

Chapter 5160

The reason for this is also mainly because of the special status of the dead soldiers,

Once they go out, they are all going on important missions,

And it is necessary to stop them from recognizing any of the members of the Warriors Den while they are on their missions.

Therefore, every envoy came here with a black robe and covered his face with a black cap.

But this time, Charlie suddenly broke this long-standing rule,

Which made all the dead soldiers involuntarily tense up.

Charlie saw the people's horrified expressions and panic, so he lightly spoke:

“To tell you the truth, I am not a special envoy of the Warriors Den,”

“The real special envoy has been controlled by me, now,”

“All the cavalry guards have sworn allegiance to me, and I fight together against the entire Warriors Den with them,”

“So I came here to ask you, are you willing to be like them,”

“To fight together with me? Fight side by side with me?”

When Charlie said this, the whole hall was in an uproar!

No one expected that things would be this much unexpected!

At this moment thirty-nine zero said: “Even if they get the antidote from the real envoy,”

“It will only allow them to live for one more week,”

“So even if they want to fight alongside him, they are afraid they won’t be able to survive.”

Thirty-Nine Zero’s words caused all the dead soldiers who were in shock to be dismayed for a moment.

Everyone knew that Thirty-Nine Zero was right.

Once they didn’t have the antidote, they would soon die of poison,

And even if they wanted to fight the Warriors Den to the death,

They wouldn't be able to wait until the day they killed the enemy in front of the battle.

At this moment, Charlie looked at thirty-nine zero and a group of dead soldiers and asked curiously,

“Are you willing to be controlled by the Warriors Den for life and all eternity,”

“Or are you willing to fight with them to the death?”

Thirty-nine Zero blurted out, “We are naturally willing to fight to the death,”

“But how can we have such an opportunity? For hundreds of years,”

“The dead are firmly controlled by the organization,”

“Not to mention hundreds of years of living places are comparable to a heavenly prison,”

“The poison in the body alone, it is destined that we simply can not resist,”

“Not to mention resist the Warriors Den,”

“We do not even have the ability to resist the cavalry Guard and escape from here

Charlie smiled and asked aloud, "If I can completely cure the poison in your bodies,"

"Are you willing to fight them to the death?"

Thirty-nine zero said without thinking, "If the master can really solve the poison in our body,"

"Thirty-nine zero is willing to follow master for the rest of this life and serve his progeny in life and his ancestors after death!"

Charlie nodded slightly, looked around for a while, and asked,

"What about the others? Are you willing?"

The crowd of people looked at each other for a while.

If what Charlie said was true, they would naturally be willing to do so.

However, at this time, they could not believe the "if" Charlie said.

Because, so many years, so many people, have been trying to fight,

The poison in their bodies, but no one has ever succeeded.

In the minds of the dead, the poison, like a lifetime can not break free of the invisible shackles,

It is like gravity on its own, there is no ability to fight it,

And they can not hope that it can completely disappear.

Therefore, everyone faced with Charlie's bold words at this time, for a time did not know how to answer.

At this time, someone whispered below,

“Could this be a ploy used by the organization to test our hearts?”

As soon as these words came out, everyone else echoed them and began to whisper below.

Even thirty-nine-zero heard this, his expression could not help but exude awe.

He was also somewhat unable to distinguish whether Charlie was an enemy or a friend.

At this time, Charlie took out an antidote, looked at Thirty-Nine Zero,

And said indifferently, "Since you were the first to take a stand, let's have you set an example for them."

After saying that, he threw the antidote at Thirty-Nine Zero and said in a loud voice:

"Take this antidote and it will completely remove the poison in your body,"

"Whether you have enough guts to try it or not, you decide for yourself!"

Thirty-Nine Zero reached out and grabbed the antidote thrown at him,"

"And after just a glance, he said without thinking,

"Master you should be the first outsider to find this place in hundreds of years,"

"Based on this alone, I, Thirty Nine Zero, believe in you!"

After saying that, without hesitation, he immediately put the antidote into his mouth!
