Chapter 3744

Shenjizi thought for a moment, then whispered, "I know an auction, but to enter the auction, everyone has to pay one million spiritual coins, so..." "

I will pay the money for you, take me there Well..."

David knew what the magic machine meant, this guy didn't want to spend money!

When David said this, he immediately smiled and said, "Okay, I'll take you there now. I've never been in there before!"

Shenjizi took David through the market, and then came to a palace, and At the entrance of this palace, two seventh-level monks of the Tribulation Realm are guarding!

Seeing the strength of this guard, David couldn't help but be a little stunned. He felt more and more that the owner behind this underground market was extraordinary!

Seeing Shen Jizi and David coming, one of the guards stretched out his hand!

David was stunned and quickly said, "Give me the money..."

David then understood and quickly took out two purple gold spiritual coins and handed them over!

Seeing the purple gold spirit coin, the two guards dodged left and right, and then they both waved lightly at the same time.

David and the divine machine were both shrouded in a mysterious aura. This aura was like a spiritual shield, wrapping the two of them!

David frowned slightly, instinctively wanting to resist!

“Don’t move, it’s okay. This is to prevent the breath from leaking out. People who enter are not allowed to reveal their breath, and then change their appearance so that you don’t know who is who.” “Because there are

some people in this auction. The things are priceless, and this is done to ensure the safety of the buyer. If someone is watching, wouldn’t it be very dangerous?”

Shenjizi followed David and explained the rules!

When David heard this, he realized that this was to protect the interests of buyers!

This is also to prevent if there are multiple people competing for the same thing, the final buyer will definitely be secretly watched, but if the identity of the buyer is not known, even the breath of the buyer will be lost. You can’t even notice it, and when you leave the auction, you won’t know who it is!

David followed Shen Jizi into the palace. At this time, there were many monks sitting inside. However, it was not certain whether the appearance of these monks was real or fake!

David followed Shen Jizi and found a seat at the back, sitting down and waiting quietly!

About ten minutes later, several more monks entered one after another!

Then the palace door closed, and the entire palace was wrapped in a force!

“The time has come, and the auction is about to begin. Some of you are old people, and some are newcomers, so I will tell you the rules.” “The

one with the highest price will get all the items. No one here knows your identity, so don’t expect to use it.” Use your identity to deter others, no matter you are an ordinary cultivator or a sect elder, you

will be treated equally here.” “This auction only recognizes money, not people. No one should think of causing trouble here, otherwise you will be responsible for the consequences!”

An old man with white hair walked slowly onto the stage and said in an extremely cold tone!

This old man did not hide his aura, and his strength at the peak of the Tribulation Realm was clearly revealed.

Maybe this is also to better shock the people at the scene!

The old man's words are indeed very effective. The scene that was a little noisy just now has become extremely quiet now!

Seeing that everyone had calmed down, the old man continued, "There are also rules here, that is, if you buy it and leave it, there will be no returns or exchanges." "

Before you shoot, you have to see the value of the item for yourself. If you feel it is worth it, If it's not worth it, then don't. If you get it, tell us it's a fake. We won't be responsible."

What the old man said is reasonable. That's what auctions are like. Go and see it for yourself. If you think it's worth it, then shoot it. No. Don't shoot if it's worth it, no one will pay for your choice!

At this time, everyone's experience will be tested. If you really buy a fake, you will be laughed to death, lose your wife and lose your army!

Chapter 3745

"Lao Yang, we all know the rules, you'd better hurry up, we are all anxious."

At this time, a monk said to the old man!

It's obvious that this monk is a regular customer and should be very familiar with it, otherwise he wouldn't have said such a thing!

"Okay, then I will show you the first treasure!"

Lao Yang said, and then waved!

A staff member came up carrying an item covered with red cloth!

When the red cloth was lifted, everyone saw a statue, but the statue looked very simple and old, and there seemed to be rust stains on it!

But the moment the red cloth was taken away, a breath of vicissitudes of life suddenly filled the air!

Immediately afterwards, Lao Yang injected a spiritual energy into the statue, and soon the statue flickered with light. The light was like the light of Buddha, making people very comfortable!

