Four or Dead

Chapter 57

Jayden

I went too far. I let the demons inside me control me and learned nothing from the man we had come to interrogate. The moment Emma's name come out of his mouth I lost all control. I never want to hear her name from the mouth of anyone involved with Zan Dalton. He is with Emma now and that man has had his hands on her. I don't know what he could be doing to her right now

The minute I see Zane Dalton in front of me it will be over the barrel of my gun. Buns aren't my thing, but for him, I wish for a swift death. I will make sure everyone knows who killed him and let it be a warning that no one comes near our girl ever again. **)

I can feel my control slipping more and more. I look down at my hands and see the evidence of the vengeance I claimed from the man sitting across the room from me

"Easy there, Jay. He's a dead man." Logan says resting a hand on my shoulder

I brush off his hand and turn my head to glare at him before turning my attention to Tony

"Bring me another," I say and he answers with a single nod

I don't give a damn who he brings, all I know is I need more. It's clear

Chapter 57

now that Emma was my catalyst. Her presence had muffled the calls of the monster inside. The thing in me that wants blood, pain, and chaos

I make the shadows my home because it's safe for everyone when I hide myself. Nothing good comes from me stepping into the light. Nothing unless my girl is there to welcome me. Her face flashes through my mind over and over like a movie stuck on repeat. I try to use the image of her to calm my mind but it only fuels the anger. I want her here with me, I need her. Her touch alone would be enough

I'm lost

Logan _'

We are a freakin mess. It's like the flood gates have opened and we have lost our minds. Jayden barely let our prisoner get a few words out before he beat the man to death. Jayden is a beast but I have never seen him lose control like he has today. |'

Leo stands off to the side cleaning his gun over and over

Asher is completely shut down. Silent

As for me, all I can think about is Emma. Nothing else around me exists but her. I see her and hear her voice. God, I want to hold her so badly right now. She is everything to me and I feel like my soul is cracked in two. How could I have wasted so much time not being with her? |?

complete dick. I never thought I would fall for a girl this badly. I was happy going through girls like they were candy. Have a taste and move on to a new flavor, never getting close to anyone

Then I had her. She was mine and I didn't nearly have enough time with her. All I can think about is...what if I never see her again? What if Zane hurts her or worse kills her when he finds out what she is doing?

The urge to destroy him grows the longer Emma is with him

This is torture

Asher

It hurts. Everything hurts

I can't do this. It has only been hours since Emma left with Zane but it's,

too long

My blood feels like it's on fire. I need her

I need her to cool these aches inside me

My beautiful girl. The only light in my life. My everything

I'm going to marry that girl. I don't care that we are young. I want to be

Leo

My brothers are breaking right in front of my eyes. Each of them is an open wound, aching and bleeding

I had Emma first. I loved her first

Why did I ever let her go?

Thinking back at all the times I could, have saved her, protected her,

makes me crazy. How could I let the love of my life live through that? And now I let her run right back into danger. What kind of man does

that make me to let her fall into the hands of men who only want to

hurt her?

We didn't get much intel from the guy Jayden killed. As soon as he mentioned Emma's name Jayden went beat on his ass. I can see Jayden vibrating with the need to do more damage. There may be no bringing him back this time. *

Emma was holding us all together. We started depending on her to keep us anchored with her kindness and purely. After everything she has been through she smiles and laughs like she is just happy to be alive

It's hard to believe not long ago she was willing to end her life right in front of our eyes. That memory is like a stab to my heart. If I lost her that day I would have never recovered. ."

I know without a doubt that there will never be another girl for me, not ever. Now I just have to survive this time apart without losing myself

Chapter 57

Something tells me that not all of us will make it to the other side with our souls still intact. Emma may not recognize us and this could be the thing that tears us apart for good. \')

Emma

The dress left for me has to be the most beautiful thing I have ever seen. Not only that but the material is some kind of silk and it feels so nice against my skin. The only problem is the sleeveless bodice. My scares are on full display and it makes tears sting my eyes. How could I wear a dress like this when I look like this. What am I going to do? There is no way Zane will want all those people to see these

Will he be angry with me? What will he do if he does get angry? Will he add to my collection? .".

I'm afraid. I am not as strong as I hoped and now I'm trapped. I keep trying to remind myself that I am not that defenseless girl that I used to be, but my old sense of fear is louder. It keeps telling me to stay quiet and do everything I'm told

The loud knock at my door almost has me jumping out of my skin. I don't move because I already know who it is, and he is the one who walks. Zane. If I don't know he was a monster I would be impressed by how handsome he looks in his grey suit and blouse shirt. He isn't a bad- looking guy, but he doesn't compare to my guys. *

He is fit but slim and he has that entitled rich guy thing going that I would in no way ever be attracted to. He walks in and stops to take me

in

"Emma." He says my name like a whispered prayer and I feel like I'm going to be sick. |

It's the same way he said my name that night.

He moves closer and lets his eyes travel up and down my body. The dress is dark blue. I'm guessing to match him and there is a long slit up in front of my leg that shows off my whole leg.

"You look beautiful." He says and I can see in his eyes the intensity

He means what he says and that makes me even more nervous. Then his face shifts into a look of pure rage. He pulls out his phone with force and angrily types away before putting the phone to his ear

"What made you think this dress was appropriate for Emma? Did you not examine the pictures I sent you? I need a new one immediately

Same color but with lace covering her all the way up." He is silent for a moment and I can see his anger only getting worse. "I don't care! Make it happen." 2)

He offers his hand to me and leads me to one of the fancy couches in the living room

"I'm so sorry love, I will have another dress brought that will be just as beautiful but will hide all of the things you're worried about." He sits beside me, our legs touching

I want to move but my eyes are locked on him waiting to see what he is about to do. My heart faces as he lifts his hand and I am scared that he will touch me again. He doesn't. He reaches into the inside of his suit jacket and pulls out a box. °

"I got this months ago and I have been saving it for the right time. I want everyone tonight to know that you are mine." He opens the box and I swear my blood runs cold

Inside the box...is a ring. \°
