and the man who had been the center of attention for the last few days, Jasperat Landon's side, made the way to the bar.

He had been the center of attention for the last few days, Jasperat Landon's side, made the way to the bar.

Both men were dressed in suits, but Jasper had opted for an all-black suit, while Landon wore a dark blue suit with a white shirt and a red tie.

Landon was happy to see them in person.

Like the books,

Don't forget Mr. Hamper, I'm coming at its devilish quest for a thing for him!

Lana rolled her eyes at Landon checking out Allee. She chuckled, "Look at how popular Mr. Hamper is. When are you going to win his heart? I believe you have a long-time crush on him."

"What's the rush? Impatience solves nothing. It's a matter of time before I make him mine," Belly grumbled with a roll of her eyes.

That's true, but look at those women eyeing and gushing at him in desperation. If you don't lay claim to him soon, you'll have a lot of trouble.

Belly ground her teeth upon hearing that. It was her ultimate dream to be Landon's woman and secure the role of Ms. Beckett.

However, she wanted to dig a hole and hide away!

and anger when she recounted the way Landon had humiliated her at home.

Still, she would not give up on Landon as she wouldn't want to be a joke in Lana's eyes.

Lana turned her attention to Jasper when the two men walked in her direction. She wanted to go up to him. That was when the guests turned their eyes to the main entrance once more.

A breathtaking figure appeared under the dazzling sunset and walked into the venue like something out of a painting. It was Alice White,

the thorn in Lana's side,

"Alice, you're outrageously lovely," Landon mumbled as he gaped at her.

Jasper was stunned by her beauty. His breath quickened as blood rushed through his veins.

"Wow! Who's that lovely lady in a mermaid dress? She's got class."

"If I'm not wrong, she is wearing a Vittorino dress by Angelo Costa. She must have some connections to get Master Costa to make her

dress

"The wearer makes the dress. She has showcased the craftsmanship of the Vittorino dress to the fullest extent. She could well be a

Vittorino model

The guests were full of praise for the stunning beauty. For the event, Alyssa had chosen to wear a high-fashion mermaid dress in white and sky blue with intricate embroidery.

Her choice of dress was unique and captivating while complementing her surroundings. She had subtly scored a win against Lana and

Belly

"Damn! How did that bitch think of wearing a Vittorino mermaid dress? It didn't even cross my mind!" Belly clenched her jaw in anger as

Sophia looked upset.

Sophia had put on an expensive mermaid dress as well, knowing that it would accentuate her figure. Despite her careful planning, she lost out to a country girl, which frustrated her to no end. She finally realized that, given her age, she'd never beat Alice.
