

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2571-“You morons. Do you have a death wish?” Leon laughed angrily.

He had shown mercy to the Feaks repeatedly, hoping that they would eventually see reasons. However, not only did they not appreciate it, Roman was now teaming up with the elders to go against him.

This was far out of line and Leon had completely lost patience.

“Enough with your nonsense, kid! You have one last chance to hand Jaxon over and follow us to the hospital. That way, we won’t harm you. Otherwise, you shall suffer the consequences,” Roman roared.

“Not possible! I’m not going to hand Mister Jaxon over to you just so your stupidity can get him killed. Just give up!” Leon said with determination.

“Very well! You asked for this. We will take you down if that’s what you want!”

Roman laughed angrily.

Though it was unfair for them to gang up against a young man, Leon kept trying to stop them from sending Jaxon to the hospital and out of concern for Jaxon, they could not hold back any longer.

“Romeo, leave this kid to me and the elders! Find a chance to take Jaxon to the hospital! We will all move at the same time!” Roman commanded, before launching a powerful attack at Leon.

Meanwhile, the two elders each launched their attacks as well in corporation with Roman’s movement.

Romeo, on the other hand, reached out in an attempt to grab Jaxon from behind Leon. So long as Leon was occupied dealing with the other three.

“Know your place. Don’t blame me for not showing mercy, Elder Feaks. Take this. Hurricane Break!” Leon roared, his gaze sharp.

Apart from the powerful defence of the Mirror of Sovereign, he could also move swiftly with the Phantom Steps. Even if Roman teamed up with the elders, they were no match for him as he could easily take them down one by one.

However, time was of the essence and Jaxon was badly injured, so he had no time to fight them.

Hence, he used his most powerful method and countless streams of spiritual energy rained down upon them, before combining into a powerful hurricane that swarmed the Feaks.

“What... on earth is that?”

“How powerful!”

Roman and the elders were all shaken.

They had all thought that Leon was merely relying on the treasure and did not see him as a threat.

To their bewilderment, Leon launched a powerful attack without using the treasure and its power had likely reached the Almighty State.

This was not something that martial artists in the SemiAlmighty State could withstand, and they were all shocked.

Naturally, so was Romeo.

He was terrified by the sight and found himself unable to escape. Without any other option, they could only face the hurricane head-on.
