmin personally .... I needed to know when her pack was killed and everything she had done for the last few days .... Suddenly , something Jasmin said back in the room made my eyes flash .

‘ Endora destroyed them all ... ‘ How did she know Endora’s name ? Alarm bells were fucking going off in my head .. ” What day did Jake kill that pack ? ” I asked quietly . ” The day you killed him , he had just finished with his job and came to see me . ” Hmm ... Jasmin’s wounds were fresh .... My heart was fucking racing and I felt my anger growing .

Got it . ” I said , turning and breaking into a run . Running back towards my pack as fast as I could .... I sniffed her out and found she was in one of the apartments , Darien and Serena were just stepping out , they stopped when they saw me ,

” I need to speak to her . ” ” She’s bathing . ” Serena said . ” We’ll wait . Serena , you can go . ” I said coldly , She nodded hesitantly and Darien looked at me . ‘ What is it ? ‘ He asked through the pack link . ‘

Something isn’t right ... I know Kiara didn’t feel she was lying but that doesn’t mean she might not be

hiding stuff , I intend to use my Alpha command . ‘ He looked at me sharply , but simply nodded .

I dropped onto the sofa and took out a cigarette , lighting it up and taking a long drag as I waited for her .

With each passing second , my anger was only growing .

She came out , in nothing but a tiny towel . I knew she could smell me here and also knew she would pull

some shit like this . ” Alpha ! I knew you’d come ... ” She said , her eyes sparkling as she saw me .

I didn’t miss her looking around to notice Kiara wasn’t with me . Her smile faded slightly when she saw

Darien was here as well . ” I have some questions and I want answers . ”

I said quietly . ” Sure , what is it

? ” She said , she looked a little uncomfortable . ” Was Bill your biological dad ? ” I asked , cutting straight

to the fucking chase . She froze , her heart thumping as she looked up at me .

Oh , fuck no . I was right ... She knew I had my answer . It would be wise of her to not lie ... ” No ... he

adopted me , I was abandoned . ” She said . Another fucking lie , I saw how her eyes flitted away . ” Ok ,

let’s do this again . ” I said . My eyes blazed red and I glared at her , letting my Alpha aura roll off me .

” Who are you and what is the truth ? ” I growled . She began trembling as she fell to her knees under my

pure power . I didn’t often roll it out fully but I didn’t have patience for her fucking lies right now . ” J –

Jasmin . I’m just Jasmin ...

” She whimpered . ” Were you abandoned ? ” I growled . ” I was placed near the Quick Fang Pack’s

border . ” ” Placed ? ” ” To be taken in ... ” ” By who ?! ” I growled . ” I don’t know ... ” She cried . ” Who is

your biological father ? ” I asked coldly .

She cowered as she tried to fight my command . That in itself was enough proof ” Let me answer that

fucking question for you . ” I growled murderously . ” Zidane Malone . Correct ? ”

She flinched and began crying . I got the answer ... Fuck , this was not what I was expecting . ” I don’t

choose who my parents are ! I have been raised by the Alpha of the Quick Fang . He saw I was strong and adopted me !

Why has my past got anything to do with anything ? ” She asked . ”

Endora sent you to me , didn't she ? ”

I asked quietly . She tensed and looked at me , her face paling further .

” No ! No , I love you Alejandro ! ” ” That's Alpha to you ! ” I growled back . I stood up , my anger pulsing through every vein in my body . ” You are working with her ! Did you think I'd never fucking find out ?!

” I thundered . ” No , I wasn't working with her ! She saved my life ! I was only ... All she wanted was for

you to have a strong mate ! ” She shouted . I growled murderously , I was in front of her in a flash , when

Darien stopped me .

’ Let's see what she knows . ’ He said through the link . ” You are not my fucking mate or even worthy

of it . You knew Kiara was my mate but you still didn't fucking back away ... She may be your fucking

blood !

” Fuck . This was Kiara's aunt in some messed up way ... I wanted to kill her ... but \*\*\* . maybe I should

withhold my decision until I got every ounce of information from her . ” Start talking or you die .

” I said quietly . ” I don't know anything else ! She only wanted me to get close to you , but I actually fell

in love with you ... Please ... no matter how badly you treated me ... I choose you ... ” Well , I don't .

You're a fucking liar ... I know she sent you here , so you can drop the act , because I sure as fuck ain't

buying it . ” I growled .

” She ... no ... I came because ... ” Did she send you here now ! ” I thundered , kicking the table that was in

the middle of the room .

She screamed as it hit the wall , inches away from Darien , before it fell on the floor , splintering . ” No ! ”

She screamed . I frowned . Had my assumption been wrong ? She was quivering on the ground , her head lowered .

