

A Man Like None Other Novel Chapter 3601

Full Read Online **Chapter 3601** of the novel **A Man Like None Other**

Chapter 3601

A terrifying aura emanates from this red human form!

David's face was full of surprise. He had never thought about how the souls of two people could merge, and how could they turn into such an ugly guy?

Obviously, the red human form after the soul fusion of Hu Da and Hu Er has obviously improved a lot in strength and realm!

Following the roar of the red figure, a strong wind of spiritual energy blew up all around, and a force of pressure caused David's body to instantly fall from the mid-air!

"This... what is going on? This guy actually has the peak strength of the eighth level of the Tribulation Realm. I can't even compete with him."

Demon Mountain Ghost looked at the red humanoid with a look of surprise on his face.

With the help of this sacrificial blood formation, the souls of two monks of the sixth level of the Tribulation Realm were fused into a body with the peak of the eighth level of the Tribulation Realm!

This is simply outrageous!

You know the strength of the eighth level of the Tribulation Realm, even if you beat ten or eight of the sixth level of the Tribulation Realm, it is no problem!

"As expected of a formation from heaven, it's so amazing..." Sheng

Bushi sighed.

As a family of formation talismans, Sheng Bushi knew that even if their Sheng family had been practicing for several lifetimes, they would never be able to create such a powerful formation!

The bloody humanoid stared at David and suddenly attacked David!

The body is like lightning, and the speed is extremely fast!

David's heart tightened. Although he had been promoted to the second level of the Tribulation Realm, it was still impossible to deal with the eighth level of the Tribulation Realm!

What's more, there is a steady stream of power behind this guy!

This bloody humanoid body is constantly flashing with formation patterns, which are connected to the surrounding sacrificial blood formations!

The priest's blood array uses the blood in the array to continuously give strength to the bloody humanoid.

At this moment, David seemed to be in a deadlock!

The other party is at a higher level than you, is stronger, and has a steady flow of resources!

How to fight this?

At this moment, the transformed bloody monster came to David in an instant.

An inaudible whimpering sound came from his mouth, and a bloody light shot out.

This brilliance continued to expand in David's eyes. David's body suddenly retreated, but the brilliance followed him like a shadow, always following him.

David frowned, and the fire gathered in his palm, then turned into a huge burning shield in front of him, covering his whole body.

But when the brilliance flew, it did not hit the shield, but passed through it like an invisible object.

"What's going on?"

David's pupils narrowed.

boom!

This brilliance hit David's chest, causing him to fly backwards.

David suddenly spat out a mouthful of blood, his face extremely pale.

"Master!" Huofeng saw this and shouted!

"David!" Bai Qian was also extremely distressed.

"Mr. Chen..."

Luo Shouhai and the others were all worried about David, but they were nervous at this time and could not help at all.

"Don't be nervous, you won't die..."

David forced a smile towards everyone, then wiped the blood from the corner of his mouth, with a calm expression, holding the magic whip and making whip shadows.

Although this bloody weirdo is the fusion of the souls of Hu Da and Hu Er, even if he is fused, he is still a demon cultivator, and he will definitely be afraid of the demon whip.

But this time, the bloody weirdo refused to dodge, and whip shadows passed through the weirdo's body without leaving any trace.

The magic whip seems to have no effect at all!

"Mr. Chen, this weird guy used this formation to fuse the souls of Hu Da and Hu Er. However, this weird guy has no spiritual consciousness at all, let alone the sea of consciousness. I'm afraid this magic whip will be of little use.

" Yan followed David and reminded!

David finally realized that the reason why the magic whip is so powerful against demon cultivators is because it can attack the demon cultivator's sea of consciousness!

Chapter 3602

But the weirdo in front of him now has no consciousness at all, so whipping the magic whip is useless!

David put away the magic whip, and the dragon-slaying sword in his hand suddenly fell.

Thousands of sword lights surrounded the weirdo.

But those ten thousand sword lights also passed through and did not cause any harm to the weirdo!

At this moment, David panicked. Normally, the weirdo in front of him seemed to have a real body. Why couldn't even the Dragon-Slaying Sword cause any damage?

While David was thinking, the weirdo took action and knocked David back again.

David spurted out another mouthful of blood, his face even more ugly!

For a while, no matter what methods David used, he could not hurt the weirdo at all, but only got beaten. Chen

Ping no longer attacked, but used fire-bending steps to avoid and think about how to deal with this guy.