Seeing this scene, many monks became agitated. Even the divine machine's eyes lit up and his buttocks left their seats!

"Is this a sculpture of gods and Buddhas? I like this kind of thing the most. There are many gods and Buddhas enshrined in my home."

Shenjizi's breathing became rapid and he said excitedly!

David didn't speak, but watched quietly!

"Everyone, this statue was found in a cave in Tianmo Mountain. You should also know that our Tianmo Mountain was once a battlefield between gods and demons. Countless great powers fell in Tianmo Mountain, so it is also very difficult to scatter some treasures. It's normal."

"Although this statue is a little damaged and old, there is still some charm flowing on it. If anyone wants it, it only costs five million spiritual coins to take it." "

Of course, the highest bidder will get it. If someone increases the price, , it's also possible, the base price is five million!"

Lao Yang introduced to everyone!

"What's going on this year? The first item is such a heavyweight. It looks like something left by an immortal."

"Five million, the price is not expensive, but it's a bit too worn out!"

"There should be some good stuff later, just wait and see!"

Many monks were whispering!

But Shenjizi raised his hand impatiently and said, "I'll offer five million..."

David looked at Shenjizi, this money-grubbing guy, but he didn't expect to become generous. He bid for this broken statue without hesitation!

When David looked at the statue, he couldn't tell whether it was real or fake. After all, they were all blocked by their aura and could not emit spiritual consciousness to detect. You couldn't tell anything by just looking at it with your naked eyes!

"Someone really wants this fake thing at first glance..."

At this time, Demon Lord Chiyun spoke in David's sea of consciousness!

"Is this fake?" David was stunned!

"Of course, gods and Buddhas don't look like this, and the light just now is not Buddha's light. A bunch of ignorant guys must have never seen the real Buddha's light." "Using

my Tianming eyes, I can tell it at a glance. ..."

After Demon Lord Chiyun finished speaking, David felt that the world in front of him suddenly changed color!

Demon Lord Chiyun opened the Tianming Eye for him. At this time, lines appeared on the statue in David's eyes!

David stared at the statue closely, and he suddenly understood!

What kind of Buddha light was there just now, as well as the aura of vicissitudes of life, are all caused by a very small formation pattern carved inside the statue, and then the formation pattern is opened through spiritual power, and there will be that light!

Because these formations are inside the statue, they cannot be seen with the naked eye!

Looking at the fake Buddha statue, David was suddenly alert. It seemed that this auction would confine their breath and prevent people from exposing their breath. It was not for safety reasons, but to facilitate them to sell fakes.

After all, none of them can be detected by emitting the aura of spiritual consciousness, but it is difficult to distinguish with the eyes. In this case, you can blatantly sell fakes without fear of being discovered!

Chapter 3746

“Sure enough, the blood of every capitalist is dirty.”

David couldn't help but feel contempt in his heart!

Anyone who can open such an underground market and such an auction must be here for money!

Since it is for money, then you will do whatever it takes!

This may be human nature!

“I'll offer six million...”

Someone also raised his hand and offered a price!

This made Shen Jizi frown slightly, and his heart twitched!

But looking at the Buddha statue in front of him, Shen Jizi could only raise his hand again and said, “I'll offer seven million...”

Shen Jizi gritted his teeth and bid the price this time. If he didn't like it very much, it would be impossible for him to continue bidding!

“I'll offer eight million...”

The man glanced at Shenjizi and shouted the price from high up again!

Shen Jizi's eyes widened with anger, and he was about to make a move, but was pulled hard by David!

This time, Shen Jizi almost fell to the ground!

Shenjizi looked at David in confusion, and David whispered, "Stop shouting, this Buddha statue is fake..."

"Fake?"

Shenjizi was shocked.

However, these words instantly attracted the attention of many people, and Shen Jizi hurriedly lowered his voice and said, "How do you know it's fake?"

"Don't worry about it, it's fake anyway. There are small arrays in the body of this Buddha statue. As long as it's poured into The spiritual power will open the array pattern and emit light similar to Buddha's light."

David followed Shen Jizi and said!

When Shen Jizi heard this, he looked at David dubiously, but he didn't use it to bid!

