An Understated Dominance by Marina Vittori Chapter 2095

The clogs under Yayoi Kusama's feet suddenly clicked, and the powerful explosive force directly caused several cracks on the ground.

And his whole body shot out like an arrow from the string, killing Dustin with a fierce look on his face.

In the first two games, he did not take the lead in attacking, but allowed his opponents to do whatever they wanted.

But what Chase Lu just said has completely angered him. He wants to use the fastest and most brutal way to resolve the battle and give a warning to all Dragon Kingdom warriors!

“Qiang!”

Halfway through the charge, Kusama Yayoi suddenly drew her sword and slashed out.

In an instant, the famous sword Onimaru glowed red, and a strange blood-red sword light roared out, striking Dustin through the air with lightning speed.

Wherever the sword light passed, the air began to twist, and a deep crack was torn open on the ground.

There are still some scorched marks on it, as if it had been burned by flames.

“What a fast knife!”

Dong Qianqiu's pupils shrank, showing surprise.

Yayoi Kusama's sword seemed simple, but in fact it was fast and cruel. Compared with the previous attack, it was more than ten times more powerful.

In other words, Yayoi Kusama had been suppressing her own strength until she was angered, and then she suddenly burst out.

This is trouble!

At this moment, not only Dong Qianqiu's heart was hanging, but most of the audience present were worried about Dustin's life and death.

They looked down upon each other, but Dustin was from the Dragon Kingdom after all. No matter what the reason was, they didn't want each other to die in the hands of the little devil.

"Little tricks."

Seeing the blood-red sword light coming towards him, Dustin did not dodge. He raised the branch in his hand and waved it gently from top to bottom.

"Whoosh~!"

A half-moon-shaped white sword light burst out, facing Kusama Yayoi's bloody sword light.

The light of the sword cuts horizontally, while the light of the sword strikes vertically.

Two rays of light, one red and one white, briefly formed a "ten" in the air, and then collided with each other.

"boom!!"

There was a loud noise and the ground shook.

The red sword light and white sword light were like tofu colliding at high speed, instantly exploding into pieces.

The energy wave generated by the collision was like a tidal wave, turbulently impacting the onlookers.

The weak warriors were forced to retreat continuously, and the strong warriors could not help but narrow their eyes.

Soon, the air wave dissipated.

The first blow between Yayoi Kusama and Chase Lu was evenly matched.

This result was beyond everyone's expectations.

Because in their opinion, Dustin was no match for Yayoi Kusama, and there was no chance of winning in a head-on confrontation.

However, Dustin not only blocked Yayoi Kusama's attack, but even gained a slight upper hand.

After all, Yayoi Kusama used the famous sword Onimaru, but Chen Lu only used a branch.

There is a gap in weapons between the two sides. If they can fight evenly, they will have the upper hand.

"Damn it! I didn't expect this guy to have two brushes and be able to block the little devil's knife."

"People cannot be judged by appearance, and sea water cannot be measured. It seems that this young man is not simple!"

"Does an unknown person have such strength? It must be that the little devil didn't use his full strength, right?"

"It makes sense! It was the same in the previous fight against Xu Yang. The little devil never took it seriously. He was like a monkey. Once he gets serious, he can decide the outcome with one strike!"

"..."

Seeing the two people competing, the onlookers started talking a lot.

Some people think Dustin is enigmatic, while others think Yayoi Kusama is deliberately letting things slip.

"Sister Hongxue, how are you? Brother Lu didn't disappoint you, did he?"