How could David defeat a nearly invincible being?

Even with such a consumption, David can't consume the opponent's, but he has a large formation to continuously deliver power!

In this large formation, this blood-red monster is almost invincible!

"Is it possible to break the formation first?"

David frowned, not knowing what to do!

David became more and more anxious, making his movements slow and constantly avoiding being hit by the bloody weirdo!

Fortunately, David had an indestructible golden body and was physically strong, so he was not defeated!

If it were anyone else, he would have been beaten to ashes by now!

Even if you are a genius, it is impossible for you to fight against a monk at the second level of the Tribulation Realm and at the peak of the eighth level of the Tribulation Realm!

Such a huge gap in realm cannot be made up by relying on talent!

“Mr. Chen, don’t be anxious. Try to trap this guy first, and then break the formation. As long as you can break the formation, this guy will no longer be a threat.”

Zhe Yan comforted David, who was already a little anxious.

If David continues like this, even with his strong body, he may not be able to bear it!>

“I’ll try...”

After listening to Zhe Yan’s words, David began to stabilize, used his body skills to dodge, and then used his magic skills!

David is going to set up a small formation in this big formation to trap the bloody weirdo!

As David used the magic formula, golden chains instantly appeared on the ground!

David used the formation and the metal element to trap this bloody weirdo!

A series of golden iron chains wrapped around the legs of the bloody weirdo, and then wrapped around the body!

The bloody monster struggled and kept roaring!

When David saw this, he ignored the bloody weirdo and quickly looked at the surrounding formation!

The formation patterns on the ground are still flowing with blood!

The blood of these demon cultivators continues to give strength to the bloody monster!

The formation pattern was extremely complex, David frowned, looking for the formation eye!

The bloody monster kept roaring, which made David more and more anxious. The more he acted like this, the harder he could find the location of the formation!

Crash...

Suddenly, the iron chain surrounding the bloody monster was broken into several sections.

The bloody weirdo broke free and headed straight for David!

“Mr. Chen, be careful...”

Upon seeing this, Devil Mountain Ghost shouted to remind David!

David was startled, and before he could make any move, he was slapped by the bloody weirdo and flew away!

David’s body hit the edge of the formation hard, and then bounced back!

“Cough cough cough...”

David coughed violently, blood dripping from his mouth!

This time, everyone became even more worried!

David struggled to get up and looked coldly at the bloody weirdo in front of him. As his thoughts flashed, the Dragon Pattern Bell suddenly appeared in mid-air!

The huge dragon-patterned bell buzzed, and the entire void was shaken with ripples!

Then the dragon pattern bell shrouded down towards the bloody weirdo!

Full Read Online **Chapter 3603** of the novel **A Man Like None Other**

Chapter 3603

The bloody weird man looked up at the dragon-patterned clock and tried to move his body, but found that he couldn't move at all!

The dragon pattern clock seemed to have a huge suction force, sucking in the bloody weirdo!

boom!

The dragon-patterned bell hit the ground hard, covering the bloody weirdo inside! At

the same time, the patterns on the dragon pattern clock flickered with light!

No matter how hard the bloody weirdo bombarded him, the dragon-patterned clock didn't move at all!

Seeing this, David breathed a sigh of relief!

When other people saw this, they were relieved!

Now that the bloody monster is restrained by the Dragon Pattern Bell, David only needs to find the formation eye and break the sacrificial blood formation!

David looked carefully at the formation patterns on the ground, and the blood inside was still flowing!

With such a huge and complex formation, it would not be possible for David to find the center of the formation overnight!

“Mr. Chen, this sacrificial blood formation is opened with the blood of those demonic cultivators. You can follow their blood breath and find the formation eye.” “

Only when the formation eye is activated can the formation be opened...”

Sheng Bushi said in the formation method Outside, he shouted to David!

When David heard this, he understood instantly, and a ray of consciousness slowly attached to the blood flowing in the array!

As long as you follow the flowing blood, you will definitely be able to find the location of the formation!

After all, the energy needed by this formation now comes from the blood of these demon cultivators!

Soon, David used this method to find the center of the formation!

As long as you find the formation eye, the rest becomes much simpler. You only need to destroy the formation eye, and the great formation will naturally be lifted!

However, after the formation eye is destroyed, the formation plate of the priest's blood formation can no longer be used!

Looking at the formation he found, David hesitated a little!

This sacrificial blood formation is also a good formation!