" Put her under house arrest . She is not to leave this apartment and I fucking mean it . " " Alejandro , please ! For our sake ! For what we had ! Please don't do this , believe me ! " She begged . I didn't bother turning back to her .

" We had nothing . I will not take any chances . " I said coldly . " Please ! " She screamed , but I didn't fucking care . ' Get Callum to get her blood and run it along with Kiara's . I need to confirm they're related . If she is , then ... I guess I would have to ask Scarlett what the fuck she thinks of it ... ' ' Got it ... ' Darien said .

I kept the link open as I ordered two men to stand outside her apartment and keep an eye on her constantly , including one she -wolf to stay inside with her . I was not letting her out of my sight . Especially with Kiara here , I was not going to risk shit . ' Was she carrying anything when she came to the pack ? Trace her steps and search the ground . I wouldn't be surprised if she dropped something somewhere . I've been around for far too fucking long to take any risks . I sent the order out , frowning as I made my way outside . There was nothing I could do until Callum had some answers ...

KIARA

I made my rounds , healing even the smallest of injuries and soon the hospital was entirely empty apart from the rogues who were still dealing with the trauma , although I don't think the hospital was the best place for them .

They needed a therapist , but sadly this pack didn't seem to have a specialist in that department . Perhaps that was something we needed to apply and reach out to other packs for . It wasn't odd for people to join this pack as it was a more military – style pack . Callum had been called away and I was sitting with Jo asking her about her childhood and what she enjoyed doing . " Are the rumours true ? " Jo asked as I sliced an apple for us . " Which rumours ? " I asked , giving her a small smile as I placed it in the bowl .

" That you're the king's true mate ? " I am . " Then why hasn't he marked you ? " She asked ,  
suddenly looking a little scared . I'm sorry if I'm overstepping ... " " 1 "

Not at all . As he is the king , we  
need to have a formal marking in front of other Alphas .  
" I replied , taking an apple slice . " You will make a good queen . " She  
said with a small smile , before  
wrapping her arms around her once again , nibbling on some apple . I  
glanced at the four guards who  
were set to watch me .  
There was Dustin , Julio , Bryan and another one I had never seen before  
called Samuel . I found them a  
bit much , but I understood Alejandro couldn't take risks , " You remind  
me of her ... Even when I was left  
in my cell when I was becoming that monster , she told me to stay  
strong ...  
I don't care if they say she's a witch .... to me she was the only one who  
tried to help me from her cell ,  
even though she was \*\*\* beaten and bloody ... " She said , looking sad . I  
knew they were sending  
Rayhan after her I just hoped they treated her well .... " I believe you .  
Don't worry .  
I'm sure wherever she is , she's safe . " I said with a small smile . " I hope  
so too ... " She said , her gaze  
becoming fearful and dull once more . I wondered what exactly was  
going through her head . She talked  
for a while and then she would shut us all out .  
I knew it was going to take time , so I didn't push her . After staying for a  
short while , I decided I'd call  
Rayhan . I knew it wasn't my place but I didn't want them to treat her  
like a monster or just a witch ... Jo  
genuinely cared for her . I knew the four men might report back to their  
boss , my mate ... I looked at  
them as they trooped out after me .  
" I need to make a call and I don't need anyone to eavesdrop . " I  
stated . " We won't repeat the  
conversation Luna , nor report it back to the Alpha , if that's what you  
fear . " Julio said with an annoying  
smirk . " I have nothing to hide . " I glared back . " Well fear not , Alpha  
gave no command to spy on you