Old Yang looked at Shenjizi quietly, as if waiting for him to bid. However, after waiting for a while, seeing that Shenjizi was no longer bidding, Old Yang could only announce loudly, "Since no one bids, then this statue is for 8 million." !"

But after finishing speaking, Lao Yang gave David a sharp look!

It's obvious that David is the reason why Shenjizi doesn't continue to increase prices!r>

Lao Yang was not because Shen Jizi did not increase the price, but he was a little confused. How could David know that his Buddha statue was fake without exposing his aura and using his spiritual sense to detect it?

Can it be distinguished with the naked eye alone?

This old Yang didn't know at all that David could tell it was fake at a glance with his Tianming eyes!

Next, another piece of treasure was brought up!

What incomplete skills, elixirs left by immortals, and divine beast elixirs, all kinds of things!

However, David took a look at it with Tian Ming's eyes and found that most of them were fake, and they didn't have the simplicity at all!

But there were many monks bidding for it one after another!

David was also helpless. Now that their aura was imprisoned, to put it bluntly, even if they opened their eyes and were blind, they couldn't see the fake ones. There was no way to tell them apart!

It was also called for safety reasons, but it seems that this auction is a scam.

David's heart went cold. If he had known this, he would not have come. It would be a waste of two million spirit coins!

David got up and planned to leave. It was a waste of time here!

"Everyone, this next thing is a rare treasure. I believe no one has ever seen it."

Lao Yang's next words stopped David who was about to leave!

David sat back on his seat and wanted to see what it was, but no one had seen it!

I saw a staff member walking up with a wooden box in both hands!

The wooden box was covered with red envelopes. After placing them gently, the staff withdrew!

Lao Yang gently held a corner of the red cloth with one hand, and then said, "Everyone, look at it with your eyes wide open. I dare say that none of you have ever seen this kind of treasure!" "

Old Yang, hurry up, Don't be pretentious, we are all in a hurry!"

A monk shouted loudly!

"Okay!" Lao Yang shouted, and then opened the red cloth!

I saw that the wooden box was surrounded by transparency, and inside the wooden box were placed the bones of an arm!

Chapter 3747

The bones of this hand have turned into jade and become completely transparent. There is no breath at all from these bones!

“Old Zhang, what are you doing with such a piece of hand bone?”

“This is not a treasure!”

“This thing is everywhere in Tianmo Mountain, and people die every day.”

When everyone saw what they took out, they were a little uncomfortable. So happy!

Isn't this to beat them? Haha, even a piece of hand bone was taken out!

“Everyone, this is not an ordinary human bone. This is a hand bone of an ancient power. I have tested it. This hand bone is extremely hard. It can be broken into metal and stone to make a handy weapon.” Weapons are not impossible.”

Lao Zhang introduced!

“Pull them down, who are you kidding? It's not like we haven't seen the corpses of those fallen immortals and demons during the war between gods and

demons.” “Such corpses are everywhere in the battlefield between gods and demons. What's the use of the white bones? Come and practice weapons.”

“Who would be stupid enough to give away a weapon with a piece of hand bone? Hurry up and replace it with another one!”

Many monks shouted loudly. After all, in this Demonic Mountain, the former battlefield of gods and demons, the fallen There are countless immortals and demons, so skeletons like this are everywhere!

Although they are the bones of immortals and demons descended from heaven, they are of little value and are of no use at all!

“You don't understand. You didn't see that this hand bone has been transformed into jade. If you don't want to use it as a weapon, you can grind it into powder and make tea and drink it!”

Lao Zhang was still talking hard, wanting to sell this hand bone. go out!

“Old Zhang, in order to make money, you dare to say anything. You even grind this bone into powder and make tea to drink. You should keep it for yourself!”

A monk said playfully!

David looked at the hand bones. Although they were jade and looked very exquisite, they were indeed of little value!

If he wanted the bones of fallen immortals and demons, there would be such bones everywhere on the ground during the battlefield between gods and demons!

See you, old Zhang No one recognized the goods, so they sighed slightly and prepared to take off the hand bone!

