

Chapter 994 I've Been Waiting For You

After getting instructions from Zakai, Sigrid returned to the first floor of the clinic.

She had regained her composure. She was filled with joy now, thinking that she was about to take revenge on Trevor.

Sigrid approached Sally and urged, "Dr. Scott, please come up quickly. The doctor is waiting for you."

Sally and Greta looked at each other in tacit understanding and followed Sigrid to the second floor side by side.

"Come in." Sigrid pushed the door to a room.

Sally didn't enter the room yet. She looked inside and saw a figure lying on the bed, wearing a hospital gown. At first glance, it looked like the person lying there was a pregnant woman.

Sally and Greta entered the ward. Sigrid stood one step behind them quietly and locked the door.

She couldn't help but snicker when she saw that Sally and Greta didn't seem to notice something was wrong.

What she didn't know was that Sally and Greta had already seen through her tricks.

Sally was still a little nervous although she knew this was a

trap.

She secretly gritted her teeth and walked forward according to their plan to check the condition of the pregnant woman.

Suddenly, the situation changed.

As soon as she lifted the quilt, Sally saw a fat man under it.

It turned out that he disguised himself as a pregnant woman.

The man suddenly opened his eyes, laughed, and reached out to grab Sally's wrist.

"Ahhh!"

Sally had already been prepared, so she dodged the man's grasp. But she still couldn't help letting out a scream.

The atmosphere in the room became tense at once.

"Ha-ha! I didn't expect you to be so nimble." The fat man got up from the bed and applauded with a sinister smile. It was as if he was complimenting Sally.

When they heard Sally's scream, several fierce-looking men came out from under the bed, behind the curtains, and inside the closet. They surrounded Sally and Greta.

Greta stepped forward and stood in front of Sally to protect her. Then she said coldly, "What the hell do you want to do? I'm warning you. You are breaking the law."

The fat man looked at Sally and Greta up and down while rubbing his hands and licking his lips.

"I didn't expect that you two are both beautiful women. No

wonder Zakai is willing to pay us a lot of money to get you. What are we going to do? Of course, we're going to fuck you. After Mr. Sanderson is done with you, we will make you enjoy our performance in bed."

But instead of getting scared, Greta sneered. This was what she had been waiting for. Finally, she succeeded in getting oral evidence from these gangsters.

These burly gangsters had no idea what she was up to. With obscene smiles, they surrounded the girls, intending to get them.

Greta remained calm, not showing any trace at all. When the man in front of her was not paying attention, she kicked him to the floor and shouted, "Let's go!"

Sally rushed to the door only to find it was locked from the inside.

She was about to open the door in a panic when she heard the gangsters roar, "Damn it! Don't let them go! Let's go get them together!"

But when the gangsters were about to rush over, Greta kicked them away one after another.

Since they didn't expect it would happen, they could only back away in pain.

Never did they imagine that Greta was this good at fighting.

While Greta was dealing with the gangsters, a harsh police siren sounded outside the clinic.

"Damn! How come the police are here? How did they know

we're here?"

The gangsters were a little flustered.

But the most flustered one was Zakai, who had been hiding in the corner.

Just now, his face flushed, and his body was burning with desire, fantasizing about how to enjoy Sally's delicate body.

But when he heard the police siren, the expression on his face changed dramatically.

"Damn! I can't be caught. No one should know that I'm here. My father will kill me if he finds out." Zakai felt his scalp tingle.

If he was detained in the police station, Dooley would rush back to Esterham ahead of schedule.

He had secretly used the funds of Dooley's company. If he couldn't return it in time, Dooley would not spare him.

"Hurry! Let's get out of here quick!" Zakai shouted in a trembling voice and pulled Sigrid, ready to flee.

Sigrid didn't expect such a big change to happen in a short time. She reminded him in a sharp voice, "Let's go through the back door!"

They quickly ran to the first floor and opened the back door.

As soon as the door opened, Zakai was welcomed by the dazzling sunlight. But a sense of relief rose from his heart.

However, something unexpected happened.

"You're finally here. I've been waiting for you for a long time."
A hoarse voice sounded in Zakai's ears.

Before he could react, he felt a pain in his knee, and he fell hard to the ground.

Zakai was terrified, but he tried to get up.

But before he could even stand, a familiar feeling of electric current spread all over his body.

He groaned. His entire body twitched, and he fell to the ground again, this time in a coma.

Trevor looked at the weak Zakai and sneered. Then he turned to Sigrid with the baton in his hand.

When Sigrid looked at Trevor's masked face, she was so scared that she almost peed.

She never thought Zakai would instantly faint. He was so useless.

When she looked at Trevor's cold eyes, she was so terrified that her legs trembled and weakened.
