

Chapter 5583

When Maria took off with the light helicopter again,

And Charlie also took the opportunity to take the Remodeling Pill,

Victoria was anxiously pacing in the room at the headquarters of the Warriors Den thousands of miles away.

She seems that she is only in her thirties. Although she is full of charm and a heroic spirit,

At this moment, because she is too restless,

Her fierce character is almost written on her face, which makes her daunting.

The last time Victoria felt this restless feeling was when she and Warren were chased into Shiwan mountains by the Qing army for the first time.

For so many years, although she has never found Maria,

This is a cat-and-mouse game that has lasted for three hundred years,

And she has always played the role of that cat,

So she can't find Maria, and it won't make her this anxious.

At this moment, the source of her anxiety was that the two earls under her command had been on the monitor and had been missing for more than an hour.

She had no idea what the two of them had been through.

Right now, what Victoria is most worried about is what happens to the two earls.

The death of Jarvis and the destruction of the entire Cyprus garrison have already caused great panic in the Warriors Den.

It will inevitably fall into a huge turmoil that has never been seen in more than 300 years of its history!

Just when she was extremely anxious, there was a knock on the door,

And an old man's respectful voice came from outside the door,

"My lord, the subordinate begs to see you!"

Victoria said coldly, "Come in!"

After finishing speaking, she waved her right hand in the air,

The heavy iron door opened automatically.

An old man in a long robe walked up to her quickly. This person was Revender Wu.

Revender is the direct descendant of the Wu family, the blood left by the son of Victoria's elder brother Zagron.

He is now 110 years old. Since he is the eldest son of the Wu family's generation,

He was brought up by Victoria herself since he was a child.

He is highly regarded by Victoria, he is her biggest confidant,

And also the think tank of the entire Warriors Den.

As soon as he entered the room, Revender said respectfully,

"Back to the Lord, the subordinates have received some rumors about Aurous Hill..."

Victoria shouted impatiently, "Quickly!"

He stated: "Some information was searched on the short video account tonight,"

"There was a lot of thunder near the Wanliu Villa where the An family lived."

"Moreover, there was an extremely strong loud noise near there."

"The loud noise could even be heard in the whole Aurous Hill clearly..."

Victoria's expression froze, and she asked in a panic,

"Loud noise?! What kind of loud noise?!"

"Is it the same thunder as last time, or the explosion like a bomb?!"

Revender said, "Back to the lord, it's the sound of an explosion!"

Victoria frowned. "If it was really an explosion,"

"Maybe Jermo would have died for Warriors Den at the hands of Enemy..."

Revender exclaimed, "Lord... what kind of enemy? Can he be strong enough to make Jermo die?!"

Revender followed Victoria to try to enter Taoism since he was a child.

Although his talent is not very good, he can barely enter the door of Taoism.

He is a confidant, so he is very clear about what Victoria did in the Niwan Palace of the four earls.

Victoria was also a little worried at this time, and said to herself,

"Jermo is already very strong, and with the magic weapon I gave him,"

"It will be even more powerful. If he really dies, then force him to die."

"The strength of the people must be much stronger than him..."

Victoria couldn't help but marvel, "I really didn't expect that there are such masters in Aurous Hill."

"Based on what I know about the An family,"

"It is impossible for them to come into contact with such a powerful person. So what is the origin of this person?"

Revender couldn't help asking, "Lord, the subordinate feels that that person should know An family,"

"Otherwise why would he save An family at a critical moment?"

Victoria shook her head with a gloomy expression. "I don't know either,"

"If Jermo really died, the opponent must be a stronger monk,"

"But I have had people secretly monitor An family for many years,"

"And I haven't found any relationship between An family and any monks."

Revender asked again, "Could it be that Jermo accidentally offended a local expert in Aurous Hill?"

Victoria thought for a moment, and said, "I can't rule out this possibility."

"The magic weapon was found. Since there is a magic weapon, there is a high possibility that there are monks."

"Moreover, I am now beginning to doubt whether the magic weapon that Jermo discovered in Aurous Hill was a trap that the other party has set up early."

"The magic weapon is nothing more than bait to lure Jermo to the bait!"

Revender exclaimed, "If this is the case, then the other party guessed that Jermo is going to Aurous Hill?!"

"It is possible." Victoria had a complicated expression, and while speaking,

She suddenly remembered something, and blurted out,

"Tonight I asked Jeremiah to follow Jermo secretly. If Jermo is forced to die, then she may be in danger!"

Revender widened his eyes, "If Jeremiah was also in an accident,"

"And it would be a great loss for Warriors Den!"

"You have cultivated these four earls for so many years."

"If accidents happen to all three earls, the people below will definitely be disrupted..."

Victoria said coldly, "Disrupted? Remember,"

"If both Jermo and Jeremiah have accidents, whoever in the Five Army Commander's Mansion is in disarray,"

"One of his feet will be cut off! If one is not enough, cut off two!"

Revender said respectfully, "I obey!"

Victoria said again, "If both of them have an accident,"

"We must let the Fifth Army Commander's Mansion strictly block the news from below,"

"And anyone who dares to leak the wind, I want his life!"

Revender cupped his hands and said, "Don't worry, Lord!"

"Your subordinate will definitely pass on the message!"

Then, Revender knelt down on one knee, and said respectfully,

"My Lord, this subordinate has something to ask!"

Victoria said coldly, "Say it!"

Revender said, "My lord! If Jermo and Jeremiah really died in Aurous Hill, the subordinates would dare to suggest that the three elders of the Presbyterian Council leave the rituals early,"

"And order them the three of them go to Aurous Hill,"

"As long as the three of them work together, they will definitely be able to kill that master hiding in the dark!"

Victoria frowned instantly, and said, "The three elders have been in seclusion for a hundred years,"

"And they are in the critical period of opening the Niwan Palace."

"In another ten or twenty years, the three of them will open the Niwan Palace one after another,"

"The strength can be improved to a higher level. If they are allowed to leave the rituals now,"

"Their progress in practice will be interrupted,"

"And the time for them to open the Niwan Palace may be postponed for another 20 years."

"This decision cannot be easily made... .."

Victoria said again, "You know, the three elders are my hidden trump card."

"For more than a hundred years, only five people know of their existence."

"Besides you, they are the four counts. As a last resort, I can't move this card!"
