

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2623-“What’s going on?” Diego, Milo, and Enzo were all shocked when they saw all the people gathering outside Loen’s room.

When they had a clearer look, they were utterly shaken.

“Isn’t that the head of the Rathbournes? Why is he here?” Diego rubbed his eyes in disbelief.

As one of the Western Boss’s guardians, he saw plenty in the past and he recognized one of the people as the head of the Rathbournes, another influential family.

He could not quite understand why such a powerful figure would appear here.

It looked as though Elder Rathbourne was lining up and was even standing at the back of the queue.

This was so surreal that he was shaken.

“Sir, it’s not just the head of the Rathbournes. The heads of the Faunts, the Cades, and the Daglehs are here as well. They are all here.”

Milo’s eyes widened as he instantly recognized that the people before him were all heads or elders from influential families.

Shocked, he could not understand why these people would be here.

“Sir, look. Even the head of the most powerful family, Caleb Morrison is here as well,” Enzo pointed at Caleb and froze in place.

As the head of the Morrisons, Caleb was even higher in status compared to the Western Boss.

To their bewilderment, Caleb and Elder Dagleh, along with others, were all waiting here respectfully.

This was so surreal that they could not believe what they were seeing.

“What’s going on? who are they waiting for? who on earth has the right to have these people wait for them?” Diego recovered from the initial shock and struggled to regain his composure.

Though he did not know who they were waiting for, he knew that there was not a person, including the Western Boss, who could make Caleb and Elder Daglesh wait.

Hence, he could not figure out who they were waiting for.

“Sir, can they be waiting for Hugh Wolf?” Enzo asked.

The three of them came to deal with Leon and learned ahead of time that Hugh’s room was right up ahead.

Since all these people were waiting outside Hugh’s room, it seemed possible that they were waiting for Hugh.

The Ex Husbands Revenge Chapter 2624-“What? Are they all waiting for Hugh?” Realization dawned on Diego.

He knew that Hugh’s room lay ahead and all these people were likely waiting for Hugh.

Still, he soon felt that something was off.

Leon was merely an insignificant young man, so there was no reason for all these influential figures to wait outside his room.

It seemed impossible.

“Milo, are you sure that is Hugh’s room? Can you be mistaken?” A thought crossed his mind and he turned to Milo, suspecting that there was an issue with his investigation.

Enzo felt the same and turned to Milo in confusion.

“No! Sir, I investigated in detail and there can’t be any mistake. I guarantee that we are looking at Hugh’s room right now,” Milo said confidently.

“Well,” Both Diego and Enzo were stunned.

They knew that Milo was a cautious man and it was unlikely that he was mistaken.

Since he was certain, the room ahead probably belonged to Hugh, which meant that Caleb and the others were all waiting for Hugh.

How was that possible?

None of them could understand how a young lad like Hugh had all these powerful figures waiting outside his room, and this completely changed the way they viewed Hugh.

For a moment, they questioned everything they knew.

“Damn it! Sir, what should we do now? Should we go and capture Hugh?” Enzo snapped out of it and asked, his face pale.

“How exactly are we going to capture him? With all these people around, any one of them could easily kill us! They will take US down before we can even reach Hugh!” Diego said darkly.

“Well,” Enzo and Milo fell into silence as they knew Diego was right.

Both Caleb and Elder Daglesh were heads of powerful families and they were all in the Intermediate Almighty state or above.

powerful than the Western Boss.

With so many formidable figures waiting outside Leon’s room, they must have a death wish to try and do anything to Hug.

“Forget it. Something isn’t right about this kid! Let’s head back and report this to Western Boss. He will make the call!” Diego said thoughtfully.

With Caleb and Elder Daglesh around, he dared not to capture Hugh and intended to plan his next step after reporting this to the Western Boss.

“Sure!” Enzo and Milo were both relieved.

All these formidable martial artists before them left them feeling intimidated, so they desperately wished they could get away before something went wrong.

Not daring to get any closer, they immediately retraced their track and left.

Ironically, they all assumed that Leon was just a young man and no one saw him as a threat.

As they left, they were as embarrassed as they were confident earlier.

The Ex Husbands Revenge Chapter 2625-On Leon's end, he followed Roman to the Morrisons' mansion and obtained the Rainbow Fruit.

After bidding farewell, he followed Fletcher to the Dragon Corps.

Just then, he received a call from Hugo and learned that the Morrisons agreed to his terms, intending to work with Cynthion Group.

He came to the western region specifically to establish a partnership with the Morrisons to expand Cynthion Group's market.

The Morrisons agreeing to the terms worked perfectly to his advantage.

Initially, he wanted to hurry back to the hotel to discuss further terms with Caleb and the others.

However, he already agreed to go to the Dragon Corps and Fletcher was extremely sincere when he extended the invitation, so Leon could not possibly go back on his words.

Hence, he could only tell Hugo and the others to wait at home and they could discuss further when he came back.

Fletcher felt glad that he followed Leon to the Morrisons' mansion, after all.

otherwise, Leon might have given up on going to the Dragon Corps.

With that, Leon followed Fletcher, Howard, and another Dragon Guard to the western branch of the Dragon Corps.

In the National Security Department, Leon and the others were heading to the Dragon Corps' branch through the National Security Department.

“Hang on!” Howard stopped. “Mister Wolf, it’s our base ahead and unrelated personals are not allowed inside, why don’t you stay here and wait for Fletcher?” he said and reached out an arm to stop Leon.

He did not know why Fletcher insisted on bringing Leon here, but he knew that ordinary people were not allowed inside and there was no way he would allow an outsider like Leon to barge inside.

“It’s fine. Howard, Mister Wolf is special and not an outsider. He can just follow US un!” Fletcher said with a smile.

“What do you mean? Fletcher, you know the rules. If you want to bring him in, you need to at least inform Mister Orpwood about this. He can’t enter unless Mister Orpwood says so!” Howard said with displeasure.

“It is fine! Howard, I’ve already told you that Mister Wolf is special. We don’t need to report to Mister Orpwood ahead of time,” Fletcher paused and glanced at Leon, silently asking if he could inform Howard Leon’s true identity.

Back on the mountain, he could not do so because the Morrisons were present.

However, there were no outsiders around at the moment, and he felt that he could tell Howard the truth.

Still, he needed to seek Leon’s approval before that.

However, before Leon had the chance to do so, Howard said, “You, you’re being a fool! Forget it. If you want to take him in, do as you please. If this enrages Mister Orpwood, don’t blame me for not warning you!”

He felt that bringing Leon along was inappropriate all along and tried to talk Fletcher out of it multiple times.

Yet, Fletcher refused to listen and insisted on bringing Leon into the base of the Dragon Corps.

This frustrated him, so he decided not to get involved and strode inside without hesitation.
