

Chapter 5361

Hearing Charlie's words, Mateo felt as if struck by lightning and was speechless in a daze.

After a long while, he asked Charlie with an expression of disbelief:

"Wade...Master Wade...this...this pill can make me enter the Great Consummation of the Ming Realm?!"

"With your current cultivation situation, the efficacy of this elixir is enough to allow you to achieve a breakthrough."

Mateo still couldn't believe it, and asked in surprise:

"What kind of elixir is this, it can be so magical?"

Charlie smiled and said: "This is the Blood Dispersing Heart Saving Pill, you should have seen it before."

Mateo asked in horror: "Master Wade... this... this is... the Blood Dispersing Heart-Saving Pill that saved your grandfather that day?"

"This medicine can be called a panacea. It can bring the dead back to life! Are you really going to give it to me?!"

On that day, Mateo settled down in his home and witnessed the power of the Blood Dispersing Heart-Saving Pill in bringing back life.

After all, he had taken the Life-Extending pill from the master,

And he had also seen the huge difference between Mr. An's consumption of the Life-Extending pill and the Blood Dispersing Heart-Saving pill.

Therefore, he knew very well in his heart that the strength of the Blood Dispersing Heart Saving Pill might be ten or dozens of times stronger than his master's Life-Extending Pill.

And this is also the biggest driving force for him to travel thousands of miles to Aurous Hill.

But he never thought that the first time he met Charlie,

Charlie would simply give him such a precious elixir, and at the last second because he set up a trick for Tianqi, and he was caught by Charlie.

So, he tentatively asked nervously: “Master Wade...why did you send such a valuable elixir to your subordinates?”

Charlie smiled lightly: “Since you have sworn allegiance to me, you are my subordinates. Let this elixir be my gift to you.”

Mateo was apprehensive, but when he found Charlie’s expression was serious,

He didn’t seem to be joking with him, and he became very excited again.

This blood-dispersing and heart-saving pill is of great significance to him.

In the past two hundred years of Taizhen Dao, no one has been able to break through the eight-star martial artist and enter the Great Perfection of the Bright Realm, let alone step into the Dark Realm.

Therefore, he also once thought that he might be the same as the masters and that he would not be able to enter the Ming Realm Dzogchen in this life.

But now, Charlie told him that he only needed such an elixir to achieve a breakthrough, which made him ecstatic!

So, he took the elixir respectfully with both hands, and said in an extremely pious tone:

“Master Wade, your great kindness and virtue, I will never forget it!”

Charlie waved his hand slightly, and said, “Okay, there is no need to be polite to me here,”

“Hurry up and take the elixir and go back to the place where you live and concentrate on breaking through.”

“After the breakthrough, come to the clinic again to find Doctor Shi and report to him.”

The reason why Mateo was asked to come to Tianqi’s Clinic to report to Tianqi,

Is to place his position under Tianqi for the time being, on the one hand, to frustrate Mateo’s spirit of eight-star fighters,

And on the other hand, to give Tianqi a step up.

Mateo also knew that Charlie had his own considerations, so he immediately said without hesitation: “This subordinate obeys orders!”

Immediately, he looked at Tianqi very ashamedly, and said: “Doctor Shi,”

“The previous competitions were just a joke little trick, your medical skills are definitely far superior to someone Hong’s.”

“My previous behavior is really out of line, and I hope you don’t see me in the same way!”

Tianqi said quickly: “Master Hong, you are welcome. From now on, you will be Master Wade’s person,”

“Now, we are friends, so there is no need to mention the previous things.”

Seeing Tianqi’s generosity, Mateo quickly bowed and said,

“Master Shi, Hong will stay in Aurous Hill from now on. If you need my help with anything, you can contact me at any time.”

“No problem!” Tianqi said and nodded politely.
