

Chapter 5352

The next day.

Charlie came to Tianqi's Clinic at seven o'clock in the morning.

At this time, the clinic had already hung a notice that it was closed today, and the plaque of Tianqi's Clinic was still hanging on the main entrance, while the plaque of Milo's Clinic was still put aside.

Tianqi changed into a long gown early on and waited here nervously.

When he saw Charlie coming in, he rushed forward and said, "Master Wade, you are here!"

Charlie nodded and asked him, "Master Shi, Zhovia is here already?"

Tianqi hurriedly said: "Go back to Master Wade, she called me just now and said it's time."

"Okay." Charlie nodded slightly, and then said with a smile: "Master Shi, go to the back and rest for a while, I will wait here for that Milo to come to the door!"

Tianqi hurriedly asked: "Master Wade, do you want me to be here waiting for him with you?"

"No need." Charlie said lightly, "I will call you when I need you to come out."

"Okay!" Tianqi nodded, cupped his hands to Charlie, and said respectfully: "Master Wade, this old man is waiting for your call!"

After finishing speaking, Tianqi turned and went to the lounge behind the clinic.

Charlie got up and brought the plaque of Milo's Clinic over, spread it directly in front of the chair, and then sat back on the chair, stepping on the plaque of Milo's Clinic naturally.

Soon, a tall and thin old man with a long beard walked to the gate aggressively.

This person is Milo Hong who flew thousands of miles from the United States to Aurous Hill to search for clues to the Rejuvenation Pill.

At this moment, he saw that the plaque of Tianqi's Clinic was still hanging on the top, and his expression suddenly became displeased.

With his hands behind his back, he strode into the clinic with big strides. As soon as he entered, he said loudly:

"Tianqi?! You agreed to pack up your things and leave last night, and took off the plaque of Tianqi's Clinic, why haven't you picked it up?!"

Sitting on the chair, Charlie looked at Milo and saw that although there was no aura in this person's body. But it has a bit of true energy and has reached the level of an eight-star warrior.

A Taoist priest can have the strength of an eight-star warrior, which really makes Charlie a little impressed.

At this moment, Milo saw that he had called out and no one answered him, so he couldn't help feeling a little annoyed, and asked, "Where's Tianqi?! Dare to keep the signboard of Tianqi's Clinic, but hide and dare not meet me?!"

Charlie deliberately coughed twice at this time, stretched his waist and stood up, and said dissatisfiedly:

"What are you yelling so early in the morning? Is your brain squeezed by the door? If your brain is really squeezed by the door, you should call 120 and go to the emergency department in the hospital!"

Milo looked at Charlie who stood up suddenly, frowned, and asked, "Who are you?"

Charlie was still worried that he might have seen his father, so he deliberately asked: "Why, haven't you seen me?"

Milo stared at Charlie, and asked in a cold tone: “Boy, I came here last time. Haven’t seen you before, are you a clerk here?”

Charlie shook his head and said with a smile: “There is no medical center that can afford me to be a clerk.”

Milo frowned with a pair of sword eyebrows, and spoke in a bad tone Said:

“Boy, I don’t want to talk nonsense with you, let Tianqi come out, it will be eight o’clock soon, and I will hang up the plaque of Milo’s Clinic!”

After that, he remembered something, and angrily said: “My plaque?! Where did it go?!”

Charlie pointed to the gilded plaque under his feet, which had been trampled off, and said with a smile, “You mean the one under my feet, right?”

The plaque of the Milo’s Clinic was actually stepped on the ground by Charlie, not only was it full of dust and shoe prints,

But even the gold paint was trampled off, the whole person suddenly became furious, pointed at Charlie, and shouted angrily:

“Boy! How dare you even step on my plaque, I think you are impatient!”

After saying that, he raised his fist and made a gesture of fighting.

Charlie curled his lips and said sarcastically: “Oh, you old man are so majestic, you will beat people when you break into this place early in the morning? Believe it or not, I will make you even pay for your lost pants?”

Milo sneered sarcastically: “Ignorant child, how dare you speak nonsense in front of me, if it is not for the Supreme Sanqing, I will definitely kill you!”

Charlie also sneered: “Oh, since you believe Supreme Sanqing, then you are a Taoist priest. If you don’t practice martial arts and Taoism in Taoist temples, what is there to do here?”

“You will kill people every now and then. What’s the difference between a priest who molested boys? Although I don’t believe in your family’s Supreme Sanqing! It’s really embarrassing for someone like you to come out of a thousand-year-old school!”

“You!” Milo is used to arrogance. Over the years, he has become a well-known master of Taoism by virtue of his ability to refine some low-level elixir that can enhance true energy.”

“Countless Taoists worship him, and many top rich Chinese also became his believers one after another and offered him a large amount of incense money. It can be said that he has like the existence of the stars.

But he never expected that a kid who seemed to have no real energy at all, and who didn’t even enter the martial arts school, would dare to talk nonsense in front of him, and belittle himself to nothing!

Furious, he gritted his teeth and said, “Boy, you are looking for death yourself, don’t blame me for being rude to you!”

After finishing speaking, the heavy fist swung at Charlie.

But Charlie was not afraid at all, let alone dodge, but looked at him provocatively, and said lightly:

“You fight, I will let you know what it means that a strong dragon can’t overwhelm a local snake,”

“Believe it or not with just one phone call from me, I can make you the most wanted target in Aurous Hill!”

As soon as Charlie said this, Milo’s expression suddenly became astonished!

Immediately afterward, he subconsciously stopped the fist he had swung.

It wasn’t that he was afraid of Charlie, but he understood the truth from Charlie’s words: “This kid must be a local snake in Aurous Hill.”

“Although I am not afraid of him, I am new here and I don’t have any connections. After beating him, the police will arrest me,”

“I’m afraid it will be difficult for me to stay in Aurous Hill, and in that case, I will delay my most important purpose of coming to Aurous Hill!”

Thinking of this, he gritted his teeth and said secretly: “Forget it! If you can’t bear it, you will make a big conspiracy! Let this kid have his life today!”

At this point, Milo withdrew his fist, stared at Charlie, and said with tearing eyes: “Boy! Today is your fate, I don’t want to kill people here, otherwise, based on your disrespectful words to me just now,”

“I would have already sent you to see the Supreme Sanqing!”

Charlie spat, and continued to mock: “Your mouth is quite hard, it’s not that I look down on you, but fortunately you didn’t do anything!”

“Otherwise, I’ll punch you out on the spot! Then you could only hold your crotch and say that I didn’t respect you!”