. Just to make sure you are please make your phone call .  
" Samuel said . Hmm , I liked him a little bit at least ... Stupid Julio ... I gave him a dirty look as I took my phone out and dialled Rayhan , hoping he'd pick up . " Hey , Kia . " He answered after a few rings . " Hey , listen , I'm assuming you're out tracking ? " " Yep , the snow witch . " He said .  
" Any luck ? " I asked . " Not yet , but the smell of magnolia's and Ylang Ylang is giving me a headache . "  
He replied jokingly . I smiled . " Well , for someone who's supposed to be a dark witch , she sure doesn't smell like one . " " No ... not really .  
" He said sighing , " It's been hard to find her . I was told her powers are restricted , so she can't really use magic currently , but she's still evading us . " " Well , I called about something regarding Delsanra ... "  
@ " Delsanra ? " " Her name , the witch . " I said , frowning slightly .  
" Ah ok , Dad and Uncle just said the witch . " I frowned , " She is a person , not just a witch , one who helped other captives stay strong and morally supported them . I don't believe she is bad . So , when you find her , treat her as you would someone who is innocent .  
" Kia ... She's a witch . " " A witch who has done nothing wrong . Innocent until proven guilty . " I replied firmly . He sighed , " Fine , I'll try not to .... be harsh .  
I didn't know if Rayhan could be harsh ... But then again , I had only ever seen his fun side . It didn't mean I was blind to the fact he was an Alpha wolf . " She was held captive by a witch and the rogues ... She will hate werewolves . Don't prove her fear correct . Please .  
" I pleaded quietly . " Kiara , you're too kind – hearted for your own good . Witches are dangerous things . They never do anything without expecting something in return . Trusting one is stupid .  
I'm with Dad and Uncle on this one . I didn't say anything , even Rafael ? " " Then ... I'll leave it to you ...  
You can make your own judgement when you meet her . I said , feeling down .  
" Kia ... Why are you so concerned about a witch ? " " Because she was a victim in this entire mess ....

Endora tortured her ... used her ... she's only sixteen ...

" Ok , I get it . I can't promise anything but I'll treat her ... humanely .

" He said , with a sigh . " Thank you ... " " Anytime . " I hung up and sighed , I just hoped she was able to

provide some answers . Because we needed all the help we could get ...

Breaking The News

KIARA

It was the following day . Alejandro seemed a bit restless throughout the night , I could feel his turmoiled

emotions as he slept and I wondered what was bothering him . I didn't ask , hoping he'd tell me himself .

Mom and Dad were going to get here by noon and I was a nervous wreck . We were going to tell them

about the pregnancy before the mating ceremony and I had no idea what Dad would think . He'd surely

realise we had slept together before we knew we were mates ...

I pulled on a deep purple peplum top and paired it with some wet – look leggings . I slipped on some low

– heeled boots , just as Alejandro entered , a deep frown on his face .

He had left to see Callum in a

hurry before . " Are you ok ? " I asked , looking at him in his fitted black T – shirt and dark grey jeans .

Admiring his muscles that rippled as he ran his fingers through his hair that was slicked back like usual .

He looked at me , his eyes running over me appreciatively . His eyes darkened before they met mine and

he closed the gap between us . Cupping my face and leaning down , he kissed me . I gasped at the

sudden move . His tongue slipped into my mouth as he pulled me against him hard , deepening the kiss .

I moaned against his lips , my core throbbing . Oh , goddess ... He moved us to the bed and sat down ,

pulling me onto his lap , our lips never leaving each other . I could sense him calming down , or rather

getting excited in another way ...

I pushed him back on the bed and looked into his eyes , breathing hard . " What is it ? " I asked softly . He

stroked my ass and thighs , his cold dark eyes staring into mine . " Jasmin . " I tensed hearing those words

, he sighed , sitting up . ” She’s ... ” A thousand thoughts went through me .

Was she the reason he was so restless ? Did he feel something ? No , I couldn’t believe that . He kissed my neck , inhaling my scent deeply . ” Callum confirmed it , against your blood . She’s Zidane’s daughter , Kiara . ” He said quietly .

I froze , my heart thumping . That was why Callum asked for a blood sample .... ” So , what are you saying ... She’s my aunty ? ” I asked , disgusted . Alejandro slept with my apparent aunt ... and I slept with his nephew ... Wow , we were crazy .

Although he had no idea at the time , it was still crazy . ” So why are you so restless about that ? ” I asked

, pushing the random thought away . ” She’s working with Endora . She slipped up yesterday by

mentioning her name in my office , I went and asked Marcel who they were discussing back in the

caverns ... He said Zidane’s daughter . Endora fucking planted her to begin with ...

She wanted me to take her as a mate , so I’d have a child with someone from the Asheton bloodline ...

His rough voice was ice cold . My heart was racing as it all hit me hard .

How long had Endora been

playing this game ? How could she use her own children as pawns ?

My anger towards Jasmin only grew as well . ” So why are you

worried ? ” I asked . ” Because ... I want to

fucking rip her to shreds . ” He said , the look in his eyes so cold that I

felt my stomach twist , my heart

pounding at the pure rage and anger I saw within them .

” But then a part of me is saying to let your mother have the final

verdict . I don’t trust her , and I fucking

want to torture her until I extract every fucking piece of information

from her . ” ” I nodded , cupping

his face as I pressed my forehead to him .

I knew he was using all his self – control right now . ” Question her ... If

you want to let Darien or

someone else handle it then do . When Mom comes , if you want her to

make the final decision , that’s

your choice ... It's not your fault you never saw past her ... " I said quietly .

