

Chapter 5355

For a while, Mateo was confused, not knowing what to do.

Charlie asked in a cold voice: “What? Don’t you dare? Aren’t you very powerful? You’ve already called yourself a master of heaven, and you’re scared of such a trivial matter?”

Mateo said with a dark face: “Boy, how could I, Mateo, be scared?”

After that, he changed the subject, sneered arrogantly, and said: “The old man was almost led by you brat! Yesterday, Tianqi voluntarily competed with me, and he was willing to bet and admit defeat.”

“Logically speaking, he should hand over this Clinic to the old man! But now he is hiding like a turtle, not daring to see anyone.”

“Isn’t it just to renege on a slick kid like you to spout nonsense here?”

“What’s more, I already won after getting out of Clinic, why do you want to bet with me again? What are you betting with me for?”

Charlie said with a smile: “Old guy, one of us wants to keep pace, but I don’t care about you, I have secretly captured the entire process just now with a camera. Don’t you just dare not take on the challenge? It doesn’t matter, I will post these videos online immediately, especially on overseas networks!”

“Just a Clinic, the investment is only a few million, so what if I give it to you? As long as you are not afraid of being embarrassed, and not afraid of picking up sesame seeds and losing watermelon, you can just take this Clinic.”

After finishing speaking, Charlie asked Zhovia again: “Zhovia, did I ask you to record the whole process?”

Zhovia nodded hurriedly and said, “Back to Master Wade, I have recorded it all!”

As she spoke, she took off the black leather bag that was slanted across her body, opened it, and opened it from the inside. She took out several action cameras and looked at the black leather bag. There were four or five circular holes all over the body, presumably, they were holes dug for the action camera lenses.

It's just that the lens and purse are black, and Mateo's attention has not been on Zhovia, so he didn't notice it at all.

Only now did he realize that this kid had set up a three-headed trap for himself!

If he agrees to compete again, then these dozen or so women will definitely let him out, and the ages of the dozen or so people can't be guessed correctly, which will indirectly prove that he cheated yesterday, and he will be ruined by then;

But if he doesn't agree, then this kid will turn around and upload the video on the Internet, and he will also be ruined in that case too.

"The key is that I can't kill and silence, so many people are watching, if I really kill and silence, I am afraid that I will be wanted by the whole country immediately. If I escape from China by myself, I am afraid that I will be wanted all over the world, and my reputation will also be ruined."

Only then did Mateo realize how sinister the kid's intentions were!

So, he thought carefully in his mind: "If I am tough with this kid, I can't escape a ruinous end. Instead of doing this, I might as well shake hands with him and make peace. I don't have any other losses..."

Thinking of this, Mateo pursed his lips, and said with a pretended magnanimity: "Forget it, I see that you are deliberately doing this, just to help Tianqi this clinic is here to stay,"

"I will be more magnanimous today, and this Clinic will be given back to Tianqi, I don't want it anymore!"

After finishing speaking, he stroked his beard with one hand and his long gown, and put his hands behind his back, about to walk out with arrogant strides.

Charlie couldn't let him fool him, he stood in front of him, and said sarcastically: "Don't run away, old man, yesterday you designed to frame Doctor Shi, which has already affected his reputation in Aurous Hill, now you turn back can there be such a cheap thing?"

Mateo panicked and asked him: "Then what do you want!"

At this moment, Mateo regretted staring at Tianqi's clinic!

He didn't expect that this matter would put him in such a passive state earlier.

So now that he wants to raise his hand and surrender, the other party refuses to let him go.

Charlie looked at Mateo at this time and said with a smile: "I heard from Dr. Shi that you made a bet with him yesterday, and the bet was a medicine cauldron. I see that the cloth bag on your body is bulging. Could it be it?"

Mateo took a step back in fright, clutching his cloth pocket, and blurted out: "You want my medicine cauldron?!"

Charlie smiled and said, "Hey, you're wrong to say that, how can you say it's me who wanted it? Obviously, you used it as a bet yesterday, but you made a cheat on yesterday's bet."

"It stands to reason that cheating is equivalent to losing. If you lose, you have to admit it. If you admit it then take out the bet stake, is what I said okay?"

Mateo was furious, gritted his teeth, and cursed: "You don't want to talk nonsense here! When did the old man lose?! Obviously, the old man won yesterday, but today the old man is generous. After all, you are still thinking about asking for the old man's things, you are so tired of work!"

After finishing speaking, Mateo's veins burst into anger, and he shouted angrily: "Boy! Well, water does not violate river water, but if you continue to be aggressive, don't blame my ruthlessness!"

Charlie snorted, and said to the casual workers hired by Zhovia: "You have nothing to do here, you can go."

They thought it was scary that the two of them were at war with each other, and it was even more like an amnesty when they heard this, and they ran out one by one.

After everyone had run away, Charlie said to Zhovia: "Zhovia, go and close the door, this old bastard won't be able to leave if he doesn't take out his bet today!"

Mateo was furious, and he punched Tianqi's consultation table and smashed the solid wood consultation table to pieces, then pointed at Charlie and said angrily

"Boy, I think you really don't know how to write the word death!" The kid would be so frightened that he would kneel on the ground and kowtowed to send himself out.

But he never expected that Charlie didn't care about his identity as an eight-star warrior at all, but sneered with disdain on his face: "I know how to write death, and I also know how to spell death."

"If you don't take out the bet, I will find a buddy who specializes in human body calligraphy, and use a knife to engrave the Chinese and English characters of the word 'death' on your wrinkled forehead!"

Milo has completely wanted to frustrate to death by Charlie!

He has been in the world for many years, and he is admired everywhere he goes, but he never thought that when he came to Aurous Hill, he would meet a young man who didn't know the heights of the sky and the earth, and this young man would use a knife to carve words on his forehead!

He clenched his fists tightly, stared at Charlie, and asked coldly: “Boy, you have seen my strength, do you really think I dare not kill you? I will give you a chance to live now, kneel on the ground and knock ten bangs, and delete all the videos, and I will spare your life, otherwise, your head will end up like that table!”

Charlie sneered: “Old man, it’s not that I look down on you, it’s just with this little ability, you still want to beat my head like that, you just want to eat a55!”

Milo completely lost his mind this time, he clenched his teeth and stared at Charlie with bloodshot eyes, He roared in a cold voice: “Boy, you are fcuking courting death!”

After finishing speaking, he swung his fist suddenly, and the strength of the eight-star warrior was raised to the extreme by him to face the door!

The fist of an eight-star warrior is as strong as a fully loaded heavy truck.

When all the surging power is concentrated on the front of the fist composed of four fingers, this kind of wind is even more frightening!

Not to mention that Charlie could clearly feel the strong impact of the strong wind, and even Zhovia, who was two meters away, could clearly feel a surge similar to a hurricane blowing through her face. At this moment, her heart was in a ball, and she couldn’t hide her panic and blurted out: “Master Wade, be careful!”
