

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2581-“The gods are watching! You shall meet your end now!” The Feaks stared at Leon with resentment and were all pleased that Leon was in danger.

They had all witnessed Howard’s power and knew he was far stronger than Leon. Hence, Leon could not possibly stand a chance.

If they were not mistaken, Leon would surely perish once he took the blow and the victims would be avenged.

However, what happened next shocked them all.

“Stop!” One of the other old man seemed to have recalled something and shouted, before hurrying to Leon to protect Leon from Howard’s attack.

“Fletcher, why are you stopping me?” Howard was shocked.

Not wanting his attack to injure his comrades by mistake, he immediately withdrew his true energy and ceased the attack.

“Howard, this young man looks a lot like someone I know... There’s something I’d like to ask him...” Fletcher explained and turned to look at Leon.

“Kid, your name is Hugh Wolf, right? Are you perhaps Mister Wolf from the southern region?” Fletcher asked.

“Mister Caldicot?” Leon studied the old man before him and soon recognized him.

Some time ago, Alfred received a request from the western branch of Dragon Corps for help to eliminate the Poisonwielder.

Fletcher was none other than the leader of the special force arranged to accomplish the mission.

“It really is you, Mister Wolf!” Fletcher was overjoyed.

When Leon led a team to the western region, he wore a mask that covered half his face and told everyone his name was Hugh.

At the time, Fletcher did not have the chance to see Leon's face. Hence, he did not recognize Leon right away when he arrived.

However, upon hearing the Feaks mention Hugh's name, he realized that Leon's figure and height matched with what he knew about "Hugh" perfectly.

Hence, he recognized Leon right away and stopped Howard from attacking in time.

Since Leon knew his name, this was proof that he was indeed the person who worked the Dragon Corps and Fletcher was right.

"Great! Mister Wolf, when did you get to the western region? Why didn't you inform me or come over as guest?" Fletcher asked.

When they fought the Poisonwielder, the Reaper's Breath was too powerful and the Dragon Guards from the western region had all fallen victims of it.

Thankfully, Leon had the antidote and even eliminated the Poisonwielder with his own strength.

Afterward, the Dragon Guards from the western region invited Leon to for a meal to thank him, but Leon was in a hurry to return to the southern region at the time, so he did not take them up on their offer.

Still, Leon made a promise that he would definitely pay the Dragon Corps branch a visit if he ever came to the western region again.

Fletcher had not forgotten about it at all.

The Ex Husbands Revenge Chapter 2582-"I..." Leon was about to answer Fletcher's question when Howard interrupted the conversation.

"Fletcher, do you know this kid?" Howard was slightly taken aback that Fletcher knew such a criminal.

"Yeah! Mister Wolf is from the southern region..." Fletcher nodded and was about to inform the others who Leon was when he noticed something was off.

Leon wore the mask when he came to help with the mission of eliminating the Poisonwielder, which meant he did not wish to have his identity exposed.

If he informed everyone that Leon was a Platinum Dragon Guard, it may not be appropriate.

Hence, he immediately stopped himself from continuing.

“Mister Caldicot, it doesn’t matter if you two know each other! This man committed murder and robbery! You aren’t going to protect him just because you know him, right?”

The Feaks spoke anxiously.

Howard was about to eliminate Leon and avenge the dead. To their surprise, Leon actually knew Fletcher.

Instantly, they did not know what to think.

Judging from the excited look on Fletcher’s face, they all sensed that Fletcher was rather close with Leon, so they were worried if Fletcher would protect Leon because of that.

If the Dragon Guards were on Leon’s side, Leon may be able to evade punishment and this was hardly what the Feaks wanted.

“Fletcher, they are right! This kid has taken innocent lives. He cannot be forgiven. You can’t just protect him simply because you know him. Get out of the way now. I will need to serve him justice on behalf of the Feaks!” Howard said righteously.

“Thank you, Howard!”

The Feaks were relieved to hear this.

At first, they were worried that Howard may side with Leon because Fletcher had a personal connection with Leon.

However, Howard was just and promised to uphold justice on the Feaks’ behalf, which reassured them.

“Well...” Fletcher was instantly rendered speechless.

Though Leon had once saved his life, it was the Dragon Guards’ duty to uphold the good and punish the bad. If Leon had truly committed murder and robbery, he could not possibly protect Leon.

However, he soon realized something was off.

After spending time with Leon, he could tell that Leon was a righteous and virtuous man. On top of that, Leon was a Platinum Dragon Guard so there was no reason for him to commit such horrible crimes.