Realising that he must be beating himself up over the fact that he had fallen into Endora's trap . Our eyes met and he simply frowned . " How the fuck do you do that ? " He asked , his eyes dipping to my neck , and I saw them flash red .

" Know what you're feeling or what's troubling you ? " I asked , trying not to get lost in his scent . My wolf purred as he throbbed against me . She sure had been happier since we had gotten together . "

Both . " He said . " I'd like to say because I'm made for you ? But in all honesty , it's partially my ability to sense one's emotion . " I said , running my fingers through his hair , playing with the longer section on top . " Once we mark each other ... We're going to be connected even more ... Which means you'd get into my fucking head ... "

" Have something to hide , Alpha ? " I purred , brushing his hair back , before kissing him . Pleasure rushed through me as he kissed me back . " Nothing to hide , but I'd rather you not see my dark side ... "

" I can handle everything about you ... " I whispered . "

You sure fucking can . " He replied huskily . He flipped me onto the bed . His necklaces brushed my chest as he claimed my lips in a rough kiss whilst he straddled me . His hands pinning my wrists to the bed sent rivets of sparks through me .

I moaned against him just as I heard footsteps . Alejandro growled , getting off me as he had left the door open . A smiling Rafael appeared at the door as I sat up blushing . "

You should at least shut the door .... " He said , smirking when he glanced at his brother . I glanced sideways , blushing when I saw his hardened shaft in his pants . Kill me now ... Rafael burst out laughing . " This is a first brother ... " He snickered . " What's a fucking first ? " " Well for one being so smitten ...

I like it . Well , I would say carry on ... but Elijah and Scarlett are on their way . They will be here within

the hour for sure . ” He grinned . ” A fucking hour ? And you came all the fucking way up here to tell us that ? ” Alejandro growled .

” Yep . ” Rafael said with a cheeky grin . ” Dad and Mom ... ” I said . I guess it was time we told them ...

Fifteen minutes after Mom , Dad and Raven had arrived , and I had finished gushing with Raven , we had finally all taken a seat . It was just the six of us .

” I ’m glad you two have worked things out . ” Mom said , watching as Alejandro ran his fingers through my hair . Dad watched us sharply , ” Still hard to believe . ” He remarked . But I could tell he was happy for me . Alejandro smirked , now looking at me , ” I ’m sure there ’s a lot that you ’d find way fucking more unbelievable .

” He said , wrapping his arm around my neck , before kissing me full on . I gasped , kissing him back , feeling my cheeks burn . I could sense Dad ’s anger , but I felt too lightheaded to care . I heard Rafael chuckle . ” Easy there , Elijah .... ” He said lightly .

” Oh my goddess ! ” Raven said , and I saw her camera flash go off . I pushed Alejandro back . He smirked mockingly , clearly amused by Dad ’s irritation . ” There ’s a few things we need to discuss , s o tell me , want to hear the good or the bad first ?

” Alejandro said , looking at Dad . ” I would say let ’s get the bad over with . ” Dad replied with a frown . ”

I want to know the good , ” Raven said . ” But you two are marking each other tonight . In front of everyone . That ’s going to be so hot ...

So what more good news can there be ? ” ” Bad news first . ” Dad said , giving Raven a look . ” Ok Uncle

El , breath , bad news first . ” She said , with a small smirk .

Mom looked amused and I turned to Alejandro , wondering if he meant the truth about Jasmin . ” It ’s

about Jasmin . ” He said seriously . Mom and Dad instantly frowned at the mention of her . I placed a

hand on Alejandro ’s thigh , doing my best not to squeeze it .

I looked into his handsome face , silently asking if I could do this . He gave a curt nod and I looked at Mom . " Her pack was destroyed , she came here and said Endora destroyed it . Funny thing though , she knew her name . Alejandro picked up on that so questioned her , and the rogue king , who is ... " I looked at Rafael , realising there was a lot to tell ... " Ok ... let's start at the fucking beginning . " Alejandro said , taking out a cigarette and lighter ... " .... and she's Zidane's daughter , your half -sister , Mom ... We did a blood test , it matched mine .

" I ended . It had taken twenty minutes to fill them i n on everything , Mom looked shocked as she turned to Dad sharply , her heart pounding . Dad pulled her into his lap . I could sense her confusion , guilt , irritation www . but I didn't understand what exactly was going through her . " I wanted to rip her to shreds for her fucking lies ... but I thought perhaps you might want to decide her fucking fate .....