But at this moment, Demon Lord Chiyun in David’s consciousness said with a trembling voice, “Boy, buy this hand bone, buy it quickly...”

David was stunned and hurriedly asked, “Senior, do you want this thing?”
What are you doing? Are you really grinding it into powder and making tea!”

“Fart, this is my hand bone. I didn’t expect that my skeleton still exists after so many years. If all my bones can be found, my rebirth will be just around the corner!”

Demon Lord Chiyun said excitedly!

David was stunned for a moment. He really didn’t expect that this hand bone would be the skeleton of Demon Lord Chiyun!

Is this too outrageous?

“Senior, how are you sure these are your skeletons? Don’t make a mistake!”

David couldn’t believe it!

“Stop talking nonsense, you only need to touch the bones, and I will be sure that my feeling is not wrong.”

Demon Lord Chiyun urged!

Seeing this, David hurriedly stopped the old Zhang and said, "Wait a minute..." Old Zhang glanced at David, and then asked, "Fellow Taoist, are you interested in the hand bones?"

David nodded. "Yes, how much does this thing cost?"

"You better know the goods, the starting price for this hand bone is 10 million spirit coins,"

Lao Zhang said!

"Okay, I'll pay 10 million!" David said directly!

After David made a bid, no one followed the price, and no one thought it was worth it!

Shen Jizi also quietly pulled David and said, "Are you crazy? Ten million to buy a human bone? If you like it, give me ten million and I will cut off my own arm and give it to you..."

David listened. I almost laughed out loud when I heard the magic trick!

This guy is so greedy for money that he even wants money over his life!

"Okay, I'll give you this hand bone!" Lao Zhang saw that no one was raising the price, so he said loudly!

Chapter 3748

David stepped forward directly, paid the money, and took the bone in his hand!

The moment the hand bones were taken, a white light emitted, and then a faint deathly aura filled the air!

"This is my skeleton. Fortunately, these guys are ignorant. How can my skeleton be compared with those of ordinary immortals and demons?"

Demon Lord Chiyun shouted excitedly!

When the other monks saw that the hand bone had changed slightly in David's hands, their eyes widened and they obviously regretted it!

David felt everyone's gaze, so he quickly threw the hand bone into the storage ring!

"Boy, ask me where I found these bones. You can find a way to help me collect all the bones. After I am reborn, I will help you fly to the heaven. Then I will protect you in the heaven!"

Demon Lord Chiyun Said excitedly!

Even if Demon Lord Chiyun doesn't tell, David will find a way to ask. If Demon Lord Chiyun can be reborn, David will have a backer!

Then wouldn't it be that he was going to walk sideways in the heaven and human world, and kill all the demon-sealing alliances and Balrogs with just one slap!

"Okay, let's move on to the next item for auction!"

Lao Yang said loudly, and then asked the staff to start taking out the items!

"Senior, wait a minute, can I ask where you got this hand bone?"

David asked Lao Yang!

Lao Yang glanced at David, then shook his head and said, "Sorry, we are only responsible for selling things. As for how and where the things came from, we can't say!"

David looked at Lao Yang and knew what he was thinking. What, so he threw out three purple gold spirit coins!

"Can you tell me?"

David asked calmly!

Seeing that David was selling three million spirit coins, Lao Yang suddenly beamed!

“Of course. Someone picked up this hand bone from the Snow Valley, and we later bought it!”

After Lao Yang finished speaking, he happily collected the purple gold spirit coin!

“Snow Creek Valley?”

After David sat down, he looked at Shenjizi!

Shen Jizi knew what David meant, and immediately shook his head and said, “Although this Snow Valley is not far away, it is very dangerous. I don’t dare to go there!”

David didn’t say anything, and threw two purple gold spirit coins into the hands of Shen Jizi. !

Shenjizi smiled and immediately changed the subject, “If you want to go to a dangerous place, I can’t let you go alone. Who made us two so destined!”
“Fellow

Taoist, you have been deceived. Then Snow Creek Valley is not far from here, and it is not a dangerous place. Many monks go there to play.” A monk

not far from David and the others saw that David had been deceived and hurriedly reminded him!