Especially for the Blood Demon lineage, it is simply considered a divine weapon!

Now the Blood Spirit Valley isAfter all the slaughter, Luo Shouhai, Luo Xi and Jin Dong would probably be ostracized a lot if they wanted to survive in Tianmo Mountain!

After all, there are only three people left in a sect, who can look down on them!

But it would be different if Luo Shouhai had this array. He could use this array to slowly develop his own power!

“Mr. Chen, hurry up and leave...”

Seeing David's hesitation, Devil Mountain Ghost Lao shouted in confusion!

“Master, break the formation, break the formation quickly...”

Huo Feng also shouted anxiously!

Behind David, the Dragon Pattern Bell kept buzzing, and the bloody weirdo was attacking the Dragon Pattern Bell crazily!

“Mr. Chen, what are you waiting for?”

Zhe Yan didn't understand why David was still hesitating now that he had found the location of the formation!

“I don't want to break this formation. If it is broken, the formation will be destroyed.”

David said!

“Mr. Chen, if you don't break the formation, you won't be able to deal with the Hu brothers. They can live forever in this formation!”

Zhe Yan advised!

“There is no immortality in the world. Maybe there is another way to let them put away the formation by themselves.”

David's brain was thinking rapidly, and then he turned his attention to the two bodies of Hu Da and Hu Er!

“Mr. Chen, it's useless even if you destroy their physical bodies. They can completely use the power in this formation to reshape their physical bodies.” “

Since they dare to leave their bodies, they are not afraid of their physical bodies being destroyed. Yes.”

Zhe Yan said!

“Try it...”

After David finished speaking, the illusory stars in the original space were flashing rapidly!

Immediately afterwards, the scene around David began to change, and in the end, the sacrificial blood array disappeared!

And Sheng Bushi and others outside the formation watched helplessly as David and the others slowly disappeared from the formation!

At this moment, no one can be seen in the entire formation!

Chapter 3604

“Where is Mr. Chen?”

Ji Yun asked in surprise!

“Where’s the person? Where’s David?”

Bai Qian’s eyes were full of worry!

“Why did it disappear?” Devil Mountain Ghost Elder was also very confused!
Only

Sheng Bushi frowned slightly, and then slowly said, “Mr. Chen should have set up the illusion array in the blood array, so when we looked over, they disappeared. In fact, they were all still there. Inside!”

“Illusion formation? Why did Mr. Chen set up the illusion formation? Why didn’t he break the formation and come out quickly?”

Luo Shouhai asked!

“I think Mr. Chen wants to keep this array. If it is really broken, then this array will be completely destroyed.”

Sheng Bushi guessed!

“Why keep the formation disk? Mr. Chen’s own attainments in formations are not low, but he still cares about this formation disk?”

Luo Shouhai didn’t understand why David still cares about this formation disk when he can set up the formation disk at will. Woolen cloth!

Sheng Bushi glanced at Luo Shouhai and said, “Perhaps Mr. Chen is not using it himself. This array disk can be regarded as a magical weapon for demon cultivators of the blood demon lineage.”

When Luo Shouhai heard this, he was instantly stunned!

He seemed to understand that David did not destroy the formation at the last moment and left the formation behind, probably for himself!

You know, David is taking a big risk!

Luo Shouhai looked into the formation. Although David could not be seen, his eyes were full of emotion!

A scholar dies for a confidant!

At this time, Luo Shouhai had secretly vowed that if David was in danger, he would not hesitate to risk his own life to stop it!

At this moment, David, who was in the formation, saw fire beating in his palms, and then he swung out his palm, and a fireball directly wrapped the physical bodies of the Hu brothers!

Immediately afterwards, the smell of barbecue came out, and the Hu brothers' bodies instantly turned into ashes!

After the bodies of the Hu brothers turned into ashes, inside the Dragon Pattern BellThe bloody monster let out a shrill scream!

Then the loud voice came out!

“Boy, do you think you can subdue us by destroying our bodies?” “

In this great formation, we can instantly reshape our bodies. Don't try to defeat us.”

Hu Da was not defeated because of his body. Destroyed without the slightest anger!

“Really? If the formation is no longer there and your bodies are destroyed, can you still reshape them instantly?”

David asked jokingly!

“This is the heaven formation that was left behind during the war between gods and demons. It was carved by immortal and demon-level powers.”

“How could you, a second-grade monk in the Tribulation Realm, give you this great formation?” Broken.”