Before you start feeling sorry for her ... remember she was working with Endora ... " Alejandro said coldly . Mom sighed , " So , her even coming here might be a part of their plan ? " She asked quietly . Alejandro tilted his head ,

" She hasn't brought anything on to pack grounds . But we're still checking ... Either way , she was sent here for a reason , but she doesn't know why ... I'm sure there's way fucking more to it . " -Mom nodded as Dad frowned deeply . " Wow ... So like ... You were in a relationship with Kiara's aunt ... " Raven remarked , her different coloured eyes widening .

I looked at her , trust Raven to think of that . Alejandro simply gave her a death glare . " Karma .... " "

Raven whispered . This time I frowned at her . Dad brows furrowed and I knew he clicked on to what she was hinting . I froze , realising that Rafael was right there , but luckily , he seemed lost in thought .

" Ok , what's the good news ? I hope it's good because I sure need some . " Mom said . Dad smirked , I

saw Mom give him a look and I knew he had mind linked her something I didn't need to know ! " The good news . " Alejandro smirked as my heart began thumping wildly . Rafael smiled and I leaned into Alejandro , fearing Dad's reaction . " Relax ... Amore Mio. " He said now looking down at me , taking my chin in his fingers before he kissed me again . I closed my eyes . There was something different about this kiss , it was deep , sensual , yet slow , but the sparks ... goddess I felt my core throb and sighed softly against his lips . He moved away after a moment and looked at Mom and Dad . " Fuck . Let's just say ... congratulations , you're going to be grandparents . " He said , placing his free hand on my stomach , making my heart pound . It was the first time he allowed himself to let his hand linger there . " What ?! " Mom shrieked , sounding the girliest I've ever heard her sound . Raven gasped , her mouth dropped open , but Dad just sat there stunned . Mom was in front of me in a flash hugging me , forcing Alejandro to let go of me as she rocked me . " Oh , baby girl , What ... how ? How do you know so soon ? Wait , is this from ... ? " " Yeah ... " I whispered , blushing lightly . " Are you happy ? " Mom asked , her excitement calming down as she looked at me worriedly . I nodded and she cupped my face , kissing my forehead . – " Then I'm happy . The baby wasn't the reason you two worked things out , was it ? " She asked , slight worry filling her . I shook my head firmly . No , it definitely was not . " Perfect ... " Mom said . She turned to Alejandro , about to reach for his face , when he simply raised an eyebrow , and Mom quickly let her hands drop before smiling at both of us . I almost laughed at their exchange . Although he was my mate , he was closer to Mom in age . Raven let out a whistle as Mom turned to Dad , who was sitting there , shocked . " Oh , my goddess ...

mother of the moon ... Lycan seedlings work without being marked ! Oh wow , Kia's been pregnant all this time ! " Raven mumbled before she sprang up and rushed over to hug me , " My baby nephew or niece is here . You are going to look so cute with a pregnant belly ! Oh my god , I can't wait to go shopping for the baby !

" " I know ... " I said , smiling at her , glad she was here for when we broke the news to Mom and Dad . I rested my cheek against hers , I truly missed not having her around . " Elijah ... " " Rafael said as all eyes now turned to Dad , whose dark cobalt eyes were burning straight into Alejandro's . " I want to speak to him alone . " He growled murderously .

" Dad ... " " Not . Now . " He said . " Elijah .... " " Scarlett . I said , not now . I was about to speak when Alejandro ran his hand up my thigh . " I can handle him , go . " He said with a cold smirk on his face . I frowned , looking between them .

" No. I'm not going anywhere . " I growled . " Dad , whatever you want to say , you can say it in front of me . " " Fine . I sent you here , thinking you'd be safe , not for him to have taken advantage of you . " Dad growled . " Umm ... Uncle , not wanting to butt in , but the attraction was a two – way thing ...

You " can't pin it on Alpha Al only ... " Raven added defensively . " So , you knew ? " His eyes flashed , as he glared at her . She looked away but frowned . " I'm an adult and if I was attracted to my mate ... that's not a problem . Even if he wasn't my mate ... Dau , please for me . Just please ...

" Kiara ... go . I can handle your dad . ' Alejandro said , taking hold of my chin as he rubbed his thumb over my lips . The urge to take it in my mouth tempted me , but I refrained from doing so . I stood up and Mom put her arm around me . " I'll stay . " Rafael stated . Dad glared at him , but he refused to move . " Why do women get kicked out ? " Raven muttered unhappily .

" Mom shrugged.® " Men are sexist pigs . " I sighed , as I closed the door behind me . My heart was pounding , I knew what Dad meant , but he had to realise that we both wanted each other that night .