Shen Jizi’s eyes turned cold and he said sternly, “Shut up, it’s none of your business...”

“Don’t listen to his nonsense, the depths of the Snow Valley are still very dangerous.”

Shen Jizi was afraid that David would hear that the Snow Valley was not safe. It’s far away, there’s no danger yet, give me your money back!

But David didn’t care. To David, money was something external to him, not to mention that the money was given by others!

Seeing that David didn’t care, Shen Jizi breathed a sigh of relief.

Ever since he met David, he has made a lot of money from David. For such a wealthy person, he must be on the list!

“Everyone, this is the last treasure, and it is also the finale treasure. Please take a look at it!”

After Lao Yang said this, he actually took out a folding fan in his hand!

Immediately afterwards, the folding fan opened, and light continued to flow above it.

“What is this? A luminous fan, can it be considered a treasure?”

“What material is this fan made of? Why does it look like it is made of paper?”

“There is a stream of light shining on the fan, it must not be a mortal object!”

Many monks There was a lot of discussion!

It’s just that no one can use their spiritual sense to detect it, they can only guess with their eyes!

Chapter 3749

David looked carefully with his Tianming eyes and found that this fan was indeed a bit strange because the light on it was not caused by the array pattern, but the light of the fan itself!

Moreover, the refining structure of this fan is also very strange, and David can’t understand it!

When Lao Yang listened to everyone’s discussion and said that the fan was not good, he was not angry. Instead, he smiled coldly and said, “Everyone, have you ever heard of the legend of Luban Pavilion?” “

Of course you have. I heard about Luban Pavilion.” But Immortal Pavilion also has a great status in heaven, and Luban Pavilion is good at refining weapons.” “What Luban Pavilion

refines are all weird things. I heard that Luban Pavilion refined a palm-sized wooden boat. , but it can change instantly and hold thousands of people!”

“Yes, yes, I also heard that Luban Pavilion can turn decay into a magical weapon, it’s so powerful!”

Many monks heard about Luban Pavilion, and they all said it stand up!

“Luban Pavilion, why do I seem to have some impression?”

At this time, Demon Lord Chiyun spoke!

When David heard this, he knew that Luban Pavilion was not simple. Demon Lord Chiyun had an impression that it must be a sect from the heaven!

“Everyone, I believe many people know about Luban Pavilion, but they don’t believe that the fan in my hand was made by Luban Pavilion. Today I will demonstrate it in public to let you know the truth and falsehood!”

Lao Yang said, with a trace of breath. After penetrating into the folding fan, the stream of light on the folding fan became even stronger, and then began to grow in size, and finally became a foot in size, directly covering the old Yang!

“This folding fan looks as thin as a cicada’s wing, but it is extremely strong and has strong defensive capabilities. It is a defensive folding fan.” “

Even the peak master of the Tribulation Realm can’t break this folding fan at all. Impossible.”

“Now let me try it for everyone!”

After the master said that, he put the folding fan in front of him, then circulated his breath, and the breath of the peak of the Tribulation Realm burst out, and then blasted out with a palm!

boom!

With a loud noise, the whole room shook, but the folding fan in front of me was intact!

Seeing this scene, all the monks were tempted!

If there is such a defensive magic weapon, wouldn’t it be possible to have a chance of survival when encountering masters at the peak of the Tribulation Realm?

David was a little excited when he saw this.

Although David now has an indestructible golden body, the strength of this indestructible golden body can only increase with David's strength!

David also has a dragon-marked clock. With the strength of the dragon-marked clock, it can withstand a blow from the peak of the Tribulation Realm!

But if you want to lock yourself inside the Dragon Pattern Bell, isn't it the same as catching a turtle in a urn? If you are really in danger, there will be no chance to escape!

But this folding fan is different. It can be used casually. If there is such a defensive magic weapon, David does not have to be afraid of the peak powerhouses in the Tribulation Realm. The worst he can do is run away and he will not be hurt!

"Lao Yang, the starting price for this folding fan must be quite high, right?"

a monk asked loudly!

"Of course, the starting price is 20 million spiritual coins, the one with the highest price will win!"

Lao Yang said!

"I'll pay 20 million..."

someone immediately shouted out!

