

## Chapter 919 Proved by Joy International Media

---

The turmoil in Julie's office drew Yesenia's attention.

After grasping the tension between Liam and Lenny, she looked concerned.

Yesenia, while recently more lenient towards Liam due to his improved behavior, still seemed to side with Lenny in this situation.

With a stern tone, she reprimanded, "Julie, how can you accuse Lenny like this? Lenny is a decent man. Isn't making such accusations without proof unjust?"

She added, "Liam, enough of these disgraceful tactics! Whether or not the people in charge at Joy International Media knew Lenny, it's got nothing to do with you!"

When Yesenia scolded Liam, Lenny couldn't help but feel a surge of satisfaction. Putting on a facade of innocence, he said, "Mr. Cortez, if Liam and Julie don't trust me, I should leave."

Yesenia, not wanting Lenny to go, quickly tried to convince him to stay.

By now, Julie, her frustration evident, urged, "Liam, it's time to tell everyone the truth!"

Liam calmly dialed Edward's number and instructed, "Bring all the top executives from Joy International Media to Pearl!"

With that, he ended the call.

Watching Liam, Patty curled her lips and taunted, "Do you think one phone call can bring all the big shots from Joy International Media here? Liam, you're delusional! What you are doing is absurd! Julie must regret marrying someone like you!"

Lenny also wore an expression of disbelief.

Yet, there was someone who knew that if Liam said they would come, they most certainly would.

As they awaited the arrival of the executives from Joy International Media, Liam questioned Julie about her decision to seek Lenny's assistance.

After understanding the situation, Liam found himself perplexed.

His attention then drifted to a glass of water sitting on Julie's desk.

With the instincts of a Primogem Warrior, Liam quickly detected something suspicious in the water.

Anger clouded his face immediately.

He realized that someone had sinisterly tampered with the water, intending to drug Julie. Today, he was determined to uncover and reprimand the culprit.

Soon after, Edward arrived with the senior executives from Joy International Media.

The sight left Lenny and the others utterly astonished.

Lenny, in particular, was on the verge of collapsing in disbelief.

He genuinely did not know any of these executives.

As Edward entered, he greeted Liam with great respect, announcing, "Mr. Hoffman, everyone is here as requested!"

Edward's attitude towards Liam left everyone in the office taken aback.

Unfazed, Liam nodded and said, "We need to address Lenny's claims. He boasted that he was behind the previous collaboration between Joy International Media and Pearl. He even mentioned contacting one of your top executives for the partnership!"

Edward's face tensed as he turned to the executives behind him.

They all shook their heads, affirming that Lenny hadn't contacted them.

Then, Edward approached Lenny.

Under the intense pressure, Lenny forced a flattering smile onto his face.

But before Lenny could speak, Edward delivered a resounding slap across Lenny's face.

The sound reverberated through the office. Lenny, clutching his cheek, was too intimidated to respond.

Edward lashed out in anger, shouting, "You! How dare you claim you had any control within Joy International Media? You're tarnishing Mr. Hoffman's name. Are you genuinely clueless about the term 'death wish'?"

Realizing he had said enough, Edward silenced

himself but gave Lenny a forceful kick, sending him sprawling to the floor.

With Edward's intervention, Lenny's deceit was laid bare.

Witnessing the unfolding scene, Yesenia suddenly understood the depth of Edward's final statement.

She realized that Liam was no ordinary individual and muttered to herself, "If someone as influential as Edward shows Liam such respect, then Liam was not an ordinary man! I need to adjust my approach towards Liam and maybe even find ways to appease him from now on!"