Heck I wanted him since the first day I saw him . He consumed me ... I also knew Alejandro wouldn't take shit from anyone ... in a way , I was glad that Rafael was there to stop them from tearing each other to pieces .

I wrapped my arms around myself , Mom placed her arm around me once again . " Don't worry they'll be she was cut off when a deep, menacing growl shook the entire foundation of the mansion.

I Love Him

ALEJANDRO

" Ok before- " 1 " Stay out of it . " Elijah growled at Rafael , cutting him off . I stood up , smoking my cigarette as Elijah stood up , pure anger burning within his eyes . I smirked coldly . " What's wrong ? Does it hurt your fucking ego that your daughter's not a baby anymore ? " I taunted.co I knew it wasn't the best way of handling things .

But I wasn't sorry for that night ... I t was the best fucking night I ever had , and I was not going to admit anything otherwise . " She was here under your fucking care , and you- " He began " I fucking took good care of her .

" I added mockingly . That was all I needed to say when he lunged at me with a pure animalistic growl ripping from his throat . I blocked him , my eyes flashed as his Alpha aura blazed around him . Well , I knew he was fucking strong ... I pushed him away , my own aura filling the room like a heavy blanket . "

Watch who the fuck you're messing with .

" I growled . " She belongs to me , and I don't give a fuck what you think . Stop behaving like such a fucking hypocrite about it . She's eighteen . The attraction was fucking strong and we gave in to it , so fucking what ? " I was pissed off now .

" Yeah , and after that , you carried on planning your engagement to Jasmin ! " Elijah thundered , this time he punched me square across the face . I heard something crack and clenched my fucking jaw .

So , the fucker wasn't angry that I slept with her ... but that I hurt her by tossing her aside ... The revelations stuck hard as I saw the pain in his eyes for his daughter . This time I didn't even block , when his fist struck my jaw .

I deserved it ... I did sleep with her and then ... pretended it didn't happen . " What's the matter ? Going to play innocent ?! " He growled , grabbing my collar . I frowned , my red blazing eyes glaring into his dark blue ones .

" I'm far from innocent ... I know I hurt her I messed up and I fucking paid for it . But I love her , so do whatever the fuck you want , but if I were you , I'd keep my fucking voice down , because she's pregnant and does not need this fucking shit .

" I growled quietly . His eyes flashed before he let go of me roughly , and I looked at him coldly . " The only reason I'm letting you off , is because you're her father ... Touch me again and I'll fucking tear you to shreds .

" I said coldly . " You hurt her a lot more than I thought ... I don't even know if I should forgive you . " He spat . " Don't forgive me , I don't fucking need it . But try to at least tolerate me , for her . " I growled back , equally pissed . " There's enough shit going on in our lives to keep her fucking stressed out , at least think of our pup . Your grandchild . "

He frowned , running his fingers through his hair , before he kicked the sofa in anger , his foot tearing through the leather . Fuck . Rafael had just watched silently .

" You might find this a game ... But Kiara is my child , and until you have a daughter , you won't know how precious they are ... A lot of things make sense now ... But I can't believe she was strong enough to handle it ... I don't care if Kiara's accepted you , until I see it for myself , I won't believe it . " Elijah said ,

now looking at me coldly .

" I have nothing to prove to you . I care for her and her alone . " I replied coldly . Our eyes met and I fucking didn't get it . We had nothing in common apart from our love for Kiara .

The door opened and Kiara stood there , her eyes wide as she looked between the two of us . I saw her gaze flicker to my cheek , I'm sure I was almost fucking healed ... I turned my head away , not wanting her to see it .

Her heart thudded and from the corner of my eye , I saw her rush over , stumbling in the process . Both Eliah and I moved in a flash to catch her , I got there first , catching her by the elbows before she stumbled and I pulled her into my arms .

Her scent hit me like a wave of pure bliss , calming my raging emotions . " I'm sorry . " She whispered . I

had no idea what the fuck she was apologising for , but I simply held her tightly , inhaling her scent .

I didn't care who the fuck accepted us and who didn't . She was all that mattered . She wrapped her arms around my waist , hugging me tightly . I heard Elijah sigh but I didn't bother to look at the fucker .

Kiara moved back , looking at her father , her chest rising and falling in anger . I knew she was about to say something , and I knew she'd regret it later , I clamped my hand over her mouth to stop her .

" We've sorted our shit out , you don't need to say anything . " I said , giving her a small smirk . I saw Elijah turn sharply , but Kiara only looked at me with her large green eyes with those blue rims filling with tears .