"I'll offer 40 million..."

"I'll offer 60 million..."

Just as it started, someone shouted 60 million. It seemed like everyone really liked it!

"I'll give you 100 million!"

At this time, a thin monk stood up and said 100 million!

This shocked many people. Although this thing is a good thing, the price is not something that everyone can afford!

When the monk saw that no one spoke, he had a smile on his face. It seemed that he was bound to win!

“One hundred and ten million...”

Just when the monk felt confident, David suddenly spoke!

Chapter 3750

Seeing David’s bid, the monk frowned visibly!

The other monks also looked at David. David just spent money to buy the hand bones, and now he has this folding fan. How rich he is!

Lao Yang also looked at David a few more times. He didn’t expect David to be so rich!

“Fellow Taoist, I really want this folding fan, and I hope you can give it to me!”

The thin monk actually asked David to let him do it!

It seemed that he didn’t have any more money, otherwise he wouldn’t have taken the initiative to ask David to give in!

However, David doesn’t want to get out. If he has this folding fan, he can withstand attacks from the peak of the Tribulation Realm. For David, it can save his life!

“Sorry, the rule is that the highest bidder wins, you can pay a higher price!”

David shook his head!

When the monk saw this, his eyes froze slightly, and then a burst of terrifying aura instantly erupted from his body, directly tearing apart the array patterns that wrapped his body!

At this moment, the monk’s appearance and aura were all revealed, and he turned out to be an old man with gray hair!

A ninth-level monk in the Tribulation Realm, no wonder this monk dared to be exposed!

“Fellow Taoist, I am Mu Yao from the Mu family. If you can do this, my Mu family will be very grateful.”

After saying that, Mu Yao suddenly lit up a flame in his palm, indicating that he was not lying!

After all, the Mu family is the only one practicing fire-based skills near the Demonic Mountain!

“It turns out he is from the Mu family. No wonder he dares to break the barrier on his body and reveal his true face and aura.” “

Now, I’m afraid Lao Yang won’t dare to say anything. After all, the Mu family is also a reputable family.”

“This guy is probably going to give it up. After all, it’s better to owe the Mu family a favor than a broken fan.”

Many monks whispered!

David stared at Mu Yao, with a bit of vigilance in his eyes. He killed Mu Kui, and now people from the Mu family suddenly appeared here. It is very likely that these people arel’t’s for yourself!

Fortunately, Mu Yao didn’t know David, so he persuaded David!

If he knew David’s identity, he would have taken action against David long ago!

Lao Yang looked at Mu Yao. Although he felt unhappy, he didn’t say anything. After all, the Mu family is considered a big family in this Tianmo Mountain!

If it’s for a little money, it’s not worth offending the Mu family!

Now let’s see if David wants to stop!

Everyone looked at David. Even the magic machine gently pulled the corner of David’s clothes and motioned for him to let go of the folding fan!

“If you have money, just take it out. The one with the highest price will get it. I have no objection.” “

But if you want to use your power to dominate others, I won't accept your trick.”

David looked at Mu Yao and snorted coldly. One sound!

Everyone looked at David in surprise!

Mu Yao was also shocked. He originally thought that if he revealed his identity, he would be able to make David back down, but he didn't want David to give him any face!

He didn't know that David even dared to kill the eldest son of the Mu family. How could David give face to him, a collateral member of the Mu family!

“Are you not giving my Mu family face?”

Mu Yao looked at David coldly, and the aura of the ninth level of Tribulation Realm burst out from his body and enveloped David!

This breath was like the weight of a mountain, making Shen Jizi beside David look pale and out of breath.

David also had his eyes slightly condensed and stood motionless.

“If you were at the pinnacle of the Tribulation Realm, I would still be more afraid of you. You are just a ninth-level person who has just been promoted to the Tribulation Realm. Do you really think you are invincible?”

David snorted!

David's words made Mu Yao stunned for a moment!

After all, David's current aura is hidden, and he doesn't know what David's strength is!

But from David's tone, he should be quite strong, and he is probably also at the ninth level of Tribulation Realm, otherwise he wouldn't dare to look down upon him so much!