Hu Da didn't believe what David said at all!

“No matter who draws the formation plate, as long as the formation eye is found, the formation will be as fragile as paper. I can break it with just a tap.” “

You use the blood of your tribe to generate energy, but you have forgotten that the blood in those blood The energy will gather into the formation eye and be used by the formation.” “

I can easily find the location of the formation eye by following the breath of blood.”

David said confidently!

After hearing David’s words, Hu Da didn’t speak and just fell silent.

Although they have formation disks and can activate large formations, they are not formation masters, so they are dubious about what David said!

But it was obvious that Hu Da seemed to believe what David said!

“Brother, don’t listen to this kid’s nonsense. He is not an array master. How could he understand this? He is just lying to us.”

Hu Er said!

“Whether I lied to you or not, I’ll let you out and have a look.”

David waved his hand, and the Dragon Pattern Bell soared into the sky and returned directly to the storage ring!

The bloody weirdo was released, and then looked around, with disbelief in his eyes!

Chapter 3605

“The formation is really gone, it’s really broken...”

A loud voice came out of the bloody weirdo’s mouth.

“Boy, even if you break our formation, you still can’t escape.”

Hu Er roared angrily!

“Who said I was going to escape? Without this great formation, how long can you maintain this form?” “

And your physical bodies have been reduced to ashes. With just your two spiritual bodies, I have a hundred ways to do it. I will make your life worse than death!”

David said with a joking face!

Seeing David like that, the Hu brothers panicked!

Without the formation, they wouldn't be able to maintain this form for long!

“Boy, since you destroyed our body, then we will take your body away. Seeing that your body is quite strong, we can use your body to fight.”

After saying that, the bloody weirdo walked straight towards David, his scarlet eyes filled with murderous intent!

David breathed a sigh of relief when he saw that the two of them had been fooled!

These two guys also wanted to take away his own body, which made David extremely happy!

You must know that David's sea of consciousness cannot be destroyed by anyone, not to mention that there is Daluo Golden Code in David's sea of consciousness, which no one can shake!

“Zhe Yan, these two guys will take away my body in a while. You must not be exposed. Just stay quietly in the sea of consciousness.”

David warned Zhe Yan!

“Mr. Chen, I understand. These two guys are really stupid. They dare to come and take Mr. Chen's body away.”

Zhe Yan nodded!

David looked at the bloody weirdo charging towards him and punched him!

It's just that this punch directly penetrated the body of the bloody weirdo, and then countless tiny blood mists quickly invaded along David's body!

David's bone meridians trembled for a while, and then the blood mist went straight to David's sea of consciousness!

Blood mist filled the air, David's sea of consciousness trembled, and David also showed great pain!

"ah....."

David screamed, which made the Hu brothers feel happy!

The souls of the two brothers began to continuously impact David's sea of consciousness. They wanted to occupy David's body!

Soon, the blood mist enveloped David.

Immediately afterwards, David's eyes became dull, and the bloody monster suddenly dispersed and turned into a ball of blood mist!

This blood mist also entered David's body!

"Brother, it's done..."

Hu Er's voice unexpectedly rang out from David's mouth!

"Sure enough, it happened. This boy's body is really strong. When the time comes, I will seize a body for you, and our two brothers will live happily again."

Hu Da said with great satisfaction!

"Brother, this boy has a strong physical body, and he also has the origin of thunder and lightning. I want this physical body. The two of us are the best match."

Hu Er also likes David's physical body!

"Brother, this boy's origin space is definitely not as good as yours. When the time comes, I will find a way to find a physical body for you, and I will find someone with the origin of thunder and lightning."

Hu D didn't want to give up David's physical body, so he said perfunctorily!

“Okay, let me first see how big this kid’s origin space is, and he brags that his origin space is the universe and the galaxy...”

Hu Er said, and entered David’s origin space!

After entering David’s original space, Hu Er was stunned instantly!

Because at this moment, he felt like he was in the galaxy of the universe, filled with stars, some of which were particularly bright!

“Isn’t this...Isn’t this...too damn outrageous?”

Hu Er was so shocked that his jaw almost dropped!

He didn’t expect that what David said was true, and he actually wanted to use his original power to burst David!

Now that I think about it, it’s a joke!

“Brother, how are you?” Hu Da asked!

“Brother, come and see, this boy’s original space is actually the galaxy of the universe.”

Hu Er greeted Hu Da excitedly!