" Lie . " She whispered . " Hey ... Look , we have . Do you see us fucking crying ? " I said . She frowned , touching my jaw , which was still slightly sore from the fucking punches . Her touch sent a cool soothing tingle through me , healing me . " Why did you hit him , Dad ? " She asked quietly . Elijah frowned , " He wasn't wrong , Amore Mio ...

Yeah , I can't believe I'm saying this shit , but I know she's daddy's little girl and I did not want her upset

if she wasn't on good terms with her father . And the fucker wasn't wrong ...

I was in the wrong . " What he said ... I did hurt you , a lot . " I said quietly . She now frowned , her eyes flashing . " Dad , here's a news flash for you . I hurt him too . A lot . I love him . " The conviction in her voice as she said those words , sent my own fucking heart racing . Scarlett sighed . " Ok look ... Kia ... Raven , go get your stuff ready for tonight ... Elijah take a breather ... "

She said quietly . Kiara kissed me softly before she walked off reluctantly , looking over her shoulder at me . I just fucking wanted to just pull her close and kiss her all over again .

Her sweet taste lingered on my lips . When the door shut , Scarlett looked at her mate , glaring icily . "

She's pregnant . She doesn't need this stress . " She growled .

" He- " " I knew ! " She said . Elijah frowned , his alpha aura rolling off him . " Yeah , I got that from the conversation earlier , so you kept it a secret ? " He said coldly . " Yes , because this is how you were going to behave . Elijah .... they love each other , please for Kiara and for me just ....

" She ran her hands through her hair and frowned at Rafael for help . I simply shrugged and sat down , lighting another cigarette . I had no idea where the fucker knocked the other one ... I scanned the floor , spotting it , and reached out with my foot to snuff it out .

" Elijah , when have you ever seen Alejandro care for anyone the way he does Kiara ? " Rafael said . " You know I'm right fucking here ? " I remarked . " Yeah , you're hard to miss . " Scarlett shot back with a frown , before placing her hands on Elijah's arms . " He's perfect for her baby ... There's no one stronger , more able who could be her mate .

" Elijah looked at me , frowning coldly , before he looked at Scarlett . " Jasmin shouldn't be pardoned . If she's been helping Endora , she should be killed . " He said . I agree with that . Scarlett sighed and nodded , " Let's see how far involved she is ...

We all know what Zidane was capable of ... Maybe she's a victim ... We can't jump to conclusions , " I said

nothing . Let's see if they managed to get more out of her than I did or Darien .

I felt Elijah's anger swirling around me , this was surely going to be fun ... " Rafael , you can take them to Jasmin's apartment , I'm going to see if I can sniff anything out that my men may have missed .

" I said coldly . I wanted to keep busy , because with each passing fucking hour , I was getting nervous

about tonight . For an Alpha , this was like a fucking wedding in a way ... I knew that Serena and the Omegas were most likely already working on the setup in the training

grounds . I was told to avoid the damn area , so I didn't find out what colour Kiara was going to wear .

The food was being prepped and the few Alpha's or Beta's that were coming would begin to arrive in the evening . Did I care ? I'd like to say no ...

But like a fucking weirdo I was ... kinda interested . I mean , she looked fucking good in anything , so I

wanted to know what she was going to wear ... Ok , fuck that's plain weird . I was now taking an interest in women's clothing .

.....

KIARA " You ok ? You seem distracted ? " I asked Raven as we both sat there applying our makeup . It

was later in the evening , and we had both showered so were getting ready for the event .

We were in the old room I had previously been staying at . I was nervous , yet at the same time , it felt

completely surreal . " Hmm , yeah , of course . " She said , " Liar . " " It's just ... My birthday's soon ... At the next mating ceremony , I can find my mate

" And , we all know who you want as your mate . " I smiled , applying some more highlighter to my

cheekbones . When I was met with silence , I looked at her sharply , to see her pausing , her Tipstick in her hands .

Confusion and guilt consumed her . " Raven ... ? " I asked . She gave me a small smile . " Kia ... Is it

possible to have feelings for more than one person ? " She whispered .

I blinked , my mind instantly going to Liam and Damon as I was sure she meant them . " No , it is completely normal for some . " I said quietly .

" I feel ... I don't know ... since you've been here ... Damon's ... I'm sorry . Is this awkward ? First I'm crushing on your brother and now your friend with benefits ? " a " Not really , it's cool . I'm sure we can talk about anything .

" I said , smiling slightly . " I feel awful , like recently , since you're not there , I feel Damon notices me too , and I won't lie ... The other day they were both sparring and I was drooling over them both . " She groaned . I burst out laughing , " Well since they don't match up to my sexy mate , I guess together they might be on par for you ?

" I giggled . She smacked my arm . " Hey ! Do you know , I showed them the picture of me fighting that thing and they mocked me , saying I looked like a monkey " She pouted .  
\*\*\*

" Seems like you're enjoying all their attention . " I teased . She blushed , " Well ... I hope ... One of them is my mate ... " She said , I didn't miss the torn look in her eyes . " Or they might both be . " I said without thinking . I smiled , I was sure it was a possibility . Her eyes widened and she shook her head

.  
" That is a rarity . " She said . " It happens . " I said . " Besides , you are too hyper for one man to handle .

" " Oh yeah ? What about you ? " " Well , I have the Alpha king to tame me ... " I said , batting my eyelids . She smirked . " Tame you or punish you if you're a naughty girl ? " " Both . " I replied blushing lightly . " So , you done it again ? "

" No ... I think tomorrow is the night ... Sadly , not even today . " I said , with a pout . " Wow , why ? " She applied some lipstick . " He wants to make it up to me and take me out on a date .

" Oh , check our big bad Alpha king out . " She giggled , her eyes sparkling . " He is so ... perfect ... " I

whispered , playing with the chain of the necklace . I had already told Raven about the witch and the necklace , and it was something I would be keeping on no matter what . " I'm sure he is . Come on , let's get your hair done . " She said as I came to the present , I sprayed some makeup setting spray on my face . " Ok , let's do this . " I said , looking in the mirror . I watched as she began to style it in an intricate up – do . " Are you wearing a tiara ? " " No , I don't need a crown to be a queen . " I said , smiling as I picked up the pearl and flower filigree hair vine . " Just this . " " Beautiful . " She approved . Whilst she did my hair , I applied body shimmer to my legs and arms . Watching as my hair came together beautifully , a few curled strands loosely framed my face . She did a low bun in the back . She added the hair vine to my hair as I applied a bit of gloss to my lips . " Wow ... You look like a bride ... " Raven whispered . I looked in the mirror at my shimmering subtle eye shadow with my black eyeliner . My soft pinky lips . The dewy glow on my face ... I picked up my matching earrings and put them on along with the few bracelets and a few delicate gold rings to match . " Just the dress now ... " I said . " Where is it ? " " Right here . " Serena said from the open door . I smiled when I saw her and Mom enter . Both looked beautiful in their dresses . " This dress is gorgeous . " Mom said . As she and Serena wrestled with the plastic bag covering it . " Thank you . Mom , did you get anything out of Jasmin ? " " She didn't say anything new ; she was sent here ... but her purpose , we have no idea . Did you sense any magic from her ? " " No ... " " Well , we will figure it out . I told Alejandro she's best moved to the dungeons . " Mom said , sighing . I knew she was probably feeling guilty but we had no option . " Now go get dressed . " " Yes , the boys want to see you . " Raven added , waving her phone as Serena helped me into a pair of ivory shoes with a gold heel .

I nodded , before I slipped out of my gown , keeping my arms over my breasts as I stepped into my gorgeous large dress . Mom gave me a small smile as she zipped me up . The dress was stunning . It had two straps from one shoulder with a cutout showing the middle of my breasts .

With a wrap waist and a heavy skirt with a slit down one thigh . It was made of the most beautiful soft ivory fabric that melted flawlessly into a blush pink .

It was embellished with embroidery , sequins , ( and small fine 3D flowers . From the back o my shoulder strap , there was a beaded cape that trailed the ground . ” Wow ... ” Serena said , Mom nodded her agreement .

” I don’t cry often , but I want to now .... You look beautiful .... ” Mom said quietly . I looked in the mirror , not recognising the woman before me . Yes it was me , but at the same time , I looked like someone who knew what I wanted ,

” Serena replied softly , ” A true queen . ” One who will claim her king in front of everyone . ” Raven said with confidence . ” You should go change . It’s almost time t o head outside . ” Mom told her as she smoothed out her red dress . ” Got it !

” Raven said , rushing off to the bathroom with her purple tulle skirted dress in hand . I looked in the mirror , my heart pounding , thinking of Alejandro ...

This was it ... He was going to become mine ... fully ... It also meant I’d be breaking the pack link to my old pack . ” My baby girl’s all grown up . ” Mom said softly as she hugged me .

” I’ll always be your baby girl . ” I whispered , fighting the tears . ” Ok , Alejandro’s already out , as are our -men . Once Raven’s- ” ” Here ! ” Raven said as she rushed out of the bathroom , zipping up her strapless dress . ” Let’s get going ! ” I took a deep breath , this was it ... My marking ceremony .
